Your Personalized Introduction Page

When you sign up for our Decoz Numerology ~ Online program, you will have a full page here to communicate with your clients.

Include *your* introduction to the numerology reports you sell, information about you and your business, or a list of additional services you offer. All optional.

If you choose to include them, your personalized cover and introduction page are the first two pages your client sees before viewing their reading.

We'd love to hear from you – let us know what we can add to better serve you. Contact us at pro@worldnumerology.com.

We wish you success in your endeavors.

To Set Up Your Cover And Introduction Pages

After logging in, go to Settings > Personalize Cover to customize your cover and introduction page. You can turn each one on or off at the top of the template.

If you choose to include a personal cover, there is space for your business name, logo, address, website, and phone number - all optional.

Always Save your cover before viewing the sample. If you choose not to include your own cover and/or introduction, the email address you entered in the cover template will still show on the cover of the reports.

For more info on personalized options see the Help file.

ABOUT YOUR FAMILY TREE REPORT

Your personalized Ancestral Influences Report analyzes your given name at birth and the name of the ancestors you choose to explore. Last names are an important part of your Numerology chart. They add letters and numbers to your Karmic Lesson and Hidden Passion charts and are the sole influence of your Spiritual Transit. This Transit is an important cycle reflecting your inner/spiritual evolution and that of your forebears. Your Ancestral Report provides a glimpse into characteristics you have inherited from those who came before you.

ANCESTRAL INFLUENCES AND NUMEROLOGY - ANCESTRAL DNA

Numerology is an ancient system for studying patterns and cycles. One such pattern demonstrates the enduring influence of the last name carried from generation to generation. A family name can remain unchanged since its origin. However, it sometimes loses or gains a letter or two or is altered entirely due to changing circumstances, such as immigration. These changes are reflected in your ancestor's evolutionary path. When their name changed, their lifestyle, environment and personality did as well. These traits are a component of your family's evolving ancestral "DNA" passed down through the years.

In most cultures, children adopt the last name of their father, and an in-depth analysis of this name can be quite revealing. However, to complete the ancestral picture, the mother's maiden name (on both sides of the family) is just as important. Looking back through both branches of your lineage will help you detect which side of the family you resemble most closely, and which traits you share. In short, you are at the end of a long line of predecessors, having inherited a wide range of characteristics. Your name and the names of your ancestors reveal centuries of accumulated energies and influences that are part of your makeup today.

EXAMINING NAMES

A name can be mined for sources of insight in a variety of ways. We consider the sum of the vowels, the sum of the consonants, and the sum of all letters combined. Additionally, each vowel and consonant is examined separately and in the order of appearance. Information is also gleaned from the absence of certain numbers as well as those appearing most frequently. The Spiritual Transit cycles provide valuable information as well. Every ancestor who carried your last name went through the same Spiritual Transit cycles during the same ages you did.

The custom of a woman assuming her husband's name has a considerable impact on her personality and experiences. In doing so, she quite literally surrenders part of her identity and inner/spiritual path. This does not necessarily create discord and often affects the relationship positively. However, it is something to think about if you are contemplating marriage or divorce. Considering the effect, a name imparts, a divorced woman might consider reclaiming her maiden name to recoup the part of her identity forfeited during the marriage. The decision to adopt a partner's name requires the same forethought for same sex marriages.

Let us move on to your reading.

SUMMARY

Birth Name is Bernadette McGovern
Short Name is Bernadette Linden
Birthdate is July-25-1990
Report date is October-02-2021

Your Core Name Numbers

Your Expression is 2

Your Heart's Desire is 9

Your Personality is 2

The First Vowel is o

The First Consonant is e

Your Heart's Desire - Personality Bridge is 7

SOURCES OF STRENGTH, SURVIVAL AND STAMINA

To understand your relationship to your ancestors, it is important to recognize that each aspect analyzed is focused on a specific facet of your ancestors' makeup. For example, in one chapter you might learn some of your ancestors likely lived on the darker fringes of society, while the next chapter suggests an innate desire for honor and justice motivated many of their choices. While this appears to be a contradiction, it probably isn't. Think of it as the "Robin Hood syndrome" where thievery and honor occupy the same heart; we all possess contradictions in our personality and the approaches we take to various issues.

This chapter centers on the dominant source of strength that helped your ancestors survive and prosper.

The 2 ruled your ancestors' sources of strength, survival, and stamina

The name McGovern suggests many of your forerunners survived and progressed, in part, by outwitting their enemies through diplomacy or manipulation. They were probably less inclined to pick up weapons than to use their wits and finesse. Some may have resorted to lying or cheating to survive (a variant of the negotiating skills associated with this influence).

Your McGovern predecessors had strong, insightful intuition. While probably not the type of perception psychics depend on (although there may have been a few), they possessed an ability to accurately read the body language and facial expressions of others. This is a rare skill and should not be underrated.

YOUR ANCESTOR'S MOTIVATIONAL DRIVE

This aspect describes what motivated your ancestors and what attracted and interested them.

The 9 reflects your ancestors' motivational drive

This part of your chart suggests many of your ancestors may have been aristocrats or were generally more sophisticated and educated than others in their communities. Although they might have been found in high places, many also had strong ties to the "common people" and were known to help the less fortunate.

However, the name suggests there could also be a dark thread running through this ancestral line, one of cruelty and greed. This tends to arise when people begin to consider themselves superior and disconnect from their community. You will highly likely find both saints and sinners among your forerunners, and relatively few who lived mundane lives.

DEALING WITH DIFFICULTY

The following chapter reveals what can best be described as your ancestors' fortitude - the ways they dealt with adversity, obstacles, illness, or poverty, or simply how they held fast against the tide of changing

circumstances. These characteristics helped your ancestors overcome odds many could not and were a determining factor in the choices they made and lifestyles they adopted.

Your ancestors' ability to deal with difficulty was ruled by the 2

Your ancestors were survivors and likely saved others as well. They had the ability to recognize danger early and found ways to adapt to or avoid it. The name McGovern suggests they were more diplomatic, tactful, and wise than they were heroic or confrontational; they understood the advantage of keeping a low profile until their adversaries looked the other way. The women among your Linden forebears highly likely played roles generally not given to women of that period. Their strength, resilience, and humility probably saved the day more than once.

A SHARED PASSION AMONG YOUR ANCESTORS

Bernadette, this section reveals a specific trait or dominant quality held by many of your predecessors. Although this report is built using the last name only, it reveals one area where a characteristic was likely shared almost universally among all with that surname, regardless of the first and middle names.

Your ancestors' shared passion

Common traits that run through this line of your ancestry are warmth and charisma. This would have made them loved and valued by their neighbors.

CAREERS AND TALENTS

This section reflects attributes or a mindset that likely attracted your ancestors to a particular profession. Although other variables in the chart may have altered these influences and lead them to different choices, they probably had some interest in the trades and professions mentioned below. Let's take a quick look at the key qualities and attributes reflected in your predecessors' last name.

Your ancestors' aptitude to certain careers and talents

WEAKNESSES, CHALLENGES, AND TRIUMPHS

This chapter looks at a probable weakness that was relatively common among your ancestors. It would have been necessary for them to overcome this shortcoming to be successful in life. Keep in mind that this is a negative influence, and not every predecessor was affected by it. This aspect is often diminished or completely eliminated if a first or middle name balances it.

The 7 represents your Ancestors ability to overcome weaknesses

This part of your chart indicates a tendency for your McGovern ancestors to be skeptical or cynical. This may have made it difficult for some to be trusting or optimistic. They may have also been challenged by pride and arrogance; a 7 in this position suggests they tended to see others as less intelligent or capable.

To overcome these challenges, they would have had to become humbler and more open to the opinions of others.

HOW YOU COMPARE WITH YOUR ANCESTORS

This chapter looks at your name's numerological traits compared to those of your ancestors with the surname McGovern. Your ancestral influence rating is divided into four categories: Very High (16 through 20 points), High (11 through 15 points), Average (6 through 10 points), and Low (1 through 5 points). The ancestral influence rating shows how closely your traits resemble those of your ancestors. These results are neither good nor bad, but simply another way to identify your 'genetic code' similarities to each ancestor.

Your Compatibility is 8

Bernadette, your connection to this line of your ancestry is not strong. On a scale of 0 to 20, the compatibility rating with your McGovern forebears is between 6 and 10. Similarities exist but are not all that dominant in your personality. It is likely that your personal traits match a different branch of your family tree more closely. Keep in mind this comparison is a small part of your makeup; your full name at birth and your date of birth hold much more weight and offer considerably more insight into who you are.
