## **The Power and Limitations of Numerology**

Numerology is an art thousands of years in the making. Like any Metaphysical science, it hinges on the understanding that all things are interconnected. Your numerology profile analyzes the connection between the letters and numbers linked to you, revealing your talents, strengths, weaknesses, emotions, preferences, and a range of other qualities.

To use an analogy, think of numerology's nine single-digit numbers as nine tubes of paint, each a distinctly different color. Imagine you are a work of art painted by a master artist who used every color available to create your image. The depiction is unique and complex: a fusion of bright and subdued colors, shapes and shadows, light and reflection, subtle and bold textures. The deeper you look, the more you perceive and appreciate the many layers that makeup who you are.

A comprehensive numerology profile, along with your honest reflection, can be a powerful self-help tool in identifying underlying traits and new possibilities. The better you know yourself, the more control you have over life's changes and the greater your

potential for a successful, fulfilled life. Numerology is not infallible, nor does it promise to answer every question, but I feel confident you will find many things to contemplate in the following pages. You are unique, and so is your Profile. We hope you enjoy your reading.

## **Your Personality Profile**

Conventional numerology readings focus on two aspects of your chart: You and Your Future. Our Profile takes a different approach by adding a third angle, Your Path. Just as your DNA determines your physical body, a blueprint of your personality is an inborn part of you from the very beginning. Your Profile begins with insight gleaned from your name because that is where we learn WHO you are. It describes the talents, strengths, and other distinct characteristics you were born with. Just as your physical body grows and changes with time, so does your personality. Your personal evolution begins at the moment of your birth. From that point on, the choices you make, the goals you set, your environment, opportunities, challenges, the influence of others, and a thousand other factors alter who you become.

Your Personality Profile begins with an overview of the combined influence of the core numbers derived from your name: your Expression, Heart's Desire, and Personality. This has never been done before and is perhaps the most dramatic improvement in Decoz' latest work.

We hope you will take time to read and reflect on the information below. Many aspects become clearer with time and during subsequent readings. We wish you the best on your journey.

### How Your Name Numbers Stack Up

Tom, we begin by taking a quick snapshot, a look at the influence and meaning of the three core numbers derived from your name. Your Expression number is the sum of the value of all the letters in your full name at birth. Your Heart's Desire is the sum of the vowels. Your Personality number is the sum of the consonants. These three numbers are closely linked and influence one another.

All the numbers derived from your name reflect YOU. They are a blueprint of your talents, shortcomings, character traits, and other qualities. You should realize that this is a limited perspective. Later chapters focus on the challenges and opportunities you will encounter on your path, and attributes you may acquire as time passes.

This first chapter is like a glance from a distance, followed by three chapters that

*explain the meaning of each number in more detail. We will gradually build a more complete picture of the complex and unique individual you are.*

---

## **Your Core Numbers**

Tom, your Heart's Desire number is 9, and your Expression and Personality are both 4. Although the Expression number usually carries more weight, your numbers suggest the Heart's Desire traits are more defining. For example, if you have a friend who is organized and detail oriented, but has a very creative side, say she is a painter, you will probably view her as a creative person more than noticing her relatively dull traits. (The detail-oriented traits reflect your 4, and the creative aspects describe the 9.)

The 9 is a sophisticated, somewhat aloof number which some people misread as indifference (although this is far from the truth). It is your Heart's Desire number, or the "inner" you. It is compassionate, tolerant, and intelligent. You likely relate easily to people of all countries, cultures, and races. Learning multiple languages is a great advantage to those with a 9 Heart's Desire.

A prejudiced 9 is rare, which is why we find many of them in medicine and law. The 9 is drawn to large institutions, projects, and corporations. Your Heart's Desire number describes what you like and dislike, and reveals what makes you truly happy. A 9 in this position indicates you will likely be most comfortable in this type of environment.

You have additional influences as well. Your 4 Expression describes your talents, abilities, and shortcomings, especially as they relate to your career and productive life. Your 4 Personality is the aspect of your character others notice when you first meet. It is your "outer" more surface reflection. Carrying a 4 in these positions makes you disciplined and well organized. The 4 is a careful planner who can work toward goals in a patient, methodical manner with absolute determination. You probably like to control everything down to the smallest detail, and have your future meticulously planned out.

In combination, the qualities of your 9 Heart's Desire and 4 Expression produce a complicated individual with a tendency to be underestimated. It may be difficult for people to get to know you, because the 4 can be a little stodgy and dull socially, and

the 9 is a bit aloof. The combination can create distance. With awareness of this tendency, you can make an effort to connect with people on the deeper level that you possess, but do not easily reveal.

The 9 also has a creative, artistic side, especially with combining colors, textures, and materials. Architects, fashion designers, furniture makers, ceramicists, landscapers (a particularly good fit for the earthy 4) and those in construction often have the 9 in a prominent place in their chart. In your case, with the focused and grounded 4 in two places anything that requires working with your hands, from surgeon to hairstylist, will suit you. Find an activity that is repetitive and routine to keep you centered, but something that is also creative. This could be part of your profession or a hobby.

In your personal life, romantic relationships may be a challenge. Not only do people tend to misread you, your expectations might not always be realistic. (You may feel you can give more than you actually can.) However, once a relationship is established, whether romantic or platonic, it will likely be for life.

### **Your Expression Number**

*Your Expression number, calculated from your full name at birth, reveals the orientation or goal of your life. Some numerologists refer to this as your Destiny number because it represents a lifelong target at which you are aiming. Thus, the Expression number, to some extent, reveals the person you aim to be.*

*Your Expression is the most influential of the three characteristics that make up who you are. It is also the number with the most influence on your choice of career, although other aspects are important as well.*

**Your Expression is 31/4**

You are the bedrock of society, the foundation of any enterprise. You are an organizer and manager. Your approach to life and to problems is methodical and systematic. You are a builder and a doer. You turn dreams into reality. You possess a highly developed sense of structure. You enjoy management systems, and can carry out your well laid plans. You are not the type to embark on any trip without a map.

You take your obligations and those of your family quite seriously. As a result, you are reliable and responsible. You enjoy seeing a project through from start to finish, but can become too narrowly focused. You put your nose to the grindstone and have a tendency to become a workaholic. You are driven by contempt for all that is unstable, insecure, and unpredictable. You distrust the unconventional, preferring instead the tried-and-the-true. But this can make your endeavors move slowly and cause you much frustration, especially with the apparent limitations of your resources. At the same time, concern for the limitations of your resources causes you to be careful and cautious, shutting you out from possible shortcuts and creative solutions provided by more daring people around you. It is important that you recognize restrictions for what they are: guiding forces that are testing and directing you toward your goals. Your challenge is to be more imaginative and to attract more creative people into your life who can advise and inspire you.

In relationships, you tend to be somewhat moralistic. You are extremely honest and sincere. You have integrity and are trustworthy, but can also be rigid and stubborn. Don't let your strong likes and dislikes overrule your common sense and compassion. Be more understanding of others' shortcomings.

Because you tend to focus on details, you can fall into a rut and become a little dull and overly serious. Often, people born with the 4 Expression need to lighten up and have more fun. You have a keen eye for detail. You have great stamina and can work conscientiously and persistently toward your goals. This eventually brings you success and standing in your community.

In your conservative and careful way, you are good with money. You are very conscious of the balance between income and expenditures. You can limit your expenditures; saving money is important to you.

You are a surprisingly good parent, and love to be involved with children. Somehow, you relate a little more than others to the innocence of children, perhaps seeing a good deal of yourself in them. You, too, are idealistic and respect the simplicity of children.

Many accountants, bookkeepers, government officials, managers, and lawyers are born under the 4 Expression. You can be attracted to the arts and music, but will likely bring your love of structure and order to any artistic field. Classical music and opera are particularly appealing and inspiring for you.

### **Your Heart's Desire Number**

*The Expression number described above points to a more productive side of your life. Your Heart's Desire reflects a deeper, inner you; it suggests an underlying urge, your true motivation, and the general intention behind many of your actions. It reveals the environment and lifestyle you prefer, as well as your likes, dislikes, and the type of people you are drawn to. Consequently, it dramatically influences the choices you make in life.*

*It makes sense that the vowels of your name are the foundation for your Heart's Desire. Vowels are the peaks and valleys of a language. Notice how vowels leave your mouth in a free-flowing breath. Try it: Aaaa.... Eeee.... Oooo.. Consonants though, are cut off either at the beginning or in the end. You might say that it is in the flow of your breath that you express your deeper self.*

### **Your Heart's Desire is 18/9**

You want to be of service to the world. Your deepest satisfaction comes from knowing that you have advanced the cause of humanity. Your ideals are of the highest order. You are a perfectionist. You strive to make the world a utopia; to make each person's

lot in life better; to become perfect yourself. One of your challenges in life is to strive toward your lofty goals and at the same time recognize the good you are doing.

You like and are fascinated by people from all walks of life. Human nature is a lifelong study for you. You are highly intuitive, but not an especially good judge of character. You are a bit naive, as well, thinking perhaps that all people have the same values as you. You dream of having the resources to immediately relieve the suffering of others, whether it is economic, physical, or psychological. You are gifted with a good mind and a great deal of wisdom, which makes you a natural teacher, counselor, or healer.

As much as you desire to be of service to others, you also crave fame and the approval of the masses. Much of the energy you expend in life is directed toward putting yourself before an audience, most often as a salesperson whose product provides some social good; as a philanthropist; or an artist. You are attracted to the arts as a vocation, especially as an actor, photographer, or writer. But whatever your profession, any involvement in the arts, even as a hobby, will provide you with a deep and lasting satisfaction.

Secretly, you dream of having a big impact on the world. Others may see this as egotism, especially when you are still young. But your concern for others is genuine. You must apply yourself in this direction in order to become psychologically whole and personally satisfied.

Your vision is on the crowds of people, which can cause you to overlook the needs of those closest to you. You need personal love as well, but have a tendency to put your needs in the background. Still, you are a loving person, and only need to be reminded to direct and demonstrate that love to those nearby. If, however, you are focused exclusively on the masses, people will perceive you as distant and a bit aloof.

You are emotional, and sensitive. You can also be moody and critical. You have high expectations for yourself and others. This can cause you much anger when your expectations are unfulfilled. One of your most important life lessons is to forgive.

Because you are striving hard to attain high ideals, you may think of yourself as superior

to others. Arrogance is a trap many 9s fall into. The danger is that arrogance cuts you off from the thing you love the most: people. Your happiness and contentment are therefore highly dependent on the ease with which you are able to serve and influence mankind.

It is the paradox of your Heart's Desire that you receive by giving. Both your material success and spiritual satisfaction are made possible through service and sacrifice to others.

---

### **Your Personality Number**

*The consonants of your full name at birth are the foundation of your Personality number, which is a little like a narrow entrance hall to the great room that is your true nature. It's the outer layer of your personality, the part you feel more or less comfortable sharing. With time and trust, you invite others into the deeper aspects of your nature.*

*Your Personality number serves as a censoring device in terms of what you send out, as well as whom and what you allow to approach. For this reason, your Personality is usually much more narrow and protective in its definition than the real you. It also gives an indication of how others perceive you.*

### **Your Personality number is 13/4**

You radiate reliability and consistency. People trust you and feel secure with your judgment. You are seen as a cornerstone of a business and are relied upon to do your work efficiently and expertly. You have strength and respectability. You tend to dress in a utilitarian manner, concerned mostly with convention, practicality, durability, and price. You present yourself as someone who values correctness, control, and precision.

All of this stems from the fact that your most prized characteristic is your work. You want to be judged on the basis of your performance, rather than your appearance. You are frugal and have learned to respect a dollar. You are concerned about the security of

your future and those you love. However, this may appear to others as a bit too austere.

You tend to wear earth colors and conventional attire. You could benefit by putting a little flair in your dress. Wear more uplifting colors. Loosen your dress with less severe lines. If you wear a brown suit, include a bright tie or some jewelry.

You are a family person. You love the intimacy, consistency, and the security a family provides. You are a good provider and protector. But family members may take your efforts for granted.

Tom, you are a true patriot. You love your country and are an integral part of your community. Your consistency and adherence to your well-laid plans usually pays off in a comfortable and secure future.

---

### **Your Heart's Desire and Personality Bridge Number**

*A Bridge number is based on the numerical difference between two closely related aspects in your chart. It is the gap you need to "bridge" in order to create a more harmonious bond between the two areas.*

*The following Bridge number connects your Heart's Desire and Personality numbers. It suggests things you can do to help your deeper self be more closely aligned with your personality, the "outer" you that is apparent to others.*

*With a little exaggeration, you could say that your Personality number is somewhat like your mask; it's a more superficial aspect you reveal to the world. You can imagine how much more comfortable and less inhibited the experience of life becomes when you can align your authentic self with the personality you show to the world.*

### **Your Heart's Desire/Personality Bridge is 5**

You need to be more flexible and adaptable. Be willing to go out on a limb; be adventurous and unconventional. Be tolerant and flexible. Accept changes. Rigid ideas and dogmas may keep you from reaching out and following your dreams. Make freedom a high priority in your life.

---

## The Path You Are On

*If there was ever a moment of transformation, it was the moment of your birth. In that instant, you stepped into a new reality - the reality of human life and human consciousness. Even at that moment you were a person with your own unique character, as unique as your DNA.*

*The previous chapters focused on YOU, the person you are, as revealed in the letters of your name. It is now time to look at your Path, the road you walk through life, using the numbers found in your date of birth.*

*Your first breath marked the beginning of your journey on the road we call your Life Path. It makes sense, then, that the most important number in your numerology chart comes from the date of your birth.*

*Your Life Path number gives a broad outline of the opportunities, challenges, and lessons you encounter throughout your life. It also reveals the strengths, specific talents, and characteristics you were given to help you overcome challenges and evolve into the best you can be.*

---

### Your Life Path Number

*Your Life Path number is considered the single most significant information available in your Personality Chart. It is derived from the total of all numbers found in your date of birth. However, it is important to keep in mind that the aspects described in the next few chapters will either complement, supplement, or sometimes weaken the attributes revealed in numbers derived from your name.*

## Your Life Path is 19/1

You are a born leader. You insist on your right to make up your own mind; you demand freedom of thought and action. You have drive and determination. You don't let anything or anyone stand in your way once you are committed to your goal. You assume the responsibility to be the protector and provider for those you love. You demand respect and attention and become irritated and even domineering when important things do not go your way. You need to feel in command of important undertakings, and resist supportive roles. You seek the forefront and the limelight. You are very concerned with your status and foster the appearance of success and self-satisfaction. The need to appear well off propels you to strive for growth, success and the finer things of life.

You are exceptionally creative and original and possess a touch of the unusual. Your approach to problems is unique and you have the courage to wander from the beaten path. You can be impatient with your shortcomings and those of others.

You should watch out for selfishness, conceit and the over-concern with appearance. You must guard against overzealous behavior, anger and aggressiveness. If these qualities are not brought under control you could become excessively domineering, vindictive and even violent. You perform best when you are left to your own devices. Ideally you should own your own business and be your own boss. Hold fast to your life's dream and work with the determination you possess to realize it. You can become overly stressed by your driven nature. Be careful about the food you eat and maintain an exercise program you enjoy. Competition sports are often a healthy outlet for a person with your drive, particularly sports involving running and swimming. Don't let pride and overconfidence be your masters. Remember, your talents and abilities are a gift from a higher source, which should promote gratitude and humility, rather than pride and conceit.

More often than not a person with a 1 Life Path will achieve much in life as long as the drive, creativity, originality and pioneering spirit are fully employed!

Your Life Path number is 1, based on 19 ( $1 + 9 = 10$ ,  $1 + 0 = 1$ ), which is a Karmic Debt number. (The 13, 14, 16, and 19 are Karmic Debt numbers.) Although identical in many

ways to the Life Path numbers 1 and 10, the person with the 19 Karmic Debt will learn independence and the proper use of power through trial and error. You will be forced to stand up for yourself, and often be left to stand alone. Difficulties will be faced and overcome through personal struggle. One of the central lessons for people with the 19 Karmic Debt is that you stubbornly resist help. Much of your independence is self-imposed; you simply don't want to listen to others, or accept the help or advice of others. Your 19 Karmic Debt can become a self-imposed prison if you do not open up to the reality of interdependence, and the mutual need for love.

The most important lesson for the 19 Karmic Debt is: While you seek to stand on your own feet, you are still a human being, deeply connected with others and in need of the support, assistance, and human understanding that all people need. Those with the 19 Karmic Debt will learn the hard way that "no man is an island," and that we are, indeed, "all bits of the main!"

### **Your Birth Day Number**

*The day you were born is found inside the diamond-shape in your personal chart, and bears great significance in understanding who you are and where your talents lie. Your day of birth indicates special talents you possess. It gives us an indication of the approach you will take toward the goals, opportunities and obstacles you encounter on your Life's Path.*

### **Your Birth Day number is 3**

You have a highly-developed creative talent. You are an artist at heart. You could excel in writing, visual, or performing arts. If you are not professionally involved in one of these areas, you should consider taking up art as a hobby. You are highly-imaginative, quick-witted, and possess the gift of gab. You have great enthusiasm. Others find you inspiring and charming. You are a wonderful salesman. You are friendly and sociable,

affectionate and loving. You possess a good deal of charisma. You can also be moody and subject to rapid ups and downs.

You have a fine sense of harmony and art in everything that you do -- from your dress to the way you decorate your home. You have a gift with plants and flower arranging. Be careful not to waste time and energy on trivial matters. Keep your long-term priorities in perspective.

---

### **Your Life Path and Birth Day Bridge Number**

*Your Life Path and Birthday numbers are closely connected and influence each other. This Bridge explains how you can make the connection between them more harmonious.*

### **Your Life Path/ Birthday Bridge is 7**

Your Life Path and Birth Day numbers indicate that few things hamper your progress as much as becoming overly emotional. Feelings are the most valuable aspect of being human and they should not be stifled. However, when they become a burden to the extent that they obscure your clarity and ability to function, it is necessary to moderate your emotions. This is particularly important for people who have a 7 Bridge, as you do. You will make better choices and encounter fewer obstacles if you take a more analytical approach to events, opportunities, and challenges— even those that are personal. When making practical decisions, try to distance yourself from your emotions.

---

### **Your Challenges**

*You face four specific Challenges in your lifetime. For many of us, the same challenge is repeated, while others have four distinctly different lessons to learn.*

*These Challenges place you in situations that require you to face the particular lesson at hand. This provides an opportunity for you to learn or better integrate personal traits that will benefit you during the lesson, and throughout your life.*

*The four Challenges in your chart will influence you during the periods of your life listed*

below. They are found within the lower half of the star-shape in your numerology chart. The First Challenge is shown on the left, the Second Challenge on the right, the Main or Third Challenge is placed in the middle, and the Fourth Challenge is located below that.

### **Your First Challenge**

*The duration of your First Challenge usually lasts from birth until age 30 to 35.*

### **Your First Challenge number is 4**

You tend to be disorderly and disorganized. You are impractical and tend to fantasize about projects or possibilities that have little value or future. You must learn to discriminate between iron balloons and those that will fly. You have difficulty finishing projects because your vision becomes chaotic and loses track of the path ahead.

You have to learn to be aware of the details. Keep your environment clean and orderly. Be efficient.

You have the ability to be practical and organized but you must learn their value. This will cause you to incorporate them into your daily life and give you the basis for success.

This is the challenge of building a lasting foundation for your life. You will need perseverance and repeated effort. Get-rich-quick schemes will likely backfire; persistent effort is the key to your future happiness.

---

## **Your Second Challenge**

*Your Second Challenge is in place from approximately age 30 through 55.*

### **Your Second Challenge number is 6**

Your challenge deals with distorted idealism. Your ideals are unrealistically high, making life difficult for you and others. Your challenge deals with distorted idealism. Your ideals are unrealistically high, making life difficult for you and others. You have a hard time being satisfied with anything you do, or with what others do for you. You lack gratitude. This prevents you from seeing the beauty in your life. You may also suffer from rigid thinking, which keeps you from having a clear perspective that would otherwise awaken you to the many good things you have received.

At bottom, this challenge is about having blinders on. You are unable to see a broader view, which makes you think you have all the answers. This keeps away information and perspectives that would be helpful to you. Your desire to be of service to others is sincere. However, it may be blocking you from seeing the necessity of working on your own inner development.

You can be domineering and righteous, often telling others what is right and what is wrong. You often feel a lack of appreciation from others.

### **Your Third or Main Challenge**

*This Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge.*

*As you master this challenge and incorporate its positive aspects into your character, your life gradually feels more in control.*

*There is a chance for great reward implicit in this challenge. In short, it may offer the secret to your success.*

### **Your Third Challenge number is 2**

You are overly sensitive and too aware of other peoples' expectations. You suppress yourself to avoid feeling conspicuous. You can be overwhelmed by self-consciousness. You fear gossip about you. As a result, you become inhibited. All of this results in a suppression of your own individuality and uniqueness. You yearn to blend into the crowd.

You let your own feelings and emotions play too big a role. Your hypersensitivity causes fear, timidity and lack of self-confidence. And you experience unnecessary fear and emotional turmoil. Little things seem disproportionately difficult to overcome and sometimes have a paralyzing effect. Jealousy can cause much pain and misunderstanding. These negative aspects of the challenge actually spring in part from positive characteristics you possess, especially your acute awareness and intuition. You are an antenna for other people's feelings; you know before a word is spoken how they feel.

You lack the inner strength to maintain your own center, and try to conform to the

prevailing emotional atmosphere.

This challenge makes you understanding and compassionate; you have an enormous empathy for the inner turmoil of others and can do much good for people with emotional problems.

---

### **Your Fourth Challenge**

*Your Fourth Challenge is most strongly felt during the latter part of your life, beginning at approximately age of 60.*

### **Your Fourth Challenge number is 2**

This Challenge is the same as the third Challenge.

---

## **Your Path and You**

*We have focused on the letters of your name and the numbers from your date of birth. We will now look at numbers in your chart derived from the combination of both your name and the date of your birth.*

*Acquiring the attributes described in the next few chapters will help smooth your progress. As you learn more about yourself, you may begin to recognize traits you were previously unaware of.*

---

### **Your Life Path and Expression Bridge Number**

*This Bridge has the potential to "close the gap" between the Life Path and the Expression numbers. The chapter explains how you can make your talents, strengths, and specific abilities (your Expression number) more readily available and fitting to your main lesson needs, as well as the expected direction of your growth (your Life Path).*

*The scope and influence of the Expression Bridge is narrower and more defined than*

*the other Bridge numbers. Its effect will be felt primarily in your professional life, including your position as household/family manager, if that is your primary work.*

### **Your Life Path/ Expression Bridge is 6**

This bridge number asks you to consider changing a few priorities. Your 6 Bridge connects your Life Path and Expression. This suggests that while making decisions that affect your professional life, you have a tendency to favor other people's goals over furthering your own career. In other words, a little less sacrifice and a little more focus on your own goals might produce a better balance.

---

### **Your Rational Thought Number**

*Your Rational Thought number comes from combining the sum of your birthday number with the sum of your first name. It reveals the style or process you use when making choices or considering a problem. Are you a structured, logical thinker or do you ponder a question in a creative, abstract manner? Do you daydream or stick to deductive reasoning?*

*Your Rational Thought number suggests the general approach you take in your thought process.*

### **Your Rational Thought number is 7**

You are never satisfied with a simple answer. You tend to delve into all the aspects of a question until you feel you understand the problem completely. Then you proceed to solve it with clarity and without hesitation. Few people are able to compete with you when it comes to finding answers. You recognize the underlying factors in a problem situation before anyone else, and you are often able to analyze them in a unique and insightful way. You are a perfectionist and quickly frustrated when you work with people who like to take short-cuts. You appreciate quality more than quantity in any situation.

---

## **Your Maturity Number**

*Your Maturity number indicates an underlying wish or desire that gradually surfaces at around age 30 to 35. A direction begins to emerge as you gain a better understanding of yourself. With this self-knowledge comes a greater awareness of who you are, and the direction you want to set for your life. Your Maturity numbers are described in detail in your Personality Profiles.*

### **Your Maturity number is 5**

There is no slowing you down as you enter maturity. Your influence grows as you become more dynamic and versatile. You now begin to realize your lifelong goal of freedom. There will be travel and adventure, exciting and unexpected events. Your originality, creativity, and verbal abilities grow stronger. You will become interested in areas you never before considered. You may have a tendency to become restless and impatient. You may quickly lose interest or become bored with projects that progress slowly. Perseverance is tested, especially because you may find it easy to abandon things that no longer hold your interest. You will have to work to maintain your concentration, discipline, and focus. Do not scatter your energy over too many interests. This is especially the case with people who have several 5s in their chart, especially among the core numbers.

For those with few fives, the increasing ability to adapt to change and the willingness to take risks provides much spice to life.

---

### **Your Period Cycles**

*Like most stories, there are three distinct stages of your life. Your First, Second, and Third Period Cycles come from your month, day, and year of birth respectively. Together they form the foundation of your Life's Path.*

*The First Cycle, located on the left of the graphic, begins in childhood and lasts through your late 20's. It's a quest for knowledge and identity while you cope with the powerful forces that are present in your environment. These forces include your parents and the socio-economic conditions of your family, for example.*

*The Second Cycle is found inside the diamond-shape and covers the middle period of your life, bringing about the slow emergence of your individual and creative talents. ### **Your Pinnacle Cycles**

*Although Pinnacle Cycles and Period Cycles are both derived from your date of birth, they differ in the way you experience them. Period Cycles, described above, reflect internal stages of growth. Pinnacle Cycles represent the external influences you encounter in life.*

*Pinnacles reveal general conditions and events you experience during each period, such as your environment, social conditions, relationships, and changing circumstances. Pinnacles reveal how you might respond to these influences and how they will affect your ever-evolving personality.*

*The First Pinnacle. located in the left of the star-shape in your chart, usually lasts from birth through age 30 to 35. The middle two Pinnacles, to the right and the center respectively, each last nine years. The Fourth Pinnacle, placed in the top section, will stay with you for the remainder of your life.*

*NOTE: To find the exact age at which you change cycles, go to [worldnumerology.com](http://worldnumerology.com) and look for the Pinnacle widget about half way down the home page. A future update to the app will include the ages right here.*

*The transition from one Pinnacle to the next is usually strongly felt. You begin to feel the transition from one Pinnacle to the next approximately two years in advance. The latter part of that two-year period can be particularly strong. You will likely make life-altering decisions, such as marriage, a job or career change, or major changes in your personal makeup.*

*Knowing and understanding your approaching Pinnacle number prepares you for the changes ahead. Perhaps the most strongly felt change is the transition from First to Second Pinnacle, which usually takes place in your late 20's or early 30's (the exact date depends on your Life Path number). This is usually a difficult transition but once crossed, provides a clear sense of direction and a firmer sense of identity.*

---

### Your First Pinnacle Cycle

*This is usually the most strongly felt Pinnacle Cycle and runs from birth until age 36 minus your Life Path number (single digit). For example, if your Life Path is 12/3, deduct 3 from 36.*

### Your First Pinnacle cycle number is 1

This is a period requiring much independence, courage, resiliency, and initiative. You must bounce back after many difficult experiences. The challenge of this Pinnacle is to gain will power. There is not a lot of support from others or from family. You must draw from your own strength. You will have to guard against self-pity or surrender. Keep focused on your dreams. This Pinnacle will require an iron will to keep hold of your goals, and also the flexibility to maneuver around difficulties, and bend with the winds of adversity.

This is a period of rapid self-improvement and growth. You will be forced to use every talent and capability you possess. You will need to be resourceful. You must continually put out effort, but with it comes great reward. Without it, there is no accomplishment nor satisfaction, only a negative attitude toward life. Be careful not to become too self-centered, headstrong or self-important. Be strong but flexible. Be open to the counsel of others, but make up your own mind.

The benefit of this Pinnacle number is a strong sense of your individuality and strength. You will know what you are made of. There are many hidden gifts in this period, perhaps the greatest of which is faith. Your Pinnacle provides you with the characteristics of

leadership, boldness, and daring. You will have many unconventional ideas and the skill and courage to make them a reality. Your abilities to manage and organize people and institutions are greatly enhanced. You have vision and confidence in the worth of your dreams. These characteristics provide great opportunity for success and major accomplishments.

---

### **Your Second Pinnacle Cycle**

*Your Second Pinnacle Cycle lasts nine years and tends to have a considerable influence on your productive/professional life.*

### **Your Second Pinnacle cycle number is 3**

This is a highly creative period. Your self-expression is greatly enhanced. Your creative and artistic talents will peak. You should do everything possible to refine these abilities and make the most of them. Many under the 3 Pinnacle are drawn to writing, the theater, singing, and dance. Your chances of success are also heightened. Hard work in any artistic field that one has a talent for can result in much reward. This is also a highly social and emotional time. You attract friends and admirers with your charm and gregarious nature. You have the ability to inspire and motivate people. Your upbeat energy causes people to want to work with and for you.

This is a lucky period, as well. You can overcome problems with considerably less effort than in the past. All of this can lead to self-indulgence and lack of productivity. Life is a little easier, which can make you less vigilant. You need focus and discipline. Under the influence of this Pinnacle, hard work is the key and the challenge to making the most of your opportunities.

Be careful of impulsive behavior or doing things on a lark. You must know your limits during this period. Be careful of your money; balance your accounts. Guard against disorderly thinking and behavior. Otherwise, you may do things you regret or simply squander away so many opportunities.

Children born under this Pinnacle must be disciplined and kept from being spoiled. An

early education in the arts will inspire the child to make the most of his or her artistic talents.

---

### **Your Third Pinnacle Cycle**

*Your Third Pinnacle Cycle also lasts nine years. Like your Second Pinnacle, its effect is felt primarily in your career or business environment.*

### **Your Third Pinnacle cycle number is 4**

This is a Pinnacle of hard work and many rewards. You have the opportunity to build a foundation that will last. Your abilities as an organizer, manager, or simply the rock of any institution are greatly increased. You are dependable and reliable. Your ability to fulfill responsibilities is likewise enhanced. As a result of your industry and perseverance, success is well within your reach. It is a step-by-step process in which you build something by small bricks laid one after another.

You will find yourself caring for others in a very material way. Family and in-laws can be burdensome, since you are seen as the cornerstone of the foundation.

Your life is preoccupied with details and responsibilities that must be taken care of. You have set in motion projects that are your children, demanding your constant attention. While there are many rewards, there are also many frustrations. Your sense of your own limits and the consuming nature of details may at times seem overwhelming. You must remember that things that last require slow growth. You may mistakenly believe that your progress should be faster, or happen with greater ease. The need for efficiency, orderliness, and methodical systems limit your creativity. Your challenge is to be flexible and adaptable. Learn to play more and allow yourself to be more spontaneous.

Children born under this Pinnacle will tend to be serious and affected by the financial limitations of their parents. The child may feel the need to leave home early and start a family of his own. He or she must be encouraged to be more farsighted and flexible. The child should avoid jumping into the harsh realities of life too soon.

## **Your Fourth Pinnacle Cycle**

*Your Fourth Pinnacle Cycle lasts for the rest of your life.*

### **Your Fourth Pinnacle cycle number is 7**

This is a period of inner development and soul searching. Tom, you will deal with the deeply important questions of personal existence and the meaning of life. You will need time to be alone to contemplate your inner world. This is a time of spiritual growth. You will experience a heightened sense of faith. The power of the universe will be the force that carries you along. During this 7 Pinnacle, spiritual growth, increased knowledge, and wisdom are the big rewards. The 7 Pinnacle provides the basis for contentment in older age, because you now begin to understand life more deeply.

You have an enhanced appreciation of poetry and nature. Walks in nature provide great therapeutic value and spiritual nourishment.

This is a time of specialization. You will pursue some course of development with fervor and focus. Your ability to concentrate will be greatly increased. Your desire to study in all forms -- reading, self-reflection, and contemplation -- will reach an all-time high. Your intuition is much more sensitive, making your path a little easier and more direct, since you know intuitively the appropriate next step.

Under this Pinnacle, you will become an expert in one particular field. Your capacity to penetrate the depths of a subject area is enormous. You will look below the surface in virtually everything you encounter. It is very possible that you will find yourself in a teaching role.

You must consciously work on your closer relationships, especially with your spouse and children. You must explain that your desire to turn inward is not an escape or an avoidance of those you love, but a deep need for knowledge. Your challenge is to avoid becoming critical or cynical of others. You can become so withdrawn from society that you look down on others. You may forget that you, too, are part of the imperfect human race. Sarcasm is the lowest form of communication, and a trap you could fall victim to.

Your desire to attain some high degree of perfection is sincere. But that pursuit can make you miserable if you lose perspective and fail to realize the relativity of human existence. Perfection is a Utopian goal, but an unrealistic ambition. It can cause you to be dissatisfied with yourself and others.

The 7 provides the possibility of true refinement, insight, and a high degree of wisdom. This deep understanding is the basis for self-love and true happiness.
