The Power and Limitations of Numerology

Numerology is an art thousands of years in the making. Like any Metaphysical science, it hinges on the understanding that all things are interconnected. Your numerology profile analyzes the connection between the letters and numbers linked to you, revealing your talents, strengths, weaknesses, emotions, preferences, and a range of other qualities.

To use an analogy, think of numerology's nine single-digit numbers as nine tubes of paint, each a distinctly different color. Imagine you are a work of art painted by a master artist who used every color available to create your image. The depiction is unique and complex: a fusion of bright and subdued colors, shapes and shadows, light and reflection, subtle and bold textures. The deeper you look, the more you perceive and appreciate the many layers that makeup who you are.

A comprehensive numerology profile, along with your honest reflection, can be a powerful self-help tool in identifying underlying traits and new possibilities. The better you know yourself, the more control you have over life's changes and the greater your potential for a successful, fulfilled life.

Numerology is not infallible, nor does it promise to answer every question, but I feel confident you will find many things to contemplate in the following pages. You are unique, and so is your Profile. We hope you enjoy your reading.

Hans Decoz and World Numerology

Your Personal Numerology Profile

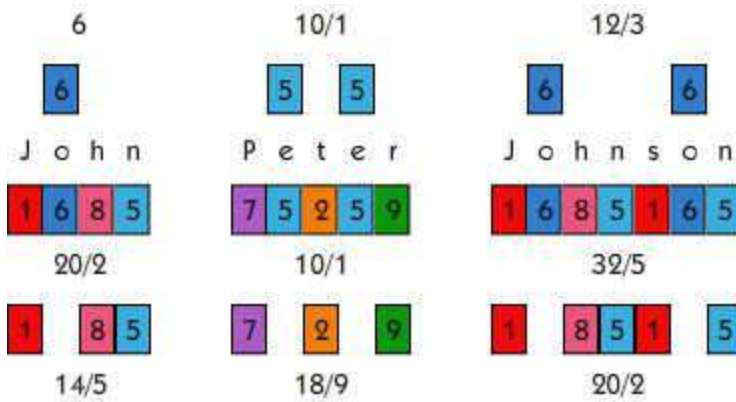

Conventional numerology readings focus on two aspects of your chart: You and Your Future. Our Profile takes a different approach by adding a third angle, Your Path. Just as your DNA determines your physical body, a blueprint of your personality is an inborn part of you from the very beginning. Your Profile begins with insight gleaned from your name because that is where we learn WHO you are. It describes the talents, strengths, and other distinct characteristics you were born with. Just as your physical body grows and changes with time, so does your personality. Your personal evolution begins at the moment of your birth. From that point on, the choices you make, the goals you set, your environment, opportunities, challenges, the influence of others, and a thousand other factors alter who you become.

Your Personality Profile begins with an overview of the combined influence of the core numbers derived from your name: your Expression, Heart's Desire, and Personality. This has never been done before and is perhaps the most dramatic improvement in Decoz' latest work.

We hope you will take time to read and reflect on the information below. Many aspects become clearer with time and during subsequent readings. We wish you the best on your journey.

THE GRAPHICS

Below is the name section taken from your Decoz Color Chart. To learn more about the layout of the chart open the DC program in your app and click *Learn More* at the bottom of the chart. We include these graphics for those interested in learning numerology.

How Your Name Numbers Stack Up

John, we begin by taking a quick snapshot, a look at the influence and meaning of the three core numbers derived from your name. Your Expression number is the sum of the value of all the letters in your full name at birth. Your Heart's Desire is the sum of the vowels. Your Personality number is the sum of the consonants. These three numbers are closely linked and influence one another.

All the numbers derived from your name reflect YOU. They are a blueprint of your talents, shortcomings, character traits, and other qualities. You should realize that this is a limited perspective. Later chapters focus on the challenges and opportunities you will encounter on your path, and attributes you may acquire as time passes.

This first chapter is like a glance from a distance, followed by three chapters that explain the meaning of each number in more detail. We will gradually build a more complete picture of the complex and unique individual you are.

Your Core Numbers

John, the most driven, ambitious numbers are the 1 and 8. Your chart includes an 8 Expression and a 1 Heart's Desire. The main difference between the two is that the 8 is results and business oriented and the 1 is pure drive, competition, leadership, personal power, individualism, and independence.

Your core numbers describe much about who you are. They indicate your personality, traits, talents, weaknesses and preferences. Where these numbers are located in your chart adds another important dimension. It determines how they affect specific areas of your life, and tells us how they influence each other.

Your 8 is authoritative and can take charge, but those talents are found almost exclusively in the career and business environment, not in personal areas. The 1 is driven, but not always business savvy. It is mainly concerned with being on top; therefore, the 1 is more stubborn and egocentric than the 8.

Your Expression number, more than any other core number, reveals your vocational strengths, talents, and shortcomings. An 8 in this position tells us you are goal oriented and visionary. You possess authority and have strong leadership qualities. The 8 suggests you are capable of running a large corporation. A drawback of the

8 Expression is the potential to ignore other important aspects of your life. Many 8's reach a high level of success through their devotion to work, but at the cost of a happy personal life.

Your 1 Heart's Desire describes your likes and dislikes, and reveals what makes you truly happy. A 1 in this position indicates you prefer to be in charge, and aspire to run your own business. You are probably happiest doing something unconventional, and are innovative and original enough to make that happen. You are likely competitive and, at times, aggressive. On the negative side, the bold, powerful 1/8 combination suggests you need to be on guard for issues with anger. This combination has the potential to act like the proverbial bull in a china shop.

Your third core number is your 7 Personality. It is the part of you others notice when you first meet. Your Personality reflects the outer, rather than the inner you expressed by your Heart's Desire. The traits of the 7 are polar opposites of your 1 and 8 influences. It is difficult to say which side of you will become the dominant force. The serious, introverted, intelligent, introspective 7 prefers to be alone. It is a dreamer and an idealist, hungry for knowledge and always in search of understanding and clarity. You have the aura of someone who looks beyond the obvious. You are intellectual, philosophical, and possess depth. However, the negative side of the 7 can be cynical, sarcastic, aloof, and arrogant. These traits can hinder your more practical 1 and 8.

Your personal life could be quite turbulent, especially where it concerns romance and relationships. You are a romantic, but your 1/8 combination intimates you can be somewhat overbearing and insensitive (even when you have the best intentions). You have a need to do things your way. Consider choosing a partner who is at least as strong and willful as you are - someone who can stand up to you and apply the brakes when necessary.

You have the ability to be a devoted and protective parent. However, you may need to guard against being overly controlling here as well; the 1/8 combination can produce demanding parents. An authoritative demeanor is effective in the work place, but not for intimate relationships. A conscious

effort to be sensitive and gentle is good advice for every parent.

Your Expression Number

Your Expression number, calculated from your full name at birth, reveals the orientation or goal of your life. Some numerologists refer to this as your Destiny number because it represents a lifelong target at which you are aiming. Thus, the Expression number, to some extent, reveals the person you aim to be.

Your Expression is the most influential of the three characteristics that make up who you are. It is also the number with the most influence on your choice of career, although other aspects are important as well.

Your Expression is 8

John, you have the power and potential to achieve great things. It is both your challenge and your birthright to gain dominion over a small part of the earth. Whatever your enterprise, you strive to be the best and most successful in your field. You are highly competitive and will not rest until you are satisfied that you have bypassed the opposition. You enjoy challenges and rivalry. You are a realist and a visionary planner. Money and authority are available to you if you are willing to discipline yourself -- generally an inborn talent -- and persevere in the face of the considerable obstacles in your path. You are dynamic and have a talent for efficiency. You understand the larger picture, see the broader challenges, and know how to marshal your collective resources to address the problems. You delegate responsibility well; it is best for you to leave many of the details to others.

You are a great leader of people and an outstanding judge of character. You are demanding of those who work for you, often putting things in no

uncertain terms: do it my way or don't do it at all! At the same time, you don't hesitate to reward the faithful and hardworking employee. You are not a particularly tolerant leader; too much tolerance violates your sense of efficiency. You go directly after your goal with courage and tenacity.

You have a natural understanding of money, authority, and power. You are able to struggle consistently after your goal. Eventually power falls to you. Within you lies an innate balance between the higher and lower characteristics of man. Your challenge in life is to balance your higher ideals and your understanding of the hard realities of the earth.

Much effort will have to be put out and many ups and downs experienced before you reach the level of success you desire. Life will probably test you many times with obstacles that seem insurmountable. But in reality, these are merely opportunities for you to learn how to use power and authority in the face of difficulties, and to find out just how much power lies within you. It is crucial for your success that you balance the material and the spiritual. You have chosen a path that requires balance between giving and taking, reward and punishment, action and reaction. Despite the obstacles on your path, you are a true survivor.

When focused exclusively on your desire for results and success, you can become stubborn and intolerant; you can be driven by excessive ambition, causing you to be exacting and without perspective. Be careful of your alcohol consumption, a danger-zone for you. John, you can be a social drinker, mixing business with pleasure -- a dangerous cocktail.

An excellent manager, organizer and administrator you have talents in many areas of life. Entrepreneurs, executives, bankers, brokers, negotiators, gamblers, coaches, collectors, heads of institutions, builders, art dealers, manufacturers, promoters, military officers, police detectives, smugglers, engineers, pilots or sea captains.

You have been entrusted with special gifts, the use or abuse of which has an immediate and often physical effect upon you and those around you! Use

these gifts for the good of mankind and accept your own good fortune with gratitude. This is your rewarding stage in your evolution.

Your Heart's Desire Number

The Expression number described above points to a more productive side of your life. Your Heart's Desire reflects a deeper, inner you; it suggests an underlying urge, your true motivation, and the general intention behind many of your actions. It reveals the environment and lifestyle you prefer, as well as your likes, dislikes, and the type of people you are drawn to. Consequently, it dramatically influences the choices you make in life.

It makes sense that the vowels of your name are the foundation for your Heart's Desire. Vowels are the peaks and valleys of a language. Notice how vowels leave your mouth in a free-flowing breath. Try it: Aaaa.... Eeee.... Oooo.. Consonants though, are cut off either at the beginning or in the end. You might say that it is in the flow of your breath that you express your deeper self.

Your Heart's Desire is 10/1

Your overpowering need is to be independent and to direct your own life according to what you believe. Your dream is to become the leader of whatever field you enter. Whether it is in business, community, or in your general area of expertise, you are driven to be the reigning figure. You have the courage and the confidence to lead others. You believe firmly that your judgment is preeminent over all others. This gives you the confidence to make bold decisions and carry them out, even when other lives are greatly affected by what you do. You rarely look back once you have made a decision.

You possess intelligence and wit. You are keenly insightful and are good at evaluating the abilities of others. You are supremely individualistic. In your manner and dress, you like to project your own unique persona. Consequently, you don't mind being controversial, and can even enjoy the attention and impact you have made on your surroundings.

You dislike routines, or anything that limits your freedom and independence. Whenever you commit to something you truly love, you are absolutely tenacious in your ability to endure difficulties and overcome obstacles. You are highly responsible; you hate passing the buck. You possess remarkable willpower and a strong drive to succeed. You are always looking for innovative ways of doing things.

Because you seek to be the boss in any endeavor, you have a tendency to dominate others. If you are not careful, especially in dealing with your subordinates and family, you may become ruthless in your decisions and behavior. You can also fall victim to impatience and intolerance, particularly if you grow conceited or superior.

You are the pioneer and the ground-breaker. You love the foreground, the hot-seat of responsibility. You have all the talents to succeed. As long as you maintain balance in your life, allowing others full expression of their thoughts and abilities, you will easily rise to the top of your chosen field and realize your ambitions.

Your Personality Number

The consonants of your full name at birth are the foundation of your Personality number, which is a little like a narrow entrance hall to the great room that is your true nature.

It's the outer layer of your personality, the part you feel more or less

comfortable sharing. With time and trust, you invite others into the deeper aspects of your nature.

Your Personality number serves as a censoring device in terms of what you send out, as well as whom and what you allow to approach. For this reason, your Personality is usually much more narrow and protective in its definition than the real you. It also gives an indication of how others perceive you.

Your Personality number is 16/7

You seem mysterious and different. People see you as serious and studious. You are highly independent and self-sufficient. Your exceptional intelligence and wisdom are quickly noticed, people respect you. You are not one to attract people on the basis of your warmth or compassion -- though you may be loaded with both -- but because of your obvious insight into life's mysteries. You are hard to get to know. You are often withdrawn. It is common for people to see your focus turn inside of yourself in the middle of a conversation. You have the makings of an intellectual and an aristocrat but you have to guard against arrogance and an attitude of, "I've got it all figured out".

There have been periods in your life when you had little concern for your clothing or fashion, while at other times you are very aware of your clothing and use it to make a specific impression. You appear dignified no matter how you dress, but a well-groomed seven with a touch of dash definitely has an advantage. Your confidence increases when you know you are well dressed.

Your love of knowledge and wisdom shows. You are recognized as spiritual and religious, with your very own ideas regarding the purpose of life and the Creator. You are an inspired speaker, but only when discussing subjects that really interest you. Otherwise, you are not one for chatter.

Your Heart's Desire and Personality Bridge Number

A Bridge number is based on the numerical difference between two closely related aspects in your chart. It is the gap you need to "bridge" in order to create a more harmonious bond between the two areas.

The following Bridge number connects your Heart's Desire and Personality numbers. It suggests things you can do to help your deeper Self and become more closely aligned with your personality; the "outer" you that is apparent to others.

With a little exaggeration, you could say that your Personality number is somewhat like your mask; it's a more superficial aspect you reveal to the world. You can imagine how much more comfortable and less inhibited the experience of life becomes when you can align your authentic self with the personality you show to the world.

Your Heart's Desire/Personality Bridge is 6

This bridge can only be built through service, more involvement with family and community affairs, and a greater sense of responsibility. You should allow your creativity to flow more freely.

This bridge number often creates eccentrics - people who are highly inventive and unconventional.

The Path You Are On

If there was ever a moment of transformation, it was the moment of your birth. In that instant, you stepped into a new reality - the reality of human life and human consciousness. Even at that moment you were a person with your own unique character, as unique as your DNA.

The previous chapters focused on YOU, the person you are, as revealed in the letters of your name. It is now time to look at your Path, the road you walk through life, using the numbers found in your date of birth.

Your first breath marked the beginning of your journey on the road we call your Life Path. It makes sense, then, that the most important number in your numerology chart comes from the date of your birth.

Your Life Path number gives a broad outline of the opportunities, challenges, and lessons you encounter throughout your life. It also reveals the strengths, specific talents, and characteristics you were given to help you overcome challenges and evolve into the best you can be.

Your Life Path Number

Your Life Path number is considered the single most significant information available in your Personality Chart. It is derived from the total of all numbers found in your date of birth. However, it is important to keep in mind that the aspects described in the next few chapters will either complement, supplement, or sometimes weaken the attributes revealed in numbers derived from your name.

Your Life Path is 19/1

You are a born leader. You insist on your right to make up your own mind; you demand freedom of thought and action. You have drive and determination. You don't let anything or anyone stand in your way once you are committed to your goal. You assume the responsibility to be the protector and provider for those you love. You demand respect and attention and become irritated and even domineering when important things do not go your way. You need to feel in command of important undertakings, and resist supportive roles. You seek the forefront and the limelight. You are very concerned with your status and foster the appearance of success and self-satisfaction. The need to

appear well off propels you to strive for growth, success and the finer things of life.

You are exceptionally creative and original and possess a touch of the unusual. Your approach to problems is unique and you have the courage to wander from the beaten path. You can be impatient with your shortcomings and those of others.

You should watch out for selfishness, conceit and the over-concern with appearance. You must guard against overzealous behavior, anger and aggressiveness. If these qualities are not brought under control you could become excessively domineering, vindictive and even violent. You perform best when you are left to your own devices. Ideally you should own your own business and be your own boss. Hold fast to your life's dream and work with the determination you possess to realize it. You can become overly stressed by your driven nature. Be careful about the food you eat and maintain an exercise program you enjoy. Competition sports are often a healthy outlet for a person with your drive, particularly sports involving running and swimming. Don't let pride and overconfidence be your masters. Remember, your talents and abilities are a gift from a higher source, which should promote gratitude and humility, rather than pride and conceit.

More often than not a person with a 1 Life Path will achieve much in life as long as the drive, creativity, originality and pioneering spirit are fully employed!

Your Life Path number is 1, based on 19 ($1 + 9 = 10$, $1 + 0 = 1$), which is a Karmic Debt number. (The 13, 14, 16, and 19 are Karmic Debt numbers.) Although identical in many ways to the Life Path numbers 1 and 10, the person with the 19 Karmic Debt will learn independence and the proper use of power through trial and error. You will be forced to stand up for yourself, and often be left to stand alone. Difficulties will be faced and overcome through personal struggle. One of the central lessons for people with the 19 Karmic Debt is that you stubbornly resist help. Much of your independence is self-imposed; you simply don't want to listen to others, or accept the help or

advice of others. Your 19 Karmic Debt can become a self-imposed prison if you do not open up to the reality of interdependence, and the mutual need for love.

The most important lesson for the 19 Karmic Debt is: While you seek to stand on your own feet, you are still a human being, deeply connected with others and in need of the support, assistance, and human understanding that all people need. Those with the 19 Karmic Debt will learn the hard way that "no man is an island," and that we are, indeed, "all bits of the main!"

Your Birth Day Number

The day you were born is found inside the diamond-shape in your personal chart, and bears great significance in understanding who you are and where your talents lie. Your day of birth indicates special talents you possess. It gives us an indication of the approach you will take toward the goals, opportunities and obstacles you encounter on your Life's Path.

Your Birth Day number is 6

You are family-oriented and have a talent for settling disputes between people to the satisfaction of both sides. You somehow know the middle ground. Your lesson in life is to work with the whole subject of balance. You must come to truly understand the ancient and fundamental principle of opposites that seek harmony. Whether the realm is the emotions, caring for others, finances, work, or play, you must learn where you can be of service, exactly what you can do, and what are your limits.

You have a considerable amount of artistic talent. You have a deep

appreciation of beauty and art.

You are highly responsible and will do without in order to fulfill a debt.

Your focus is on relationships. You want to help others, and have a talent as a healer and could make a profession of the healing arts, either as a nutritionist, alternative health therapist (acupuncture, massage, for example) or doctor.

You need to know you are appreciated. You are given to flattery and vulnerable to praise. Criticism, on the other hand, leaves a very damaging impression on you. You take it deeply to heart.

You will sacrifice your own comfort to support and help others. You are generous, kind, and understanding.

You can be highly emotional and given to extremes in sympathy and sentimentality. You must learn to provide more than merely a shoulder to cry on. Study and the development of your healing skills bring you great rewards in life.

Your Life Path and Birth Day Bridge Number

Your Life Path and Birthday numbers are closely connected and influence each other. This Bridge explains how you can make the connection between them more harmonious.

Your Life Path/ Birthday Bridge is 4

Your 4 Bridge tells us that your Life Path and Birth Day numbers will be brought into more harmonious affiliation if you take a disciplined, coordinated approach to your endeavors. In your case, the need to be in accord with the natural timeline of events is particularly important. Procrastination affects everyone, but you will feel the consequences of inaction more strongly. Handling issues in a timely manner prevents chaos and increases the influence you will have on your own circumstances.

Another aspect of a 4 Bridge is the need to keep a close eye on the small, seemingly trivial, details. Everything about your 4 Bridge points to the benefits of running a tight ship.

Your Challenges

You face four specific Challenges in your lifetime. For many of us, the same challenge is repeated, while others have four distinctly different lessons to learn.

These Challenges place you in situations that require you to face the particular lesson at hand. This provides an opportunity for you to learn or better integrate personal traits that will benefit you during the lesson, and throughout your life.

The four Challenges in your chart will influence you during the periods of your life listed below. They are found within the lower half of the star-shape in your numerology chart. The First Challenge is shown on the left, the Second Challenge on the right, the Main or Third Challenge is placed in the middle, and the Fourth Challenge is located below that.

Your First Challenge

The duration of your First Challenge usually lasts from birth until age 30 to 35.

Your First Challenge number is 2

You are overly sensitive and too aware of other peoples' expectations. You suppress yourself to avoid feeling conspicuous. You can be overwhelmed by self-consciousness. You fear gossip about you. As a result, you become inhibited. All of this results in a suppression of your own individuality and uniqueness. You yearn to blend into the crowd.

You let your own feelings and emotions play too big a role. Your hypersensitivity causes fear, timidity and lack of self-confidence. And you experience unnecessary fear and emotional turmoil. Little things seem disproportionately difficult to overcome and sometimes have a paralyzing effect. Jealousy can cause much pain and misunderstanding. These negative aspects of the challenge actually spring in part from positive characteristics you possess, especially your acute awareness and intuition. You are an antenna for other people's feelings; you know before a word is spoken how they feel.

You lack the inner strength to maintain your own center, and try to conform to the prevailing emotional atmosphere.

This challenge makes you understanding and compassionate; you have an enormous empathy for the inner turmoil of others and can do much good for people with emotional problems.

Your Second Challenge

Your Second Challenge is in place from approximately age 30 through 55.

Your Second Challenge number is 3

You are your own worst critic. You suppress your individuality and creativity. Each time you want to make an impression, you doubt yourself beforehand, and criticize yourself ruthlessly afterward. Your criticism of yourself is far more

severe than anyone else's. As a result, you tend to play it safe by staying on the surface, indulging in superficialities. You rarely express what goes on deep inside of you; instead, you cover up your feelings with humor or perfunctory remarks.

You often feel alone and lonely. Your fear of social interaction causes you to strain conversation by making too many jokes and forced joviality. It may help you to find a creative outlet for your imagination, possibly through writing, painting, singing or dance.

At the bottom of the challenge is an effort to bring out your true self. You will learn to truly value your own creative talents above anyone else's judgments. This must be viewed as a process of individuation, in which you become a whole human being, independent and free of the need to conform to others.

Your Third or Main Challenge

This Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge.

As you master this challenge and incorporate its positive aspects into your character, your life gradually feels more in control.

There is a chance for great reward implicit in this challenge. In short, it may offer the secret to your success.

Your Third Challenge number is 1

You must learn to be independent. You will be forced to stand up for yourself and your rights. You will be faced with situations in which you will have to choose between standing up for what you think is right versus giving in to another person's demands. You will have to struggle to strengthen and know your own will power. You will have to learn to be firm and trust your judgment. Don't run with the crowd, be an individual.

This whole lesson represents the frontiers of your consciousness. Therefore, you will have to experience much trial and error, sometimes exploding with bursts of aggression, other times being intimidated and letting frustration and anger build within you until you are ready to act on your deepest instincts. You will learn your own set of values; you will develop into an individual with original and innovative ideas.

Your Fourth Challenge

Your Fourth Challenge is most strongly felt during the latter part of your life, beginning at approximately age of 60.

Your Fourth Challenge number is 5

You are in danger of becoming a rolling stone. Your desire to experience and enjoy life can overwhelm every other priority you have. Your need for freedom dominates you. You want to try everything and go everywhere.

You must guard against overindulgence -- and even dependence upon -- alcohol, food, drugs, and sex.

You must work at establishing and maintaining long-lasting relationships. Be tolerant and understanding. This will enable you to have people in your life who are more than mere company.

You need to discipline your urge to change every situation that does not immediately suit you. Stick with projects, maintain your friendships, don't abandon people or situations the minute they become the slightest bit difficult.

If few fives are in the chart you have a fear of change and cannot let go of people and situations. This holds you in the past, restricting your growth. Learn to take prudent risks and be more adventurous.

Your Path and You

We have focused on the letters of your name and the numbers from your date of birth. We will now look at numbers in your chart derived from the combination of both your name and the date of your birth.

Acquiring the attributes described in the next few chapters will help smooth your progress. As you learn more about yourself, you may begin to recognize traits you were previously unaware of.

Your Life Path and Expression Bridge Number

This Bridge has the potential to "close the gap" between the Life Path and the Expression numbers. The chapter explains how you can make your talents, strengths, and specific abilities (your Expression number) more readily available and fitting to your main lesson needs, as well as the expected direction of your growth (your Life Path).

The scope and influence of the Expression Bridge is narrower and more defined than the other Bridge numbers. Its effect will be felt primarily in your professional life, including your position as household/family manager, if that is your primary work.

Your Life Path/ Expression Bridge is 2

Your 2 Bridge number brings relationships to the foreground. It points to a need for clarity and confidence, while remaining sensitive and intuitive. Your Life Path and Expression suggest a fear of creating disharmony when you are pursuing your goals and desires. This is usually unwarranted, but there is a point that relates directly to these concerns. A 2 in this position suggests you need to work on becoming a better listener. If you practice the art of listening, your friends and partners will feel acknowledged, and you will become clearer and more confident when expressing yourself.

Your Rational Thought Number

Your Rational Thought number comes from combining the sum of your birthday number with the sum of your first name. It reveals the style or process you use when making choices or considering a problem. Are you a structured, logical thinker or do you ponder a question in a creative, abstract manner? Do you daydream or stick to deductive reasoning?

Your Rational Thought number suggests the general approach you take in your thought process.

Your Rational Thought number is 8

You are the visionary, and you focus on the larger picture. You ignore the details in favor of spectacular solutions. You love to blow someone's mind.

You understand the balance between the rational and the irrational, and you have no problem combining the two. You have a vivid imagination and you are often surprised that others don't immediately grasp a concept that seems clear and logical to you. You have little patience when others allow fear and caution to slow down a project.

Your Maturity Number

Your Maturity number indicates an underlying wish or desire that gradually surfaces at around age 30 to 35. A direction begins to emerge as you gain a better understanding of yourself. With this self-knowledge comes a greater awareness of who you are, and the direction you want to set for your life. Your Maturity numbers are described in detail in your Personality Profiles.

Your Maturity number is 9

John, your concern for the well-being of society will grow more powerful as you come to maturity. You will be drawn to doing much public service. The long-term good of your community and even the world will occupy your thoughts increasingly. Service to humanity is fundamental to your life. You will grow in understanding and wisdom as you mature. Involvement with international affairs or humanitarian service offers you much satisfaction.

As you mature, your appreciation for the arts and beauty in any form will also increase. It is quite possible that you will be actively involved in the arts, if that is not already the case, often as a benefactor.

If you have few 9s in your chart, or none at all, you will gain a sense of your personal place among the human race. You will feel you belong and that you have provided something of lasting value for the future. If you already have several 9s in your chart, especially among the core numbers, you will have to guard against arrogance, aloofness, and alienation.

Your Period Cycles

Like most stories, there are three distinct stages of your life. Your First, Second, and Third Period Cycles come from your month, day, and year of birth respectively. Together they form the foundation of your Life's Path.

The First Cycle, located on the left of the graphic, begins in childhood and lasts through your late 20's. It's a quest for knowledge and identity while you cope with the powerful forces that are present in your environment. These

forces include your parents and the socio-economic conditions of your family, for example.

The Second Cycle is found inside the diamond-shape and covers the middle period of your life, bringing about the slow emergence of your individual and creative talents. This cycle begins in the early and mid-30's while struggling to find your place in the world. The late 30's, 40's, and 50's, bring a greater degree of self-mastery and influence over your environment.

The Third Cycle, on the right of the graphic, starts approximately age 55, and represents a flowering of your inner self as your true nature comes to fruition. It is during this period that you have the greatest degree of power and self-expression.

Your First Period Cycle

Your First Period Cycle runs from birth until your mid 30's.

Your First Period Cycle number is 4

This first period is likely quite demanding and frustrating. The need for discipline and effort is present in all aspects of your life. Trying to live up to the demands sometimes finds you frustrated by bad timing or a lack of opportunities.

This is a time to search for something to sink your teeth into. However, restrictions placed on you by your personal life may not support your need for space and freedom. This can have the effect of either turning you against most forms of discipline - making you rebellious and contrary - or becoming dependent on it, prompting you to choose a career where control from outside forces dominates (such as the military or a very tightly run institution).

Your Second Period Cycle

Your Second Period Cycle runs from your mid 30's until your late 50's.

Your Second Period Cycle number is 6

Your middle years are a time of responsibility and duty. The issues of commitment, marriage, and family come into sharp focus. If you honor your commitments with acceptance and love, this can be a period of harmony and support. You are needed by others; you are loved and appreciated. Reinforced by the loving, family-oriented 6, this is the best cycle for marriage and commitment.

In the same way, partnerships go well and progress is made through joint effort. Conversely, commitments that are broken or not deeply made tend to end in separation or divorce more often during this period than others.

Artistic talents you possess may surface or heighten, and opportunities for self-expression present themselves. A commercial opportunity is supported, possibly your own business. This is a time of progress through flexibility, cooperation, and compromise.

Your Third Period Cycle

Your Third Period Cycle covers the later part of your life, starting in your early 60's.

Your Third Period Cycle number is 9

The latter part of your life finds you increasingly idealistic and concerned with the betterment of humankind. You become more broadminded and reach out to people from all walks of life. You offer your time and resources to causes you believe in. Your interests are increasingly directed toward other

cultures and societies. Your sense of justice and your interest in political and humanitarian issues becomes more finely tuned. Whereas most people "mellow out" with age, you find yourself becoming more passionate.

Your creativity increases during the latter part of your life, with a focus on design and large-scale projects. You may be inspired to study design, engineering, or architecture.

Your Pinnacle Cycles

Although Pinnacle Cycles and Period Cycles are both derived from your date of birth, they differ in the way you experience them. Period Cycles, described above, reflect internal stages of growth. Pinnacle Cycles represent the external influences you encounter in life.

Pinnacles reveal general conditions and events you experience during each period, such as your environment, social conditions, relationships, and changing circumstances. Pinnacles reveal how you might respond to these influences and how they will affect your ever-evolving personality. The First Pinnacle, located in the left of the star-shape in your chart, usually lasts from birth through age 30 to 35. The middle two Pinnacles, to the right and the center respectively, each last nine years. The Fourth Pinnacle, placed in the top section, will stay with you for the remainder of your life.

The transition from one Pinnacle to the next is usually strongly felt. You begin to feel the transition from one Pinnacle to the next approximately two years in advance. The latter part of that two-year period can be particularly strong. You will likely make life-altering decisions, such as marriage, a job or career change, or major changes in your personal makeup. Knowing and understanding your approaching Pinnacle number prepares you for the changes ahead.

Perhaps the most strongly felt change is the transition from First to Second Pinnacle, which usually takes place in your late 20's or early 30's (the exact

date depends on your Life Path number). This is usually a difficult transition but once crossed, provides a clear sense of direction and a firmer sense of identity. The Second Pinnacle is the gateway to maturity.

Your First Pinnacle Cycle

This is usually the most strongly felt Pinnacle Cycle and runs from birth until age 36 minus your Life Path number (single digit). For example, if your Life Path is 12/3, deduct 3 from 36.

Your First Pinnacle cycle number is 1

This is a period requiring much independence, courage, resiliency, and initiative. You must bounce back after many difficult experiences. The challenge of this Pinnacle is to gain will power. There is not a lot of support from others or from family. You must draw from your own strength. You will have to guard against self-pity or surrender. Keep focused on your dreams. This Pinnacle will require an iron will to keep hold of your goals, and also the flexibility to maneuver around difficulties, and bend with the winds of adversity.

This is a period of rapid self-improvement and growth. You will be forced to use every talent and capability you possess. You will need to be resourceful. You must continually put out effort, but with it comes great reward. Without it, there is no accomplishment nor satisfaction, only a negative attitude toward life. Be careful not to become too self-centered, headstrong or self-important.

Be strong but flexible. Be open to the counsel of others, but make up your own mind.

The benefit of this Pinnacle number is a strong sense of your individuality and strength. You will know what you are made of. There are many hidden gifts in this period, perhaps the greatest of which is faith. Your Pinnacle provides you with the characteristics of leadership, boldness, and daring. You will have many unconventional ideas and the skill and courage to make them a reality. Your abilities to manage and organize people and institutions are greatly enhanced. You have vision and confidence in the worth of your dreams. These characteristics provide great opportunity for success and major accomplishments.

Your Second Pinnacle Cycle

Your Second Pinnacle Cycle lasts nine years and tends to have a considerable influence on your productive/professional life.

Your Second Pinnacle cycle number is 6

Under this Pinnacle you will be very involved with family, friends, and your community. You will face an increase in responsibilities and duties, but you have a greatly enhanced sense of balance and perspective that allows you to handle emotional issues well. Your family demands much of your attention. Matters involving spouse and children require much security, love, and sacrifice. You are the centerpiece of your family, the one people come to for solace and understanding. You may feel an increased burden, as you carry the cares of many. You will experience a deep sense of being needed.

This Pinnacle is full of love, closeness, and warmth, but you must rise to the challenges that close relationships bring. You must settle and bring harmony to personal conflicts between others. You are often the only one with perspective in a conflict. It is as if you are the keeper of justice, bringing understanding and compromise to situations that are polarized.

Under the influences of this Pinnacle -- especially at its outset -- people are often married or start families. Children are born, in-laws come into your life. You are the nucleus of a little world. You must maintain your dignity. This is a period that makes it easier to sacrifice, but you can overdo it, becoming a doormat for others to step on simply to maintain a degree of peace. Know your limits and maintain healthy relationships.

This is a fine period for growth in business and financial matters. You attract people with resources who can help to further your personal goals. Moreover, you are balanced in your approach to business affairs. This can bring many rewards.

John, your heightened sense of harmony and your genuine compassion makes you an excellent counselor and healer, especially if you already have native talent in any of these areas.

Personal health matters can also surface, causing you to reflect on diet, exercise, and other health habits. Your desire to help others is also increased. But this can lead you to poke yourself into situations where you do not belong, or delve too deeply into other people's personal affairs. Be careful not to meddle or interfere.

The 6 Pinnacle is a time of progress and growth as a full human being. You are capable of developing yourself in many different directions -- as a loving mate and parent; a sound businessperson; and as a pillar of your community. The time requires the balance you possess, since you can easily stretch yourself in too many directions and ultimately feel burned out by the demands in your milieu.

Your Third Pinnacle Cycle

Your Third Pinnacle Cycle also lasts nine years. Like your Second Pinnacle, its effect is felt primarily in your career or business environment.

Your Third Pinnacle cycle number is 7

This is a period of inner development and soul searching. John, you will deal with the deeply important questions of personal existence and the meaning of life. You will need time to be alone to contemplate your inner world. This is a time of spiritual growth. You will experience a heightened sense of faith. The power of the universe will be the force that carries you along. During this 7 Pinnacle, spiritual growth, increased knowledge, and wisdom are the big rewards. The 7 Pinnacle provides the basis for contentment in older age, because you now begin to understand life more deeply.

You have an enhanced appreciation of poetry and nature. Walks in nature provide great therapeutic value and spiritual nourishment.

This is a time of specialization. You will pursue some course of development with fervor and focus. Your ability to concentrate will be greatly increased. Your desire to study in all forms -- reading, self-reflection, and contemplation -- will reach an all-time high. Your intuition is much more sensitive, making your path a little easier and more direct, since you know intuitively the appropriate next step.

Under this Pinnacle, you will become an expert in one particular field. Your capacity to penetrate the depths of a subject area is enormous. You will look below the surface in virtually everything you encounter. It is very possible that you will find yourself in a teaching role.

You must consciously work on your closer relationships, especially with your spouse and children. You must explain that your desire to turn inward is not an escape or an avoidance of those you love, but a deep need for knowledge. Your challenge is to avoid becoming critical or cynical of others. You can become so withdrawn from society that you look down on others. You may forget that you, too, are part of the imperfect human race. Sarcasm is the lowest form of communication, and a trap you could fall victim to.

Your desire to attain some high degree of perfection is sincere. But that pursuit

can make you miserable if you lose perspective and fail to realize the relativity of human existence. Perfection is a Utopian goal, but an unrealistic ambition. It can cause you to be dissatisfied with yourself and others.

The 7 provides the possibility of true refinement, insight, and a high degree of wisdom. This deep understanding is the basis for self-love and true happiness.

Your Fourth Pinnacle Cycle

Your Fourth Pinnacle Cycle lasts for the rest of your life.

Your Fourth Pinnacle cycle number is 4

This is a Pinnacle of hard work and many rewards. You have the opportunity to build a foundation that will last. Your abilities as an organizer, manager, or simply the rock of any institution are greatly increased. You are dependable and reliable. Your ability to fulfill responsibilities is likewise enhanced. As a result of your industry and perseverance, success is well within your reach. It is a step-by-step process in which you build something by small bricks laid one after another.

You will find yourself caring for others in a very material way. Family and in-laws can be burdensome, since you are seen as the cornerstone of the foundation.

Your life is preoccupied with details and responsibilities that must be taken care of. You have set in motion projects that are your children, demanding your constant attention. While there are many rewards, there are also many frustrations. Your sense of your own limits and the consuming nature of details may at times seem overwhelming. You must remember that things that last require slow growth. You may mistakenly believe that your progress should be faster, or happen with greater ease. The need for efficiency, orderliness, and methodical systems limit your creativity. Your challenge is to be flexible and adaptable. Learn to play more and allow yourself to be more spontaneous.

Children born under this Pinnacle will tend to be serious and affected by the financial limitations of their parents. The child may feel the need to leave home early and start a family of his own. He or she must be encouraged to be more farsighted and flexible. The child should avoid jumping into the harsh realities of life too soon.

Specifics About You

Although the following chapters deal with less dominant aspects of your chart, they are more narrowly defined and specific in the ways they affect you.

Your Balance Number

Your Balance number provides guidance on how to best deal with difficult situations.

People experience a variety of internal responses to life's challenges. Some step back from difficult situations to ponder a course of action while others withdraw to avoid uncomfortable emotions. Some explode with anger but allow the outburst to pass quickly while others let their feelings linger.

Very often, these are conditioned responses that emerge without thought or analysis. With maturity and self-development, we incorporate new and more effective methods of handling situations we encounter.

Your Balance number is 9

You will find your solutions by empathizing with the concerns of others John. You have a gift for understanding a wide variety of people and seeing the broader picture. But too often you retreat to aloofness, a kind of Ivory Tower, in which you regard yourself as an aristocrat, above the masses. John, you will find your solutions by coming down to the practical reality where people live. It is in giving that you will receive.

Your Hidden Passion Number

Your Hidden Passion reveals specific strengths or talents that are available to you, such as a specific field of expertise or (as the name implies) a passion. Metaphorically, this talent or passion may be seen as having a power all its own to help shape your life.

Having a talent demands that you nurture and express it. Your Hidden Passion gives you the desire to develop and express your particular ability. In this way, it shapes your personality and guides your life.

In the graphic below, each square represents the number value of the letters 1 through 9. The top left square tells you how many ones are found in your full name at birth. The one next to it shows how many twos are in your name, and so forth. The number that is found most often in your name is your Hidden Passion. There can be more than one.

3 1	1 2	0 3
0 4	5 5	3 6
1 7	2 8	1 9

Your Hidden Passion is 5

You love to travel, change, and take on new challenges. You are highly adaptable and versatile. You have a talent for languages, and are generally good with words. Writing, promotion, and public relations work suit you perfectly. You are resourceful and original. You have a good sense of humor and a quick tongue. You are sensual and a bit impulsive. You love to satisfy your senses, which can get you into trouble. Overindulgence in food, drink, sex, and drugs are common among people with too many 5s -- six or more. Your desire for freedom is extremely strong and it will take effort and discipline to stick with whatever it is you started. There is a tendency to give up a project or situation prematurely. You may be interested in too many things, which can make it hard for you to apply yourself to one area successfully. Commitment in relationships and your work is fundamental to your happiness. You may have a tendency to wander from person to person, job to job, making depth of relationship or deep expertise difficult.

Your Karmic Lessons

Karmic lessons are recognized by the absence of certain letters in your name and describe areas we are weak in that require recognition and effort to overcome.

The letters in your name point to talents and abilities that you possess — tools that are available to you. Missing letters imply tools that are unavailable, they must be learned and mastered during your lifetime.

You can have more than one Karmic Lesson or, if every number is represented your name, you don't have any.

Although you may feel you have learned to overcome one or more of your

Karmic Lessons, you will continue to be challenged by them throughout your life.

3 1	1 2	0 3
0 4	5 5	3 6
1 7	2 8	1 9

Your Karmic Lesson is 3

You are highly self-critical. Every time you find yourself at the center of attention, you manage to find something in your performance to be entirely inadequate or embarrassing. You have established an impossible standard of perfection as the only measure of your actions. You need to lighten up on yourself. Realize that you have within you a critical faculty that must be contained and controlled. Otherwise, it can prevent you from doing what you truly enjoy in life. You're too serious. Be more optimistic and cheerful, enjoy life as it was meant to be and share this joy with others. Life will put you in situations that require imagination and communication. You will be tested in these areas. You will be forced to face the challenge. Missing threes will often produce artists but their success requires much work and perseverance. The effects of this Karmic Lesson are diminished if you have at least one 3 among your core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

Your Karmic Lesson is 4

You feel confusion about your life's direction. You will have to establish a methodical and disciplined approach. You need to create a foundation for

your life. Otherwise, you will feel lost and tossed about by change. You have trouble finding the work you do best. You tend to be somewhat impractical and disorganized. You look for the answers to life's problems outside yourself, rather than within. New jobs start off as The Answer, but do not have the same glamour for long. You quickly discover that the new work requires the same effort and perseverance, without the excitement you expected, which may cause you to give up too soon. Concentration and application need to be strengthened. The effects of this Karmic Lesson are diminished if you have at least one 4 among your core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

Your Cornerstone

The first letter of your first name gives an additional indication of your character, particularly in the way you approach opportunities and obstacles. This first letter is called your Cornerstone.

Your Cornerstone is J

John, your J is for Justice. You are honest, loyal, reliable and sincere. You want to improve the lives of others. You may try too hard to please everyone. You have a clever mind and are very talented. However, you have to work at motivating yourself to make the most of your talents.

Your Subconscious Self

Your Subconscious Self is based on how many numbers are represented in your name, and indicates your ability to make the most of your talents and

opportunities, especially when you face new, challenging, or even dangerous circumstances.

Your Subconscious Self number is 7

John, you can appear indifferent to your surroundings and somewhat aloof. You are well-balanced and can survive many a stormy time. In time of trial, you withdraw within yourself finding solace and answers, in your creative and analytical mind. You may be a bit of a loner and do not easily share your feelings with others.

Your Planes of Expression

You experience life on four different levels: physical, mental, emotional, and intuitive. Your Planes of Expression indicate how you function on each of these planes.

Your physical plane links you to the material world.

Your mental plane, like the emotional and intuitive, perceives the invisible world; the realm of thought and reason.

Your emotional plane is preoccupied exclusively with feelings.

Your intuitive plane gives you access to the insight and knowledge that comes effortlessly as if placed at the doorstep of your mind.

In each category, the number of letters, and their numerical value, gives an indication of which Planes of Expression are stronger in you and which are weaker. Each of us is dominated by one or two of the first three planes. The physical and mental are the most widely used, although a name dominated by emotional letters is not uncommon.

The intuitive plane is usually the least utilized. A name dominated by intuitive letters is extremely rare but having no intuitive letters in a name does occur. This does not mean a lack of intuition but points toward a tendency to ignore

or distrust intuitive insights.

Your Plane of Expression Physical

The Physical Plane represents the physical letters in your name.

Your Physical Plane of Expression is 10/1

You are active and inspiring; you are daring in business and other areas of life. You have strong likes and dislikes and live according to your opinions. You are charming and witty but get bored easily. You work hard and determined and are very goal-oriented. You thrive on the combination of enthusiasm and challenges, the lack of which makes you dull and disinterested. You are like a flare, burning brightly for a specific duration, but must move on to other projects in order to sustain your excitement.

Your Plane of Expression Mental

The Mental Plane is based on the mental letters in your name.

Your Mental Plane of Expression is 40/4

John, you are a fine planner with a good eye for details. You are very conscientious and practical. However, you can get lost in the details of a project and lose sight of the larger picture.

You must learn tact and give others -- especially family members -- room to live according to their own standards. You can be somewhat domineering, especially when you are concerned about their general well-being.

Your Plane of Expression Emotional

It is not uncommon for a person to have a name dominated by emotional letters.

Your Emotional Plane of Expression is 30/3

You are very romantic. You are highly creative and imaginative. You fantasize about your perfect "other": a White Knight on a horse, or a beautiful princess. Your response to painful emotional situations -- especially in childhood -- was to create a fantasy world to which you escaped. You may still be doing that as an adult, perhaps to your detriment. Reality lacks the romance and excitement of your fantasies.

You can be disorderly and disorganized, however. You can be rather moody. You likely have much artistic talent, especially in writing, acting, or singing.

Your Plane of Expression Intuitive

A name dominated by Intuitive letters is extremely rare. It is, however, not at all uncommon not to have any intuitive letters.

Your Intuitive Plane of Expression is 0

You do not have any intuitive letters in your name. This doesn't mean you are not intuitive. However, it does mean you have difficulty accepting, or even recognizing, your intuition as a reliable source of insight. You would probably benefit from reading and learning about intuition, and how to apply it to your daily life.

Your Minor Expression Number

Your current name forms the basis of your Minor Expression number. It is usually the first and last name you commonly use to introduce yourself (not necessarily the name you received at birth).

The influence of your short name is minor in comparison to your full name. Interestingly, the short name often compensates in some way for letters or numbers missing in the full name.

The name you currently use, also affects how you feel about yourself.

If a name change takes place later in life for marital or for professional reasons, it adds or subtracts certain qualities. It can also focus and intensify existing characteristics or latent talents.

Your Minor Expression is 7

Your short name stimulates your desire for knowledge. It helps you to specialize and to deepen your understanding of a particular subject. It helps you to focus.

Your Minor Expression number encourages you to accumulate knowledge regarding the mysteries of life. It makes you a more analytical thinker. You are better able to look below the surface of things. You don't take things at face value. You may desire more time for private contemplation and meditation. This is a pull to spend more time alone.

Your Minor Heart's Desire Number

The vowels of the name you currently use to introduce yourself are the basis of your Minor Heart's Desire number. It reveals your dominant desires as well as the limits you place upon yourself.

Your Minor Heart's Desire is 9

The shortened version of your name broadens your outlook on life. It makes you more compassionate, socially oriented, and concerned for the welfare of humanity.

John, your Minor Heart's Desire increases your idealism, and capacity for self-sacrifice toward a higher goal.

You want to make a difference in life.

You may be more likely to hold yourself aloof and thereby making it harder to find the personal love you need.

Your appreciation for the arts is increased, and any artistic talent you may have is enhanced. You may want to become more of a teacher, and are attracted to knowledge that will further this ambition.

Transits

The individual letters of your name are used to find your Transits.

Your name is like music that vibrates in time; each note, or letter, has a specific duration and influence over the course of your life. Your life can, therefore, be seen as a musical score, with individual letters making specific contributions at given points, just as notes in a musical piece give it its rhythm, character, and nuance.

The Transits appear as part of your Progressive Chart and will tell you much about specific influences taking place in your life during given years.

Your Physical Transit in 2018 is N

You feel attracted to new religions and philosophical ideas.

Essence

Your Essence and your Personal Year are the two essential indicators of the forces that influence your life during the course of any year.

Your Personal Year runs from January through December, while the Essence is most strongly felt from birthday to birthday. For example, if your essence number is 8 for a particular year, you would begin to feel the influence of that 8 most powerfully after your birth day in that year. The influence begins to wane during the next year and end around your birth day that year.

Your Essence number indicates the lessons you will be dealing with during that year. It says a great deal about how you will perceive your environment. It

also gives clear advice on how you can be most successful during the year; which types of behavior will be supported by your milieu and which ones will be less effective.

If one or more of your Transits change after your birthday this year, you will find two Essence cycles. If you only have one Essence, it means none of your Transits changed.

Your Essence in 2018 is 16/7

Your Essence before your birthday in 2019 is 16/7

There are edifices of thoughts and behavior patterns that keep us from experiencing our true natures and the deeper happiness within. By some great benevolence of the universe, these edifices collapse from time to time, John. You are now in one of those benevolent periods. This is the proverbial dark night of the soul. You will find many things not working out as you had planned. There can be many unexpected, turbulent, and shocking events. There are debts to be paid that may seem unduly harsh or imbalanced. The time is confusing and you may feel that you have lost direction entirely. Your challenge is to surrender to the larger forces that now seem so threatening. Let the transformative powers redirect you. This is the surest path out of the confusion that now dominates your life. The 16 Essence is very like a storm that seems, on the surface, to be knocking down buildings, but is in fact rearranging your life so that you emerge healthier and happier than before.

The 16 Essence usually does not last long. You will find yourself on much sounder footing and in much better circumstances once it passes. You are experiencing the night that will surely bring the dawn. And with it comes a new life.

Part of the lesson you are learning is gratitude. Take time to truly examine everything that has been given to you. You are overlooking the love in your life, the talents you have been given, the good things that have been added to your life without your acknowledgment. There is something of a blind spot in you that has brought about the current period of confusion. Now is a time

to self-reflect and to truly take stock of your life. Gratitude is one of the keys to a healthy transformation. Offer thanks to the Universe for all that has been provided you. This is an act of true magnanimity because you likely feel that you have been treated unjustly by the greater forces. But such thinking is a delusion that has blinded you to your true nature and destiny. Open your heart. Accept that your vision is not of the infinite, but of the relative world. Accept that the infinite is guiding you lovingly and toward higher planes of consciousness. Surrender to the greater forces. This will cause you to open up to the higher planes and allow them to guide. Now is a time to develop faith. The power of faith can help you feel secure in the midst of change. Faith allows you to feel that you are heading in a good direction, even when you do not know what that direction is. Faith is the key to your happiness now.

Meditate, pray, do regular spiritual practices. Take care of your health with sound diet and exercise programs. Try to eliminate all unhealthy attitudes and practices. Live a more enlightened inner life. Trust.

Personal Years

Your Personal Year number is a strong indication of the trends and circumstances you experience during the year ahead.

Your Personal Year cycles are based on the Universal Year cycles and, therefore, run concurrently with the calendar year. (Transits and Essence cycles are based on the letters of your name and run from birthdate to birthdate.)

There are nine personal year numbers in a complete Epicycle. Each Epicycle reveals the progression of a specific part of your personal evolution. Your progress along this Epicycle can be seen quite logically, from the beginning of a growth period to the conclusion or culmination of that process.

The 1 personal year describes your first steps in a new direction. The years that follow indicate your progress along this path, concluding with your 9 Personal

Year, which completes the cycle.

Below is a description of your current Personal Year. It indicates where you are on the 9 year Epicycle.

Your Personal Year for 2018 is 3

This is a year of expansion and personal growth. It is a time of heightened personal expression. Creativity and artistic talent come to the forefront. You are lighthearted and drawn to all kinds of social events. More than most other years, you will entertain and be entertained. You meet new and exciting people. It is a time to appreciate all that you have.

You are highly dynamic and charismatic. Your challenge is to avoid scattering your energies. You have a rare opportunity to bring forth new and creative ideas. But that requires discipline and focus. It is easy to be optimistic and enthusiastic this year and this may result in speeding up your projects. Yet there will be delays and disappointments unless your enthusiasm is based upon the reality of work and concentration.

This is a pleasant time in which friendship is enjoyed and love shared easily.

This is often a good financial year, particularly if your creativity is well directed. Surround yourself with upbeat and positive people.

You may travel more than usual, which in all likelihood will be filled with exciting people and pleasure. Control this year's tendencies towards glamour and extravagance, yet allow yourself more room to enjoy and celebrate.

You communicate well this year and are more capable of getting your ideas across.

Love is in the air.

February brings changes; June sees the completion of a project and July signals a new beginning. August can be emotional, as can November.

Your Personal Year for 2019 is 4

This is a year to be organized and practical. Take care of details. Commit yourself entirely to your goals. Your concentration and ability to focus will be much improved over last year. You will have an attitude of realism and determination.

There can be a sense of limitation and some frustration this year. However, it is a year of important opportunities that must be seized. There can be considerable work-related travel. You must be flexible this year to make full use of the opportunities that present themselves. It will require a combination of perseverance, hard work, and versatility. You will receive recognition for your efforts and support from your friends and family.

It is a good year to buy real estate or remodel your home. It is also a good time to take care of projects which have been postponed for too long. Fulfill your obligations and do not be afraid to spend some of that hard earned money. Selling and trading during this year usually is quite successful. This is the year to work on your foundation and prepare yourself for the many changes that will undoubtedly come next year.

As a result of your hard work, there will be much satisfaction and a feeling of accomplishment. January and February will bring some important change, a new opportunity perhaps. March requires self-reflection and reshaping of your plans. It is a good time to meditate on what lies ahead. June brings a new and important step -- a breakthrough, perhaps -- in your work. October brings changes and a sense of chaos. You may feel threatened by the changes that are on the horizon. But November brings assistance in the form of a promotion or additional financial support.

Dualities

Your Essence and Personal Year cycles are distinctly separate energies that influence you in different ways.

Your Essence reflects your mental, emotional, and spiritual state of mind at a particular time in your life and feels like an internal influence; it's a stage in your personal evolution. Your Personal Year cycle, however, feels more external.

Your Essence and Personal Year cycles overlap creating a duality which produces its own influence. Most importantly, it tells us how you can get the most out of your mix of Personal Year and Essence cycles by looking at their combined influence.

Personal Year cycles run concurrent with the calendar year and change every year, while Essence cycles run from birthday to birthday and can be anywhere from one to eighteen years, sometimes even longer. Therefore, you can have either two or three Dualities during any 12-month period. Three, if your Essence changes (one before your birthday, one after your birthday, and another when the new year starts). If your Essence doesn't change, you have two Dualities, one for each calendar year.

For the purpose of Dualities, Essence cycles with Master Numbers (11, 22, or 33), or Karmic Debt numbers (13, 14, 16, or 19) are reduced to single digits, as their effect in the context of Dualities is indiscernible.

Your Dualities in 2018 are 16/7 and 3

A 7 Essence in a 3 Personal Year is a particularly promising combination, John, in spite of the fact that their characteristics are opposites.

The 7 Essence lends a rational, sharp state of mind that can help you look below the surface and beyond the obvious. This will be a period where you take things that truly matter seriously. It will inspire you to seek insight and clarity.

Paired with the creative, playful, outgoing influence of your 3 Year, this combination can deliver both lucrative ideas and intellectual and spiritual breakthroughs. Personal relationships and romance also thrive with this team. Your depth will add an extra dimension to your charismatic and inspiring persona.

Conflict is also possible between the (sometimes) superficial and careless nature of the 3 and the serious, distant temperament of the 7. This pairing has a tendency to hide true feelings behind cynicism or sarcasm. With this in mind, do your best to honor and share your feelings and emotions. And, don't be afraid to admit that you are confused or wrong at times.

Take as much "me" time as you possibly can this year, and make sure to cover the range from exciting, fun, social activities, to solitary moments of watching the sunset from a quiet perch, or sitting in nature far from the bustle of the city. This is a time to recharge. If you take time for reflection, it can be a period where your deepest thoughts and spiritual experiences happen more easily and frequently than during any other duality cycle.

Your Dualities before your birthday in 2019 are 16/7 and 4

John, after reading your Essence and Personal Year chapters, you might have sensed there could be issues between the withdrawn, contemplative, and mental 7, and the practical, methodical 4. They do produce challenges, but if you give each of them attention, they actually work well together.

Your Personal Year affects the world around you, the events you will encounter, and your circumstances. A 4 in this position tells us this is a year for building and productivity. It asks you to stay focused, make effort, and invest in your future.

At the same time, your 7 Essence - the internal influence that affects your state of mind - will slide into an introspective mode. It inspires you to search for value, reason, and a deeper understanding of yourself.

The numbers are clearly dissimilar. The reason their conflicting influences cooperate well, is because the majority of your daily activities (driven by the efficient, disciplined 4) can be accomplished without much interference from your soul-searching 7. They are like trains on separate tracks moving in the same direction: they move forward without getting in each other's way.

Relationships can be affected positively or negatively, especially those relating to family members and close friends. It is unlikely you will go through a 7 Essence without changing, at least to some extent, and as you change others may see you in a different light. With your attention directed toward intellectual and/or spiritual interests, some people might find it more difficult to connect with you emotionally. The solitary, contemplative 7 can make you seem distant. Romance is not particularly favored for the same reason.

“Getting things done” will probably come easily this year and it is an important aspect of this cycle, but it is equally important to focus on personal growth. Take time to analyze and contemplate your circumstances and your priorities. Face yourself, question yourself - doing so can give rise to a remarkably insightful and enriching year.

Personal Months

The influence of a Personal Month gradually changes from one month to the next over approximately five days at the end and the beginning of each month.

Your Personal Month for March 2018 is 6

March brings family affairs and issues involving relationships to center stage. You may be asked to sacrifice some of your time and energy to help others. A parent or child may need more care and attention than usual. Answer the call and you will be rewarded with a wonderful experience of love and closeness.

Many people in the 3 Personal Rhythm Cycle will make a deep commitment

of love, or even get married this month. At the same time, separation and divorce are also possible since the theme of this month is to be committed to your true feelings. Confrontations are unavoidable in all troubled relationships. While these trends may be difficult and painful, the forces are working at clarifying your relationships. Your work situation will be rather demanding as more responsibility is transferred to you. However, the reward is right around the corner. (May and June will bring the pay-off.)

This month may be good financially, due to an earlier investment or from payments arriving from previously done work.

Your Personal Month for April 2018 is 7

John, April represents a pause for self-evaluation. It is a time of light and shadow, a month of contrasting moods. You may alternate between light-hearted optimism and periods of doubt and even depression. The time requires you to look within. Meditate and contemplate your life. Such self-reflection will awaken deep feelings of gratitude for all the blessings bestowed upon you, including the greatest gift of all: your life itself.

During the first half of the month, you may feel the inner you begin to stir. Your dreams may be intense, graphic, and highly revealing. They are a source of insight if you care to listen. There is a sub-conscious attempt to communicate, not with others but with your deeper self.

Let career, finances, and romance all take a back seat during this important spiritual time. You will be quite safe.

If possible, take some time off. At the very least, walk in the woods, sit at a lake, or otherwise bring yourself in close contact with nature. Keep a journal and write down your dreams, insights, and revelations. They will offer insight into your life's direction.

Your Personal Month for May 2018 is 8

May brings financial rewards, as well as respect and recognition. This, of course, is proportional to the effort you have put out during the past year. May is a month to focus on career, to be a visionary, and not to hold back when it comes to showing the world how capable you are. For those who are in business, this is a good time to finalize deals and sign contracts. Investments are generally favorable, as are requests for loans, mortgages, or other methods of financial support. In all worldly matters, this is a time to reach out, to go for your goals. Do not be afraid to take a risk.

As far as matters of the heart are concerned, this is a time to take yourself and your feelings with a grain of salt. You are in a generous mode and feel blessed with so many good friends, but when it comes to commitment, you may want to wait a couple of months, when you are more realistic in these matters.

If you are not involved in a relationship, a coincidental meeting with a person from the past sparks a romance.

Your Personal Month for June 2018 is 9

John, June brings a bit of moodiness and instability. You have completed many tasks and enjoyed many rewards during the first half of the year, and now you may be feeling a bit empty -- not unlike the fatigue one has the day after a party. It may be a minor case of burn-out, but for reasons you cannot put your finger on. It is a time to let go of many old things and prepare for the new.

You have had some good ideas during the first part of the year. You have been motivated and experienced much excitement, but not all of your ideas proved realistic. Now reality forces you to take a second look at your projects and goals in a new light. It's a weeding out period. The positive side of the coin is that, by the end of this month, you'll have a clearer perspective on your direction and projects. You'll know where to place your energy during the second half of the year. While you may find yourself going through some ups and downs during this month, you also feel the first trembling of new

excitement.

This month also brings a concluding chapter to one or more relationships, which may cause additional emotional turmoil. However, you are going through a time of natural selection; what is worth holding on to will stay. The rest will go.

Your Personal Month for July 2018 is 1

July is a time of dynamism, courage, and eagerness to begin the new. Last month's blues are gone and you feel you are on top of the world. You are more original and creative than at any time of this already creative year. There is a distinct possibility that you will be able to break out of unrewarding patterns. You may even consider a career change, or start your businesses. It is not a time to be squeamish in any area of your life -- be it money, career or romance. You may experience an urge to write, paint, or express yourself in some other creative way. By all means, take on the challenge.

If you are not already involved you may meet someone, but the relationship, while intense and passionate, may not be a lasting one.

July is a month that will also bring opportunities to mingle with new acquaintances at social events. You will be outgoing and witty. These are great opportunities to make lasting contacts that will help your career and other endeavors.

Your Personal Month for August 2018 is 2

August requires a sensitive and cooperative attitude at work and in all other areas. You are upbeat and optimistic during the early part of this month, but an anticipated reward or recognition may go to someone else, much to your dismay. Your challenge is to set the record straight by using your diplomatic skills. Do not allow anger to alienate you from those involved. Otherwise, relationships go favorably this month. You are in a position to smooth out some long-standing disagreements between people close to you. Often, these disagreements do not involve you directly. You have the opportunity to

serve as a peacemaker.

Romance is favorable, your feelings run deep and your ability to communicate them is enhanced. A good month to spend extra time with your lover.

Your Personal Month for September 2018 is 3

John, your creativity is at an all-time high. You find solutions and discover new ways to improve old methods. You are communicative and express yourself well. You have a strong urge to write to old friends you haven't seen in some time. This need to re-establish relationships with people may even surprise you. At work, you discover that it is easy to reach others and influence the way they feel about themselves and their work. You uplift them and are rewarded with gratitude and support.

This is a time to be social, easy-going, and optimistic.

Your Personal Month for October 2018 is 4

John, October requires you to be practical and disciplined in all matters. It brings opportunity as well as limitations. Career is a high priority, and you will find yourself putting in overtime. Details will need to be taken care of. There is very little room for slacking, and everyone may be making demands of you. You may feel frustrated and need to blow off steam. On the other hand, there is also much opportunity implicit in these demands, and you will be pleasantly surprised with the rewards that come your way late in the month. You'll have to respond quickly. You may feel that you are not ready to take on the new challenge that comes with this opportunity, but if you overcome this temporary lack of confidence you will be well rewarded.

This month is demanding in domestic affairs, as well. There is an ongoing need to watch finances carefully, make decisions concerning your budget, and plan for the future. If you have not been keeping a close eye on your checkbook, This month will force you to balance your account and make up for haphazard expenditures of the past.

There's not a whole lot of time for romance this month, but when you can find the time, your partner's love brings perspective and rejuvenation.

Your Personal Month for November 2018 is 5

November brings change, excitement, and possibly a financial boost. It brings movement -- travel, a change of residence or office, perhaps.

You will receive a letter or phone call from someone close to you whom you haven't heard from in some time.

This month should be light and playful. Try not to take things too seriously. The down-side of this combination (5 and 3) is in the area of relationships. You may have a tendency to misread others, to be a little insensitive and short on tact. Avoid confrontations in personal matters as well as those related to work. As long as you are upbeat and supportive, friendship and social events are favorable.

As was the case with February of this year, November may also find you in the mood to indulge yourself. Moderation may be hard to maintain, but it's still the best advice.

Your Personal Month for December 2018 is 6

This monthly cycle stabilizes your work environment, but requires that you work on your relationships and family affairs. You will be in the unique position to counsel and support someone in your circle of friends and family with immediate and positive result. It will be one of the most rewarding experiences of this year for you.

A promotion or a raise are possible, as is an increase in your workload. This month is good for business and financial affairs, particularly for long-term planning and investment. If you are involved in legal affairs, the time is right to surge ahead.

Romance is also favorable. Commitments bring stability. For those who have become involved in a relationship during this year, this is a good month to exchange vows.

Your Personal Month for January 2019 is 5

You experience some self-doubt related to your work situation. You may question your direction. This frustration will be in the background for most of the year, but this month particularly feels a little bit out of control. However, hidden forces are guiding you carefully, and your best approach is to persevere. Later this month, or early next month, an opportunity will come your way that represents a step forward in your career.

This month also brings some unexpected changes in other areas of your life; possibly an unexpected trip. Be cautious in all financial affairs.

John, your family members demand a lot of attention, and much practical guidance is required from you. They look to you for direction.

Social events are favorable, particularly when they are work-related. You will make a very positive impression on someone who can help you move forward.

If married or involved, maintain harmony and avoid rocking the boat.

Your Personal Month for February 2019 is 6

John, February brings an increase in responsibility and workload. You receive recognition for your efforts and abilities, and probably a financial increase, as well. Perhaps even more important is the role friends and family play during the period. Loyalty and a willingness to sacrifice time and energy to your loved ones are needed. In return, you receive comfort and satisfaction. It is a time of love, warmth, and a strengthening of the bonds that form the foundation of your life. It is also a good time to start domestic projects, such as minor remodeling and home repair.

If you are not married and are not involved in a relationship, you may meet someone who catches your interest. In this case, the relationship will develop slowly but will endure. John, your focus should be on being dependable and active. There is no room for procrastination.

Your health improves during this time.
