YOUR FIRST PERIOD CYCLE

Like most stories, there are three distinct stages of your life. Your First, Second, and Third Period Cycles come from your month, day, and year of birth respectively. Together they form the foundation of your Life's Path.

The First Cycle begins in childhood and lasts through your late 20's. It's a quest for knowledge and identity while you cope with the powerful forces that are present in your environment. These forces include your parents and the socio-economic conditions of your family, for example.

Your First Period Cycle is 4 and lasts until age 27

This first period is likely quite demanding and frustrating. The need for discipline and effort is present in all aspects of your life. Trying to live up to the demands sometimes finds you frustrated by bad timing or a lack of opportunities.

This is a time to search for something to sink your teeth into. However, restrictions placed on you by

your personal life may not support your need for space and freedom. This can have the effect of either turning you against most forms of discipline - making you rebellious and contrary - or becoming dependent on it, prompting you to choose a career where control from outside forces dominates (such as the military or a very tightly run institution).

YOUR SECOND PERIOD CYCLE

The Second Cycle covers the middle period of your life, bringing about the slow emergence of your individual and creative talents. The late 30's, 40's, and 50's, bring a greater degree of self-mastery and influence over your environment.

Anthony, your Second Period Cycle is 9 and lasts until age 54

This is a period where you develop a broad view of humanity and sincere concern for the well-being of others. Tolerance, acceptance, and universal love are the goals of a 9 Cycle, and people under its influence move toward those ideals.

Humanitarian principles and social service are the keys to personal happiness in a 9 Period. Hard work directed toward higher ideals is rewarded. Creative talent is enhanced, especially when joined by a larger social purpose or message. There is an element of sacrifice or letting go, as you are asked to forgive past grievances and part with negative attachments. You are inspired to live according to a higher ethical standard, with personal enrichment as reward.

YOUR THIRD PERIOD CYCLE

The Third Cycle represents a flowering of your inner self as your true nature comes to fruition. It is during

this period that you have the greatest degree of power and self-expression.

Anthony, your Third Period Cycle is 5 and lasts for the rest of your life

The latter period of your life finds you continuing to move through changing circumstances. There is an inherent restlessness associated with a 5 Period Cycle — one of the few cycles that encourages a more impulsive response to situations you encounter. You are drawn to travel, new people, and diverse cultures. This is a dynamic, somewhat chaotic cycle, where not much happens according to plan. You do best when you are

social, physically active, and involved — giving your heart and mind the experiences they crave.

During this period, you have a flair for successfully promoting yourself. You are drawn to all that is progressive and farsighted. This is a time to be quick and flexible, and to grasp opportunities as they come.

YOUR FIRST PINNACLE CYCLE

Pinnacles reveal general conditions and events you experience during each period, such as your environment, social conditions, relationships, and changing circumstances. Pinnacles reveal how you might respond to these influences and how they will affect your ever-evolving personality.

The transition from one Pinnacle to the next is usually strongly felt. You begin to feel the transition from one Pinnacle to the next approximately two years in advance. The latter part of that two-year period can be particularly strong. You will likely make life-altering decisions, such as marriage, a job or career change, or major changes in your personal makeup.

Knowing and understanding your approaching Pinnacle number prepares you for the changes ahead. Perhaps the most strongly felt change is the transition from First to Second Pinnacle, which usually takes place in your late 20's or early 30's. This is usually a difficult transition but once crossed, provides a clear sense of direction and a

firmer sense of identity.

Anthony, your First Pinnacle Cycle is 4 and runs from birth until approximately age 27

4

This is a Pinnacle of hard work and many rewards. You have the opportunity to build a foundation that will last. Your ability as an organizer, manager, or simply the rock of any institution is greatly increased. You are dependable and reliable. Your ability to fulfill responsibilities is likewise enhanced. As a result of your industry and perseverance, success is well within your reach. It is a step-by-step process in which you build something by small bricks laid one after another.

You will find yourself caring for others in a very material way. Family and in-laws can be burdensome, since you are seen as the cornerstone of the foundation.

Your life is preoccupied with details and responsibilities that must be taken care of. You have set in motion projects that are your children, demanding your constant attention. While there are many rewards, there are also many

frustrations. Your sense of your own limits and the consuming nature of details may at times seem overwhelming. You must remember that things that last require slow growth. You may mistakenly believe that your progress should be faster or happen with greater ease. The need for efficiency, orderliness, and methodical systems limits your creativity. Your challenge is to be flexible and adaptable. Learn to play more and allow yourself to be more spontaneous.

Children born under this Pinnacle will tend to be serious and affected by the financial limitations of their parents. The child may feel the need to leave home early and start a family of his own. He or she must be encouraged to be more farsighted and flexible. The child should avoid jumping into the harsh realities of life too soon.

YOUR SECOND PINNACLE CYCLE

Your Second Pinnacle Cycle lasts nine years and tends to have a considerable influence on your productive/professional life.

Anthony, your Second Pinnacle Cycle is 5 and lasts until age 36 and runs from age 27 until age 36

This is a period that will teach the realities of freedom and expansion. You will travel great distances, meet many new and interesting people, experience many adventures, and essentially come to know the world. You are in a period of accelerated experimentation and learning.

Experience is your teacher. Your ability with words is greatly increased. You can write and speak with ease. You are also able to successfully promote yourself. In fact,

this is the source of much adventure; new opportunities for work, travel, and exotic experiences present themselves with regularity.

Your challenge is to prevent yourself from becoming a rolling stone. You need to ground yourself in a particular

discipline, career, or relationship. This will not limit your freedoms so much as give you a base for operation. Otherwise, you may find yourself skipping from one meaningless job to the next, one superficial relationship after another. You can also fall victim to the abuse of food, alcohol, sex, or drugs. You must accept limitations as a necessary base for your freedom. Freedom cannot exist without limitations, otherwise you would be without identity, and without existence.

You may fear being anchored or tied down, which can cause you to skim the surface of a pursuit you enjoy, or important relationships. You must come to know the true meaning of freedom, which is unconditional love. You give your love and energy without the condition of holding on to a place, a person, or an occupation; and you expect the same in return -- to be loved for what you are, rather than someone who belongs to another. There is a highly spiritual path offering itself that requires detachment without loss of love. Many turn away from this and instead choose to maintain a superficial relationship with the world, or with other people.

You must cultivate your talents, especially your verbal and

writing abilities. You are likely a gifted salesperson, or promoter.

YOUR THIRD PINNACLE CYCLE

Your Third Pinnacle Cycle also lasts nine years. Like your Second Pinnacle, its effect is felt primarily in your career or business environment.

Anthony, your Third Pinnacle Cycle is 9 and lasts until age 45 and runs from age 36 until age 45

This is a period in which you must identify with some larger project or goal that is bigger than you, Anthony. Your greatest satisfaction will be in providing for others, as well as for yourself. Those in business will draw much personal gratification in knowing that they are helping their employees support their families. Those involved in social activism -- a particularly appealing choice of careers during the 9 Pinnacle -- will feel themselves

strengthened by the knowledge that they are advancing the safety and well-being of society. The 9 Pinnacle is a time in which you apply your energies to the good of the larger community. As a result, there is an element of self-sacrifice present. To some degree, you must subordinate your personal priorities to those of a larger cause. We are not suggesting martyrdom but making a conscious effort on your part to strike a balance between the good of your milieu and your own personal desires.

This is a good time for financial growth and progress in business affairs. It is a period in which you face a large challenge and must give yourself entirely to it.

The 9 Pinnacle also promises much reward in drama, writing and art. You have a heightened esthetic sense, and any latent artistic talent you already possess will be enhanced and brought to the surface. If you have been in business, you may suddenly be drawn to the arts as a benefactor or patron, supplying support for theater productions or artists.

You will feel an increased sense of social responsibility and compassion for the many. You will want to help those less fortunate than yourself and will likely apply yourself to some social cause or philanthropy. This is a period in which you feel a greater love for the good of your community, country, and the world.

Interestingly, you are not restricted by prejudice or boundaries of class or country. You see humanity as a whole. Your love is not personal, however, but for the many.

Many under the 9 Pinnacle are drawn to religion or philosophy and have the capacity to spread some doctrine or teaching. In short, you are highly idealistic. You will likely travel extensively during this period and meet

people from many walks of life.

No matter what your area of expertise, you have a chance not only for success but for fame.

YOUR FOURTH PINNACLE CYCLE

Your Fourth Pinnacle Cycle lasts for the rest of your life.

Anthony, you are repeating the Third Pinnacle

YOUR PHYSICAL TRANSIT

The individual letters of your name are used to find your Transits.

Your name is like music that vibrates in time; each note, or letter, has a specific duration and influence over the course of your life.

Your life can, therefore, be seen as a musical score, with individual letters making specific contributions at given points, just as notes in a musical piece give it its rhythm, character, and nuance.

The Transits appear as part of your Progressive Chart and will tell you much about specific influences taking place in your life during given years.

Your Physical Transit for age 37 and 38 is N

The N transit delivers opportunities to expand your horizon. It is an adventurous period, increasing the possibility of travel or a change in residence.

This is a dynamic time offering new activities and opportunities to make important social contacts. You seek love and fulfillment and are likely to feel more sensual than usual.

Sacrifice, adaptability, and flexibility are called for. You will also be concerned with finances and may worry too much about these matters.

You may be more forgetful during this transit. Exercising your intuition is important during this period.

YOUR MENTAL TRANSIT

The Mental Transit is based on your middle name

Your Mental Transit for age 37 and 38 is E

The E Transit helps us feel inspired and helpful. It brings increased possibilities for travel and changes in your career or residence. You are more attracted to new and adventurous experiences, including love affairs or marriage.

Although the E is a good letter for finances, you may be less focused or carry a frivolous attitude, which could adversely affect your chances for material progress.

You may find yourself attracted to a new religion or philosophical idea.

YOUR SPIRITUAL TRANSIT

Your Spiritual Transit is based on your last name.

Your Spiritual Transit for age 37 and 38 is R

You have deeper understanding and insight during this transit. It is a time to deal with money,

power, and authority. You have an opportunity to elevate your financial status and personal growth. This is a period where you are likely to meet the best and the worst. You must exercise caution in everything you do and every decision you make. Be aware of your surroundings.

YOUR ESSENCE CYCLE

Your Essence number indicates the lessons you will be dealing with during that year. It says a great deal about how you will perceive your environment. It also gives clear advice on how you can be most successful during the year, which types of behavior will be supported by your milieu and which ones will be less effective.

If one or more of your Transits change after your birthday this year, you will find two Essence cycles. If you only have one Essence, it means none of your Transits changed.

Anthony, Your Essence for age 37 and 38 is 19

You are in a struggle for independence and possessed by personal ambition. You will feel the need to work hard to establish yourself and your foundation. You are forward looking and even visionary.

This is a period of struggle. It is a time when you may feel torn between your personal desires and your concerns for others. It can be a time marked by

stubbornness and rigidity, characteristics you will have to keep in check. This duality between the lower desires and the higher realms of love can cause you much internal conflict. Secretly, you may feel torn between a desire to serve some greater good, and your ambition for personal accomplishment. You are aware of the needs of others. At the same time, you are skeptical of ideals and idealists. You may tell yourself now that you must be realistic in your dealings with the world. But you must avoid shutting out the voice of your higher nature. Do not let your higher ideals go, lest you be guided exclusively by materialism and greed.

All too often, those in the 19 Essence finally resolve this conflict by conceding to personal ambition and selfishness. This can lead you to much trouble. People may perceive you as greedy and self-centered.

Because you are driven by ambition, you may be attracted to people who have no other priority but personal gain. For some, this will lead to shady business practices and even brushes with the law.

This can be a time when you feel a need to pull back from others and become less social than during previous years. But this can lead to isolation. You may also feel frustrated

because your ambitions want instant gratification, which the time does not allow.

The challenge during this time is to strike a balance between your worldly needs and your inner spiritual nature. The time requires much soul searching and a willingness to accept the perspective of others. Don't shut yourself off or become jaundiced to your more idealistic brethren.

At the conclusion of the 19 Essence, the person is often better off materially, and far more independent, but there may also be a sense of disconnectedness from friends and loved ones. Therefore, it is important to work at maintaining close ties. Be open to others and recognize that man does not live by bread alone.

YOUR PERSONAL YEAR

Your Personal Year number is a strong indication of the trends and circumstances you experience during the year ahead. Your Personal Year cycles are based on the Universal Year cycles and, therefore, run concurrently with the calendar year. (Transits and Essence cycles are based on the letters of your name and run from birth date to birth-date.) There are nine personal year numbers in a complete Epicycle.

Each Epicycle reveals the progression of a specific part of your personal evolution. Your progress along this Epicycle can be seen quite logically, from the beginning of a growth period to the conclusion or culmination of that process. The 1 personal year describes your first steps in a new direction. The years that follow indicate your progress along this path, concluding with your 9 Personal Year, which completes the cycle.

Below is a description of your current Personal Year. It indicates where you are on the 9-year Epicycle.

Your Personal Year cycle for 2022 is 1

Be ready for major changes. You will be inspired to start new projects or enterprises. You will feel a strong forward push toward new goals. This is a time for vision and planning. Share your dream with others; make plans, get the necessary support, but, above all, rely on yourself as the driving force. Be decisive!

You are starting a new nine-year Epicycle. Everything you do now will affect your future. Do not hold back the inner force of creation. Be direct, daring, and bold. You will have more confidence and determination this year, particularly in comparison with last year, which was a time of letting go. This year represents a time of birth. It's a time to take charge and to apply yourself to your dream.

This is also a good time to make the personal changes you have long wanted to make: Start a diet and/or an exercise program or begin a new course of study.

There may be some emotional turmoil, especially in the first two or three months. It takes a while to get the ball rolling. There are many changes you must make and much

work to be done. Be open-minded, organized, and focused. Avoid distractions and procrastination. You are at a crossroads. You will need courage and a clear head to stay on the right track. This is a year of opportunities.

The key months in your year ahead are March, in which you are able to lay the foundation to your plans; April, in which changes take place such as a change of residence or career; July and August mark a time in which you will see the fruits of your labors begin to take place; October represents a major turn in events, often fraught with emotional turmoil; the fall marks a coalescing of your plans into more concrete form.

Your Personal Year cycle for 2023 is 2

This is a year to carefully protect and nurture your plans. You will be like a mother watching over her children, conscious of every threat, real or imagined. You need tact and cooperation to keep yourself moving forward. There will likely be confrontations with others, requiring a subtle and gentle approach. You will have to stay focused on your goals yet use intelligent persuasion. Being forceful may work against you, compromises

will work in your favor.

You will be unusually sensitive and may wonder at times what happened to the drive and momentum you felt last year. This year requires something else from you now -- a delicate sense of balance and a willingness to go around obstacles, without losing sight of your goal. You may also experience some emotional depressions and frustrations. The year is marked by struggle, but there are many opportunities to advance your plans. This is a year of slow growth, requiring patience.

Be discriminating in your associations and secretive about

your plans. Don't talk too much about your ideas; be a bit secretive; guard yourself and your ideas. You are somewhat vulnerable this year.

This is a good year to improve yourself through reading and research. Your growing awareness of the less visible and less obvious aspects of life will make you much stronger and better prepared for the future.

You must be wise in all your relationships and associations this year. You are far more capable of establishing close, even lifelong relationships this year. Because sensitivity and openness are heightened, many people find their "soul mate" in a two year.

May is the pivotal month in the year. You are extremely intuitive and sensitive. You are also self-reflecting and better able to influence your peers and situation through spiritual awareness. July brings a culmination of plans and a distinct step forward. August sees things become more concrete and brings a new beginning. September is emotional, requiring adjustments, tact, and inner resolve. The 2 year is a year of growth and advancement, but through gentle means, and the indirect use of your

personal power.

YOUR DUALITIES

How the yearly cycles affect each other.

Your Essence and Personal Year cycles are distinctly separate energies that influence you in different ways. Your Essence reflects your mental, emotional, and spiritual state of mind at a particular time in your life and feels like an internal influence; it's a stage in your personal evolution. Your Personal Year cycle, however, feels more external.

Your Essence and Personal Year cycles overlap creating a duality which produces its own influence. Most importantly, it tells us how you can get the most out of your mix of Personal Year and Essence cycles by looking at their combined influence.

Personal Year cycles run concurrent with the calendar year and change every year, while Essence cycles run from birthday to birthday and can be anywhere from one to eighteen years, sometimes even longer. Therefore, you can have either two or three Dualities during any 12-month period. Three, if your Essence changes (one before your birthday, one after your birthday, and another when

the new year starts). If your Essence doesn't change, you have two Dualities, one for each calendar year.

For the purpose of Dualities, Essence cycles with Master Numbers (11, 22, or 33), or Karmic Debt numbers (13, 14, 16, or 19) are reduced to single digits, as their effect in the context of Dualities is indiscernible.

Your Duality in 2022 is 1 and 1

Anthony, after reading your 1 Personal Year and 1 Essence cycles, you probably noticed the focus is very much on new beginnings and big changes. Although it is possible to make great progress under the double 1, it can also cause imbalance. Both cycles will push you in one exceedingly driven, forceful direction. The ambitious 1 will affect both your state of mind (your Essence) and the events and circumstances you will face during this Personal Year.

Fortunately, we are given the tools we need to meet the challenges before us. During this dynamic period, you will be required to play a strong, decisive, leadership role - all characteristics of the 1. You should find plenty of opportunities to use them, since the 1 also delivers the beginning of a new (nine-year) phase.

On the surface, this seems like an excellent match. However, your ambitious mindset may be tempted to overuse force to achieve your goals, leaving little room for employing the tactful, cooperative approach that often produces better results. It will be important to recognize when to use a bold, ambitious, sometimes even aggressive approach, and when to apply a gentler, more cooperative approach (and perhaps a measure of patience).

This cycle could still be one of the most successful periods of your life, even if you are unable to create a

healthy balance between them. However, this would be costly to your relationships and cause you to miss other opportunities. To use an analogy, it is like driving somewhere as fast as possible - you might get there sooner, but at the expense of missing other experiences (and stressed by the time you arrive).

Impatience and a low threshold for irritation are the signs to watch for. They indicate you may be moving too quickly or too brashly. If (when) this happens, slow down and reconsider your strategy. Be open to others. The 1 is independent and a leader, but everyone needs help from time to time.

Your Duality in 2023 is 1 and 2

After reading your 1 Essence and 2 Personal Year chapters, Anthony, you probably noticed the two cycles seem to conflict. However, although the 1 and 2 have opposing traits, the combination is not necessarily negative. At their best, these influences balance and supplement each other, not unlike a partnership where one partner is pushy and the other tactful. It is a marriage between uncompromising force and diplomacy.

But there will also be moments when the two clash. Your 1 Essence state of mind will feel bold, ambitious, and goal-oriented during a period when your 2 Personal Year will often demand cooperation and a sensitive, diplomatic approach. This will require a balancing act. When you feel impatient or realize you are forcing an issue, consider taking a slower, more considered approach and be open to the opinions of others. Keep in mind that forgoing immediate gratification in the interest of reaching long-term goals is usually a prerequisite for success.

Your willpower and ability to blow past obstacles can make you a force to be reckoned with this year. Your main challenge will most likely be controlling your impatient, audacious attitude in favor of a more harmonious approach.

Although not always the case, you will find that the gentle approach works most successfully in your personal life, while your career benefits from a driven, goal-oriented attitude. When you deal with practical and professional matters, take a no-nonsense, direct approach (let your 1 Essence rule). When relationships are involved, especially in your personal life, employ the 2's cooperative, tactful

demeanor.

To highlight the conflicting nature of these cycles, consider this: your main challenge under this Duality is to strengthen your independence and individuality; it is the purpose of a 1 Essence. However, the events and circumstances that commonly take place during a 2 year have the potential to leave you emotionally vulnerable and manipulated by others. Knowing this, you can take steps to protect yourself during a period when you will likely feel more sensitive than usual.

Your greatest assets this year will be your ability to relentlessly pursue your goals, and your talent for gaining the trust and support of others.

YOUR PERSONAL MONTH

The influence of a Personal Month gradually changes from one month to the next over approximately five days at the end and the beginning of each month.

Your Personal Month for March-2022 is 4

Now is the time to deliver and show yourself and everyone around you, that you are able and willing to do whatever it takes to reach your goals. It is a month to put your nose to the grindstone and to work on all the details. March is also a time when your ability to plan and organize projects is greatly enhanced. So, too, is your clarity of mind. You gain confidence in your abilities, and yourself. It's time to move; to make things happen. Do not

procrastinate. Do not avoid work or effort. Slacking would be a serious mistake.

March can also be a little frustrating because so much of your energy will have to be directed to repetitive and routine duties and activities. However, in spite of the

detail-oriented, plodding feel, this is a time that brings opportunities and real progress. This could even be a breakthrough time when you overcome an obstacle, real or perceived, that has dogged you for a long time.

It may be a little surprising, therefore, that against such a serious and work-oriented backdrop, romance can bloom. Someone is impressed with your down-to-earth, go-getter's approach and your can-do mentality. You may find yourself in demand.

Your Personal Month for April-2022 is 5

As explained earlier in your January forecast, this year and last combine to bring about major changes. That also includes changes in many practical areas of your life, and April brings many of them to the surface. There can be a change of residence or office. Travel, sometimes quite unplanned, is very likely.

April could become quite a dynamic and hectic month, but also adventurous and exciting. Consequently, this period requires flexibility, and a willingness to accept change. You have to adapt, respond quickly, and embrace change

as opposed to fighting it. The more you allow yourself to flow with the circumstances, the easier and more successful this month will be. Be ready for surprises. There is a sense of randomness and a lack of control which, to many of us, is frightening. No need to worry, many of these changes, once accepted, will actually streamline your life and make progress easier.

Your ability to promote yourself and your ideas is also enhanced. You will find that you have an uncanny talent to be in the right place at the right time this month. You will be able to advertise your talents and abilities at work as well as at social events.

With all this excitement, it may be hard to concentrate and focus on the job at hand. You'll need self-

discipline or you may see much of your energy wasted. Unless you manage to concentrate and apply yourself, you may realize at the end of this month that you did not get a lot done.

Romance and social activities may tempt you to be self-indulgent and perhaps irresponsible. Be careful not to let this month's vibrant energy get out of hand.

Your Personal Month for May-2022 is 6

Love, romance, and commitment play an important role whenever a 6 Month teams up with a 1 Year. There is the possibility of a new relationship, the birth of a child, or marriage. It is a month of responsibility, unselfish giving, and a willingness to devote time and energy to the needs of others. Domestic and community matters move to the foreground and have to be given priority. Sometimes, this combination of numbers causes

long slumbering discord between couples to surface and be dealt with.

This is a time when the heart rules and emotions run high.

It can cause both extremes -- either deeper commitment and more lasting love, or separation and divorce. Honesty is essential to a positive development of the month. You may find yourself tempted to take the easy way out in some awkward situation, perhaps by lying or being secretive. However, that is likely to backfire and can become ugly and destructive, particularly during this month.

In general, this is a good time for career and financial matters; promotion is possible, as is a windfall in the form of an unexpected tax refund or an old debt paid back. This sequence of numbers is also more likely to resolve legal issues or other matters that pit you against large institutions, corporations, homeowner associations, or some other faceless entity.

With so much energy dedicated to the heart, to love and emotions, it may seem that your sense of justice, your honor, and your moral values are tested more than once. Don't let opportunities to make a stand, or to right a wrong, slide by. Few feelings are more devastating than regret.

Your Personal Month for June-2022 is 7

This month offers time and opportunity for contemplation and insight. Career and romance do not require as much attention as your need to understand your own motivations and desires.

Don't make the mistake of feeling guilty for not carrying your load, or for not working hard enough. That is not what this month is about.

Keep up your sails, do what you have to do to avoid problems, but beyond that, let the wind do the rest. Take the time

to dwell on your dreams and hopes, find clarity about what you want out of life. Most importantly, don't be afraid to confront yourself.

Your work and other duties take second place this month, however, you may well discover information,

through research or by talking to the right people, which will help further your career.

This is not a good time to spend money, take out a loan, invest, sign contracts, or otherwise make long-term business commitments. Social activities are also better kept to a minimum, unless it involves deep or intimate conversations with family or close friends.

Your Personal Month for July-2022 is 8

Career and finances should be at the top of your priorities. Work hard and wisely. Combine practicality and vision. July is not a time to sit and stare into space, but to be on your toes, to keep your eyes wide open, and refrain from taking unnecessary risks, unless risk-taking is in your blood. For professional gamblers, this can be a very profitable period, but for those of us who live according to the simpler laws of effort and reward, this is a month to stay with the tried and true.

All affairs related to money should be handled with the utmost care. But let me be clear: This month is a rewarding

time, and your chances that events will take a positive turn are great. If you are wise and cautious, you may increase your bank balance considerably. Nine-out-of-ten people in this combination -- 8 Month, 1 Year -- increase the strength of their financial positions.

This month also brings out strong emotions in personal relationships, both positive and negative. While a 1 and 8 combination, through the usual cycles of effort and reward, cause and effect, and good old-fashioned Karma, tends to increase stability and strengthen the positions of most people (not so if Karma is working against you), it has an almost opposite effect in the area of feelings. It shakes things up, calls out the white elephant in the room, and otherwise rocks the boat. The advice is to be open, tolerant, forgiving, and to refrain from judging -- lest you be judged.

If you are not yet romantically involved, this month may introduce you to someone special through work or business. New friendships and business partnerships are also common under this number sequence.

Your Personal Month for August-2022 is 9

As mentioned more than once during previous monthly forecasts, this year offers plenty of changes, and August continues the trend. Most of this month is dedicated to completion and letting go. This includes old habits, ideas and concepts that you have recognized as no longer valid, perhaps even projects you have lost interest in, and relationships you have outgrown. It is the latter that may be accompanied with a quite a bit of emotional turmoil.

However, with relationships as well as any other aspect of your life you are ready to let go off, the result is that you make room for the new.

Within the context of this two-year transformation mentioned in your yearly forecast as well as your January

monthly forecast, August stands out as a kind finality. By now, you should have a pretty good sense of how and where you changed. However, you should be prepared for some moments of nostalgia and perhaps regret, these are the usual emotions that are part of the cycle of tossing out the old and inviting in the new. There will be unexplainable emotional upsets, melancholy, and such, but they are essentially the remnants of the old you. Share those feelings with someone close to you. Take comfort in heart-to-heart talks. Still, do not doubt that you now have both feet firmly planted in the new 9-year cycle. You are ready to move ahead.

If your love relationship is fairly recent, or still fragile, this month will likely reveal whether it is of true substance and endurance. Let go of whatever wants to be free; hold on to what wants to stay. And look to a brighter future.

Your Personal Month for September-2022 is 1

You experience an increase in inner strength, independence, and individuality during this month. There is a sense of empowerment.

Chances are your health improves, and you are

more focused and direct. You are certainly more ambitious and ready to pursue your goals. It may even feel a little like the dawn of a new era.

However, there is also a less fortunate side to this double 1 cycle in the form of lacking patience, irritability, and in some people even moments of violence and aggression. The energy you are experiencing when the 1 dominates to this extent is bundled, like a flashlight as opposed to an omnidirectional light. For that reason, many things seem amplified. It is important that you maintain control and keep a close eye on your attitude. Even the gentlest among us tend to be rude or angry a few times under this influence.

Relationship issues should be avoided. As you may have guessed, you are not in the best mood to deal with other people's emotions.

September is a good time to bring about practical changes that you have long contemplated as essential to your health and happiness. This combination inspires smokers to quit, others to modify their diets or start an exercise routine.

You are able to muster up great willpower, so take advantage of that.

Direct this month' energy towards your career or your business. Use that drive and ambition to make progress. But leave that kind of energy at your office, don't take it home with you.

Your Personal Month for October-2022 is 2

Your intuition and sensitivity are heightened. You are much more aware of feelings, yours as well as those of others - which is quite a change from last month (although this gentler energy probably started making its presence known about a week before the end of last month).

Under normal circumstances, and if it doesn't affect you personally, you will find it easy to maintain harmony, even in potentially discordant situations. However, on a more personal level, and particularly among your family and friends, this increased sensitivity can cause you to make mountains out of molehills, get jealous when there is no reason for it, or respond excessively to perceived slights. You are also more vulnerable to criticism than usual

You may also realize that you are given more authority or responsibility in your work. Although promotions and financial improvements may not be obvious, this combination often lays the groundwork for future improvements.

Romance and all heart-centered relationships are central to the events of the month. If single, you will meet someone special. If involved, your relationship will likely become stronger and more committed.

Your Personal Month for November-2022 is 3

November is a month brimming with inspiration, motivation, creativity, and self-expression.

However, there can be a superficial undertone that makes many of your ideas or bursts of energy evaporate as fast as they came.

Still, your enthusiasm is contagious, and no obstacle is too great to overcome - or so it feels. It is your challenge for this month to bring in the needed ingredients of discipline and pragmatism.

Unfortunately, you have little patience and would like everything to go much faster. Your mind runs at a high speed, but it is scattering your ideas all over the place, unless you manage to channel it. Fortunately, there is enough brightness and lightness to make it a fun and exciting month. It is actually a very good time to take a break, maybe go on a vacation. If you do, don't forget to bring a notebook to write down the ideas that pop into your head. The expression of having a mind like a popcorn machine is quite fitting for the influence of this month.

Others are attracted to you and temptation is part of this month's game. There is a danger of falling into a trap of irresponsible behavior. Be careful.

Your Personal Month for December-2022 is 4

December brings opportunities as well as frustration. It is crucial that you stay focused on your goals and work hard. The numbers for this period are all about effort, discipline, and progress -- perhaps not an ideal combination for a month supposed to be full of festivities and joy. However, you will find that if you apply yourself, put your nose to the grindstone, when you are in your work environment, it makes the moments when you are out enjoying the holidays that much more satisfying.

This is an excellent month for career with many opportunities for progress, due in part to last month's inspiring ideas and enthusiasm, remnants of which make it into this month with a potential to actually manifest something. There is always promise when a 1 and 4 team up. You may feel that success is coming within reach, or that the breakthrough you have been waiting for is about to happen. However, there is a caveat; courage is big part of this combination, and a dose of that may be required if you don't feel you are ready.

Sometimes we experience a fear of success not so different from a fear of height. If that is the case, grab the bull by the horns, this is not a time to over think things or let fear stop you from reaching for what you want.

Generally, this combination is less affected by emotions and personality issues than other times. It tends to be fairly stable as far as relationships with friends, family, and co-workers.

Your Personal Month for January-2023 is 3

January brings you optimism and energy. The drive and enthusiasm that emerged during the second half of last year is still with you, along with a caution born of inner change and the emotional ups and downs that arose during the previous 18 months. You're aware of your need for support, cooperation, and advice. And this month, you find yourself establishing closer ties and better communication among those with whom you live and

You are also reflective and relaxed. Take the time to play and laugh. Reach out to friends and loved ones.

Communicate your ideas freely. You and your plans will be supported, which will heighten your optimism about the future.

Romance is an important part of this month's experiences, and the chances are good that you may meet someone special.

Your Personal Month for February-2023 is 4

You realize early this month that progress depends on your willingness to work diligently and remain focused on details. You feel capable and confident, but as your effort increases -- and the hours pile up -- you may become frustrated with the slow response of others. Keep your nose to the grindstone, and if necessary, put in overtime. Don't try to dodge the bullet; bite down on it and keep going. Meanwhile, be willing to cooperate,

listen to others, and tactfully communicate your convictions, as well as your doubts.

February is an excellent month to improve your financial position, particularly through better management. Due to consistent and patient effort, a raise or profitable business deal is in the cards.

Relationships tend to be a little shaky for most of this month. Anthony, you may be somewhat irritable and lack patience as a result of stress and emotional turmoil in your work-environment.

Maintaining a well-ordered environment and avoiding procrastination will help you bypass much emotional stress.

Your Personal Month for March-2023 is 5

March brings some relief from last months' frustrating efforts to persuade others and to keep track of the details. This month will be hectic with some unexpected changes. Don't try to plan everything down to its final detail. Instead, be flexible and adapt to whatever comes your way. The expression "being in the flow", is instructive for most of this month, and you will be astonished by coincidences in which timing is crucial. Don't make

financially risky decisions, especially involving business. Checking and double-check all your facts before going forward with your plans. Be skeptical! However, your ability to promote yourself, your plans, or a product is

enhanced.

There will be many social events and opportunities. Take advantage of them. The chances of meeting new people who can support you in your endeavors are especially good. A letter or phone call from someone you haven't heard from in a long time may surprise you.

It's high noon for romance but be warned. You may not be as discriminating and cautious as you should be. Allow your rational mind to take a critical look at flattering admirer(s).
