The Power and Limitations of Numerology

Numerology is an art thousands of years in the making. Like any Metaphysical science, it hinges on the understanding that all things are interconnected. Your numerology profile analyzes the connection between the letters and numbers linked to you, revealing your talents, strengths, weaknesses, emotions, preferences, and a range of other qualities.

To use an analogy, think of numerology's nine single-digit numbers as nine tubes of paint, each a distinctly different color. Imagine you are a work of art painted by a master artist who used every color available to create your image. The depiction is unique and complex: a fusion of bright and subdued colors, shapes and shadows, light and reflection, subtle and bold textures. The deeper you look, the more you perceive and appreciate the many layers that makeup who you are.

A comprehensive numerology profile, along with your honest reflection, can be a powerful self-help tool in identifying underlying traits and new possibilities. The better you know yourself, the more control you have over life's changes and the greater your potential for a successful, fulfilled life.

Numerology is not infallible, nor does it promise to answer every question, but I feel confident you will find many things to contemplate in the following pages. You are unique, and so is your Profile. We hope you enjoy your reading.

Your Personal Numerology Profile

Conventional numerology readings focus on two aspects of your chart: You and Your Future. Our Profile takes a different approach by adding a third angle, Your Path. Just as your DNA determines your physical body, a blueprint of your personality is an inborn part of you from the very beginning. Your Profile begins with insight gleaned from your name because that is where we learn WHO you are. It describes the talents, strengths, and other distinct characteristics you were born with. Just as your physical body grows and changes with time, so does your personality. Your personal evolution begins at the moment of your birth. From that point on, the choices you make, the goals you set, your environment, opportunities, challenges, the influence of others, and a thousand other factors alter who you become.

Your Personality Profile begins with an overview of the combined influence of the core numbers derived from your name: your Expression, Heart's Desire, and Personality. This has never been done before and is perhaps the most dramatic improvement in Decoz' latest work.

We hope you will take time to read and reflect on the information below. Many aspects become clearer with time and during subsequent readings. We wish you the best on your journey.

THE GRAPHICS

Below is the name section taken from your Decoz Color Chart. To learn more about the layout of the chart open the DC program in your app and click *Learn More* at the bottom of the chart. We include these graphics for those interested in learning numerology.

How Your Name Numbers Stack Up

John, we begin by taking a quick snapshot, a look at the influence and meaning of the three core numbers derived from your name. Your Expression number is the sum of the value of all the letters in your full name at birth. Your Heart's Desire is the sum of the vowels. Your Personality number is the sum of the consonants. These three numbers are closely linked and influence one another.

All the numbers derived from your name reflect YOU. They are a blueprint of your talents, shortcomings, character traits, and other qualities. You should realize that this is a limited perspective. Later chapters focus on the challenges and opportunities you will encounter on your path, and attributes you may acquire as time passes.

This first chapter is like a glance from a distance, followed by three chapters that explain the meaning of each number in more detail. We will gradually build a more complete picture of the complex and unique individual you are.

Your Core Numbers

John, the most driven, ambitious numbers are the 1 and 8. Your chart includes an 8 Expression and a 1 Heart's Desire. The main difference between the two is that the 8 is results and business oriented and the 1 is pure drive, competition, leadership, personal power, individualism, and independence.

Your core numbers describe much about who you are. They indicate your personality, traits, talents, weaknesses and preferences. Where these numbers are located in your chart adds another important dimension. It determines how they affect specific areas of your life, and tells us how they influence each other.

Your 8 is authoritative and can take charge, but those talents are found almost exclusively in the career and business environment, not in personal areas. The 1 is driven, but not always business savvy. It is mainly concerned with being on top; therefore, the 1 is more stubborn and egocentric than the 8.

Your Expression number, more than any other core number, reveals your vocational strengths, talents, and shortcomings. An 8 in this position tells us you are goal oriented and visionary. You possess authority and have strong leadership qualities. The 8 suggests you are capable of running a large corporation. A drawback of the

8 Expression is the potential to ignore other important aspects of your life. Many 8's reach a high level of success through their devotion to work, but at the cost of a happy personal life.

Your 1 Heart's Desire describes your likes and dislikes, and reveals what makes you truly happy. A 1 in this position indicates you prefer to be in charge, and aspire to run your own business. You are probably happiest doing something unconventional, and are innovative and original enough to make that happen. You are likely competitive and, at times, aggressive. On the negative side, the bold, powerful 1/8 combination suggests you need to be on guard for issues with anger. This combination has the potential to act like the proverbial bull in a china shop.

Your third core number is your 7 Personality. It is the part of you others notice when you first meet. Your Personality reflects the outer, rather than the inner you expressed by your Heart's Desire. The traits of the 7 are polar opposites of your 1 and 8 influences. It is difficult to say which side of you will become the dominant force. The serious, introverted, intelligent, introspective 7 prefers to be alone. It is a dreamer and an idealist, hungry for knowledge and always in search of understanding and clarity. You have the aura of someone who looks beyond the obvious. You are intellectual, philosophical, and possess depth. However, the negative side of the 7 can be cynical, sarcastic, aloof, and arrogant. These traits can hinder your more practical 1 and 8.

Your personal life could be quite turbulent, especially where it concerns romance and relationships. You are a romantic, but your 1/8 combination intimates you can be somewhat overbearing and insensitive (even when you have the best intentions). You have a need to do things your way. Consider choosing a partner who is at least as strong and willful as you are - someone who can stand up to you and apply the brakes when necessary.

You have the ability to be a devoted and protective parent. However, you may need to guard against being overly controlling here as well; the 1/8 combination can produce demanding parents. An authoritative demeanor is effective in the work place, but not for intimate relationships. A conscious

effort to be sensitive and gentle is good advice for every parent.

Your Expression Number

Your Expression number, calculated from your full name at birth, reveals the orientation or goal of your life. Some numerologists refer to this as your Destiny number because it represents a lifelong target at which you are aiming. Thus, the Expression number, to some extent, reveals the person you aim to be.

Your Expression is the most influential of the three characteristics that make up who you are. It is also the number with the most influence on your choice of career, although other aspects are important as well.

Your Expression is 8

John, you have the power and potential to achieve great things. It is both your challenge and your birthright to gain dominion over a small part of the earth. Whatever your enterprise, you strive to be the best and most successful in your field. You are highly competitive and will not rest until you are satisfied that you have bypassed the opposition. You enjoy challenges and rivalry. You are a realist and a visionary planner. Money and authority are available to you if you are willing to discipline yourself -- generally an inborn talent -- and persevere in the face of the considerable obstacles in your path. You are dynamic and have a talent for efficiency. You understand the larger picture, see the broader challenges, and know how to marshal your collective resources to address the problems. You delegate responsibility well; it is best for you to leave many of the details to others.

You are a great leader of people and an outstanding judge of character. You are demanding of those who work for you, often putting things in no

uncertain terms: do it my way or don't do it at all! At the same time, you don't hesitate to reward the faithful and hardworking employee. You are not a particularly tolerant leader; too much tolerance violates your sense of efficiency. You go directly after your goal with courage and tenacity.

You have a natural understanding of money, authority, and power. You are able to struggle consistently after your goal. Eventually power falls to you. Within you lies an innate balance between the higher and lower characteristics of man. Your challenge in life is to balance your higher ideals and your understanding of the hard realities of the earth.

Much effort will have to be put out and many ups and downs experienced before you reach the level of success you desire. Life will probably test you many times with obstacles that seem insurmountable. But in reality, these are merely opportunities for you to learn how to use power and authority in the face of difficulties, and to find out just how much power lies within you. It is crucial for your success that you balance the material and the spiritual. You have chosen a path that requires balance between giving and taking, reward and punishment, action and reaction. Despite the obstacles on your path, you are a true survivor.

When focused exclusively on your desire for results and success, you can become stubborn and intolerant; you can be driven by excessive ambition, causing you to be exacting and without perspective. Be careful of your alcohol consumption, a danger-zone for you. John, you can be a social drinker, mixing business with pleasure -- a dangerous cocktail.

An excellent manager, organizer and administrator you have talents in many areas of life. Entrepreneurs, executives, bankers, brokers, negotiators, gamblers, coaches, collectors, heads of institutions, builders, art dealers, manufacturers, promoters, military officers, police detectives, smugglers, engineers, pilots or sea captains.

You have been entrusted with special gifts, the use or abuse of which has an immediate and often physical effect upon you and those around you! Use

these gifts for the good of mankind and accept your own good fortune with gratitude. This is your rewarding stage in your evolution.

Your Heart's Desire Number

The Expression number described above points to a more productive side of your life. Your Heart's Desire reflects a deeper, inner you; it suggests an underlying urge, your true motivation, and the general intention behind many of your actions. It reveals the environment and lifestyle you prefer, as well as your likes, dislikes, and the type of people you are drawn to. Consequently, it dramatically influences the choices you make in life.

It makes sense that the vowels of your name are the foundation for your Heart's Desire. Vowels are the peaks and valleys of a language. Notice how vowels leave your mouth in a free-flowing breath. Try it: Aaaa.... Eeee.... Oooo.. Consonants though, are cut off either at the beginning or in the end. You might say that it is in the flow of your breath that you express your deeper self.

Your Heart's Desire is 10/1

Your overpowering need is to be independent and to direct your own life according to what you believe. Your dream is to become the leader of whatever field you enter. Whether it is in business, community, or in your general area of expertise, you are driven to be the reigning figure. You have the courage and the confidence to lead others. You believe firmly that your judgment is preeminent over all others. This gives you the confidence to make bold decisions and carry them out, even when other lives are greatly affected by what you do. You rarely look back once you have made a decision.

You possess intelligence and wit. You are keenly insightful and are good at evaluating the abilities of others. You are supremely individualistic. In your manner and dress, you like to project your own unique persona. Consequently, you don't mind being controversial, and can even enjoy the attention and impact you have made on your surroundings.

You dislike routines, or anything that limits your freedom and independence. Whenever you commit to something you truly love, you are absolutely tenacious in your ability to endure difficulties and overcome obstacles. You are highly responsible; you hate passing the buck. You possess remarkable willpower and a strong drive to succeed. You are always looking for innovative ways of doing things.

Because you seek to be the boss in any endeavor, you have a tendency to dominate others. If you are not careful, especially in dealing with your subordinates and family, you may become ruthless in your decisions and behavior. You can also fall victim to impatience and intolerance, particularly if you grow conceited or superior.

You are the pioneer and the ground-breaker. You love the foreground, the hot-seat of responsibility. You have all the talents to succeed. As long as you maintain balance in your life, allowing others full expression of their thoughts and abilities, you will easily rise to the top of your chosen field and realize your ambitions.

Your Personality Number

The consonants of your full name at birth are the foundation of your Personality number, which is a little like a narrow entrance hall to the great room that is your true nature.

It's the outer layer of your personality, the part you feel more or less

comfortable sharing. With time and trust, you invite others into the deeper aspects of your nature.

Your Personality number serves as a censoring device in terms of what you send out, as well as whom and what you allow to approach. For this reason, your Personality is usually much more narrow and protective in its definition than the real you. It also gives an indication of how others perceive you.

Your Personality number is 16/7

You seem mysterious and different. People see you as serious and studious. You are highly independent and self-sufficient. Your exceptional intelligence and wisdom are quickly noticed, people respect you. You are not one to attract people on the basis of your warmth or compassion -- though you may be loaded with both -- but because of your obvious insight into life's mysteries. You are hard to get to know. You are often withdrawn. It is common for people to see your focus turn inside of yourself in the middle of a conversation. You have the makings of an intellectual and an aristocrat but you have to guard against arrogance and an attitude of, "I've got it all figured out".

There have been periods in your life when you had little concern for your clothing or fashion, while at other times you are very aware of your clothing and use it to make a specific impression. You appear dignified no matter how you dress, but a well-groomed seven with a touch of dash definitely has an advantage. Your confidence increases when you know you are well dressed.

Your love of knowledge and wisdom shows. You are recognized as spiritual and religious, with your very own ideas regarding the purpose of life and the Creator. You are an inspired speaker, but only when discussing subjects that really interest you. Otherwise, you are not one for chatter.

Your Heart's Desire and Personality Bridge Number

A Bridge number is based on the numerical difference between two closely related aspects in your chart. It is the gap you need to "bridge" in order to create a more harmonious bond between the two areas.

The following Bridge number connects your Heart's Desire and Personality numbers. It suggests things you can do to help your deeper Self and become more closely aligned with your personality; the "outer" you that is apparent to others.

With a little exaggeration, you could say that your Personality number is somewhat like your mask; it's a more superficial aspect you reveal to the world. You can imagine how much more comfortable and less inhibited the experience of life becomes when you can align your authentic self with the personality you show to the world.

Your Heart's Desire/Personality Bridge is 6

This bridge can only be built through service, more involvement with family and community affairs, and a greater sense of responsibility. You should allow your creativity to flow more freely.

This bridge number often creates eccentrics - people who are highly inventive and unconventional.

The Path You Are On

If there was ever a moment of transformation, it was the moment of your birth. In that instant, you stepped into a new reality - the reality of human life and human consciousness. Even at that moment you were a person with your own unique character, as unique as your DNA.

The previous chapters focused on YOU, the person you are, as revealed in the letters of your name. It is now time to look at your Path, the road you walk through life, using the numbers found in your date of birth.

Your first breath marked the beginning of your journey on the road we call your Life Path. It makes sense, then, that the most important number in your numerology chart comes from the date of your birth.

Your Life Path number gives a broad outline of the opportunities, challenges, and lessons you encounter throughout your life. It also reveals the strengths, specific talents, and characteristics you were given to help you overcome challenges and evolve into the best you can be.

Your Life Path Number

Your Life Path number is considered the single most significant information available in your Personality Chart. It is derived from the total of all numbers found in your date of birth. However, it is important to keep in mind that the aspects described in the next few chapters will either complement, supplement, or sometimes weaken the attributes revealed in numbers derived from your name.

Your Life Path is 19/1

You are a born leader. You insist on your right to make up your own mind; you demand freedom of thought and action. You have drive and determination. You don't let anything or anyone stand in your way once you are committed to your goal. You assume the responsibility to be the protector and provider for those you love. You demand respect and attention and become irritated and even domineering when important things do not go your way. You need to feel in command of important undertakings, and resist supportive roles. You seek the forefront and the limelight. You are very concerned with your status and foster the appearance of success and self-satisfaction. The need to

appear well off propels you to strive for growth, success and the finer things of life.

You are exceptionally creative and original and possess a touch of the unusual. Your approach to problems is unique and you have the courage to wander from the beaten path. You can be impatient with your shortcomings and those of others.

You should watch out for selfishness, conceit and the over-concern with appearance. You must guard against overzealous behavior, anger and aggressiveness. If these qualities are not brought under control you could become excessively domineering, vindictive and even violent. You perform best when you are left to your own devices. Ideally you should own your own business and be your own boss. Hold fast to your life's dream and work with the determination you possess to realize it. You can become overly stressed by your driven nature. Be careful about the food you eat and maintain an exercise program you enjoy. Competition sports are often a healthy outlet for a person with your drive, particularly sports involving running and swimming. Don't let pride and overconfidence be your masters. Remember, your talents and abilities are a gift from a higher source, which should promote gratitude and humility, rather than pride and conceit.

More often than not a person with a 1 Life Path will achieve much in life as long as the drive, creativity, originality and pioneering spirit are fully employed!

Your Life Path number is 1, based on 19 ($1 + 9 = 10$, $1 + 0 = 1$), which is a Karmic Debt number. (The 13, 14, 16, and 19 are Karmic Debt numbers.) Although identical in many ways to the Life Path numbers 1 and 10, the person with the 19 Karmic Debt will learn independence and the proper use of power through trial and error. You will be forced to stand up for yourself, and often be left to stand alone. Difficulties will be faced and overcome through personal struggle. One of the central lessons for people with the 19 Karmic Debt is that you stubbornly resist help. Much of your independence is self-imposed; you simply don't want to listen to others, or accept the help or

advice of others. Your 19 Karmic Debt can become a self-imposed prison if you do not open up to the reality of interdependence, and the mutual need for love.

The most important lesson for the 19 Karmic Debt is: While you seek to stand on your own feet, you are still a human being, deeply connected with others and in need of the support, assistance, and human understanding that all people need. Those with the 19 Karmic Debt will learn the hard way that "no man is an island," and that we are, indeed, "all bits of the main!"

Your Birth Day Number

The day you were born is found inside the diamond-shape in your personal chart, and bears great significance in understanding who you are and where your talents lie. Your day of birth indicates special talents you possess. It gives us an indication of the approach you will take toward the goals, opportunities and obstacles you encounter on your Life's Path.

Your Birth Day number is 6

You are family-oriented and have a talent for settling disputes between people to the satisfaction of both sides. You somehow know the middle ground. Your lesson in life is to work with the whole subject of balance. You must come to truly understand the ancient and fundamental principle of opposites that seek harmony. Whether the realm is the emotions, caring for others, finances, work, or play, you must learn where you can be of service, exactly what you can do, and what are your limits.

You have a considerable amount of artistic talent. You have a deep

appreciation of beauty and art.

You are highly responsible and will do without in order to fulfill a debt.

Your focus is on relationships. You want to help others, and have a talent as a healer and could make a profession of the healing arts, either as a nutritionist, alternative health therapist (acupuncture, massage, for example) or doctor.

You need to know you are appreciated. You are given to flattery and vulnerable to praise. Criticism, on the other hand, leaves a very damaging impression on you. You take it deeply to heart.

You will sacrifice your own comfort to support and help others. You are generous, kind, and understanding.

You can be highly emotional and given to extremes in sympathy and sentimentality. You must learn to provide more than merely a shoulder to cry on. Study and the development of your healing skills bring you great rewards in life.

Your Life Path and Birth Day Bridge Number

Your Life Path and Birthday numbers are closely connected and influence each other. This Bridge explains how you can make the connection between them more harmonious.

Your Life Path/ Birthday Bridge is 4

Your 4 Bridge tells us that your Life Path and Birth Day numbers will be brought into more harmonious affiliation if you take a disciplined, coordinated approach to your endeavors. In your case, the need to be in accord with the natural timeline of events is particularly important. Procrastination affects everyone, but you will feel the consequences of inaction more strongly. Handling issues in a timely manner prevents chaos and increases the influence you will have on your own circumstances.

Another aspect of a 4 Bridge is the need to keep a close eye on the small, seemingly trivial, details. Everything about your 4 Bridge points to the benefits of running a tight ship.

Your Challenges

You face four specific Challenges in your lifetime. For many of us, the same challenge is repeated, while others have four distinctly different lessons to learn.

These Challenges place you in situations that require you to face the particular lesson at hand. This provides an opportunity for you to learn or better integrate personal traits that will benefit you during the lesson, and throughout your life.

The four Challenges in your chart will influence you during the periods of your life listed below. They are found within the lower half of the star-shape in your numerology chart. The First Challenge is shown on the left, the Second Challenge on the right, the Main or Third Challenge is placed in the middle, and the Fourth Challenge is located below that.

Your First Challenge

The duration of your First Challenge usually lasts from birth until age 30 to 35.

Your First Challenge number is 2

You are overly sensitive and too aware of other peoples' expectations. You suppress yourself to avoid feeling conspicuous. You can be overwhelmed by self-consciousness. You fear gossip about you. As a result, you become inhibited. All of this results in a suppression of your own individuality and uniqueness. You yearn to blend into the crowd.

You let your own feelings and emotions play too big a role. Your hypersensitivity causes fear, timidity and lack of self-confidence. And you experience unnecessary fear and emotional turmoil. Little things seem disproportionately difficult to overcome and sometimes have a paralyzing effect. Jealousy can cause much pain and misunderstanding. These negative aspects of the challenge actually spring in part from positive characteristics you possess, especially your acute awareness and intuition. You are an antenna for other people's feelings; you know before a word is spoken how they feel.

You lack the inner strength to maintain your own center, and try to conform to the prevailing emotional atmosphere.

This challenge makes you understanding and compassionate; you have an enormous empathy for the inner turmoil of others and can do much good for people with emotional problems.

Your Second Challenge

Your Second Challenge is in place from approximately age 30 through 55.

Your Second Challenge number is 3

You are your own worst critic. You suppress your individuality and creativity. Each time you want to make an impression, you doubt yourself beforehand, and criticize yourself ruthlessly afterward. Your criticism of yourself is far more

severe than anyone else's. As a result, you tend to play it safe by staying on the surface, indulging in superficialities. You rarely express what goes on deep inside of you; instead, you cover up your feelings with humor or perfunctory remarks.

You often feel alone and lonely. Your fear of social interaction causes you to strain conversation by making too many jokes and forced joviality. It may help you to find a creative outlet for your imagination, possibly through writing, painting, singing or dance.

At the bottom of the challenge is an effort to bring out your true self. You will learn to truly value your own creative talents above anyone else's judgments. This must be viewed as a process of individuation, in which you become a whole human being, independent and free of the need to conform to others.

Your Third or Main Challenge

This Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge.

As you master this challenge and incorporate its positive aspects into your character, your life gradually feels more in control.

There is a chance for great reward implicit in this challenge. In short, it may offer the secret to your success.

Your Third Challenge number is 1

You must learn to be independent. You will be forced to stand up for yourself and your rights. You will be faced with situations in which you will have to choose between standing up for what you think is right versus giving in to another person's demands. You will have to struggle to strengthen and know your own will power. You will have to learn to be firm and trust your judgment. Don't run with the crowd, be an individual.

This whole lesson represents the frontiers of your consciousness. Therefore, you will have to experience much trial and error, sometimes exploding with bursts of aggression, other times being intimidated and letting frustration and anger build within you until you are ready to act on your deepest instincts. You will learn your own set of values; you will develop into an individual with original and innovative ideas.

Your Fourth Challenge

Your Fourth Challenge is most strongly felt during the latter part of your life, beginning at approximately age of 60.

Your Fourth Challenge number is 5

You are in danger of becoming a rolling stone. Your desire to experience and enjoy life can overwhelm every other priority you have. Your need for freedom dominates you. You want to try everything and go everywhere.

You must guard against overindulgence -- and even dependence upon -- alcohol, food, drugs, and sex.

You must work at establishing and maintaining long-lasting relationships. Be tolerant and understanding. This will enable you to have people in your life who are more than mere company.

You need to discipline your urge to change every situation that does not immediately suit you. Stick with projects, maintain your friendships, don't abandon people or situations the minute they become the slightest bit difficult.

If few fives are in the chart you have a fear of change and cannot let go of people and situations. This holds you in the past, restricting your growth. Learn to take prudent risks and be more adventurous.

Your Path and You

We have focused on the letters of your name and the numbers from your date of birth. We will now look at numbers in your chart derived from the combination of both your name and the date of your birth.

Acquiring the attributes described in the next few chapters will help smooth your progress. As you learn more about yourself, you may begin to recognize traits you were previously unaware of.

Your Life Path and Expression Bridge Number

This Bridge has the potential to "close the gap" between the Life Path and the Expression numbers. The chapter explains how you can make your talents, strengths, and specific abilities (your Expression number) more readily available and fitting to your main lesson needs, as well as the expected direction of your growth (your Life Path).

The scope and influence of the Expression Bridge is narrower and more defined than the other Bridge numbers. Its effect will be felt primarily in your professional life, including your position as household/family manager, if that is your primary work.

Your Life Path/ Expression Bridge is 2

Your 2 Bridge number brings relationships to the foreground. It points to a need for clarity and confidence, while remaining sensitive and intuitive. Your Life Path and Expression suggest a fear of creating disharmony when you are pursuing your goals and desires. This is usually unwarranted, but there is a point that relates directly to these concerns. A 2 in this position suggests you need to work on becoming a better listener. If you practice the art of listening, your friends and partners will feel acknowledged, and you will become clearer and more confident when expressing yourself.

Your Rational Thought Number

Your Rational Thought number comes from combining the sum of your birthday number with the sum of your first name. It reveals the style or process you use when making choices or considering a problem. Are you a structured, logical thinker or do you ponder a question in a creative, abstract manner? Do you daydream or stick to deductive reasoning?

Your Rational Thought number suggests the general approach you take in your thought process.

Your Rational Thought number is 8

You are the visionary, and you focus on the larger picture. You ignore the details in favor of spectacular solutions. You love to blow someone's mind.

You understand the balance between the rational and the irrational, and you have no problem combining the two. You have a vivid imagination and you are often surprised that others don't immediately grasp a concept that seems clear and logical to you. You have little patience when others allow fear and caution to slow down a project.

Your Maturity Number

Your Maturity number indicates an underlying wish or desire that gradually surfaces at around age 30 to 35. A direction begins to emerge as you gain a better understanding of yourself. With this self-knowledge comes a greater awareness of who you are, and the direction you want to set for your life. Your Maturity numbers are described in detail in your Personality Profiles.

Your Maturity number is 9

John, your concern for the well-being of society will grow more powerful as you come to maturity. You will be drawn to doing much public service. The long-term good of your community and even the world will occupy your thoughts increasingly. Service to humanity is fundamental to your life. You will grow in understanding and wisdom as you mature. Involvement with international affairs or humanitarian service offers you much satisfaction.

As you mature, your appreciation for the arts and beauty in any form will also increase. It is quite possible that you will be actively involved in the arts, if that is not already the case, often as a benefactor.

If you have few 9s in your chart, or none at all, you will gain a sense of your personal place among the human race. You will feel you belong and that you have provided something of lasting value for the future. If you already have several 9s in your chart, especially among the core numbers, you will have to guard against arrogance, aloofness, and alienation.

Your Period Cycles

Like most stories, there are three distinct stages of your life. Your First, Second, and Third Period Cycles come from your month, day, and year of birth respectively. Together they form the foundation of your Life's Path.

The First Cycle, located on the left of the graphic, begins in childhood and lasts through your late 20's. It's a quest for knowledge and identity while you cope with the powerful forces that are present in your environment. These

forces include your parents and the socio-economic conditions of your family, for example.

The Second Cycle is found inside the diamond-shape and covers the middle period of your life, bringing about the slow emergence of your individual and creative talents. This cycle begins in the early and mid-30's while struggling to find your place in the world. The late 30's, 40's, and 50's, bring a greater degree of self-mastery and influence over your environment.

The Third Cycle, on the right of the graphic, starts approximately age 55, and represents a flowering of your inner self as your true nature comes to fruition. It is during this period that you have the greatest degree of power and self-expression.

Your First Period Cycle

Your First Period Cycle runs from birth until your mid 30's.

Your First Period Cycle number is 4

This first period is likely quite demanding and frustrating. The need for discipline and effort is present in all aspects of your life. Trying to live up to the demands sometimes finds you frustrated by bad timing or a lack of opportunities.

This is a time to search for something to sink your teeth into. However, restrictions placed on you by your personal life may not support your need for space and freedom. This can have the effect of either turning you against most forms of discipline - making you rebellious and contrary - or becoming dependent on it, prompting you to choose a career where control from outside forces dominates (such as the military or a very tightly run institution).

Your Second Period Cycle

Your Second Period Cycle runs from your mid 30's until your late 50's.

Your Second Period Cycle number is 6

Your middle years are a time of responsibility and duty. The issues of commitment, marriage, and family come into sharp focus. If you honor your commitments with acceptance and love, this can be a period of harmony and support. You are needed by others; you are loved and appreciated. Reinforced by the loving, family-oriented 6, this is the best cycle for marriage and commitment.

In the same way, partnerships go well and progress is made through joint effort. Conversely, commitments that are broken or not deeply made tend to end in separation or divorce more often during this period than others.

Artistic talents you possess may surface or heighten, and opportunities for self-expression present themselves. A commercial opportunity is supported, possibly your own business. This is a time of progress through flexibility, cooperation, and compromise.

Your Third Period Cycle

Your Third Period Cycle covers the later part of your life, starting in your early 60's.

Your Third Period Cycle number is 9

The latter part of your life finds you increasingly idealistic and concerned with the betterment of humankind. You become more broadminded and reach out to people from all walks of life. You offer your time and resources to causes you believe in. Your interests are increasingly directed toward other

cultures and societies. Your sense of justice and your interest in political and humanitarian issues becomes more finely tuned. Whereas most people "mellow out" with age, you find yourself becoming more passionate.

Your creativity increases during the latter part of your life, with a focus on design and large-scale projects. You may be inspired to study design, engineering, or architecture.

Your Pinnacle Cycles

Although Pinnacle Cycles and Period Cycles are both derived from your date of birth, they differ in the way you experience them. Period Cycles, described above, reflect internal stages of growth. Pinnacle Cycles represent the external influences you encounter in life.

Pinnacles reveal general conditions and events you experience during each period, such as your environment, social conditions, relationships, and changing circumstances. Pinnacles reveal how you might respond to these influences and how they will affect your ever-evolving personality. The First Pinnacle, located in the left of the star-shape in your chart, usually lasts from birth through age 30 to 35. The middle two Pinnacles, to the right and the center respectively, each last nine years. The Fourth Pinnacle, placed in the top section, will stay with you for the remainder of your life.

The transition from one Pinnacle to the next is usually strongly felt. You begin to feel the transition from one Pinnacle to the next approximately two years in advance. The latter part of that two-year period can be particularly strong. You will likely make life-altering decisions, such as marriage, a job or career change, or major changes in your personal makeup. Knowing and understanding your approaching Pinnacle number prepares you for the changes ahead.

Perhaps the most strongly felt change is the transition from First to Second Pinnacle, which usually takes place in your late 20's or early 30's (the exact

date depends on your Life Path number). This is usually a difficult transition but once crossed, provides a clear sense of direction and a firmer sense of identity. The Second Pinnacle is the gateway to maturity.

Your First Pinnacle Cycle

This is usually the most strongly felt Pinnacle Cycle and runs from birth until age 36 minus your Life Path number (single digit). For example, if your Life Path is 12/3, deduct 3 from 36.

Your First Pinnacle cycle number is 1

This is a period requiring much independence, courage, resiliency, and initiative. You must bounce back after many difficult experiences. The challenge of this Pinnacle is to gain will power. There is not a lot of support from others or from family. You must draw from your own strength. You will have to guard against self-pity or surrender. Keep focused on your dreams. This Pinnacle will require an iron will to keep hold of your goals, and also the flexibility to maneuver around difficulties, and bend with the winds of adversity.

This is a period of rapid self-improvement and growth. You will be forced to use every talent and capability you possess. You will need to be resourceful. You must continually put out effort, but with it comes great reward. Without it, there is no accomplishment nor satisfaction, only a negative attitude toward life. Be careful not to become too self-centered, headstrong or self-important.

Be strong but flexible. Be open to the counsel of others, but make up your own mind.

The benefit of this Pinnacle number is a strong sense of your individuality and strength. You will know what you are made of. There are many hidden gifts in this period, perhaps the greatest of which is faith. Your Pinnacle provides you with the characteristics of leadership, boldness, and daring. You will have many unconventional ideas and the skill and courage to make them a reality. Your abilities to manage and organize people and institutions are greatly enhanced. You have vision and confidence in the worth of your dreams. These characteristics provide great opportunity for success and major accomplishments.

Your Second Pinnacle Cycle

Your Second Pinnacle Cycle lasts nine years and tends to have a considerable influence on your productive/professional life.

Your Second Pinnacle cycle number is 6

Under this Pinnacle you will be very involved with family, friends, and your community. You will face an increase in responsibilities and duties, but you have a greatly enhanced sense of balance and perspective that allows you to handle emotional issues well. Your family demands much of your attention. Matters involving spouse and children require much security, love, and sacrifice. You are the centerpiece of your family, the one people come to for solace and understanding. You may feel an increased burden, as you carry the cares of many. You will experience a deep sense of being needed.

This Pinnacle is full of love, closeness, and warmth, but you must rise to the challenges that close relationships bring. You must settle and bring harmony to personal conflicts between others. You are often the only one with perspective in a conflict. It is as if you are the keeper of justice, bringing understanding and compromise to situations that are polarized.

Under the influences of this Pinnacle -- especially at its outset -- people are often married or start families. Children are born, in-laws come into your life. You are the nucleus of a little world. You must maintain your dignity. This is a period that makes it easier to sacrifice, but you can overdo it, becoming a doormat for others to step on simply to maintain a degree of peace. Know your limits and maintain healthy relationships.

This is a fine period for growth in business and financial matters. You attract people with resources who can help to further your personal goals. Moreover, you are balanced in your approach to business affairs. This can bring many rewards.

John, your heightened sense of harmony and your genuine compassion makes you an excellent counselor and healer, especially if you already have native talent in any of these areas.

Personal health matters can also surface, causing you to reflect on diet, exercise, and other health habits. Your desire to help others is also increased. But this can lead you to poke yourself into situations where you do not belong, or delve too deeply into other people's personal affairs. Be careful not to meddle or interfere.

The 6 Pinnacle is a time of progress and growth as a full human being. You are capable of developing yourself in many different directions -- as a loving mate and parent; a sound businessperson; and as a pillar of your community. The time requires the balance you possess, since you can easily stretch yourself in too many directions and ultimately feel burned out by the demands in your milieu.

Your Third Pinnacle Cycle

Your Third Pinnacle Cycle also lasts nine years. Like your Second Pinnacle, its effect is felt primarily in your career or business environment.

Your Third Pinnacle cycle number is 7

This is a period of inner development and soul searching. John, you will deal with the deeply important questions of personal existence and the meaning of life. You will need time to be alone to contemplate your inner world. This is a time of spiritual growth. You will experience a heightened sense of faith. The power of the universe will be the force that carries you along. During this 7 Pinnacle, spiritual growth, increased knowledge, and wisdom are the big rewards. The 7 Pinnacle provides the basis for contentment in older age, because you now begin to understand life more deeply.

You have an enhanced appreciation of poetry and nature. Walks in nature provide great therapeutic value and spiritual nourishment.

This is a time of specialization. You will pursue some course of development with fervor and focus. Your ability to concentrate will be greatly increased. Your desire to study in all forms -- reading, self-reflection, and contemplation -- will reach an all-time high. Your intuition is much more sensitive, making your path a little easier and more direct, since you know intuitively the appropriate next step.

Under this Pinnacle, you will become an expert in one particular field. Your capacity to penetrate the depths of a subject area is enormous. You will look below the surface in virtually everything you encounter. It is very possible that you will find yourself in a teaching role.

You must consciously work on your closer relationships, especially with your spouse and children. You must explain that your desire to turn inward is not an escape or an avoidance of those you love, but a deep need for knowledge. Your challenge is to avoid becoming critical or cynical of others. You can become so withdrawn from society that you look down on others. You may forget that you, too, are part of the imperfect human race. Sarcasm is the lowest form of communication, and a trap you could fall victim to.

Your desire to attain some high degree of perfection is sincere. But that pursuit

can make you miserable if you lose perspective and fail to realize the relativity of human existence. Perfection is a Utopian goal, but an unrealistic ambition. It can cause you to be dissatisfied with yourself and others.

The 7 provides the possibility of true refinement, insight, and a high degree of wisdom. This deep understanding is the basis for self-love and true happiness.

Your Fourth Pinnacle Cycle

Your Fourth Pinnacle Cycle lasts for the rest of your life.

Your Fourth Pinnacle cycle number is 4

This is a Pinnacle of hard work and many rewards. You have the opportunity to build a foundation that will last. Your abilities as an organizer, manager, or simply the rock of any institution are greatly increased. You are dependable and reliable. Your ability to fulfill responsibilities is likewise enhanced. As a result of your industry and perseverance, success is well within your reach. It is a step-by-step process in which you build something by small bricks laid one after another.

You will find yourself caring for others in a very material way. Family and in-laws can be burdensome, since you are seen as the cornerstone of the foundation.

Your life is preoccupied with details and responsibilities that must be taken care of. You have set in motion projects that are your children, demanding your constant attention. While there are many rewards, there are also many frustrations. Your sense of your own limits and the consuming nature of details may at times seem overwhelming. You must remember that things that last require slow growth. You may mistakenly believe that your progress should be faster, or happen with greater ease. The need for efficiency, orderliness, and methodical systems limit your creativity. Your challenge is to be flexible and adaptable. Learn to play more and allow yourself to be more spontaneous.

Children born under this Pinnacle will tend to be serious and affected by the financial limitations of their parents. The child may feel the need to leave home early and start a family of his own. He or she must be encouraged to be more farsighted and flexible. The child should avoid jumping into the harsh realities of life too soon.

Specifics About You

Although the following chapters deal with less dominant aspects of your chart, they are more narrowly defined and specific in the ways they affect you.

Your Balance Number

Your Balance number provides guidance on how to best deal with difficult situations.

People experience a variety of internal responses to life's challenges. Some step back from difficult situations to ponder a course of action while others withdraw to avoid uncomfortable emotions. Some explode with anger but allow the outburst to pass quickly while others let their feelings linger.

Very often, these are conditioned responses that emerge without thought or analysis. With maturity and self-development, we incorporate new and more effective methods of handling situations we encounter.

Your Balance number is 9

You will find your solutions by empathizing with the concerns of others John. You have a gift for understanding a wide variety of people and seeing the broader picture. But too often you retreat to aloofness, a kind of Ivory Tower, in which you regard yourself as an aristocrat, above the masses. John, you will find your solutions by coming down to the practical reality where people live. It is in giving that you will receive.

Your Hidden Passion Number

Your Hidden Passion reveals specific strengths or talents that are available to you, such as a specific field of expertise or (as the name implies) a passion. Metaphorically, this talent or passion may be seen as having a power all its own to help shape your life.

Having a talent demands that you nurture and express it. Your Hidden Passion gives you the desire to develop and express your particular ability. In this way, it shapes your personality and guides your life.

In the graphic below, each square represents the number value of the letters 1 through 9. The top left square tells you how many ones are found in your full name at birth. The one next to it shows how many twos are in your name, and so forth. The number that is found most often in your name is your Hidden Passion. There can be more than one.

3 1	1 2	0 3
0 4	5 5	3 6
1 7	2 8	1 9

Your Hidden Passion is 5

You love to travel, change, and take on new challenges. You are highly adaptable and versatile. You have a talent for languages, and are generally good with words. Writing, promotion, and public relations work suit you perfectly. You are resourceful and original. You have a good sense of humor and a quick tongue. You are sensual and a bit impulsive. You love to satisfy your senses, which can get you into trouble. Overindulgence in food, drink, sex, and drugs are common among people with too many 5s -- six or more. Your desire for freedom is extremely strong and it will take effort and discipline to stick with whatever it is you started. There is a tendency to give up a project or situation prematurely. You may be interested in too many things, which can make it hard for you to apply yourself to one area successfully. Commitment in relationships and your work is fundamental to your happiness. You may have a tendency to wander from person to person, job to job, making depth of relationship or deep expertise difficult.

Your Karmic Lessons

Karmic lessons are recognized by the absence of certain letters in your name and describe areas we are weak in that require recognition and effort to overcome.

The letters in your name point to talents and abilities that you possess — tools that are available to you. Missing letters imply tools that are unavailable, they must be learned and mastered during your lifetime.

You can have more than one Karmic Lesson or, if every number is represented your name, you don't have any.

Although you may feel you have learned to overcome one or more of your

Karmic Lessons, you will continue to be challenged by them throughout your life.

3 1	1 2	0 3
0 4	5 5	3 6
1 7	2 8	1 9

Your Karmic Lesson is 3

You are highly self-critical. Every time you find yourself at the center of attention, you manage to find something in your performance to be entirely inadequate or embarrassing. You have established an impossible standard of perfection as the only measure of your actions. You need to lighten up on yourself. Realize that you have within you a critical faculty that must be contained and controlled. Otherwise, it can prevent you from doing what you truly enjoy in life. You're too serious. Be more optimistic and cheerful, enjoy life as it was meant to be and share this joy with others. Life will put you in situations that require imagination and communication. You will be tested in these areas. You will be forced to face the challenge. Missing threes will often produce artists but their success requires much work and perseverance. The effects of this Karmic Lesson are diminished if you have at least one 3 among your core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

Your Karmic Lesson is 4

You feel confusion about your life's direction. You will have to establish a methodical and disciplined approach. You need to create a foundation for

your life. Otherwise, you will feel lost and tossed about by change. You have trouble finding the work you do best. You tend to be somewhat impractical and disorganized. You look for the answers to life's problems outside yourself, rather than within. New jobs start off as The Answer, but do not have the same glamour for long. You quickly discover that the new work requires the same effort and perseverance, without the excitement you expected, which may cause you to give up too soon. Concentration and application need to be strengthened. The effects of this Karmic Lesson are diminished if you have at least one 4 among your core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

Your Cornerstone

The first letter of your first name gives an additional indication of your character, particularly in the way you approach opportunities and obstacles. This first letter is called your Cornerstone.

Your Cornerstone is J

John, your J is for Justice. You are honest, loyal, reliable and sincere. You want to improve the lives of others. You may try too hard to please everyone. You have a clever mind and are very talented. However, you have to work at motivating yourself to make the most of your talents.

Your Subconscious Self

Your Subconscious Self is based on how many numbers are represented in your name, and indicates your ability to make the most of your talents and

opportunities, especially when you face new, challenging, or even dangerous circumstances.

Your Subconscious Self number is 7

John, you can appear indifferent to your surroundings and somewhat aloof. You are well-balanced and can survive many a stormy time. In time of trial, you withdraw within yourself finding solace and answers, in your creative and analytical mind. You may be a bit of a loner and do not easily share your feelings with others.

Your Planes of Expression

You experience life on four different levels: physical, mental, emotional, and intuitive. Your Planes of Expression indicate how you function on each of these planes.

Your physical plane links you to the material world.

Your mental plane, like the emotional and intuitive, perceives the invisible world; the realm of thought and reason.

Your emotional plane is preoccupied exclusively with feelings.

Your intuitive plane gives you access to the insight and knowledge that comes effortlessly as if placed at the doorstep of your mind.

In each category, the number of letters, and their numerical value, gives an indication of which Planes of Expression are stronger in you and which are weaker. Each of us is dominated by one or two of the first three planes. The physical and mental are the most widely used, although a name dominated by emotional letters is not uncommon.

The intuitive plane is usually the least utilized. A name dominated by intuitive letters is extremely rare but having no intuitive letters in a name does occur. This does not mean a lack of intuition but points toward a tendency to ignore

or distrust intuitive insights.

Your Plane of Expression Physical

The Physical Plane represents the physical letters in your name.

Your Physical Plane of Expression is 10/1

You are active and inspiring; you are daring in business and other areas of life. You have strong likes and dislikes and live according to your opinions. You are charming and witty but get bored easily. You work hard and determined and are very goal-oriented. You thrive on the combination of enthusiasm and challenges, the lack of which makes you dull and disinterested. You are like a flare, burning brightly for a specific duration, but must move on to other projects in order to sustain your excitement.

Your Plane of Expression Mental

The Mental Plane is based on the mental letters in your name.

Your Mental Plane of Expression is 40/4

John, you are a fine planner with a good eye for details. You are very conscientious and practical. However, you can get lost in the details of a project and lose sight of the larger picture. You must learn tact and give others -- especially family members -- room to live according to their own standards. You can be somewhat domineering, especially when you are concerned about their general well-being.

Your Plane of Expression Emotional

It is not uncommon for a person to have a name dominated by emotional letters.

Your Emotional Plane of Expression is 30/3

You are very romantic. You are highly creative and imaginative. You fantasize about your perfect "other": a White Knight on a horse, or a beautiful princess. Your response to painful emotional situations -- especially in childhood -- was to create a fantasy world to which you escaped. You may still be doing that as an adult, perhaps to your detriment. Reality lacks the romance and excitement of your fantasies.

You can be disorderly and disorganized, however. You can be rather moody. You likely have much artistic talent, especially in writing, acting, or singing.

Your Plane of Expression Intuitive

A name dominated by Intuitive letters is extremely rare. It is, however, not at all uncommon not to have any intuitive letters.

Your Intuitive Plane of Expression is 0

You do not have any intuitive letters in your name. This doesn't mean you are not intuitive. However, it does mean you have difficulty accepting, or even recognizing, your intuition as a reliable source of insight. You would probably benefit from reading and learning about intuition, and how to apply it to your daily life.

Your Minor Expression Number

Your current name forms the basis of your Minor Expression number. It is usually the first and last name you commonly use to introduce yourself (not necessarily the name you received at birth).

The influence of your short name is minor in comparison to your full name. Interestingly, the short name often compensates in some way for letters or numbers missing in the full name.

The name you currently use, also affects how you feel about yourself.

If a name change takes place later in life for marital or for professional reasons, it adds or subtracts certain qualities. It can also focus and intensify existing characteristics or latent talents.

Your Minor Expression is 7

Your short name stimulates your desire for knowledge. It helps you to specialize and to deepen your understanding of a particular subject. It helps you to focus.

Your Minor Expression number encourages you to accumulate knowledge regarding the mysteries of life. It makes you a more analytical thinker. You are better able to look below the surface of things. You don't take things at face value. You may desire more time for private contemplation and meditation. This is a pull to spend more time alone.

Your Minor Heart's Desire Number

The vowels of the name you currently use to introduce yourself are the basis of your Minor Heart's Desire number. It reveals your dominant desires as well as the limits you place upon yourself.

Your Minor Heart's Desire is 9

The shortened version of your name broadens your outlook on life. It makes you more compassionate, socially oriented, and concerned for the welfare of humanity.

John, your Minor Heart's Desire increases your idealism, and capacity for self-sacrifice toward a higher goal.

You want to make a difference in life.

You may be more likely to hold yourself aloof and thereby making it harder to find the personal love you need.

Your appreciation for the arts is increased, and any artistic talent you may have is enhanced. You may want to become more of a teacher, and are attracted to knowledge that will further this ambition.

Transits

The individual letters of your name are used to find your Transits.

Your name is like music that vibrates in time; each note, or letter, has a specific duration and influence over the course of your life. Your life can, therefore, be seen as a musical score, with individual letters making specific contributions at given points, just as notes in a musical piece give it its rhythm, character, and nuance.

The Transits appear as part of your Progressive Chart and will tell you much about specific influences taking place in your life during given years.

Your Physical Transit in 2018 is N

You feel attracted to new religions and philosophical ideas.

There is much responsibility placed on your shoulders, with sensitive emotional issues involved. You will find yourself more interested in religious and physical studies. Essence

Your Essence and your Personal Year are the two essential indicators of the forces that influence your life during the course of any year.

Your Personal Year runs from January through December, while the Essence is most strongly felt from birthday to birthday. For example, if your essence number is 8 for a particular year, you would begin to feel the influence of that 8 most powerfully after your birth day in that year. The influence begins to wane during the next year and end around your birth day that year.

Your Essence number indicates the lessons you will be dealing with during that year. It says a great deal about how you will perceive your environment. It

also gives clear advice on how you can be most successful during the year; which types of behavior will be supported by your milieu and which ones will be less effective.

If one or more of your Transits change after your birthday this year, you will find two Essence cycles. If you only have one Essence, it means none of your Transits changed.

Your Essence in 2018 is 16/7

Your Essence before your birthday in 2019 is 16/7

There are edifices of thoughts and behavior patterns that keep us from experiencing our true natures and the deeper happiness within. By some great benevolence of the universe, these edifices collapse from time to time, John. You are now in one of those benevolent periods. This is the proverbial dark night of the soul. You will find many things not working out as you had planned. There can be many unexpected, turbulent, and shocking events. There are debts to be paid that may seem unduly harsh or imbalanced. The time is confusing and you may feel that you have lost direction entirely. Your challenge is to surrender to the larger forces that now seem so threatening. Let the transformative powers redirect you. This is the surest path out of the confusion that now dominates your life. The 16 Essence is very like a storm that seems, on the surface, to be knocking down buildings, but is in fact rearranging your life so that you emerge healthier and happier than before.

The 16 Essence usually does not last long. You will find yourself on much sounder footing and in much better circumstances once it passes. You are experiencing the night that will surely bring the dawn. And with it comes a new life.

Part of the lesson you are learning is gratitude. Take time to truly examine everything that has been given to you. You are overlooking the love in your life, the talents you have been given, the good things that have been added to your life without your acknowledgment. There is something of a blind spot in you that has brought about the current period of confusion. Now is a time

to self-reflect and to truly take stock of your life. Gratitude is one of the keys to a healthy transformation. Offer thanks to the Universe for all that has been provided you. This is an act of true magnanimity because you likely feel that you have been treated unjustly by the greater forces. But such thinking is a delusion that has blinded you to your true nature and destiny. Open your heart. Accept that your vision is not of the infinite, but of the relative world. Accept that the infinite is guiding you lovingly and toward higher planes of consciousness. Surrender to the greater forces. This will cause you to open up to the higher planes and allow them to guide. Now is a time to develop faith. The power of faith can help you feel secure in the midst of change. Faith allows you to feel that you are heading in a good direction, even when you do not know what that direction is. Faith is the key to your happiness now.

Meditate, pray, do regular spiritual practices. Take care of your health with sound diet and exercise programs. Try to eliminate all unhealthy attitudes and practices. Live a more enlightened inner life. Trust.

Personal Years

Your Personal Year number is a strong indication of the trends and circumstances you experience during the year ahead.

Your Personal Year cycles are based on the Universal Year cycles and, therefore, run concurrently with the calendar year. (Transits and Essence cycles are based on the letters of your name and run from birthdate to birthdate.)

There are nine personal year numbers in a complete Epicycle. Each Epicycle reveals the progression of a specific part of your personal evolution. Your progress along this Epicycle can be seen quite logically, from the beginning of a growth period to the conclusion or culmination of that process.

The 1 personal year describes your first steps in a new direction. The years that follow indicate your progress along this path, concluding with your 9 Personal

Year, which completes the cycle.

Below is a description of your current Personal Year. It indicates where you are on the 9 year Epicycle.

Your Personal Year for 2018 is 3

This is a year of expansion and personal growth. It is a time of heightened personal expression. Creativity and artistic talent come to the forefront. You are lighthearted and drawn to all kinds of social events. More than most other years, you will entertain and be entertained. You meet new and exciting people. It is a time to appreciate all that you have.

You are highly dynamic and charismatic. Your challenge is to avoid scattering your energies. You have a rare opportunity to bring forth new and creative ideas. But that requires discipline and focus. It is easy to be optimistic and enthusiastic this year and this may result in speeding up your projects. Yet there will be delays and disappointments unless your enthusiasm is based upon the reality of work and concentration.

This is a pleasant time in which friendship is enjoyed and love shared easily.

This is often a good financial year, particularly if your creativity is well directed. Surround yourself with upbeat and positive people.

You may travel more than usual, which in all likelihood will be filled with exciting people and pleasure. Control this year's tendencies towards glamour and extravagance, yet allow yourself more room to enjoy and celebrate.

You communicate well this year and are more capable of getting your ideas across.

Love is in the air.

February brings changes; June sees the completion of a project and July signals a new beginning. August can be emotional, as can November.

Your Personal Year for 2019 is 4

This is a year to be organized and practical. Take care of details. Commit yourself entirely to your goals. Your concentration and ability to focus will be much improved over last year. You will have an attitude of realism and determination.

There can be a sense of limitation and some frustration this year. However, it is a year of important opportunities that must be seized. There can be considerable work-related travel. You must be flexible this year to make full use of the opportunities that present themselves. It will require a combination of perseverance, hard work, and versatility. You will receive recognition for your efforts and support from your friends and family.

It is a good year to buy real estate or remodel your home. It is also a good time to take care of projects which have been postponed for too long. Fulfill your obligations and do not be afraid to spend some of that hard earned money. Selling and trading during this year usually is quite successful. This is the year to work on your foundation and prepare yourself for the many changes that will undoubtedly come next year.

As a result of your hard work, there will be much satisfaction and a feeling of accomplishment. January and February will bring some important change, a new opportunity perhaps. March requires self-reflection and reshaping of your plans. It is a good time to meditate on what lies ahead. June brings a new and important step -- a breakthrough, perhaps -- in your work. October brings changes and a sense of chaos. You may feel threatened by the changes that are on the horizon. But November brings assistance in the form of a promotion or additional financial support.

Dualities

Your Essence and Personal Year cycles are distinctly separate energies that influence you in different ways.

Your Essence reflects your mental, emotional, and spiritual state of mind at a particular time in your life and feels like an internal influence; it's a stage in your personal evolution. Your Personal Year cycle, however, feels more external.

Your Essence and Personal Year cycles overlap creating a duality which produces its own influence. Most importantly, it tells us how you can get the most out of your mix of Personal Year and Essence cycles by looking at their combined influence.

Personal Year cycles run concurrent with the calendar year and change every year, while Essence cycles run from birthday to birthday and can be anywhere from one to eighteen years, sometimes even longer. Therefore, you can have either two or three Dualities during any 12-month period. Three, if your Essence changes (one before your birthday, one after your birthday, and another when the new year starts). If your Essence doesn't change, you have two Dualities, one for each calendar year.

For the purpose of Dualities, Essence cycles with Master Numbers (11, 22, or 33), or Karmic Debt numbers (13, 14, 16, or 19) are reduced to single digits, as their effect in the context of Dualities is indiscernible.

Your Dualities in 2018 are 16/7 and 3

A 7 Essence in a 3 Personal Year is a particularly promising combination, John, in spite of the fact that their characteristics are opposites.

The 7 Essence lends a rational, sharp state of mind that can help you look below the surface and beyond the obvious. This will be a period where you take things that truly matter seriously. It will inspire you to seek insight and clarity.

Paired with the creative, playful, outgoing influence of your 3 Year, this combination can deliver both lucrative ideas and intellectual and spiritual breakthroughs. Personal relationships and romance also thrive with this team. Your depth will add an extra dimension to your charismatic and inspiring persona.

Conflict is also possible between the (sometimes) superficial and careless nature of the 3 and the serious, distant temperament of the 7. This pairing has a tendency to hide true feelings behind cynicism or sarcasm. With this in mind, do your best to honor and share your feelings and emotions. And, don't be afraid to admit that you are confused or wrong at times.

Take as much "me" time as you possibly can this year, and make sure to cover the range from exciting, fun, social activities, to solitary moments of watching the sunset from a quiet perch, or sitting in nature far from the bustle of the city. This is a time to recharge. If you take time for reflection, it can be a period where your deepest thoughts and spiritual experiences happen more easily and frequently than during any other duality cycle.

Your Dualities before your birthday in 2019 are 16/7 and 4

John, after reading your Essence and Personal Year chapters, you might have sensed there could be issues between the withdrawn, contemplative, and mental 7, and the practical, methodical 4. They do produce challenges, but if you give each of them attention, they actually work well together.

Your Personal Year affects the world around you, the events you will encounter, and your circumstances. A 4 in this position tells us this is a year for building and productivity. It asks you to stay focused, make effort, and invest in your future.

At the same time, your 7 Essence - the internal influence that affects your state of mind - will slide into an introspective mode. It inspires you to search for value, reason, and a deeper understanding of yourself.

The numbers are clearly dissimilar. The reason their conflicting influences cooperate well, is because the majority of your daily activities (driven by the efficient, disciplined 4) can be accomplished without much interference from your soul-searching 7. They are like trains on separate tracks moving in the same direction: they move forward without getting in each other's way.

Relationships can be affected positively or negatively, especially those relating to family members and close friends. It is unlikely you will go through a 7 Essence without changing, at least to some extent, and as you change others may see you in a different light. With your attention directed toward intellectual and/or spiritual interests, some people might find it more difficult to connect with you emotionally. The solitary, contemplative 7 can make you seem distant. Romance is not particularly favored for the same reason.

“Getting things done” will probably come easily this year and it is an important aspect of this cycle, but it is equally important to focus on personal growth. Take time to analyze and contemplate your circumstances and your priorities. Face yourself, question yourself - doing so can give rise to a remarkably insightful and enriching year.

Personal Months

The influence of a Personal Month gradually changes from one month to the next over approximately five days at the end and the beginning of each month.

Your Personal Month for March 2018 is 6

March brings family affairs and issues involving relationships to center stage. You may be asked to sacrifice some of your time and energy to help others. A parent or child may need more care and attention than usual. Answer the call and you will be rewarded with a wonderful experience of love and closeness.

Many people in the 3 Personal Rhythm Cycle will make a deep commitment

of love, or even get married this month. At the same time, separation and divorce are also possible since the theme of this month is to be committed to your true feelings. Confrontations are unavoidable in all troubled relationships. While these trends may be difficult and painful, the forces are working at clarifying your relationships. Your work situation will be rather demanding as more responsibility is transferred to you. However, the reward is right around the corner. (May and June will bring the pay-off.)

This month may be good financially, due to an earlier investment or from payments arriving from previously done work.

Your Personal Month for April 2018 is 7

John, April represents a pause for self-evaluation. It is a time of light and shadow, a month of contrasting moods. You may alternate between light-hearted optimism and periods of doubt and even depression. The time requires you to look within. Meditate and contemplate your life. Such self-reflection will awaken deep feelings of gratitude for all the blessings bestowed upon you, including the greatest gift of all: your life itself.

During the first half of the month, you may feel the inner you begin to stir. Your dreams may be intense, graphic, and highly revealing. They are a source of insight if you care to listen. There is a sub-conscious attempt to communicate, not with others but with your deeper self.

Let career, finances, and romance all take a back seat during this important spiritual time. You will be quite safe.

If possible, take some time off. At the very least, walk in the woods, sit at a lake, or otherwise bring yourself in close contact with nature. Keep a journal and write down your dreams, insights, and revelations. They will offer insight into your life's direction.

Your Personal Month for May 2018 is 8

May brings financial rewards, as well as respect and recognition. This, of course, is proportional to the effort you have put out during the past year. May is a month to focus on career, to be a visionary, and not to hold back when it comes to showing the world how capable you are. For those who are in business, this is a good time to finalize deals and sign contracts. Investments are generally favorable, as are requests for loans, mortgages, or other methods of financial support. In all worldly matters, this is a time to reach out, to go for your goals. Do not be afraid to take a risk.

As far as matters of the heart are concerned, this is a time to take yourself and your feelings with a grain of salt. You are in a generous mode and feel blessed with so many good friends, but when it comes to commitment, you may want to wait a couple of months, when you are more realistic in these matters.

If you are not involved in a relationship, a coincidental meeting with a person from the past sparks a romance.

Your Personal Month for June 2018 is 9

John, June brings a bit of moodiness and instability. You have completed many tasks and enjoyed many rewards during the first half of the year, and now you may be feeling a bit empty -- not unlike the fatigue one has the day after a party. It may be a minor case of burn-out, but for reasons you cannot put your finger on. It is a time to let go of many old things and prepare for the new.

You have had some good ideas during the first part of the year. You have been motivated and experienced much excitement, but not all of your ideas proved realistic. Now reality forces you to take a second look at your projects and goals in a new light. It's a weeding out period. The positive side of the coin is that, by the end of this month, you'll have a clearer perspective on your direction and projects. You'll know where to place your energy during the second half of the year. While you may find yourself going through some ups and downs during this month, you also feel the first trembling of new

excitement.

This month also brings a concluding chapter to one or more relationships, which may cause additional emotional turmoil. However, you are going through a time of natural selection; what is worth holding on to will stay. The rest will go.

Your Personal Month for July 2018 is 1

July is a time of dynamism, courage, and eagerness to begin the new. Last month's blues are gone and you feel you are on top of the world. You are more original and creative than at any time of this already creative year. There is a distinct possibility that you will be able to break out of unrewarding patterns. You may even consider a career change, or start your businesses. It is not a time to be squeamish in any area of your life -- be it money, career or romance. You may experience an urge to write, paint, or express yourself in some other creative way. By all means, take on the challenge.

If you are not already involved you may meet someone, but the relationship, while intense and passionate, may not be a lasting one.

July is a month that will also bring opportunities to mingle with new acquaintances at social events. You will be outgoing and witty. These are great opportunities to make lasting contacts that will help your career and other endeavors.

Your Personal Month for August 2018 is 2

August requires a sensitive and cooperative attitude at work and in all other areas. You are upbeat and optimistic during the early part of this month, but an anticipated reward or recognition may go to someone else, much to your dismay. Your challenge is to set the record straight by using your diplomatic skills. Do not allow anger to alienate you from those involved. Otherwise, relationships go favorably this month. You are in a position to smooth out some long-standing disagreements between people close to you. Often, these disagreements do not involve you directly. You have the opportunity to

serve as a peacemaker.

Romance is favorable, your feelings run deep and your ability to communicate them is enhanced. A good month to spend extra time with your lover.

Your Personal Month for September 2018 is 3

John, your creativity is at an all-time high. You find solutions and discover new ways to improve old methods. You are communicative and express yourself well. You have a strong urge to write to old friends you haven't seen in some time. This need to re-establish relationships with people may even surprise you. At work, you discover that it is easy to reach others and influence the way they feel about themselves and their work. You uplift them and are rewarded with gratitude and support.

This is a time to be social, easy-going, and optimistic.

Your Personal Month for October 2018 is 4

John, October requires you to be practical and disciplined in all matters. It brings opportunity as well as limitations. Career is a high priority, and you will find yourself putting in overtime. Details will need to be taken care of. There is very little room for slacking, and everyone may be making demands of you. You may feel frustrated and need to blow off steam. On the other hand, there is also much opportunity implicit in these demands, and you will be pleasantly surprised with the rewards that come your way late in the month. You'll have to respond quickly. You may feel that you are not ready to take on the new challenge that comes with this opportunity, but if you overcome this temporary lack of confidence you will be well rewarded.

This month is demanding in domestic affairs, as well. There is an ongoing need to watch finances carefully, make decisions concerning your budget, and plan for the future. If you have not been keeping a close eye on your checkbook, This month will force you to balance your account and make up for haphazard expenditures of the past.

There's not a whole lot of time for romance this month, but when you can find the time, your partner's love brings perspective and rejuvenation.

Your Personal Month for November 2018 is 5

November brings change, excitement, and possibly a financial boost. It brings movement -- travel, a change of residence or office, perhaps.

You will receive a letter or phone call from someone close to you whom you haven't heard from in some time.

This month should be light and playful. Try not to take things too seriously. The down-side of this combination (5 and 3) is in the area of relationships. You may have a tendency to misread others, to be a little insensitive and short on tact. Avoid confrontations in personal matters as well as those related to work. As long as you are upbeat and supportive, friendship and social events are favorable.

As was the case with February of this year, November may also find you in the mood to indulge yourself. Moderation may be hard to maintain, but it's still the best advice.

Your Personal Month for December 2018 is 6

This monthly cycle stabilizes your work environment, but requires that you work on your relationships and family affairs. You will be in the unique position to counsel and support someone in your circle of friends and family with immediate and positive result. It will be one of the most rewarding experiences of this year for you.

A promotion or a raise are possible, as is an increase in your workload. This month is good for business and financial affairs, particularly for long-term planning and investment. If you are involved in legal affairs, the time is right to surge ahead.

Romance is also favorable. Commitments bring stability. For those who have become involved in a relationship during this year, this is a good month to exchange vows.

Your Personal Month for January 2019 is 5

You experience some self-doubt related to your work situation. You may question your direction. This frustration will be in the background for most of the year, but this month particularly feels a little bit out of control. However, hidden forces are guiding you carefully, and your best approach is to persevere. Later this month, or early next month, an opportunity will come your way that represents a step forward in your career.

This month also brings some unexpected changes in other areas of your life; possibly an unexpected trip. Be cautious in all financial affairs.

John, your family members demand a lot of attention, and much practical guidance is required from you. They look to you for direction.

Social events are favorable, particularly when they are work-related. You will make a very positive impression on someone who can help you move forward.

If married or involved, maintain harmony and avoid rocking the boat.

Your Personal Month for February 2019 is 6

John, February brings an increase in responsibility and workload. You receive recognition for your efforts and abilities, and probably a financial increase, as well. Perhaps even more important is the role friends and family play during the period. Loyalty and a willingness to sacrifice time and energy to your loved ones are needed. In return, you receive comfort and satisfaction. It is a time of love, warmth, and a strengthening of the bonds that form the foundation of your life. It is also a good time to start domestic projects, such as minor remodeling and home repair.

If you are not married and are not involved in a relationship, you may meet someone who catches your interest. In this case, the relationship will develop slowly but will endure. John, your focus should be on being dependable and active. There is no room for procrastination.

Your health improves during this time.

DAILY FORECAST February 28, 2018 PICK A DAY

368 SHEDDING SKIN A 9 DAY

Hello Tony, today's numbers are 9, 36, 8, 1

With a 9 based on 36 present at the tail end of an 8 month, you may feel as if you are struggling against the wind. This could lead you to underestimate the progress you have made over the past few weeks. Also, it may be difficult to judge some of those advances, since they may not bear fruit for a month or more.

Today's combination suggests the need to let go of something (although it can also bring self-doubt or fear, which can make this difficult). If you find yourself questioning your accomplishments, look back and appreciate the steps you have taken toward progress. Try not to be too critical or push yourself too hard today.

The 2017 Solar Eclipse - by the Numbers

The solar eclipse on August 21, 2017 is right around the corner and astrologers have written numerous articles about the event. Most seem to point to upheaval and a turning of the tide (for trump in particular). As a numerologist, I thought I would throw in my two cents worth.

A few decades ago I worked side by side with an astrologer, a tarot reader, and a palm reader for a few years. It was an excellent learning experience, and showed that two or more readers consulting

DIAMOND SPIRIT REPORT

ANTHONY MERCIER

Your Diamonds for Age 29

Anthony Joseph Mercier

Anthony Mercier

March 23, 1987

What the Diamond Chart Reveals

The Diamond is one of the oldest number-based methods of divination and perhaps the most powerful tool numerology has to offer. It reveals the chain of cause and effect that connects your physical and non-physical planes. It tells us how your experiences, choices, and priorities in the physical world affect your internal/spiritual growth, and how, in return, this insight affects the quality of your life on the physical plane.

Each Diamond pattern consists of four numbers. The first is called the Challenge. Your Challenge is a lesson or test that, once learned, will benefit you for the rest of your life.

The second number is the Root or Cause and explains the underlying reason that particular lesson has emerged. The third number, the Recommended Action (also called Action Key), gives advice on the best approach for a successful outcome. The final number - aptly named the Outcome - reveals what the likely result of your efforts will be, and how it might affect your future.

With the exception of ages 0 through 7 and 75 through 81 we experience two Diamonds per year from birthday to birthday. These two Diamonds are equally important and tend to fit together as if working on one helps us understand the other.

Although most Diamonds are in place only for one year, it's not uncommon for one or both Diamonds to repeat the following year. Often one number - usually the Challenge number - lasts for more than one year, while the other three numbers change. Finally, a number that is the Cause one year becomes the Action Key for the next. The Diamond's structure is complex but also logical and beautiful.

A word of advice: getting the most out of your Diamond requires some measure of self-reflection, not unlike the I Ching. I recommend that you read it more than once, then let it simmer. You may be surprised at the amount of insight you gain.

Hans Decoz

Anthony, your First Diamond Challenge for age 29:

The first number in your Diamond is of a decidedly spiritual/inner nature. It's offered to you in the form of a challenge; something that needs to be learned or acquired to help you grow and mature. It reveals the true purpose of your struggle on the physical plane from a broad vantage point.

The Meaning Off Your 3 Challenge

Anthony, the first number in your Diamond pattern is 3. The goal of this challenge is to enhance your self-expression through confidence and courage in all areas of your life, not just the creative or artistic avenues. It starts by understanding the magnitude of your potential, not the least of which is your imagination.

Your inner world should be a dynamic place, where realizations, feelings, hopes, dreams, discoveries, ideas, expectations, and yes,

sometimes failures and disappointments, come and go, changing and enhancing you in the process. No supercomputer can hold a candle to the speed and reach of your mind, much less the power of your imagination. However, similar to a computer, it needs an operator to guide it to its full potential. That operator is you, and the more confident and comfortable you are at accessing and using your creativity, imagination, and analytical powers, the more successful you will be in life.

It takes courage to go against the grain, to make up your mind and follow your instincts - it's much easier to conform. But in order to be true to your unique potential you must, by definition, find YOUR voice. This challenge inspires you to expand your vision, find that voice, and express your individuality.

Your First Diamond Cause

The second number in your Diamond reflects the underlying cause of the challenge you face this year. It is the catalyst that sets things in motion, the root of the issues confronting you during this period.

What Your 13 Root Cause Reveals

The second number in your Diamond pattern is 13, which suggests you recently moved through a period where you felt a lack of stability and predictability. You may have experienced unexpected or chaotic circumstances, apparently for no particular reason. This can lead you to feel you should be more in control of our life - you are, after all, the captain of your ship. However, it likely felt as though the ship's wheel wasn't connected to the rudder – and no matter which way you steered, life pulled you in a different direction. While we all experience this to some extent, you have recently faced it more than usual.

A 4 based on 13 implies this ungrounded feeling may be due, in part, to a lack of effort or direction (or both) on your part.

The 13 is a Karmic number that points to a past time when you may not have lived up to expectations or contributed your fair share. You are now on a path to set things right; the reward will be more than worth the effort.

The Recommended Action For Your First Diamond

The third number in the Diamond pattern suggests a possible course of action to resolve successfully the issues facing you during this period.

The Meaning Off Your Diamond's Recommended Action of 11

At this time in your life, Anthony, your most valuable asset might be your sixth sense. This Diamond brings a heightened state of awareness. You may feel more sensitive, possibly having vivid dreams or noticing things around you that normally go unnoticed. We tend to be more aware of our intuition when we relax our mind - one reason our dreams seem so graphic and revealing.

During this period, rely on your gut feelings and be sensitive to the subtle signals around you. Relax, be in the present, and listen carefully to others (sometimes you learn more from their tone of voice than from the content of their communication). It is also important to be aware of what goes on inside of you, so sharpen your intuition there too. Take time for daily contemplation of your circumstances, how you feel, what you want, and what you sense from people around you.

With your mind wide open and your antenna fully extended you may feel more vulnerable emotionally, so criticism may trouble you more than usual. This is an indication that your intuition is magnified, as emotional sensitivity and heightened intuition are two sides of the same coin. Your approach should be to take full advantage of your intuition, while giving less attention to the emotions being stirred.

Instinct, faith, sensitivity, and emotional stability, are key ingredients to getting the most out of this Diamond.

The Potential Outcome Off Your First Diamond

The fourth number reveals potential changes in your personality and your environment as a result of your experience with the Diamond in place this year. Naturally, our effort and sincere desire to meet these challenges increases the possibility of a positive outcome.

What It Means To Have An Expected Outcome of 3

Anthony, a 3 in this position suggests you should feel less inhibited and more optimistic. The 3 brings a newly awakened creativity. This is one of the most strongly felt and desirable outcomes, because it seems to directly affect your ability to experience simple joy and happiness, as if the child in you has re-awakened. You may even recognize this in a change of style and taste; you might dress less conventionally or more colorfully, or have a desire to change your environment.

Your sense of humor may be less reserved and your health is more likely to improve, due to the positive, motivating outlook of the 3.

Anthony, your Second Diamond Challenge for age 29:

The first number in your second Diamond is again of a decidedly spiritual/inner nature, offered to you in the form of a challenge; something that needs to be learned or acquired to help you grow and mature.

The Meaning Off Your 4 Challenge

Anthony, the first number in your Diamond pattern is 4. This Diamond involves building strength of character and trust in yourself. To facilitate this lesson, you may find yourself tempted by troubling choices - pyramid schemes, gambling opportunities, get-rich-quick schemes - or face situations where you have to choose between the easy or the hard way. You will be summoned to find your guiding voice, and to strengthen your sense of fairness, justice, and honesty.

Personal circumstances that can make those choices even more difficult, often accompany this Challenge. For example, you may have family or coworkers dependent on you, or other pressures that weigh on you.

Your Second Diamond Cause

The second number in your Second Diamond reflects the underlying cause of a distinct challenge you will face this year. It is the catalyst that sets things in motion, the cause of the issues confronting you during this period.

What Your 1 Root Cause Reveals

The second number in your Diamond pattern is 1. At the root of your challenge lies a problem that seems only marginally related - the issue of control. Consciously or unconsciously, it is likely you have been in a position of power and dominance for some time, affecting the lives of others.

There are many ways this could have transpired. Others may depend on you financially or emotionally, or you may depend on them; either situation ultimately creates the same imbalance. It may have come about unintentionally as changing circumstances created a pattern of dependence and control. Regardless, you likely have influence over the happiness and well-being of others in a way that is less than ideal, creating an imbalance that needs to be resolved.

This situation has the potential to limit your freedom, your creativity, and your ability to make choices that could further your career and happiness.

The Recommended Action For Your Second Diamond

The third number in the Second Diamond pattern suggests a possible course of action to resolve the issues facing you during this period.

The Meaning Off Your Diamond's Recommended Action of 14

Think of this period as flying a kite, Anthony. You need to keep your feet on the ground, but your focus and ambition should be roaming, swirling and diving without restraint. Your mind should be as free as that kite, but held firmly by a string controlled by (only) you.

We often allow people or situations, as well as ourselves, to limit our potential. Sometimes we work hard because we feel pressured by money concerns, or living up to others expectations. Other times, we are drawn by a dream or a personal goal. Although no less effort is required, there is a big difference in the way each impetus feels; the first feels frustrating and demanding, the second brings hope and excitement,

This diamond suggests it's time to let go of old concepts and ideas, in order to be elevated by your own dreams. Nurture your untapped potential by allowing new ideas to emerge, let go of past habits and worrying what others may think.

Although it may not sound very practical, it may help to just watch the clouds go by, get out more, let go of old patterns. There is no better way to get in touch with yourself and your dreams. Allowing your mind to wander and making room for the new are important aspects for recognizing and formulating your dreams.

Qualities that will help you navigate this Diamond and take advantage of approaching opportunities are flexibility, adaptability, having faith in yourself, and letting go of old habits and restrictions.

The Potential Outcome Off Your Second Diamond

The fourth number reveals potential changes in your personality and your environment as a result of your experience with the Second Diamond in place this year. Naturally, our effort and sincere desire to meet these challenges increases the possibility of a positive outcome.

What It Means To Have An Expected Outcome of 6

Anthony, a 6 in this position indicates strengthened ties with your family, friends, and community. As you exit this Diamond, you likely feel closer to people you care about, and you may find your sense of responsibility and loyalty has improved. The 6 inspires commitment and a stronger sense of belonging. You may feel a renewed sense of purpose, more at ease with your emotions, and less inhibited about expressing your feelings.

RELATIONSHIP COMPATIBILITY PROFILE

FOR

ANTHONY MERCIER
&
JANE VANDER MEER

(You can make as many Relationship Profiles between you and anyone else as you wish.)

About Your Relationship Profile

This report analyzes the personalities of both subjects to assess their compatibility. It also offers suggestions for ways to mitigate the stress or damage that can come from differing personalities and perspectives.

When you are involved in a relationship, you come to know each other more deeply over time. At first friction is rare. As time goes by and you discover additional sides to your partner, you become aware of personality traits you appreciate as well as some that rub you the wrong way. Even if you consider your relationship nearly perfect, you will experience occasional bouts of conflict.

Negative traits are almost always a cause of friction, but it is interesting to note that some qualities that are considered positive can also be incompatible. You may find this report is more critical or even harsh compared to other readings of this type. My approach is designed to

throw light on differences in your chart that might benefit from a frank, unbiased examination. Ignoring potential issues can cause more damage in the long run than a few honest remarks in a reading.

You will probably encounter some texts that state: "The compatibility aspect in this area of the chart is already included in other parts of this report." Those texts are not repeated here because they are either redundant or offset by other conditions. This is done to offer a perspective that is as well balanced and clear as possible; repeating certain traits would place too much emphasis on them.

Anthony and Jane, I hope you will appreciate the perspective of your Compatibility Report and will find it beneficial to your relationship.

Life Path

Your Life Path number is considered the single most significant information available in your Personality Chart. It is derived from the total of all numbers found in your date of birth. However, it is important to keep in mind that the aspects described in the next few chapters will either complement, supplement, or sometimes weaken the attributes revealed in numbers derived from your name.

Anthony, your Life Path is 15/6

You possess great compassion and seek to be of service to others. You have concern for the weak and the downtrodden. You are a healer and a helper to others. You are capable of giving comfort to those in need and will frequently offer a shoulder for others to cry on. Your task in life is to develop the tools necessary to be truly helpful to others, rather than to simply be a sympathetic ear. You must find the balance between help and interference. In the same way, you must learn the delicate art of the counselor who knows when to leave the struggle to

others and when to avoid taking away the necessary experiences and lessons of life (for more about your Life Path number, see your Personality Profile)

Jane, your Life Path is 13/4

You are practical, down to earth with strong ideas about right and wrong. You are orderly and organized, systematic and controlled, you are decisive and methodical employing a step by step rational approach to problems solving. Once committed you do not give up easily. You are not one for "get rich quick" schemes. Rather you use hard work and long hours to build a business or career; you seek to establish a solid foundation (for more about your Life Path number, see your Personality Profile)

Your Life Path's Compatibility is 15/6 and 13/4

Anthony and Jane, it is fairly uncommon for these two numbers to "fall in love." Although they carry common traits (they are both practical and highly responsible) they are rarely interested in one another. The 4 and the 6 are both family-oriented numbers, with a strong sense of community and loyalty, but they tend to compete where you might expect them to be supportive. This is only one area of your chart, so there are other influences to consider that could mitigate this competitive aspect, but it will quite possibly be the hardest to overcome at the onset of your relationship.

However, if support prevails over competition and you do become involved in a romantic relationship, it will usually be a strong, comfortable alliance - the kind of relationship others view as indestructible. If you can accept your differences, you have the potential to be the "perfect couple".

You share important priorities: your home, children, friends, stability and security. You are both loyal and protective of each other and those you care about. It is in your approach to life and the way you express yourselves that you are quite different. While Jane (the 4) relies on

structure, discipline, and control to protect and care for others, Anthony relies on warmth, sacrifice and forgiveness. Jane is much less flexible and may, at times, feel that Anthony is too soft and lenient. Yours is an example of a relationship typically characterized by the disciplinary father and the soft mother, or vice versa.

People around you may have the impression that Jane is rigid and less loving, while Anthony is pure love and gentleness, however this is not an accurate perception. Jane's love is no less powerful than Anthony's - it is just less openly expressed. Jane will fight for and sacrifice just about anything to protect Anthony, the children, and anyone else who is part of her life.

Some danger exists if your differing attributes become too magnified. Jane's need for discipline and structure could become too much for Anthony, suffocating and limiting his ability to express love naturally and without anxiety. Anthony's willingness to be generous to a fault (and possibly be taken advantage of as a result) might lead Jane to lose respect for him.

Your loving natures can help you weather such conflicts and differences. Stay focused on your love, commitment, and shared values. If you are able to talk openly about your concerns, and respect each other's individuality, you have the potential to maintain a strong lifelong relationship.

Expression

Your Expression number, calculated from your full name at birth, reveals the orientation or goal of your life. Some numerologists refer to this as your Destiny number because it represents a lifelong target at which you are aiming. Thus, the Expression number, to some extent, reveals the person you aim to be.

Your Expression is the most influential of the three characteristics that make up who you are. It is also the number with the most influence on your choice of career, although other aspects are important as well.

Anthony, your Expression Number is 16/7

You are gifted with an analytical mind and an enormous appetite for the answers to life's hidden questions. You have a strong interest in exploring scientific matters, philosophy, and even mysticism. You possess clarity and persistence in your search for truth. You can be a great researcher, educator, and philosopher. You are driven by a desire for knowledge and truth. Your fine mind offers insight into the veiled mysteries of life. You also possess a considerable amount of perspective (for more about your Expression number, see you Personality Profile)

Jane, your Expression Number is 18/9

You are the humanitarian. You are attracted to a cause or a movement whose purpose is to make a better world. You are idealistic, sometimes to the point of being naive about people or methods. You have great compassion and seek to create a more humane society. You are drawn to those who suffer physically or are at the hand of injustice. You are the righter of wrongs. Your deepest intention is to transform the world. You have a broad view of humanity and are not shackled with prejudice. You should have friends and associates from all walks of life, all colors and religious backgrounds (for more about your Expression number, see you Personality Profile)

Your Expression's Compatibility is 16/7 and 18/9

Anthony and Jane, the 7 and the 9 usually get along well, as long as there isn't too much interaction. Although they are compatible in some areas, they are generally not that interested in each other's issues. If you imagine the 7 and 9 as two archetypes forced to spend time together at a social event, you will witness them politely, although superficially, chatting for a few minutes, then running out of things to talk about and lapsing into silence. They do not dislike each other, they just don't share common interests.

Although the numbers in this part of your chart do not add excitement and energy to your relationship, on the plus side they rarely cause discord. Keep in mind this is only one area of your chart; other numbers and influences will reveal additional aspects that may mitigate this deficiency.

Religion is one area where the 7 and the 9 tend to be incompatible. Jane (the 9), thrives on faith and has the intuitive understanding that things are already in balance, without the need to manipulate them. Anthony, on the other hand, uses logic and reason and does not accept things at face value. Anthony questions everything and (at least as reflected by this part of the chart) "belief" is alien to his intellectual quest for understanding.

Your differing tastes may generate other areas of conflict. Anthony might prefer to live in a large city, while a cozy chalet in the countryside would be paradise for Jane. (Helpful hint: When it comes to choosing colors and furnishings for the home, the 9 is unquestionably better suited to the task.) Every number combination has challenges. Yours will likely revolve around differing interests and your contrasting views on issues that arise.

Heart's Desire

The Expression number described above points to a more productive side of your life. Your Heart's Desire reflects a deeper, inner you; it suggests an underlying urge, your true motivation, and the general intention behind many of your actions. It reveals the environment and lifestyle you prefer, as well as your likes, dislikes, and the type of people you are drawn to.

Consequently, it dramatically influences the choices you make in life.

It makes sense that the vowels of your name are the foundation for your Heart's Desire. Vowels are the peaks and valleys of a language. Notice

how vowels leave your mouth in a free-flowing breath. Try it: Aaaa.... Eeee.... Oooo.. Consonants though, are cut off either at the beginning or in the end. You might say that it is in the flow of your breath that you express your deeper self.

Anthony, your Heart's Desire is 17/8

You want success in its fullest meaning -- wealth, power, and material comforts. You have an enormous ambition. You dream of big projects, great undertakings, and rewards. You are a visionary. You see the horizon and the promise. In general, you also see the methods necessary to fulfill that promise. But you are not especially good with details; you need others to help you deal with the smaller parts of the picture. Your challenge is to make full use of the full spectrum of your abilities, as indicated by your other core numbers (for more about your Heart's Desire number, see your Personality Profile)

Jane, your Heart's Desire is 22/4

You like to live a stable, well organized life. You dislike sudden changes. You prefer orderliness in all things. You have a systematic mind that is reflected in everything you do. You can establish and maintain a routine. You are exacting with details and quite thorough. You like to carefully analyze a problem and then tackle it in a logical and practical approach. You want to be dependable, a rock of strength and an example of discipline for others (for more about your Heart's Desire number, see your Personality Profile)

Your Heart's Desire's Compatibility is 17/8 and 22/4

This is an excellent combination of numbers for romance as well as business. The 4 and the 8 are like the gears of an engine. They connect perfectly and increase one another's power. By joining forces, they triple or quadruple their output. This is considered the best blend of archetypes for a business partnership. Jane (the 4) delivers the persistence, determination, dependability, and methodical approach

required to reach a set goal, while Anthony (the 8) brings the vision and conviction that no dream is unattainable.

Fortunately, a similar synergy exists for romance as well. Although the 4 and 8 are different in many ways, they respect and recognize each other's value. Together, they create an environment of love, trust, and deep spiritual bonding.

Anthony and Jane, although this aspect of your chart reveals an almost perfect combination, dangers do exist as they do in any combination. At some point, Anthony will likely try something that Jane finds outrageous and doomed to fail. Anthony's stubborn determination and, at times, authoritarian approach could become a major irritant to Jane.

Jane if (when) that happens, the best approach is simply to disengage. Communicate your ideas, but don't try too hard to persuade Anthony to give up a plan or a goal he believes in. Alternately, Anthony will sometimes feel Jane is a stick in the mud who doesn't dare try something new. In this situation, Anthony should recognize this does not signify a lack of courage on Jane's part, but simply that she prefers not to waste time or take risks on something that does not feel realistic. In these situations, feelings of frustration could overshadow the love and respect that is the foundation of your relationship.

Although rare, it is not unheard of for this combination to survive several major breakups and reconciliations, even divorce and re-marriage. All partnerships must compromise, and this is particularly true for your relationship. Sometimes, Jane, even when you know a project is doomed to fail, it might be worthwhile to support it. And Anthony, your idea may be valid, but when your partner (or others) express serious doubts about it, you may want to consider that they may be right, and examine whether pursuing it is the smart thing to do.

Personality

The consonants of your full name at birth are the foundation of your Personality number, which is a little like a narrow entrance hall to the great room that is your true nature.

It's the outer layer of your personality, the part you feel more or less comfortable sharing. With time and trust, you invite others into the deeper aspects of your nature.

Your Personality number serves as a censoring device in terms of what you send out, as well as whom and what you allow to approach. For this reason, your Personality is usually much more narrow and protective in its definition than the real you. It also gives an indication of how others perceive you.

Anthony, your Personality is 17/8

You appear strong and powerful. You have an impressive personality and can influence and even intimidate through sheer force. You have natural authority. Your competence and enthusiasm attract people with resources. You radiate confidence. People defer to you because they sense your sureness and effectiveness (for more about your Personality number, see you Personality Profile)

Jane, your Personality is 14/5

You are a stimulating person. You brighten social gatherings with your fresh and original ideas. Your conversation tends to be sprinkled with novelty and wit. You have a quick tongue and charisma. You are probably an excellent salesman. There is a lot of nervous energy within you looking for an outlet. You love your freedom and you see this life as an ongoing adventure (for more about your Personality number, see you Personality Profile)

Your Personality's Compatibility is 17/8 and 14/5

Anthony and Jane, this particular aspect of your chart suggests compatibility can only exist if your roles in the relationship are very different and somewhat separate. You both have unique qualities, but they rarely overlap. Perhaps the best way to describe the differences between your numbers is to look at them from a business rather than a romantic perspective.

As business partners, you could do very well - as long as you play different roles. The 5 (Jane) is excellent at promotion and sales. She is dynamic, articulate, thinks fast, and finds solutions easily. Because Jane can see through facades better than most people, it is easy for her to influence others and resolve personality issues.

Anthony, is a visionary, has a strong commanding presence, and has the persistence to overcome obstacles. The eye of the 8 is always intently focused on a future goal - a goal that will be met no matter what. Anthony is the executive, Jane the marketing expert. These are very different qualities that can work well together as long as they recognize neither should try to tell the other how to do their job.

In a romantic relationship between the 5 and the 8, a similar picture emerges. As long as you do not tell your partner how to behave or what to consider a priority, things should be fine.

Other issues that appear in this combination have to do with Anthony's assertive personality and Jane's social nature. Jane does not do well being told what to do, and quickly rejects authority. Anthony, may become jealous or envious of Jane's social life and many friends.

Your key to a successful relationship lies in giving one another space and freedom. Your relationship can be pleasant and long lasting, but you will probably need to be realistic about your expectations, and maintain some distance in your lifestyles and day-to-day routines.

Maturity Number

Your Maturity number indicates an underlying wish or desire that gradually surfaces at around age 30 to 35. A direction begins to emerge as you gain a better understanding of yourself. With this self-knowledge comes a greater awareness of who you are, and the direction you want to set for your life. Your Maturity numbers are described in detail in your Personality Profiles.

Anthony, your Maturity Number is 4

Systematic and organized, there are few goals out of your reach. You have determination, perseverance and self-discipline. You are perceived as solid as a rock and just as reliable. Your family and friends have faith in you and your ability to care for them. You are practical and realistic. You are also concerned about the welfare of your community. You love nature and the beauty and efficiency that characterize natural law. You have sound judgment and understanding when it comes to estimating the value of a plan or the feasibility of an enterprise. You have good concentration.

You identify with work and are can be very unhappy if you are in a job you do not love. You have a sharp eye for detail. You enjoy the security and steadiness of schedules. You do not like the unexpected.

Your family and home are very important to you. Your love runs deep and is extremely loyal and protective.

Jane, your Maturity Number is 4

Your family and friends have faith in you and your ability to care for them. You are practical and realistic. You are also concerned about the welfare of your community. Your family and home are very important to you. Your love runs deep and is extremely loyal and protective.

Your Maturity's Compatibility is 4 and 4

Anthony and Jane, you both have a 4 in this part of the chart, indicating a relationship that is either very compatible or extremely stressful. Your lifestyle preferences are likely very similar and you both prefer a certain amount of predictability and routine in your lives. This does not mean you don't enjoy a surprise on occasion, but you generally want your daily routine to be firmly established and uninterrupted.

The success of your relationship relies largely on how compatible your daily routines are. Details are important because you both tend to become irritated when your carefully established schedules are disturbed. It is important that you respect each other's needs and habits. Even if other numbers in your respective charts point to a certain amount of flexibility and adaptability, you probably have a tendency to create environments that are finely tuned and designed to accommodate your daily physical, mental and spiritual needs.

Unless your habits are compatible, it will be difficult for you to sustain this relationship without making a few adjustments (other than the necessary give-and-take of any relationship). Neither of you should severely limit your needs or desires to accommodate the other as it will only work in the short term; try to arrange a somewhat separate routine instead. It is better to give each other room than to force things that are uncomfortable, creating minor annoyances that can turn into growing sources of resentment.

Anthony and Jane, you are both reliable, dependable people who honor your promises. Being able to count on each other is a powerful ally in your relationship. However, if taken too far, your grounded, practical nature can also create a rigid lifestyle that could lead to frustration and gradual alienation from friends and family members. Lacking tolerance and acceptance of other people's lifestyles can put a stranglehold on your social life and, indirectly, a strain on your relationship. Your keywords for a successful, rewarding relationship are tolerance and flexibility.

YEARLY RELATIONSHIP FORECAST

JANE VAN DER MEER

(You can make as many Yearly Relationship Forecasts between you and anyone else as you wish.)

Your Yearly Relationship Forecast

People change, sometimes dramatically, sometimes subtly. When people form a close relationship, their individual evolution can affect the stability and harmony of their partnership.

Anthony, and Jane, keep in mind the core numbers in your profiles (your Life Path, Expression, Heart's Desire, Personality, and Birth Day number) tend to carry more weight than cycles do. However, cycles can cause upheaval in areas where you previously had no issues. When that is the case, try to remember they are most likely temporary.

Hans Decoz

PS. You may want to refresh your memory by taking another look at your Relationship Compatibility Profiles.

Personal Year

Your Personal Year number is a strong indication of the trends and circumstances you experience during the year ahead.

Your Personal Year cycles are based on the Universal Year cycles and, therefore, run concurrently with the calendar year. (Transits and Essence cycles are based on the letters of your name and run from birthdate to birthdate.)

There are nine personal year numbers in a complete Epicycle. Each Epicycle reveals the progression of a specific part of your personal evolution. Your progress along this Epicycle can be seen quite logically, from the beginning of a growth period to the conclusion or culmination of that process.

The 1 personal year describes your first steps in a new direction. The years that follow indicate your progress along this path, concluding with your 9 Personal Year, which completes the cycle.

Below is a description of your current Personal Year. It indicates where you are on the 9-year Epicycle.

Anthony, your Personal Year is 8

After last year's constant involvement with yourself and very possible occasional doubts about the state of your business or career you will find this year to be a relief. Things finally work out. Long postponed checks and promotions come through. You see the light at the end of your financial tunnel and an inner strength and confidence is breaking through. This is your year of harvest and, depending on the effort you put out in the past seven years, your reward will be equally large.

There is a beauty in these cycles we can recognize and understand and in doing so we find ourselves "in the flow" and there is no more need to try and struggle upstream. So this year you will have an opportunity to

involve yourself fully in work and material growth and bring home the rewards, at the same time a certain detachment is also necessary, for you and for the experience you have because it is not the reward that brings you happiness but your experience of life, which is why before the rewarding eighth year you have had such opportunity for growth during the soul-searching of a seven year. Give in to your ambitions, you will find yourself more clear and focused and able to pursue and reach your goals. Your power is visible and strong, mental creativity is high, vision and intuition will guide you, and at the same time you are more efficient and focused.

There can be loss, serious loss, bankruptcy and failure, because always the rewards are directly proportionate to your effort and motivation, however you know the effort you put out and you know your motivations, so there must be no room for fear and doubt, only for success and winning and this year will undoubtedly turn out to be a very satisfying year.

Jane, your Personal Year is 4

This is a year to be organized and practical. Take care of details. Commit yourself entirely to your goals. Your concentration and ability to focus will be much improved over last year. You will have an attitude of realism and determination.

There can be a sense of limitation and some frustration this year. However, it is a year of important opportunities that must be seized. There can be considerable work-related travel. You must be flexible this year to make full use of the opportunities that present themselves. It will require a combination of perseverance, hard work, and versatility. You will receive recognition for your efforts and support from your friends and family.

It is a good year to buy real estate or remodel your home. It is also a good time to take care of projects which have been postponed for too long. Fulfill your obligations and do not be afraid to spend some of that

hard earned money. Selling and trading during this year usually is quite successful. This is the year to work on your foundation and prepare yourself for the many changes that will undoubtedly come next year.

As a result of your hard work, there will be much satisfaction and a feeling of accomplishment. January and February will bring some important change, a new opportunity perhaps. March requires self-reflection and reshaping of your plans. It is a good time to meditate on what lies ahead. June brings a new and important step -- a breakthrough, perhaps -- in your work. October brings changes and a sense of chaos. You may feel threatened by the changes that are on the horizon. But November brings assistance in the form of a promotion or additional financial support.

Your Personal Year's Compatibility is 8 and 4

Anthony and Jane, this cycle's combination can be either very positive or quite negative. There is usually no middle ground.

Jane might feel like she is slogging through mud in heavy boots - there is progress, but it may feel excruciatingly slow and require considerable effort. Your experience should be just the opposite, where it feels as if everything is there for the taking.

In a relationship, this combination can bring out the best in each of you or enhance your negative traits. For example, your optimistic, ambitious attitude could either be irritating to Jane or help to alleviate periods of frustration and anxiety. And Jane's effort and methodical approach could be an inspiring influence on you or put a damper on your dynamic energy.

To top it off, it is likely you will both be able to clearly recognize the effect you have on each other during this period. As a result, you will either feel love and appreciation or irritation and blame, depending on the way you respond to one another.

The key to getting the most out of this cycle is to be sensitive to your partner's needs and state of mind. Try not to get so caught up in your own world that you lose touch with theirs.

MONTHLY RELATIONSHIP F

FOR

ANTHONY MERCIER

&

JANE VANDER MEER

(You can make as many Monthly Relationship Forecasts between you and anyone else as you wish.)

Your Monthly Relationship Forecast

Anthony and Jane, monthly cycles are not as strongly felt as yearly cycles, however, they can have short period of considerable intensity. This is by no means common, but when certain numbers are aligned just so, it can throw things of balance.

If you feel you might be experiencing some turmoil within your partnership, read the monthly compatibility and reflect on its meaning. You will almost always be able to recognize where the friction comes from, and this is a big step towards healing.

You may also want to refresh your memory by taking another look at your Relationship Compatibility Profile as well as your yearly cycles.

Anthony, September is an 8 Personal Month in an 8 Personal Year.

September a month with great potential for your career and finances, especially to increase your finances for the long-term. It is a time to be

aggressive and outspoken. Your authority is needed and you will have to apply yourself one hundred percent. However, there is another side to this month. You may feel that you have reached the pinnacle of your career, or that work and other areas of your life have become dull and monotonous. You may feel you need a break. You are approaching a time of deep inner change. Several times during your life you have reached a point at which you need to break out of a cocoon. All evolution is gradual, but periodically interrupted by sudden bursts of growth, or change.

Anthony, you are at a stage in your life when you feel ready for such a change. However, you are not clear about the true nature of this change and, while you may feel inspired to force some practical changes now, you should approach this with care. Avoid impulsive decisions as well as any contractual arrangement that would tie you down for a long time. You need to rely on your own strength and feel confident that you have a certain amount of control over your own future. You should relax and let things develop at their own pace. Social events are highly favorable and there will be ample opportunity for that.

Jane, September is a 4 Personal Month in a 4 Personal Year.

Six months or a year from now, you will look back at this month and realize that in some way it represented a turning point on your path to success. However, you may feel frustrated during this month and wonder why everything is moving so slow. In a way, it seems that life has you in a straight-jacket, but in fact you are being protected from yourself. The emphasize is on the irritating and seemingly unnecessarily details. You are forced to deal with things you consider a waste of time. These loose ends can no longer be ignored, but you feel frustrated by the limitations of time and the massive amount of work. The situation is, in fact, two-sided: One side is effort, the other reward. You are being prepared to take full advantage of a string of opportunities that will begin next month, and will continue all next year. The challenge for you is to keep up. For that reason, you must finish the work in front of you now, to make room for the opportunities to come.

Meanwhile, guard your health, especially against the effects of stress and frustration. Jane, you would do well to eat healthy foods and in a regular and orderly fashion. Go to bed early; read to widen your view and escape. Do not dwell on the negative. Leave affairs of the heart to themselves for a while, until this intense period passes.

Late this month, you will start to see the light at the end of the tunnel. However, looking back you will be grateful and relieved that you took on this process of re-organizing the basics in both your work, and your personal life.

Your Personal Month's Compatibility for September, 2016 is 8 and 4

Anthony and Jane, this cycle's combination can be either very positive or quite negative. There is usually no middle ground.

Jane might feel like she is slogging through mud in heavy boots - there is progress, but it may feel excruciatingly slow and require considerable effort. Your experience should be just the opposite, where it feels as if everything is there for the taking.

In a relationship, this combination can bring out the best in each of you or enhance your negative traits. For example, your optimistic, ambitious attitude could either be irritating to Jane or help to alleviate periods of frustration and anxiety. And Jane's effort and methodical approach could be an inspiring influence on you or put a damper on your dynamic energy.

To top it off, it is likely you will both be able to clearly recognize the effect you have on each other during this period. As a result, you will either feel love and appreciation or irritation and blame, depending on the way you respond to one another.

The key to getting the most out of this cycle is to be sensitive to your partner's needs and state of mind. Try not to get so caught up in your own world that you lose touch with theirs.

Anthony, October is a 9 Personal Month in an 8 Personal Year.

Anthony, October marks the beginning of the end of a certain era in your life. Now you begin to let go of certain expectations you have long held. There is a feeling of emptiness and of "what now?" The time has not yet come to respond to these feelings in a practical way. Now is the time to begin to become comfortable with the need to change. The changes contemplated involve both personal and professional life. For these reasons, October could become an emotional time. Some melodrama and role playing is actually a subconscious way for you to test the people around you, and the depth of their commitment. You are also testing your own position towards people, career, environment, spiritual beliefs, and other aspects of your life. You have, even if you are not aware of it, already begun the process of selecting what you want to remain in your life and what you want to discard. This process, which continues through different stages over the next 2 years, is natural and nothing to be afraid of. You are entering a period of reawakening. This means a letting go of some of the comfort and security that surrounded and protected you for many years.

Start giving some of your energy to a good cause that benefits others. Ultimately, it will benefit you. It takes the spotlight of your doubts and questions, and gives you strength and confidence.

For October, practical matters can be handled with ease. It is much better to pay off debts than to incur new ones. Completion is favored over new starts. It is a time to tie up loose ends, not so much to begin new projects. It is a time to clean up and prepare for new things coming into your life.

You are not in the right mood to pay much attention to romance or personal relationships of any kind, unless it's to test the strength of the relationship. You may be a little judgmental and self-righteous and will need to guard yourself against this sort of thing.

Jane, October is a 5 Personal Month in a 4 Personal Year.

October brings opportunity and change. You may be asked to go on a trip related to work or business. This trip is unexpected but will bring very positive results. Another possibility is that you will be offered a transfer and promotion. Either way, there will be changes in your environment.

Now is the time to take some chances, to promote yourself unabashed, and to reach out to other possible sources of income. If you are in sales or business, this is one of the most promising times of your life.

If your work is service-oriented, you may receive a long-awaited promotion. Friends and family members are supportive. Romance is exciting. It is a dynamic month in all respects and will wipe away the frustrations of last month. However, a warning is in place: You may have a tendency to make impulsive decisions, to be a little irresponsible, and to put your foot in your mouth.

This hectic and dynamic month brings with it some chaos, and restraint is needed to maintain some control over the events.

Your Personal Month's Compatibility for October, 2016 is 9 and 5

Anthony and Jane, this cycle combination can be quite challenging. It is likely to be a trying time for you Anthony, as you question where to go next. Moreover, there may be few answers for many of your doubts and questions during this period. Your 9 brings the end of a cycle, which could make you feel a little worn out, emotional, or vulnerable. Do your best to stay positive; your next cycle should deliver a much more uplifting, inspiring, and powerful energy.

Jane should find a period with more energy (and less patience) than usual. Her 5 delivers dynamic drive and probably a change or two. Her

ability to bring excitement and enthusiasm into the relationship could be an excellent tonic for you.

Both, the 5 and 9 cycles are about change; however, they are very different in the way we experience them. The changes brought by the 5 tend to be the result of excitement, enthusiasm, and a desire to stir things up. Your 9 cycle has more to do with personal evolution.

The most important ingredient in making this cycle as beneficial as possible is patience. You will need it during situations that may seem unclear, and Jane will need to muster it to support you. If things get a bit challenging, keep in mind that although this cycle may not feel particularly compatible, every cycle is temporary.

TALENT PROFILE

FOR

ANTHONY MERCIER

Welcome to your Numerology Talent Profile. This report matches your personality traits and talents to the vocations they are most suited to. It is designed to help you identify areas in which you are likely to succeed and find contentment. Knowing which attributes come naturally can inspire you to develop and build on those strengths.

How This One-Of-A-Kind Talent Profile Came To Be

I began offering personal consultations in the early 1980's and quickly learned that my clients' main concerns were romance, health, money, and career. Of those, I realized the largest and most enduring obstacle to happiness tended to be their choice of profession. If a person is unable to find satisfaction in their work, there is little that can make up for the years spent in a state of discontent.

This understanding prompted me to develop the Talent Report. By employing numerology's unique analytical approach to decoding an individual's personal makeup, I felt it could be used to help make informed career choices based on an objective understanding of one's attributes.

How The Talent Profile Works

Each of the nine single-digit numbers has a specific range of personality traits. Most traits are found in more than one number, although in varying degrees of influence – some stronger, others weaker. Each number carries both positive and negative aspects, and displays those traits in a unique manner.

For example, courage is found in the numbers 1, 2, 5, and 8. However, the way these numbers display courage differs considerably. The number 5 is the most courageous, but its bravery is impulsive and rebellious, the kind that stands up to a bully or the status quo regardless of the consequences. The courage of the number 1 is more focused; it is the daring leader, the first to cross a dangerous sea, climb a mountain, or fly to the moon. The number 2 displays a gentle and kind valor, as in the act of sacrificing oneself to save another. The courageous 8 is motivated by duty and authority; it confronts danger to protect the law or the land.

Traits such as courage, that on the surface would seem to be constant no matter the circumstances, can actually be subtly different. Take the example of courage vs. thrill seeking; both require bravery, but the latter will look for opportunities to take unnecessary chances. Thrill seeking reflects an addiction to adrenaline, whereas pure courage is the act of overcoming one's fear.

For your Talent Profile we looked at seventy-four traits, divided into eleven groups. The first group has to do with individuality, independence, and initiative. The second looks at traits that share creative and social aspects, and so forth. The profile also rates your aptitude in thirty-nine careers, grouped into seven fields. Keep in mind that numerology is an inexact science and looks at the relationship between character traits and vocations differently than psychological or vocational assessments. It is one tool among many that can shed light on finding the right career options for you.

Your Proportional Numerology Chart

Most numerology charts have the same purpose: to display your numbers and their positions. The chart I developed for the Talent Profile is different and unique. It was designed specifically for the purpose of determining which qualities are dominant in an individual. To do this, numbers were assigned values based on their relevant locations in your chart. (As with real estate, the effect the numbers have depends on location, location, location.)

Your Proportional Chart lists each of the nine single-digit numbers and illustrates how strongly they are represented in your chart. This chart is based on an algorithm that selects your numbers, considers their location, and assigns a value that reveals which numbers have the most influence.

For example, your Life Path number carries considerably more weight than your Hidden Passion. The influence of your Expression is greater than your Heart's Desire number, which in turn overshadows the influence of your Personality. However, carrying two or more of the same number increases its significance (and thus increases the value assigned to it).

You may have heard that the most important aspect of your chart is your Life Path number. This is often true; however, whereas an astrology chart is largely built around your sun sign, a numerology chart centers around five core numbers, with the remaining numbers adding additional insight. Because each core number holds weight (although less than your Life Path number) it is not uncommon for a number other than your Life Path to be the most influential. If, for instance, you have a 6 Life Path, but three other core numbers are represented by 9, the 9 will be considered dominant in your Proportional Numerology Chart.

Talents and Traits

This chapter looks at traits and talents, and how well they are represented in your chart. Keep in mind, we often mistake something we enjoy for something we do well; enthusiasm for something does not always translate into possessing a talent for it. Conversely, we may be quite skilled at something we don't necessarily enjoy, perhaps as a result of a childhood experience or other influence. Also, the ability to recognize and act on a previously undiscovered talent may come later in life or after establishing a dissimilar career. Think of artists who found their gift only in their later years, the stockbroker who uses her wealth to

establish a humanitarian foundation, or the accountant who became a nature guide.

Individualism and Initiative

Enough of these attributes exist in your personality to make you a capable survivor and someone able to lead when needed. You can be decisive and you do not shrink from your duties, nor back away from confrontations. However, you are not as comfortable in such roles as you would like to be and you probably function better, and are happier, when there are others who support you and share in the responsibilities.

Your Artistic Side

A well-balanced rating in this category shows that while you have no trouble expressing yourself, and are not afraid to communicate deep, emotional issues, you are also capable of holding your tongue when

called for. You do not betray confidences, but you are not exactly secretive, either.

Your Inner Self

You probably tend to be a little self-conscious at social events, hanging back and observing when deep down you would rather interact with

others. This rating suggests you are not particularly introverted, but neither do you let your guard down easily. You are a bit of a dreamer, but this does not prevent you from recognizing the difference between practical and unrealistic.

Your Humanitarian Side

A healthy balance between the impractical visionary and the practical doer helps you accept the world as it is, while enabling you to see the need to be involved. You may be attracted to politics or the law as a way to make the world a better place.

Your Ability to Enjoy Life

You are not particularly demanding and as long as you have no overwhelming problems, you wake up happy and, more often than not, ready to enjoy your day. You make friends easily, enjoy social activities, and helping others comes naturally.

How You Work with Others

This rating indicates you work well with others and tend to be a peacemaker and a stabilizing influence. Due to a tendency to avoid unnecessary confrontation, you may be prone to agree with others when, in fact, you don't have the same opinion.

Your Sensitive Side

You are conscious of the feelings and wellbeing of others and easily persuaded to help those who are less fortunate. You are naturally drawn to people from all walks of life. You are tolerant, conscientious, and generous. You find satisfaction knowing that your involvement makes a difference in the lives of others.

Your Generous Caring Side

You easily relate to the problems and needs of others, and attain satisfaction from helping. You likely have numerous friends and acquaintances that will be there for you in return.

Your Romantic Side

You are able to bring comfort and happiness to your partner due to your instinctive ability to say the right thing at the right time. You are loving and generous and inspire loyalty. However, you also have a need for privacy and time alone, and would do well with a life partner who doesn't rely solely on your companionship for happiness.

Your Ability to Preserve and Reach Goals

The potential to meet your goals is substantial. You are capable of putting forth considerable effort. Your biggest challenge may be staying flexible. Be on guard about remaining in a career or situation strictly out of habit or an unfounded sense of responsibility.

Your Practical and Realistic Side

You may be less confident in your chances for success than you can and should be. You have the ability to reach almost any goal you set for yourself, particularly if discipline is highly rated in your chart (see above). Ambition without discipline equals frustration, so if it is not rated highly

enough for your liking remember, although it comes more easily to some, discipline is a skill that can be learned.

Vocations

This chapter shows your natural aptitude for various types of professions. If you feel validated in the profession you are pursuing, congratulations. If you feel you are in the wrong line of work, consider what it would take to move toward something more satisfying. Others may have found their niche in an unexpected area, or made peace with a career that was not their ideal choice. Regardless, the listings below may shed light on areas of interest you have not previously considered for work, hobbies, or volunteering.

ABOUT LUCKY NUMBERS

Numerology uses specific algorithms to identify numbers that relate favorably to you based on your most significant characteristics.

Luck and attitude often go hand in hand; the influence of certain Lucky Numbers are enhanced by your mindset. (Only the underlined numbers are described below.)

Luck is fickle and not always what it appears to be. If someone wins a million dollars, buys a fast car and crashes it, was winning the lottery lucky? Lady Fortune appears in many forms: a promotion as a result of an unexpected change in circumstances, meeting the love of your life after exiting the elevator on the wrong floor, a last-minute change in travel plans

When the 5 appears as a Lucky Number, you can increase its potential by being flexible and adaptable. The 5 is the bearer of changing circumstances; your job is to adjust as quickly as you can. As a Lucky Number, it is linked to travel, relocation, a positive move in your career, or a favorable change in your personal circumstances.

INNER REFLECTIONS READING

FOR

ANTHONY MERCIER

JULY 2017

(You can do up to 12 Inner Reflections Readings per year – it is recommended to make one once a month.)

ABOUT THE INNER REFLECTION READING

The method you used to choose this nine-digit number is influenced by your subconscious, not unlike Tarot or I Ching. It is neither random nor coincidental. The color and placement of the numbers you chose changes after each selection. This method was chosen to diminish the distraction caused by a subliminal connection to colors and locations.

Your Inner Reflection Reading reveals your state of mind at a deep and largely subconscious level. Think of it as a snapshot of the complex geometry of your dreams, hopes, fears, expectations, past experiences, and other internal influences. You may find that one statement appears to contradict another within the same reading. This is to be expected, as we find the same complexity and inconsistency in ourselves.

I view this aspect of numerology as similar to the I Ching; use it sparingly, not more than once a month. It is meant to provide clarity for inner conflict and larger issues, rather than daily advice.

Hans Decoz

The Cornerstone

This aspect of your Inner Reflection Reading reveals what is foremost in your subconscious.

Change is imminent and exactly what you need. However, true to the nature of transformation things could feel erratic or unsettled. You may be in a state of uncertainty as if caught in a holding pattern waiting for the clarity and vision that will determine which direction to take.

However, you should not wait so long that your choice of options renders you confused. Work on becoming more confident in your plans and don't doubt your ability to choose the right path. Chances are you already know which direction to take.

Perhaps something comparable to a fear of heights is holding you back; sometimes the promise of reaching a new level can be daunting. Just remember to believe in yourself and choose the course you feel holds the greatest promise.

The Key

This section focuses on a central concern, usually an obstacle. The issue is often obscured and hence difficult to overcome. This reading hopes to shed light on the hurdle, which is the first step in overcoming it.

This is a time when much of your success will depend on your ability to effectively convey the direction you wish to take and what you hope to achieve. The numbers you chose suggest you may be projecting one face to the world when you actually feel something quite different. This causes confusion for others as well as yourself. Aim to find clarity and to become a truer version of yourself.

The Hidden Key

This is “the squeaky wheel” within your subliminal mind. It is there, it is making noise, and it will continue to irritate you until you satisfy it.

You are feeling restless and impatient. You may question the direction your life has taken and feel somewhat trapped in your current circumstances. The positive side of frustration and discontent is their ability to inspire us to reassess our options, even forge a new direction. This could be a good time to take a chance and try something new.

However, keep an eye on your finances and don't be too impulsive. Do your homework and think things through before making your move.

You may feel that too many people rely on you or control your life. Or perhaps they just demand too much of your time and effort. Although you want to be involved and to care for others, you also feel the need for time to yourself. Because friends and family are a high priority right now, you could feel even more frustrated before things change. And you may have to wait awhile before you can indulge your needs and desires.

The Capstone

This section of your Reflection Reading reveals inner conflict or uncertainty. The issue is most likely something you are aware of but may not have dealt with. Chances are you have not yet discovered a way to handle it. This reading does not offer solutions; suggestions to help you overcome the conflict are given in later chapters.

You have a deep desire to strengthen ties with your family, friends, and community. You feel closer to the people you care about and your sense of responsibility and loyalty is stronger than ever.

At the same time, Anthony, you feel somewhat disconnected from those around you – and may not understand why. This makes you feel

uneasy. Your capstone indicates this contradiction is, ironically, a result of the high value you place on your social bonds. It is a common and natural response that when something becomes vitally important, the fear of losing it also increases.

You would benefit from establishing a more methodical and disciplined approach. Use it to lay a strong foundation for yourself and your loved ones. Otherwise, you may feel at the mercy of changing circumstances that seem out of your control. Concentration, a sense of purpose, discipline, and applied effort are keywords at this time in your life.

It is time to deepen your knowledge and skill in a specific discipline, in a talent you already possess. Procrastination or a lack of determination could be preventing you from experiencing the satisfaction that comes with expressing your true potential.

Challenges

The following section reveals weaknesses or shortcomings that can be obstacles to your success and happiness. These obstacles are often highlighted by events or circumstances that aim to bring them to your attention.

It is possible to have more than one Challenge, and it is not uncommon to have a Challenge appear that seemingly contradicts a strength you possess. It is similar to a person who is organized and efficient at work, but whose home is disorderly. It is up to you to recognize where the Challenge applies.

Occasionally, a challenge points to a temporary physical weakness or health problem you may be susceptible to.

You are overly sensitive and self-conscious, too concerned with the opinions and expectations of others. You suppress your individuality and uniqueness to avoid being conspicuous or appearing obstinate.

A 2 Challenge sometimes appears when there are problems with the stomach and digestive tract.

You are your own worst critic. Doubts about your ability suppress your individuality and creativity, which keeps you from making the impression you wish to make (giving you one more reason to criticize yourself). As a result, you tend to play it safe by staying on the surface, indulging in superficialities.

A 3 Challenge sometimes indicates issues with the throat and lung areas.

You are not fully accessing your personal power, inner strength, or independence. To address this, circumstances may arise that ask you to stand up for what you believe in – as if life is challenging you to prove what you are made of. Some confrontations could be unpleasant. Work on becoming more confident and individualistic. Trust your judgment; don't run with the crowd.

A 1 Challenge sometimes indicates a weakened immune system.

Pinnacles

Your subconscious selection of numbers points to strengths or specific talents you can use to improve yourself and your circumstances.

This reading is similar to the Pinnacles in your Personality Profile. It offsets, fully or in part, the challenging demands of the previous chapters. You can have as many as four Pinnacles in place, or as few as one.

Your ability to handle finances and business matters is enhanced. A growing sense of stability and centeredness makes you even more goal oriented. This is a time of material growth, expansion, and reward. Your

sound judgment and vision are more apparent and noticed by others, which could bring new opportunities.

Your challenge during this time is to maintain a hold on your values. It is not uncommon for people going through a period of self-empowerment, with success within reach, to focus too much on personal gain.

This period is ruled by the 8, a number with a strong karmic influence that can turn on you if you lean too heavily in the wrong direction.

This is a period when you identify with a project or goal larger than you and find an opportunity to become involved. There will be an element of self-sacrifice associated with it. To some degree, you need to subordinate your personal priorities to this larger cause. This is a great opportunity to find contentment, satisfaction, and pride in your accomplishments. But is also a period when you find yourself pursuing a path that is not necessarily valued in the eyes of society.

This period brings a heightened sense of style and beauty. Latent artistic talents you possess are enhanced and brought to the surface – or you may be unexpectedly drawn to the arts as a benefactor or patron.

You are entering a period of sensitivity, intuition, and insight. It is a time that requires patience and the development of inner awareness. You possess the gentle power and persuasion needed to obtain your desired goals. Through experience you have learned that confrontation and aggression usually work against you.

Your insight into other people's feelings and motivations is acute; you quickly see right to the core of things. Use these gifts to mend rifts and create harmony. Your appreciation for beauty and harmonious environments will deepen during this period. You will have an increased interest in the arts.

Overview And Conclusion.

The following short conclusion exposes the most revealing but hidden forces behind all other aspects of your current state of mind. These deeply rooted forces are subject to change. They often take several weeks, but it is not uncommon for them to take a few months or even a year to shift.

This reading reflects your subconscious understanding of who you are and where you are going. No one has the ability to delve more deeply into your psyche than you do. Take this opportunity to review your mental, emotional, and spiritual outlook.

Keep in mind that this perspective is the Subconscious You providing insight for the Conscious You. Analyze your circumstances and issues; take time to recognize what fits and what doesn't. Most importantly, try to look into this mirror objectively, with an open mind.

The foundation of your life feels shaky, Anthony, when the 4 is found in first place. You are in need of a stronger, more reliable base. To accomplish this you will need discipline and organization. Your energy and resources are being scattered due to inefficiency and a lack of structure.

This is a time to make a determined effort to better manage your time and resources. There is potential for growth and progress, especially in work and finances, but you will need to apply yourself with focus and clarity to take full advantage of this period.

5 In second place: Freedom to live your life as you want is key to your current state of mind. You recognize the importance of considering your responsibilities when making decisions about your life, but have not honored the responsibility you have to yourself. It may help to remember you can only be a source of happiness for others when you too are happy and content.

It has been some time since you gave time to your own needs and desires. It is time to change that.

ANCESTRAL INFLUENCES

FOR SURNAME:

JOHNSON

About This Report

Your personalized Ancestral Influences Report analyzes your given name at birth and the name of the ancestors you choose to explore. Last names are an important part of your Numerology chart. They add letters and numbers to your Karmic Lesson and Hidden Passion charts and are the sole influence of your Spiritual Transit. This Transit is an important cycle reflecting your inner/spiritual evolution and that of your forebears. Your Ancestral Report provides a glimpse into characteristics you have inherited from those who came before you.

Ancestral Influences and Numerology; Your Ancestral 'DNA'

Numerology is an ancient system for studying patterns and cycles. One such pattern demonstrates the enduring influence of the last name carried from generation to generation. A family name can remain unchanged since its origin. However, it sometimes loses or gains a letter or two or is altered entirely due to changing circumstances, such as immigration. These changes are reflected in your ancestor's evolutionary path. When their name changed, their lifestyle, environment and personality did as well. These traits are a component of your family's evolving ancestral "DNA" passed down through the years.

In most cultures, children adopt the last name of their father, and an in-depth analysis of this name can be quite revealing. However, to complete the ancestral picture, the mother's maiden name (on both sides of the family) is just as important. Looking back through both branches of your lineage will help you detect which side of the family you resemble most closely, and which traits you share. In short, you are at the end of a long line of predecessors, having inherited a wide range of characteristics. Your name and the names of your ancestors reveal centuries of accumulated energies and influences that are part of your makeup today.

Examining Names

A name can be mined for sources of insight in a variety of ways. We consider the sum of the vowels, the sum of the consonants, and the sum of all letters combined. Additionally, each vowel and consonant is examined separately and in the order of appearance. Information is also gleaned from the absence of certain numbers as well as those appearing most frequently. The Spiritual Transit cycles provide valuable information as well. Every ancestor who carried your last name went through the same Spiritual Transit cycles during the same ages you did.

The custom of a woman assuming her husband's name has a considerable impact on her personality and experiences. In doing so, she quite literally surrenders part of her identity and inner/spiritual path. This does not necessarily create discord and often affects the relationship positively. However, it is something to think about if you are contemplating marriage or divorce. Considering the effect a name imparts, a divorced woman might consider reclaiming her maiden name to recoup the part of her identity forfeited during the marriage. The decision to adopt a partner's name requires the same forethought for same sex marriages.

Let's move on to your reading.

Ancestral Influences Report for the surname JOHNSON

Sources of Strength, Survival and Stamina

To understand your numerological "DNA" it is important to recognize that each aspect analyzed is focused on a specific facet of your ancestors' makeup. For example, in one chapter you might learn some of your ancestors likely lived on the darker fringes of society, while the next chapter suggests an innate desire for honor and justice motivated many of their choices. While this appears to be a contradiction, it probably isn't. Think of it as the "Robin Hood syndrome" where thievery and honor occupy the same heart; we all possess contradictions in our personality and the approaches we take to various issues.

This chapter centers on the dominant source of strength that helped your ancestors survive and prosper.

You will probably find a wide variety of different types of people among your Johnson ancestors, but a common thread runs through most of them - they were unconventional and unlikely to accept the status quo. This name suggests your predecessors were innovative, took risks, and often found themselves on the fringes of society. If they were teachers, they might have taught outside accepted norms, possibly to their personal disadvantage. If they were carpenters, they would have designed and built unique, cutting-edge structures. Even those in the military would have proposed daring, innovative strategies. Regardless of their career, this dynamic influence tells us a number of your ancestors did not adhere to the strictures of their time.

Your Ancestor's Motivational Drive

This aspect describes what your ancestors were attracted to and motivated by.

It is likely that many of your Johnson ancestors became artists and artisans of some caliber. Their overwhelming motivation was the need to create and produce beautiful things that would enrich the lives of others. Many were quick-witted and verbally gifted. This probably helped them acquire financial support since throughout the ages artisans and artists have needed a patron's backing. However, a lack of follow through is also reflected in your ancestors' name, suggesting some may have died disillusioned or in reduced means.

Dealing With Difficulty

The following chapter reveals what can best be described as your ancestors' fortitude – the ways they dealt with adversity, obstacles, illness, or poverty, or simply how they held fast against the tide of changing circumstances. These characteristics helped your ancestors overcome odds many could not, and were a determining factor in the choices they made and lifestyles they adopted.

Your ancestors were survivors and often saved others as well, often by recognizing danger early on and finding ways to adjust to it, or avoid it. They were not so much heroic and confrontational as they were diplomatic, tactful, and smart. They knew how to stay below the radar only to arise as soon as their adversaries looked another way. The women among your forebears with the last name Johnson were often in charge or played roles generally not given to women of that time period, and it was their resilience and humility that usually saved the day.

A Shared Passion Among Your Ancestors

This section reveals a specific trait or dominant quality held by many of your predecessors. Although this report is built using the last name only, it reveals one area where a characteristic was likely shared almost

universally among all with that surname, regardless of the first and middle names.

The one common trait that runs through this particular line of your ancestry is a kind of warmth and charisma. Generally short and chubby, they were, almost without exception, loved and highly valued by their neighbors.

Careers and Talents

This section reflects attributes or a mindset that likely attracted your ancestors to a particular profession. Although other variables in the chart may have altered these influences and lead them to different choices, they probably had some interest in the trades and professions mentioned below. Let's take a quick look at the key qualities and attributes reflected in your predecessors' last name.

Street-smart and goal-oriented. Your Johnson ancestors would have done well in business, banking, government, the army, or as landowners/landlords.

Weakness, Challenge, Triumph

This chapter looks at a probable weakness that was relatively common among your ancestors. It would have been necessary for them to overcome this shortcoming to be successful in life. Keep in mind that this is a negative influence, and not every predecessor was affected by it. This aspect is often diminished or completely eliminated if a first or middle name balances it.

A lack of self-confidence, independence, and individuality, plagued many of your ancestors with the last name Johnson, particularly in their earlier years. Many of them were either exceedingly aggressive, if not

violent, while others were non-confrontational and seen by their peers as cowards - it was either one or the other.

The lesson all your ancestors had to learn was to be courageous, stand on your own feet, and stand up for your rights. Chances are that you too have been forced to stand up for yourself and your rights when you were young, and that doing so was like a test of your personal strength. You have found yourself in situations in which you had to choose between standing up for what you thought was right versus giving in to another person's demands. Like many of your ancestors, you will have to learn to be firm and trust your judgment. Don't run with the crowd, be an individual. You share this challenge -- to some extent, depending on many other numbers in your chart -- with your ancestors. Therefore, you will have to experience much trial and error, sometimes exploding with bursts of aggression, other times being intimidated and letting frustration and anger build within you.

Some, if not most of your ancestors, eventually overcame this challenge once they found confidence and comfort in who they were, thereby overcoming the need to prove themselves through confrontation and aggression.

How You Compare With Your Ancestors

This chapter looks at your name's numerological traits compared to those of your ancestors. Your ancestral influence rating is divided into four categories: Very High (16 through 20 points), High (11 through 15 points), Average (6 through 10 points), and Low (1 through 5 points). The ancestral influence rating shows how closely your traits resemble those of your ancestors. These results are neither good nor bad, but simply another way to identify your 'genetic code' similarities to each ancestor.

Anthony, your connection to this line of your ancestry is not very strong. On a scale of 0 to 20, the compatibility rating with your Johnson forebears is between 6 and 10. Similarities exist but are not all that

dominant in your personality. It is likely that your personal traits match a different branch of your family tree more closely. Keep in mind this comparison is a very small part of your makeup; your full name at birth and your date of birth hold much more weight and offer considerably more insight into who you are.

NAME ADVISOR FOR BUSINESS

(You can make up to 24 Name Advisor reports per year.)

What the Name Analyzer for Business Can Do For You

Have you ever noticed how a name often perfectly reflects the personality of the individual? Can you imagine the actor John Wayne as Eugene Wayne or Marion Morrison (which was his given name)? Just as actors choose a stage name to convey a certain persona, advertisers spend countless hours inventing and testing names to appeal to the desired demographic. When a corporation prepares to launch a new product, they hire teams of copywriters, PR experts, even psychologists to find a name that inspires confidence, excitement, or feelings of security.

The Name Advisor for business analyzes the influence a name has on the human psyche. It is less concerned with the actual qualities hidden in the name than it is with the way the name is perceived when others hear it. The Name Advisor suggests the impression the word leaves when we hear or see it. Use it to help you chose the best name for a product, business, or other venture.

HOW IT WORKS

We analyze a name using three sets of letters: the vowels, consonants, and all the letters combined (the main impression). A name is not unlike a musical score. The consonants carry the piece, the vowels deliver the high notes, and together they create a sound that delivers a feeling, an

impression, an atmosphere. As it is with music, a certain name may work well in one setting, but not in another.

The first text below describes the main impression people feel after viewing or hearing the name in question. This is followed by the lesser impact of the consonants and vowels. If the main influence of your name has the potential to be overly aggressive, for example, the vowels or consonants might lend a gentle, cooperative energy that can mitigate its combative nature. Conversely, just the opposite might be true.

HOW TO USE IT

When you read your report, make sure the description is suitable for the product or business you are naming. For example, if you are starting an accounting firm, look for a name that reflects dependability, trustworthiness, and stability, even if that name is also labeled as boring and rigid. If you are opening a sports or camping store, look for a name described as bold, dynamic, risk-taking, and freedom-loving.

Notice that each report concludes with a list of businesses or careers particularly suitable for that name. This gives you a general idea of how well the name will fit for a similar product. If the name fits a sports business, it will also be favorable for a fitness product.

Every description includes qualities that are not ideal, but if you know your market you should be able to find a name that presents your endeavor in the best possible light. I wish you great success.

Name Analyzer for People

There are many reasons you might want to analyze a name - perhaps you are considering a name change or are expecting a child. In any case, it is important to recognize that the name you choose is only one part of the picture that determines who you will become. A name is not unlike a blueprint. It reveals the talents, shortcomings, likes and dislikes (and a wide range of other traits) that were gifted on the day you received your name.

Although your name may remain unchanged for decades, you evolve and change over time. This evolution begins with your date of birth. If a name change takes place later in life, it alters some of the traits and characteristics of the individual going forward, but the birth date and original birth name will continue to have the greatest impact. In short, your name is YOU; your date of birth is YOUR PATH. Intertwined and codependent, every building block in a personality's DNA has the potential to change or disappear entirely, just as a missing quality can be learned or unlearned.

HOW TO READ THIS REPORT

No name is perfect. What you should look for are the specific strengths and talents you hope will benefit the person receiving the name. Or conversely, you may want to avoid traits you feel are particularly detrimental to your health and happiness. If the name you are analyzing

is for an unborn child, the report will only describe personality traits as reflected in the name you choose. Although it will be an incomplete picture (since the date of birth is unknown) it will still be a specific and detailed reading of the person about to be born.

The full name at birth describes their Personality, Hearts Desire, and Expression. If the child has already been born, use the Name Advisor to try a range of names. Once you have narrowed your choices, you may want to follow up with a complete Personality Profile. The Profile combines the name and date of birth, so it is considerably more expansive and in-depth.

If you are considering a name change for yourself, the Name Advisor provides opportunities to try several names and variations. However, choosing a new name is not unlike buying a suit; it needs to fit. It is less important to find a name with a specific quality than to find one that suits you and feels comfortable to the person you know yourself to be.

**Name advisor analysis for the name
PETE VAN DER HEIDE**

HE HAS A 6 EXPRESSION

A man with a 6 Expression is a loving and caring man who puts the needs of others before his own. He is responsible and trustworthy with a high regard for justice and honesty. Duty will follow him all his life, which could feel burdensome at times.

He is sensitive to the problems of others and is often ready with a creative solution. His natural ability to comfort others can smooth hurt feelings like a healing balm. He attracts love and appreciation – and rightly so, as he gives the same in return. He is recognized as an idealist, mainly in the way he relates to marriage, friendship, and humanity.

Due to his gift for harmonizing opposing forces, he is uniquely qualified to handle and integrate contradictions within himself. It is also the reason 6's frequently find themselves in the role of healer or counselor, creating peace between conflicting points of view. He makes an outstanding teacher (especially in early and special education), social worker, psychologist, artist, designer, gardener, florist, or farmer. He is also a talented businessperson, especially in fields that involve other people. He works methodically toward the realization of his goals.

He is artistic; harmony and beauty are high on his list of priorities. He is highly creative in all areas of life, particularly the visual. He also has musical talent, and a natural gift for working with gardens, animals, and design. However, the creative abilities of the 6 are sometimes left undeveloped or suppressed due to their tendency to sacrifice time and pleasure in the service of others.

His love of children has caused numerologists to dub him the Cosmic Father. The very shape of the 6 symbolizes "Pregnant with Love." He is responsive to the needs of others, but he must be careful not to

become intrusive or meddlesome. The 6 is the most loving of all numbers, but it also displays the greatest contradictions. Although he is understanding and compassionate, with sincere intention, he can also be meddlesome and stubborn about getting his own way.

The practical, loving, creative 6 finds his greatest happiness when surrounded by friends and family.

HIS HEART'S DESIRE IS 8

The ambitious 8 desires success, wealth, power, and material comfort. He dreams of grand projects, great undertakings, and rewards. He is a visionary who sees the horizon and the promise. Although he is not great with details (others should handle the day-to-day aspects of a project), he has the understanding and skills to realize his goals.

His challenge is to make use of the full spectrum of his abilities, as indicated by his other core numbers. In the same way, he must inspire the best from others and steer their talents toward the realization of his vision. He is an excellent leader, who personally sets the standard of commitment, determination, and excellence. He will meet with obstacles where his courage and perseverance are tested. Courage is essential to the 8. He is bound to take on immense challenges, but he has the ability to overcome every obstacle.

He has a creative mind and an unusual approach to business and problem solving. It is essential for him to be involved in challenging projects that offer the potential for reward. When he is not occupied with a worthwhile task, he can become frustrated and depressed. He is a perfect example of the saying, "Idle hands are the devils workshop." Without a goal he loses balance and can become selfish, cruel, or self-destructive.

His central challenge in life is to use power in conscious and beneficial ways. The expression and use of power are directly related to his personal evolution. The less evolved man expresses power through violence or the threat of deprivation. Those with higher aspirations care for and nourish the people in their charge. He has chosen a path that requires a delicate balance between giving and taking, reward and punishment, action and reaction. Fortunately, the 8 has a natural talent for balancing the spiritual and material planes.

A balanced 8 is among the most powerful and satisfying of numbers. It is the spirit of the true survivor, able to bounce back from adversity and achieve even greater victories.

HIS PERSONALITY IS A 7

The 7 seems mysterious and unusual. People know him as serious, studious, highly independent and self-sufficient. His exceptional intelligence and wisdom are quickly noted; people respect him. He is not one to attract others by his warmth or compassion - though he may be loaded with both - but due to his obvious insight into life's mysteries. He is not easy to get to know, and can seem aloof and withdrawn. He has the makings of an intellectual and aristocrat, but he must guard against arrogance and feelings of superiority.

He appears dignified, regardless of his dress, but a well-groomed 7 with a touch of dash has an advantage. His confidence increases when he knows he presents himself well. His love of knowledge and wisdom is apparent. Many 7's are recognized as spiritual or religious, but he has his own (usually unconventional) views regarding Life and Spirituality. He is an inspired speaker, but only when discussing subjects that interest him - he is not one for idle chatter.

HOW HIS NAME NUMBERS STACK UP

The core numbers from his name are tightly grouped. He has a 6 Expression, 7 Personality, and 8 Heart's Desire. In this combination, his Personality number takes a more dominant position than is normally the case. (His Personality is the side of him he presents to the world, his "facade," rather than the deeper inner reflection of his Heart's Desire.) In this configuration, the 7 is not only somewhat of an anchor, but also the number that gives depth - perhaps even wisdom - to the practical, realistic, even numbers in his chart. This combination is well balanced and fortunate.

His 7 Personality makes a thoughtful, intelligent impression, although he may also seem distant or withdrawn. "Hard to reach" is how some people might express their initial perception of him. The truth is, he feels connected to others and desire closeness and interaction in his day-to-day life. Intellectual, analytical, contemplative, and insightful, the 7 is the thinker and seeker of truth. Because his focus is often internal, he may seem somewhat aloof when, in fact, his heart is easily accessible.

His nurturing, sacrificing 6 Expression will be a good balance for his introverted 7 Personality. The 6 is the most loving number - committed, responsible, harmonious, and family and community oriented. It brings tolerance, compassion, and a rich emotional life to the mix.

There is also potential for discord in his core numbers. His 8 Heart's Desire suggests he has a tendency to be opinionated and inflexible at times. There may be occasions when the authoritative, overbearing, goal-oriented 8 blocks his caring 6 Expression and the unique intelligence of his 7 Personality.

The 7 gives him the ability to analyze almost any issue from a variety of angles and come to a well-thought-out conclusion. His challenge will be to recognize the value of this gift, and taking the time to do so.

His 8 Heart's Desire, like a tilting doll, stays upright in a fragile balance; one little push and it tips. But tilting dolls have a low center of gravity, making them swing back into balance. His worldview may be a little like that. The fear of losing his balance could make him defensive and attached to his ideas, even though he of all people has little need to worry about that. The 7 is his savior in this respect, as long as he gives it what it needs: solitude and time to study. He has a serious side, but it lives in the shadow of his dynamic, ambitious, move-over-here-I-come Heart's Desire. It is important that he nurture it.

On the other hand, the 8 is his ticket to success when it comes to his professional life. Ambitious, focused, and goal-oriented, it is the number for entrepreneurship and business. It is authoritative and fearless. Considered the most business-savvy number it is, surprisingly, also the most unattached to money and material assets. Instead, it is interested in growth (albeit material growth) and what can be accomplished with it. It views money as a tool, and uses it as such.

His Expression is the first number we consult when considering career options. His 6 Expression is an important element when deciding where his 8 Heart's Desire has the best chance of thriving and the career that will be the most satisfying. The 6 is loving, committed, caring, and sympathetic. Medicine, education, law enforcement, and politics are all fitting for the 6 and 8 combination.

He is romantic and generous. He has the skills necessary to be a good parent or caregiver. He should have no problem with long-term commitments and responsibility. However, it may be difficult, initially, to get past his socially awkward, sometimes eccentric 7 Personality.

HOW TO USE THE ADDRESS ANALYZER

There are two parts to an address: the name of the street, avenue, boulevard or other extension, and the numbers that pinpoint the exact house or apartment.

In the Numbers box, enter the house number and the suite or apartment number if applicable. For example, if you live at 1212 Van Buren, Suite 20G, enter 121220G in the Numbers box.

In the Name box, enter the street exactly the way you speak it, not per se the way you write it in an official document. For example, if you live on Van Buren Street, but you always say "Van Buren" enter only Van Buren. If you usually include the extension Street, Plaza, Boulevard, etc. include it here.

DO NOT USE ABBREVIATIONS FOR STREET, BOULEVARD OR DIRECTION: Type North or South instead of N or S, and Boulevard rather than Blvd.

Here are some more examples:

Actual address:
24 Market Square, apartment A
Enter **Market Square** in the Name box, and **24A** in the Number box

7700 Martin Luther King Boulevard, Floor 8, Suite E.
Enter **Martin Luther King Boulevard** in the Name box, and **77008E** in the Numbers box.

1400 11th Street, 3rd Floor.
Enter **11th Street** in the Name box, and **14003** in the Numbers box. (The order in which you enter the numbers doesn't matter, so 31400 would be okay too.)

User letters and numbers only. DO NOT include punctuation (hyphens, commas, dashes etc.)

How To Use The Phone Number Analyzer

The Phone Number Analyzer uses only the prefix and line number. Do NOT include your area or country code.

The prefix contains the numbers that come before your line number but are not part of an area code or country code.

The line number consists of the digits that form the last part of your telephone number – those that are exclusively yours.

If you live in one of the twenty-five countries or territories that use the NANP (the North American Numbering Plan), your line number will be the last four digits of your phone number. These countries include the USA, Canada, most of the Caribbean, and several other countries.

If you are from a country using a different numbering plan, enter the digits that are uniquely yours in the line number box. This could be anywhere from 3 to 6 digits.

The prefix of this number adds to 3. Creative, original, and playful, this is a good number for artists, musicians, authors, and people who wish to promote an upbeat attitude. Its inspiring, motivating, charismatic nature attracts others. The 3 tends to lack focus and direction, so it is not favorable for ambitious, goal-oriented, business-related endeavors.

The line number has a more powerful influence than the prefix. Your line number adds to 6.

This is the best possible number for families. Warm, caring, and protective, it strengthens family bonds and friendships. The 6 is creative and good for business. However, it sometimes indulges in gossip and can have a meddlesome nature.

How The Lost Object Finder Works

Every action you take and every observation you make, whether consciously or subconsciously, is permanently stored in your subconscious.

When a car passes by while you are talking to someone, the car may take up no more than a blur in your peripheral vision but it is recorded and stored nonetheless. This is the case whether you have a good memory or not. Your ability to retrieve such information is another matter entirely.

In theory, it is possible to remember a license-plate number at a much later date. In fact, retrieving memories is commonly achieved with the help of hypnosis. Numerology can help you take advantage of the vast amount of information your subconscious stores by offering you a unique retrieval system.

The way to tap into that source is by exercising your subconscious. Numerology does this by asking you to select nine digits. While not infallible, this age-old method has had surprising results.

It was displaced by the movement of water. You will find it when you least expect it.
