

## ADDRESS

### ***Your Address adds to 6***

This is considered the best address for families with young or teenage children. Protective and loving, the house tends to strengthen family relations (as well as friendships and other loving relationships).

Responsible, loving and idealistic, this address inspires those who live here to care for each other and to share their feelings. Interestingly, this is also one of the best addresses for visual artists (painters, sculptors, photographers, etc.).

The 6 address is the only address without obvious negative influences. It is harmonious with pretty much any life style and personality type.

Strengthen the positive influence of this address with:

Light and bright colors (not pastels), comfortable furniture and an abundance of art and play things. Create some quiet, out of the way hideouts, where one can read a book or find a moment of peace.

## TELEPHONE NUMBER

### ***Your Phone number adds to 1***

Your telephone number adds to 1. This is a strong, masculine number that tends to enhance your personal power and helps you influence others. Be careful not to be too bullish, but otherwise, a great number for business and career. Not a good number for singles in search of a partner. Lacks sensitivity and awareness.

## LOST OBJECT

### ***Your object number adds to 46***

Ask a co-worker, in particular one you feel close to. Wait a few days from now before asking.
