The Power and Limitations of Numerology

Numerology is an art thousands of years in the making. Like any Metaphysical science, it hinges on the understanding that all things are interconnected. Your numerology profile analyzes the connection between the letters and

numbers linked to you, revealing your talents, strengths, weaknesses, emotions, preferences, and a range of other qualities.

To use an analogy, think of numerology's nine single-digit numbers as nine tubes of paint, each a distinctly different color. Imagine you are a work of art painted by a master artist who used every color available to create your image. The depiction is unique and complex: a fusion of bright and subdued colors, shapes and shadows, light and reflection, subtle and bold textures. The deeper you look, the more you perceive and appreciate the many layers that makeup who you are.

A comprehensive numerology profile, along with your honest reflection, can be a powerful self-help tool in identifying underlying traits and new possibilities. The better you know yourself, the more control you have over life's changes and the greater your potential for a successful, fulfilled life. Numerology is not infallible, nor does it promise to answer every question, but I feel confident you will find many things to contemplate in the following pages. You are unique, and so is your Profile. We hope you enjoy your reading.

Your Personality Profile

Conventional numerology readings focus on two aspects of your chart: You and Your Future. Our profile takes a different approach by adding a third angle, Your Path, and a fourth, Specifics About You, that focuses on attributes that affect you under certain conditions.

PART 1: YOU

Just as your DNA determines your physical body; a blueprint of your personality is an inborn part of you from the very beginning. Your Profile begins with insight gleaned from your name because that is where we learn WHO you are. It describes the talents, strengths, and other distinct

characteristics you were born with.

PART 2: YOUR PATH

Just as your physical body grows and changes with time, so does your personality. Your personal evolution begins at the moment of your birth. From that point on, the choices you make, the goals you set, your environment, opportunities, challenges, the influence of others, and a thousand other factors alter who you become.

PART 3: YOUR PATH AND YOU

This section looks at how your name numbers (you) and your birthdate numbers (your path) work together to guide your personal growth and the changes you experience.

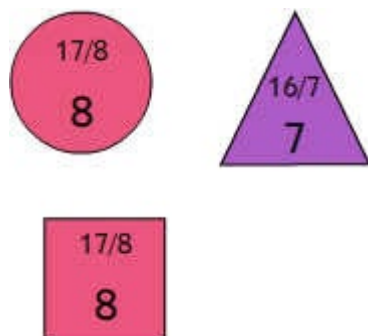

PART 4: SPECIFICS ABOUT YOU

Certain numbers in your chart affect you in a clearly defined, narrow way, such as your Balance number, which lays dormant until you enter a time when you are off-balance; when discord dominates your life.

We hope you will take time to read and reflect on the information below. Many aspects become clearer with time and during subsequent readings. We wish you the best on your journey.

THE GRAPHICS

Below is the name section taken from your Decoz Color Chart (the DC icon in the Readings and Charts section). If you have the app installed on your computer or mobile device, you can learn more about these symbols and numbers by opening the DC chart program and clicking the Learn More link at the bottom of your chart. PART 1: How Your Name Numbers Stack Up

Anthony, your Personality Profile begins with an overview of the combined influence of the core numbers derived from your name: your Expression, Heart's Desire, and Personality. (Fusing these three core name numbers into a single view to offer a snapshot of their shared impact has never been done before and is unique to Decoz Personal Profiles.)

Your Expression number is the sum of the value of all the letters in your full name at birth. Your Heart's Desire is the sum of the vowels. Your Personality number is the sum of the consonants. These three numbers are closely linked and influence one another.

All the numbers derived from your name reflect YOU. They are a blueprint of your talents, shortcomings, character traits, and other qualities. You should realize that this is a limited perspective. Later chapters focus on the challenges and opportunities you will encounter on your path, and attributes

you may acquire as time passes.

This first chapter is like a glance from a distance, followed by three chapters that explain the meaning of each number in more detail. We will gradually build a more complete picture of the complex and unique individual you are.

Your Core Numbers

The idealistic, intellectual, contemplative and often shy 7 stands apart from all other single-digit numbers in one very important way. The 7 is a potential gateway to the fulfillment and wisdom that Kabir, Gurdjieff, and other masters talked and sang about. It is the seeker. It does not take anything at face value, and never gives up on the big questions, "Who am I? Why am I here?" Your Expression number is 7. This may come as a surprise to you, because this most spiritual/philosophical of numbers is flanked by two very different influences, the 8 Heart's Desire and 8 Personality. This is similar to a hermit having Donald Trump and Gordon Gecko as neighbors - except all three exist within you.

The 7 and 8 have nothing in common, but they will compete for your attention throughout your life. Your 8 Heart's Desire gives you drive, ambition, and a good sense of business. You are authoritative and do not step aside for anyone. Unlike the 1, you are not necessarily stubborn, but you are dogged and determined when it comes to reaching your goals. This outgoing, forceful number also appears as your "outer" Personality number (the part of you others notice when you first meet). This largely obscures the serious, inquisitive idealism of your 7, a number that is not at all ambitious.

Anthony, your challenge is to reconcile the obvious contradictions in this combination. Understanding the position each number holds in your chart can help.

The 7 Expression is like a blueprint. It lays out the ground rules, sets limitations, and determines the function and form of your life ahead. It describes your talents, abilities, and shortcomings, particularly in the way they affect your career and productive life. The 7 is contemplative, analytical, and somewhat solitary. A 7 in this position suggests you need to learn from life as

well as from books. Your ultimate goal is to attain insight and understanding, and to become a beacon of light for others, without becoming dogmatic or burdened by religious concepts.

Your 8 Heart's Desire is a good balance to the internal nature of the 7. More than any other number, the 8 has a pragmatic, results-oriented attitude. It pursues big goals and needs to be in charge. Be mindful, however, not to allow your dynamic 8 energy to overshadow your inquisitive 7. You may be tempted to surrender to the capitalistic, dog-eat-dog mentality of an Ayn Rand disciple.

Ignoring the needs of your 7 Expression can be detrimental. If you are unable to balance these opposing influences, you may find success financially or in other ways, but you are unlikely to find true happiness and fulfillment. The emptiness resulting from an unfulfilled 7 drains gratitude and joy like a vacuum. It is crucial that you find a balance. Devote a fair amount of your time and energy to the mystery of life, in study and contemplation.

In your personal life, romance and long-term commitment are possible, especially if you find a partner with upbeat, dynamic numbers. Someone who does not take things too seriously would be a good fit. A partner with a 3 (upbeat and creative, with a sense of humor) and a 5 (dynamic, adventurous, versatile) could soften the sharp angles of your 8 and uplift the serious 7.

You should probably marry or commit to a relationship later in life, preferable after age 30. This would give the 7 and 8 time to find a comfortable balance.

Your Expression Number

Your Expression number, calculated from your full name at birth, reveals the orientation or goal of your life. Some numerologists refer to this as your Destiny number because it represents a lifelong target at which you are

aiming. Thus, the Expression number, to some extent, reveals the person you aim to be.

Your Expression is the most influential of the three characteristics that make up who you are. It is also the number with the most influence on your choice of career, although other aspects are important as well.

Your Expression is 16/7

You are gifted with an analytical mind and an enormous appetite for the answers to life's hidden questions. You have a strong interest in exploring scientific matters, philosophy, and even mysticism. You possess clarity and persistence in your search for truth. You can be a great researcher, educator, and philosopher. You are driven by a desire for knowledge and truth. You must learn to discriminate between illusion and reality, but you are well equipped for this task. Your fine mind offers you insight into the veiled mysteries of life. You also possess a considerable amount of perspective. Somewhere inside you, you are aware of a peaceful place that you call upon during difficult times.

Anthony, you need time to be by yourself. Too much social interaction causes you stress. You need your privacy and a place that can be shut off from the hustle and bustle of life. You tend to keep your thoughts to yourself and are secretive. Unless your 7 expression is balanced by extrovert characteristics (usually revealed by the numbers 1, 3, 5, and 8), your introversion may pull you deeply within yourself, even cutting you off from others.

You have a strong dislike of the superficial and mundane. You are often surprised by the lack of understanding or depth of knowledge of others, many of whom do not take the search for knowledge as seriously as you do. This can cause you to be critical of others, and even cynical about life in general. The more cut off from others you become, the more hidden are your motives. Once you develop understanding of people and life, your advice and counsel will be sought by those around you who need your wisdom.

You love to specialize your knowledge and develop great depth within your field. You are a perfectionist. You should complete your studies early in life and not be driven too hard by a desire to be successful. Let things come at their own pace, be open to opportunity, but remember your rewards,

satisfaction, and contentment come from a higher source.

Sevens can be distant and aloof. When dominated by their darker characteristics, they can be unfaithful, dishonest, and cruel. Contemplation, meditation, and the softer, finer vibrations of life can restore your sense of harmony and keep you on the path to peace and balance.

You have a logical mind. Your analytical skills cause you to approach a problem in a detached, surgical kind of way. Researchers, analysts, investigators, inventors, technicians, scholars, lawyers, bankers, watchmakers, priests, philosophers, theologians, and administrators in some scientific or technical field are among the vocations 7s are drawn to.

Your Heart's Desire Number

The Expression number described above points to a more productive side of your life. Your Heart's Desire reflects a deeper, inner you; it suggests an underlying urge, your true motivation, and the general intention behind many of your actions. It reveals the environment and lifestyle you prefer, as well as your likes, dislikes, and the type of people you are drawn to. Consequently, it dramatically influences the choices you make in life.

It makes sense that the vowels of your name are the foundation for your Heart's Desire. Vowels are the peaks and valleys of a language. Notice how vowels leave your mouth in a free-flowing breath. Try it: Aaaa.... Eeee.... Oooo.. Consonants though, are cut off either at the beginning or in the end. You might say that it is in the flow of your breath that you express your deeper self.

Your Heart's Desire is 17/8

You want success in its fullest meaning -- wealth, power, and material comforts. You have an enormous ambition. You dream of big projects, great undertakings, and rewards. You are a visionary. You see the horizon and the

promise. In general, you also see the methods necessary to fulfill that promise. But you are not especially good with details; you need others to help you deal with the smaller parts of the picture. Your challenge is to make full use of the full spectrum of your abilities, as indicated by your other core numbers. In the same way, you must bring forth the best from others and orchestrate their talents toward the realization of your vision. In short, you must lead by example, demonstrating the standard for commitment, determination, and excellence.

All of this requires effort on your part. You will meet with obstacles and difficulties. Your determination and commitment will be tested. But you have the power to overcome every obstacle you face and accomplish the goal you've set for yourself.

Your task in life is to learn to use power in refined and elevated ways. The expression and use of power is directly related to one's personal evolution. The more primitive uses of power rest with violence and the threat of deprivation. The higher expressions depend upon your capacity to care for and nourish the people and projects in your charge, giving each exactly what is needed at the appropriate time and in appropriate amounts.

You have a creative mind and an unusual approach to business and problem-solving. You need to cultivate your ability to evaluate others. It is essential for you to be involved in a project that challenges you and offers the potential for rewards. When you are uninvolved or unoccupied with a worthwhile task, you can become deeply despondent, depressed, and frustrated. You are the perfect example of the old cliché, "Idle hands are the devil's workshop." Without a challenge, you can lose balance in life and become selfish, cruel, and even self-destructive. Disappointments become shattering, causing terrible consequences in self-image and self-love. Perspective is everything for you. You have a natural talent for balancing the spiritual and material planes.

You need to cultivate courage and stamina. Courage is a choice. You need to decide to be brave in the face of fear. A balanced 8 is among the most powerful and satisfying of numbers. It is the spirit of the true survivor, able to bounce back and achieve a greater victory.

17/8

8

Your Personality Number

The consonants of your full name at birth are the foundation of your Personality number, which is a little like a narrow entrance hall to the great room that is your true nature. It's the outer layer of your personality, the part you feel more or less comfortable sharing. With time and trust, you invite others into the deeper aspects of your nature.

Your Personality number serves as a censoring device in terms of what you send out, as well as whom and what you allow to approach. For this reason, your Personality is usually narrower and more protective in its definition than the real you. It also gives an indication of how others perceive you.

Your Personality number is 17/8

You appear strong and powerful. You have an impressive personality and can influence and even intimidate through sheer force. You have natural authority. Your competence and enthusiasm attract people with resources. You radiate confidence. People defer to you because they sense your sureness and effectiveness. You also exude a kind of controlled benevolence. People sense that you are generous, once you are convinced of the worthiness of the cause.

It is important for you to dress well. You radiate a kind of raw power and ability which needs to be refined and enhanced by your clothing. You may even dress a bit flashy, but that will not harm you. Quality is among your highest priorities, and should reflect in your clothing. Although most eights have a strong constitution, they can be prone to indigestion, ulcers, and heart disease due to their reckless eating and drinking habits and their propensity to be workaholics.

Your Achilles heel is your capacity for an egocentric attitude. The negative side of your personality can cause you to be ruthless, greedy, and intensely lonely. Conversely, you can be spontaneous and excited. You are essentially warm and jovial. In your heart of hearts, you want everyone to be as excited and as happy as you. Those who are around you often sense this. Your

coworkers and employees usually like you.

Your Heart's Desire and Personality Bridge Number

A Bridge number is based on the numerical difference between two closely related aspects in your chart. It is the gap you need to "bridge" in order to create a more harmonious bond between the two areas.

The following Bridge number connects your Heart's Desire and Personality numbers. It suggests things you can do to help your deeper self to align more closely with your personality; the "outer" you that is apparent to others.

With a little exaggeration, you could say that your Personality number is somewhat like your mask; it's a more superficial aspect you reveal to the world. You can imagine how much more comfortable and less inhibited the experience of life becomes when you can align your authentic self with the personality you show to the world.

Your Heart's Desire/Personality Bridge is 0

The single digit values of your Heart's Desire number and your Personality number are the same, which is considered fortunate.

You are a WYSIWYG: "What You See Is What You Get." You easily make people feel comfortable around you. However, if your Life Path number or your Expression number are also identical to your Heart's Desire number and your Personality number, your chart may be somewhat off balance. This may cause you to push the aspects of the repeated number to excess. Read your Heart's Desire number again, and ask yourself if you have not focused too much on the aspects described, at the cost of a more balanced approach.

PART 2: The Path You Are On

If there was ever a moment of transformation, it was the moment of your birth. In that instant, you stepped into a new reality - the reality of human life and human consciousness. Even at that moment you were a person with your own unique character, as unique as your DNA. The previous chapters focused on YOU, the person you are, as revealed in the letters of your name. It is now time to look at your Path, the road you walk through life, using the numbers found in your date of birth.

Your first breath marked the beginning of your journey on the road we call your Life Path. It makes sense, then, that the most important number in your numerology chart comes from the date of your birth. Your Life Path number gives a broad outline of the opportunities, challenges, and lessons you encounter throughout your life. It also reveals the strengths, specific talents, and characteristics you were given to help you overcome challenges and evolve into the best you can be.

Your Life Path Number

Your Life Path number is considered the single most significant information available in your Personality Chart. It is derived from the total of all numbers found in your date of birth. However, it is important to keep in mind that the aspects described in the next few chapters will either complement, supplement, or sometimes weaken the attributes revealed in numbers derived from your name.

Your Life Path is 5

The key to your personality is freedom. You love travel, adventure, variety and meeting new people. You possess the curiosity of a cat and long to experience all of life. You love to be involved in several things at the same time as long as you are not tied down to any one area. You like change, new things and new horizons. You make friends easily; your personality is upbeat and often inspiring attracting people from all walks of life.

You have a way of words and an uncanny ability to motivate others. You can be in sales, advertising, publicity, promotion, politics or any profession that requires your communication skills and understanding of people. You likely lack discipline and order. You can also be impulsive, doing or expressing things you regret later. Freedom and a need for adventure sometimes is not properly controlled by those born with this Life Path, causing problems with drug abuse, overindulgence in food or sex, or generally abusing the gift of life. You are sensual and love to taste all of life. Sex, food and other sensory experiences are essential to the enjoyment of your life. You find it difficult to commit to one relationship, but once committed you can be as faithful as an old dog.

You are multi-talented and possess a variety of diverse abilities. However, discipline and focus are the true keys to your success. Without these many of the tasks you begin will remain unfinished and you will fail to realize the true fruits of your abilities. With hard work and perseverance the sky is the limit. You may have been perceived as a wild child by adults and a source of concern by your family. However, do not be obliged to hurry your choice of career. You are often a late-bloomer and need to experience life before you can truly know and commit to your heart's desire.

Your challenge is to learn the true meaning of freedom. Change is constant in your world requiring adaptability and courage. Try to maintain an exercise program, keep your body in shape and limber. The flexibility and durability of your body will promote security and confidence within you. You yearn for freedom and self-employment attracts you powerfully. You should eventually work towards settling on one area to cultivate your ability sufficiently to earn a living and attain success. Once you find your niche the motivation and inspiration you supply others will bring you much in return, you will find your friends and colleagues supporting and promoting you on the road to success.

Your Birth Day Number

The day you were born is found inside the diamond-shape in your personal chart and bears great significance in understanding who you are and where your talents lie. Your day of birth indicates special talents you possess. It gives us an indication of the approach you will take toward the goals, opportunities and obstacles you encounter on your Life's Path.

Your Birth Day number is 12/3

You possess a high degree of artistic talent that emerges in virtually everything you take seriously, your home, your cooking, the way you express yourself, and any artistic endeavor you commit to. You are highly imaginative and quick-witted. You can be the life of a party, entertaining people with stories, jokes, or witty remarks. You have plenty of vitality, your body heals quicker than most people's. You are especially talented in the verbal and writing skills. These areas, as well as acting and other performing arts, should be cultivated.

You have a great deal of enthusiasm and make an excellent salesperson. You can make the best out of a given situation and are easily satisfied. You are emotional, friendly, sociable, and affectionate. You can also be moody and given to self-indulgence, especially when it comes to feelings of depression or self-pity.

Be careful not to waste time and energy on trivial matters and keep your priorities in perspective. The keys to your success are commitment and discipline. You must learn to focus your considerable creativity in a given area or field. This will keep from scattering your energies in an endless number of areas.

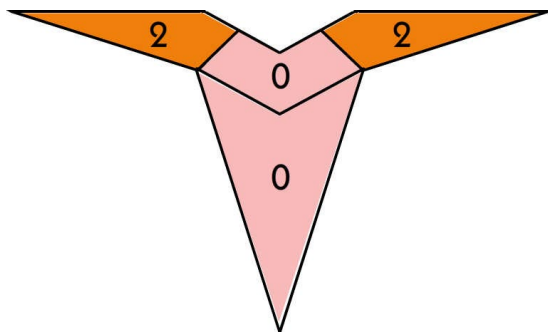

Your Life Path and Birth Day Bridge Number

Your Life Path and Birthday numbers are closely connected and influence each other. This Bridge explains how you can make the connection between them more harmonious.

Your Life Path/ Birthday Bridge is 2

Your Life Path and Birth Day number give you a 2 Bridge, indicating that your personal growth depends in large part on your ability to sense the emotional and mental disposition of others. Your ability to connect with people is a powerful tool that can greatly advance your progress.

Your Challenges

Your First Challenge

The duration of your First Challenge usually lasts from birth until age 30 to 35.

Your First Challenge number is 2

You are overly sensitive and too aware of other peoples' expectations. You suppress yourself to avoid feeling conspicuous. You can be overwhelmed by self-consciousness. You fear gossip about you. As a result, you become inhibited. All of this results in a suppression of your own individuality and uniqueness. You yearn to blend into the crowd.

You let your own feelings and emotions play too big a role. Your hypersensitivity causes fear, timidity and lack of self-confidence. And you experience unnecessary fear and emotional turmoil. Little things seem disproportionately difficult to overcome and sometimes have a paralyzing effect. Jealousy can cause much pain and misunderstanding. These negative aspects of the challenge actually spring in part from positive characteristics you possess, especially your acute awareness and intuition. You are an antenna for other people's feelings; you know before a word is spoken how they feel.

You lack the inner strength to maintain your own center, and try to conform to the prevailing emotional atmosphere.

This challenge makes you understanding and compassionate; you have an enormous empathy for the inner turmoil of others and can do much good for people with emotional problems.

Your Second Challenge

Your Second Challenge is in place from approximately age 30 through 55.

Your Second Challenge number is 2

This Challenge is the same as the first Challenge.

Your Third or Main Challenge

This Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge.

As you master this challenge and incorporate its positive aspects into your character, your life gradually feels more in control. There is a chance for great reward implicit in this challenge. In short, it may offer the secret to your success.

Your Third Challenge number is 0

This is a less demanding challenge. Growth is allowed to take place without one particularly serious obstacle. This does not mean that there will not be challenges on your path, but there is no single and consistent challenge during this period. However, you are being challenged to stay faithful and focused on your highest ideals. There is an opportunity to go deeper within yourself, and discover the inner being that is you.

Your Fourth Challenge

Your Fourth Challenge is most strongly felt during the latter part of your life, beginning at approximately age of 60.

Your Fourth Challenge number is 0

This Challenge is the same as the third Challenge.

PART 3: Your Path and You

We have focused on the letters of your name and the numbers from your date of birth. We will now look at numbers in your chart derived from the combination of both your name and the date of your birth. Acquiring the attributes described in the next few chapters will help smooth your progress. As you learn more about yourself, you may begin to recognize traits you were previously unaware of.

Your Life Path and Expression Bridge Number

This Bridge has the potential to "close the gap" between the Life Path and the Expression numbers. The chapter explains how you can make your talents, strengths, and specific abilities (your Expression number) more readily available and fitting to your main lesson needs, as well as the expected direction of your growth (your Life Path).

The scope and influence of the Expression Bridge is narrower and more defined than the other Bridge numbers. Its effect will be felt primarily in your professional life, including your position as household/family manager, if that is your primary work.

Your Life Path/ Expression Bridge is 2

Your 2 Bridge number brings relationships to the foreground. It points to a need for clarity and confidence, while remaining sensitive and intuitive. Your Life Path and Expression suggest a fear of creating disharmony when you are pursuing your goals and desires. This is usually unwarranted, but there is a point that relates directly to these concerns. A 2 in this position suggests you need to work on becoming a better listener. If you practice the art of listening, your friends and partners will feel acknowledged, and you will become clearer and more confident when expressing yourself.

Your Rational Thought Number

Your Rational Thought number comes from combining the sum of your birthday number with the sum of your first name. It reveals the style or process you use when making choices or considering a problem. Are you a structured, logical thinker or do you ponder a question in a creative, abstract manner? Do you daydream or stick to deductive reasoning?

Your Rational Thought number suggests the general approach you take in your thought process.

Your Rational Thought number is 1

You are an independent thinker, original, and not easily influenced by others. You tend to pursue a line of thought stubbornly, and you can be dominating in intellectual discussions. You tend to solve problems and plan projects with a straight-forward approach. You rarely allow yourself to be distracted. Quite often, you realize at some later stage, that you did not pay enough attention to the available alternatives, and a project may find itself stuck with no chance of further advancement. When you find yourself facing such a situation your frustration tends to be considerable but of short duration. You simply start all over. You do not give up easily.

Your Maturity Number

Your Maturity number indicates an underlying wish or desire that gradually surfaces at around age 30 to 35. A direction begins to emerge as you gain a better understanding of yourself. With this self-knowledge comes a greater awareness of who you are, and the direction you want to set for your life.

Your Maturity number is 3

As you mature, Anthony, you will find yourself becoming increasingly extroverted and optimistic about your future. Your self-expression and creativity improve markedly. You may become inspired to take up some type of artistic endeavor, such as writing, acting, or music, if you are not already involved in one of these areas.

Your ability to communicate will substantially improve. You are naturally more fluent and may find yourself dressing with a certain flair. Be careful not to fall victim to superficial appearances, or chasing after glamour and extravagance. With a 3 Maturity Number you can look forward to a pleasant and social latter part of life. Your attitude will be increasingly positive and your popularity will rise.

If you already have several 3s in your chart, especially in your core numbers, you may have a tendency to scatter your energies and take your responsibilities less seriously. If you have few 3s, or are missing 3s entirely,

you will experience a great relief from the tension and seriousness of life. You will be more relaxed and capable of enjoying life. The 3 Maturity Number is a blessing in the latter part of life. It promises enjoyment, close friendships, and much happiness.

Your Period Cycles

Your First Period Cycle

Your First Period Cycle runs from birth until your mid 30's.

Your First Period Cycle number is 1

The first part of your life, through your late 20's or early 30's, is a period of much intensity. When the 1 dominates, it requires fortitude, courage, and flexibility. You are forced to use every one of your talents to achieve individuality and independence. This is a period of integration and focusing on your life's dreams.

Your ability to stay the course is repeatedly challenged, but adequate resources become available to assist you. Resilience, independence, and fortitude are required. As you strengthen these characteristics, they become an integral part of your personality and help you to emerge stronger for it. This cycle marks a time of progress in your development.

Your Second Period Cycle

Your Second Period Cycle runs from your mid 30's until your late 50's.

Your Second Period Cycle number is 3

The middle part of your life is a time of heightened self expression and much social support. Any ability you possess in the arts, especially in writing, acting, or dance, will be brought to new heights and meet with much reward. You are socially active as never before. You will appear to others as charming, attractive, and even charismatic, but you may be tempted to waste your energies on superficial projects or relationships. Although this is a time of maturing, you actually feel as if you are become mentally younger and more creative.

Your Third Period Cycle

Your Third Period Cycle covers the later part of your life, starting in your early 60's.

Your Third Period Cycle number is 1

The latter part of your life will likely find you in a position of leadership. You act rather than react; you are an instigator, a self-starter. You may move in a new direction during this period. You will need to be proactive to overcome obstacles. Courage, self-confidence, and perseverance (more than the support of others) will be required to reach your goals.

Many people become less active or involved when they reach their later years; you experience renewed energy and drive. This is a period of integrating different aspects of who you are, and focusing on your life's dream. The people who are close to you may suggest slowing down, but you are meant to make your greatest advancement later in life.

Your Pinnacle Cycles

Although Pinnacle Cycles and Period Cycles are both derived from your date of birth, they differ in the way you experience them. Period Cycles, described above, reflect internal stages of growth. Pinnacle Cycles represent the external influences you encounter in life.

Pinnacles reveal general conditions and events you experience during each period, such as your environment, social conditions, relationships, and changing circumstances. Pinnacles reveal how you might respond to these influences and how they will affect your ever-evolving personality.

The First Pinnacle, located in the left of the star-shape in your chart, usually lasts from birth through age 30 to 35. The middle two Pinnacles, to the right and the center respectively, each last nine years. The Fourth Pinnacle, placed in the top section, will stay with you for the remainder of your life.

NOTE: To find the exact age at which you change cycles, go to worldnumerology.com and look for the Pinnacle widget about half way down the home page. A future update to the app will include the ages right here.

The transition from one Pinnacle to the next is usually strongly felt. You begin to feel the transition from one Pinnacle to the next approximately two years in

Your First Pinnacle Cycle

This is usually the most strongly felt Pinnacle Cycle and runs from birth until age 36 minus your Life Path number (single digit). For example, if your Life Path is 12/3, deduct 3 from 36.

Your First Pinnacle cycle number is 4

This is a Pinnacle of hard work and many rewards. You have the opportunity to build a foundation that will last. Your abilities as an organizer, manager, or simply the rock of any institution are greatly increased. You are dependable and reliable. Your ability to fulfill responsibilities is likewise enhanced. As a result of your industry and perseverance, success is well within your reach. It is a step-by-step process in which you build something by small bricks laid one after another.

You will find yourself caring for others in a very material way. Family and in-laws can be burdensome, since you are seen as the cornerstone of the foundation.

Your life is preoccupied with details and responsibilities that must be taken care of. You have set in motion projects that are your children, demanding your constant attention. While there are many rewards, there are also many frustrations. Your sense of your own limits and the consuming nature of details may at times seem overwhelming. You must remember that things that last require slow growth. You may mistakenly believe that your progress should be faster, or happen with greater ease. The need for efficiency, orderliness, and methodical systems limit your creativity. Your challenge is to be flexible and adaptable. Learn to play more and allow yourself to be more spontaneous.

Children born under this Pinnacle will tend to be serious and affected by the financial limitations of their parents. The child may feel the need to leave home early and start a family of his own. He or she must be encouraged to be more farsighted and flexible. The child should avoid jumping into the harsh realities of life too soon.

Your Second Pinnacle Cycle

Your Second Pinnacle Cycle lasts nine years and tends to have a considerable influence on your productive/professional life.

Your Second Pinnacle cycle number is 4

This Pinnacle is the same as the first Pinnacle Cycle.

Your Third Pinnacle Cycle

Your Third Pinnacle Cycle also lasts nine years. Like your Second Pinnacle, its effect is felt primarily in your career or business environment.

Your Third Pinnacle cycle number is 8

Anthony, under the influences of this Pinnacle, you will have greatly enhanced talent for dealing successfully with business and finances. This is a time of

material growth, a time of expansion and reward. It is the cycle of harvest. The 8 Pinnacle also increases your personal power. You have sound judgment and vision. In fact, this is the basis of your financial success. People sense your power and effectiveness. They defer to you much more easily, and look to you for answers. This makes it easier for you to use power without having to be a bully or force your way through situations. They perceive your ability and want to join you in your vision. Others have faith in you.

You will be able to organize large enterprises. Problems do not threaten you so much as provide a challenge. You yourself sense your enhanced personal powers and feel a growing sense of stability and centeredness. You will be capable of influencing matter in an almost magical way. As a result, you are extremely goal oriented, moving toward the realization of your dreams with confidence and clarity. Your challenge during this period is to maintain a hold on your human and spiritual values. You must remain balanced between heaven and earth. There will be enormous temptations to make money and status your only priorities, excluding the more human or immaterial matters entirely. This will undoubtedly lead to losses. You are being tested and instructed in the real value of money -- its natural place in life. If money is placed on a high altar, overshadowing all other facets of life, you will become its slave. If you are balanced in your approach to money, and have proper perspective, this can be a truly rewarding period, both materially and spiritually. That is the true promise of the 8.

The number 8 symbolizes the balance between the finite and infinite, matter and spirit. It offers a great opportunity to grow.

Your Fourth Pinnacle Cycle

Your Fourth Pinnacle Cycle lasts for the rest of your life.

Your Fourth Pinnacle cycle number is 2

Anthony, this Pinnacle causes you to be extremely sensitive, intuitive, and full of insight. It is a period that requires patience and the development of inner awareness. You are being asked to use gentle power and persuasion to obtain your desired goals. Direct approaches, forceful displays, and confrontations

will likely work against you. You will find the most satisfactory roles to be supportive. You are now a gifted advisor, a diplomat and a peacemaker. Your insight into other people's feelings and motivations is so acute that you seem to be able to see right to the core of things. But rather than use these gifts to create differences between people, you must use them to create peace, to mend rifts, to harmonize.

Your challenge during this period is to bring balance to duality in every form, and at every level. You will recognize the value of both sides of an argument and be able to see the middle ground where peace can be made. You can create the atmosphere in which both sides can compromise and work harmoniously. You are the glue that keeps people and important projects together.

The weaknesses you must face and overcome are too much sensitivity. You may be tempted to indulge your feelings, to be too easily hurt. You may lack self-confidence, especially at the beginning of the Pinnacle when your heightened sensitivity and awareness make you conscious of your own shortcomings. You may succumb to fear and hesitation. All of this can lead to emotional turmoil. You need courage and the willingness to reach out for support.

Your sensitivity will make you acutely appreciative of beauty and harmonious environments. At the same time, you need beauty and harmony around you. You have an increased appetite for music and the arts in general. You may find that your musical talents coming to the surface. If you do not already play an instrument, give in to any inclination to take one up.

A person in a 2 Pinnacle who uses his or her sensitivity, understanding, and insight is very appreciated by others. You may not fully realize just how much others appreciate and respect you. This may cause you to feel undervalued, or that you are not getting the recognition you deserve. You appear shy and humble, particularly if this is your first Pinnacle, but inside there is much pride that must be kept in check.

You may want to hide from the tumult of life, or from difficult situations. This may tempt you to color the facts in order to protect harmony. Be careful of this tendency, because it often backfires.

You have an eye for precision and detail. Your taste in all aspects of life is enhanced and you possess a certain class that others admire. If you make the most of these qualities, your appearance is considerably improved, making you both attractive and graceful.

PART 4: Specifics About You

Although the following chapters deal with less dominant aspects of your chart, they are more narrowly defined and specific in the ways they affect you.

Your Balance Number

Your Balance number provides guidance on how to best deal with difficult situations.

People experience a variety of internal responses to life's challenges. Some step back from difficult situations to ponder a course of action while others withdraw to avoid uncomfortable emotions. Some explode with anger but allow the outburst to pass quickly while others let their feelings linger.

Very often, these are conditioned responses that emerge without thought or analysis. With maturity and self-development, we incorporate new and more effective methods of handling situations we encounter.

Your Balance number is 6

Anthony, your strength lies with understanding people and the underlying conditions of a conflict. But you can rely too heavily on friends and family to provide you solace instead of handling the situation directly and responsibly.

You may be too likely to retreat to the good feelings provided by people not involved in your situation. Responsibility is the issue here, you helped create the situation in the first place, and are an essential part of the solution. Accept your role.
