ABOUT YOUR RELATIONSHIP PROFILE

This report analyzes the personalities of both subjects to assess their compatibility. It also offers suggestions for ways to mitigate the stress or damage that can come from differing personalities and perspectives.

When you are involved in a relationship, you come to know each other more deeply over time. At first friction is rare. As time goes by and you discover additional sides to your partner, you become aware of personality traits you appreciate as well as some that rub you the wrong way. Even if you consider your relationship nearly perfect, you will experience occasional bouts of conflict.

Negative traits are almost always a cause of friction, but it is interesting to note that some qualities that are considered positive can also be incompatible. You may find this report to be more critical, or even harsh, compared to other readings of this type. My approach is designed to throw light on differences in your chart that might benefit from a frank, unbiased examination. Ignoring potential issues can cause more damage in the long run than a few honest remarks in a reading.

You will probably encounter some texts that state: "The compatibility aspect in this area of the chart is already included in other parts of this report." Those texts are not repeated here because they are either redundant or offset by other conditions. This is done to offer a perspective that is as well balanced and clear as possible; repeating certain traits would place too much emphasis on them.

If you have received previous reports that mentioned double-digit numbers in your chart, such as Master numbers or Karmic Debt numbers, you will notice in the Relationship Compatibility Reports all numbers are reduced to single digits. This is because single digit numbers are the essential influences that affect relationship compatibility; including double-digit numbers would only diminish the clarity we aim for.

I hope you will appreciate the perspective of your Compatibility Report and will find it beneficial to your relationship.

THE LIFE PATH

Your Life Path number is considered the single most significant information available in your Personality Chart. It is derived from the total of all numbers found in your date of birth. However, it is important to keep in mind that the aspects described in the next few chapters will either complement, supplement, or sometimes weaken the attributes revealed in numbers derived from your name.

Marianne, your Life Path number is 6

You possess great compassion and seek to be of service to others. You have concern for the weak and the downtrodden. You are a healer and a helper to others. You are capable of giving comfort to those in need and will frequently offer a shoulder for others to cry on.

Your task in life is to develop the tools necessary to be truly helpful to others, rather than to simply be a sympathetic ear.

You must find the balance between help and interference. In the same way, you must learn the delicate art of the counselor who knows when to leave the struggle to others and when to avoid taking away the necessary experiences and lessons of life. You are naturally balanced. Therefore, you are well equipped to support and ground others in times of trial.

It is in your nature to take on responsibility -- you often fill the void left by others -- and do not turn away from personal sacrifice. At times, you may feel overburdened by the travails of others. However, the love others bestow upon you is your well-deserved reward. You try to maintain harmony within the family or group, balancing and fusing divergent forces. You seek marriage and are often a wonderful parent, offering warmth, protection, and understanding to children.

You are generous, kind, and attractive. You are often admired even adored which baffles you. You are humble and yet you carry a deep pride. You move well and gracefully but will have to work to stay in shape. Seek out physical exercise and limit the sweets and dairy you crave to keep yourself from becoming plump and round.

When young, you must be careful not to choose partners for the wrong reasons. Do not let sentimentality influence your decision, especially those involving the choice of a spouse. You need to be needed but must learn to discriminate between those you can help and others who are made weaker by your care. After all, it is in your nature to be attracted to the weaker brothers and sisters among us.

The temptation, and the danger for you, is to think of yourself as the savior of the world, carrying the burdens of others on your shoulders.

You are blessed with musical talent, as well as in the visual and performing arts. However, your creativity may well be suppressed due to your willingness to sacrifice, or your inability to fully appreciate your talents.

This is not to say that you cannot excel in these areas; on the contrary, you have the talent, and with effort you can make a success in a number of artistic fields. You also have enormous talent in business. You are blessed with a great deal of charm and charisma, which you use effectively to attract the people and support you need.

Carl, your Life Path number is 3

You possess a great talent for creativity and self-expression. Many writers, poets, actors and musicians are born under the 3 Life Path. You are witty, possess a gift for gab, and savor the limelight. Your talent for the expressive arts is so abundant that you may well have felt drawn to becoming an artist while still very young. Your artistic abilities can only be developed, however, through discipline and commitment to the true development of your talent. Commitment, concentration and hard work are the only means of bringing forth your talent.

Thanks to your gift for self-expression, you can be the life of the party, and the center of attention. However, you could easily squander your talent by becoming a social butterfly. Your creativity is the gift that can give you the comfort and luxury you desire, but not without continual focus and discipline. You are optimistic and possess the resilience to overcome many setbacks.

You are socially active, popular, and inspire people with your sunny "happy go lucky" attitude. You can be generous to a fault. Many people born under the 3 Life Path have difficulty handling money because they can be disorganized and not particularly serious about their responsibilities. You are emotional and vulnerable. When hurt, you withdraw into a cloud of silence, eventually emerging from your reticence with jokes and laughter that cover up your true feelings. You can become moody and cynical when depressed. You can succumb to sarcastic remarks, which can be painful to those around you.

When used positively, your talent for self-expression can be a great inspiration force in the world, uplifting others, and bringing much success and happiness to you.

HOW YOUR LIFE PATH NUMBERS COMPARE

Your Life Path number is the most important influence in your chart. As such, their compatibility is very important to the well being of your relationship.

Marianne and Carl, your Life Path Compatibility is 6 and 3

Marianne and Carl, you are clearly a creative couple. Carl has the type of creative energy and sense of humor everyone enjoys and Marianne emanates the warmth and self-sacrificing love that easily wins the hearts of family and friends. You are likely a popular couple with an active social life and a large circle of friends.

Marianne, the number 6 lends you the natural ability to draw loyalty and devotion from others that will last a lifetime. The 6 is often called the motherhood or fatherhood, number. Healing and comforting are second nature to you and you will gift it unconditionally and indiscriminately.

Carl, your number 3 is also a very giving and popular number - more playful and creative than the 6, but less grounded and disciplined. Your energy is more impulsive. Unlike your partner, you probably don't have much patience for emotional issues. You can be a great shoulder for people to cry on, if it doesn't take more than about two minutes. This is mainly due to your naturally optimistic and lighthearted nature, which leads you to expect the same resilient response to difficulty from others. This could make you less responsive to Marianne's need to share things on a deeper level.

Both of you will need to accept your differing perspectives and the approach you take to sensitive matters. Carl, recognize that Marianne is more easily affected by matters of the heart than you feel is sensible. And Marianne try not to be wounded by your partner's light-hearted demeanor; it does not, necessarily, convey disinterest.

Surprisingly, however, the most common pitfall when a 3 and 6 are found in this part of the chart is not the lack of emotional involvement native to 3, but the heightened emotion experienced by the 6. Marianne, you tend to become so absorbed with the wellbeing of those you love that they sometimes feel smothered. You want to do everything for everybody. This can irritate Carl since he requires space and freedom in the relationship.

My advice: Carl, do your best to be sensitive to the emotional needs of your partner; and Marianne, ensure you are giving Carl enough room to move and air to breathe.

THE EXPRESSION

Your Expression number, calculated from your full name at birth, reveals the orientation or goal of your life. Some numerologists refer to this as your Destiny number because it represents a lifelong target at which you are aiming. Thus, the Expression number, to some extent, reveals the person you aim to be.

Your Expression is the most influential of the three characteristics that make up who you are. It is also the number with the most influence on your choice of career, although other aspects are important as well.

Marianne, your Expression is 2

You have a great talent for working with others; you possess tact and refinement. You have a highly developed intuition. This provides you with insight into personalities and situations. Therefore, you act with tact and subtle persuasion. You possess a kind of radar, avoiding the landmines within another's personality, yet bringing out their goodwill. These abilities make you the perfect diplomat. You are a good counselor with an inborn talent for psychology and finely tuned intuition.

Your abilities are better expressed while working with others than by working alone. In the same way, you perform better in a partnership than in a leadership role. You seek balance and peace in all relationships and situations. The key to your personality is sensitivity, but there are two sides to the coin: You are able to perceive the thoughts and emotions of others and can work gently with others for a mutually shared goal. This makes you a great asset in any group endeavor. However, your sensitivity makes you vulnerable. You can be thrown off balance by an unkind word, a conflict, or by hostile conditions at work. You are far more upset by these conditions than people without your sensitivity. While others appear to be enduring troubled times with a modicum of turmoil, you suffer the turbulence of life as if your very survival were at stake.

In difficulties, you tend to persevere and steadily erode the resistance. You are like a gentle wind that shapes the rock.

You are friendly and open-minded. You are a great support person, pulling the best out of those around you. You are the power behind the throne. You are indispensable to the leadership of another, providing insight and advice that is essential. Yet, despite the invaluable service you provide, you often do not get the credit and recognition you deserve, which can be frustrating. Your natural modesty and the enjoyment you get from being an important asset is usually satisfaction enough for you.

Close relationships are essential to your happiness. When single, you dream of finding your "soul mate." When married, you are concerned with your spouse's needs, emotions, and thoughts. You are an outstanding marriage partner, giving, thoughtful, and conscious of meeting the needs of your loved one. You provide great support for your spouse's career. You are a passionate lover.

Parenthood is not an easy role for you, probably because you lack the will to enforce discipline and need a tranquil, delicate, and harmonious environment.

You are blessed with a high degree of musical talent. You have a good sense of rhythm and harmony.

Carl, your Expression is 9

You are the humanitarian. You are attracted to a cause or a movement whose purpose is to make a better world. You are extremely idealistic, sometimes to the point of being naive about people or methods. You have great compassion and seek to create a more humane society. You are drawn to those who suffer physically or are at the hand of injustice. You are the righter of wrongs. Your deepest intention is to transform the world. You are willing to sacrifice in order to advance your cause. Indeed, this seems to be a theme in your life. From time to time, you find yourself involved in a project whose very life depends upon your willingness to sacrifice something that relates directly to your ego.

You are highly idealistic. You are also a visionary, with the ability to influence and direct the masses. Deep inside, you long for the love and approval of the many and seek fame. Part of your hunger for fame has to do with your need for validation; you are your own harshest critic.

You realize your greatest satisfaction when you are involved in some activity that directly benefits the public good. Politics, law, protection of the environment, teaching, and healing are areas in which you would succeed.

You have a broad view of humanity and are not shackled with prejudice. You should have friends and associates from all walks of life, all colors and religious backgrounds. People fascinate and enrich you. A wide diversity of people and experiences stimulate and bring forth qualities within you that would otherwise lay dormant. You have an abundance of artistic talent. Many with your Expression number find themselves in the arts, especially in literature, painting, and the visual and performing arts.

The number 9 indicates the completion of a cycle or a block of learning. The 9 Expression suggests that you have reached the point where a breakthrough can occur; during this lifetime you can apply all that you have learned along your evolutionary path and complete a major stage in your development. This is why we find many geniuses with the 9 Expression. You have the ability to synthesize many diverse bits of knowledge into a unified whole.

Your appearance is important. You are keenly aware of how others perceive you. As a result, others see you as a person with a great deal of control. Conversely, you are charismatic. Despite the cool and distant personality, you project, people are attracted to you.

You tend to express your love somewhat impersonally. You tend to be preoccupied with your vision or cause, and sometimes overlook the needs of those closest to you. You need to be reminded to give your love more personally and more openly. Ironically, you are a very loving and sincere person, but often neglect to express what you truly feel. In the same way, you can overlook your own needs. You can avoid sharing of your deeper feelings, creating a reservoir of emotion. You tend to postpone your personal satisfaction in favor of some larger work. Try to be more spontaneous and courageous about showing your real self, including your vulnerability.

Your basic belief in the goodness of humanity is unshakable. This causes you to encourage the best in people, but occasionally makes you vulnerable to being taken advantage of. You are not a very good judge of character.

The surest way to personal satisfaction is for you to become part of some larger social cause. Your nature is to serve. You are happiest when you feel you are helping to advance the human race.

HOW YOUR EXPRESSION NUMBERS COMPARE

More than any other number in your chart, your Expression number reflects who you are as a whole person on a deep level (rather than the "face" you show to the world, described by your Personality number).

It cannot be over-emphasized how important it is to recognize that the same number in a different area of your chart will affect you differently. There may be times you read something that seems to directly contradict an earlier statement. Yet, if you take time to carefully think about the opposing information you might recognize that, being the complex individual you are, you carry the same contradictions. This is natural and true for all of us. You may excel at organization in one area of your life, while chaos rules in another. You may be tactful and sensitive in one setting, but direct and confrontational in another.

Be aware that it is more difficult to overcome negative traits you recognize in yourself when they are found in this part of the chart, than when they are found under the Life Path description.

Marianne and Carl, your Expression Compatibility is 2 and 9

Where Marianne is open and easygoing in matters of the heart, Carl is probably more careful and perhaps somewhat distant. It is likely he recognizes the need to maintain a safe distance has been a factor in causing past relationships to end. It is not easy for Carl to be deeply involved in a relationship, or to act uninhibitedly.

Marianne is just the opposite. She finds it natural to feel safe and probably responds easily without having to weigh every potential consequence. Carl it is important to note that there is no shortage of love or caring in your nature; you are self-sacrificing and generous to a fault. The difficulty arises only when relationships become more intimate, closer to the "inner" you. If there is a little distance, you feel safe. Marianne, you are very different. You will invite Carl to share even your deepest feelings without hesitation. But if he backs away you carry the potential to respond with confusion, jealousy, or resentment.

Generally, the 2 and 9 do not get along easily. Although both are caring, loving numbers, the idealistic 9 (Carl) prefers to focus on the world at large, to strangers and issues concerning humanity. The 2 (Marianne) is more emotionally involved and focuses on forming a close, cooperative relationship with one person.

Interestingly, the 2 and the 9 comfortably form powerful alliances in other circumstances, particularly business. In combination they can negotiate with and influence just about anyone.

Your relationship issues can be countered, with effort. If it is to grow and endure, Carl will need to let go a little, relax the constant vigil, and become more responsive to the moment. Marianne will need to recognize this does not come easily to her partner. Try to understand that Carl's need for distance does not mean his love is less real, or not as strong as yours.

Being sensitive to and accepting of your differences can help you build a rewarding relationship – a relationship that can also be quite prosperous, especially in the business world, if you combine your respective strengths.

THE HEART'S DESIRE

The Expression number described above points to a more productive side of your life. Your Heart's Desire reflects a deeper, inner you; it suggests an underlying urge, your true motivation, and the general intention behind many of your actions. It reveals the environment and lifestyle you prefer, as well as your likes, dislikes, and the type of people you are drawn to. Consequently, it dramatically influences the choices you make in life.

It makes sense that the vowels of your name are the foundation for your Heart's Desire. Vowels are the peaks and valleys of a language. Notice how vowels leave your mouth in a free-flowing breath. Try it: Aaaa.... Eeee.... Oooo.. Consonants though, are cut off either at the beginning or in the end.

You might say that it is in the flow of your breath that you express your deeper self.

Marianne, your Heart's Desire number is 7

You love knowledge, study, and insight. You value the gifts of your mind, which you use to great advantage to penetrate the mysteries of life. You study things in-depth. You search beneath the surface of things. You abhor shallow judgments or opinions.

You have a natural gift for analysis and research. Once you have grasped the facts of a subject, your creativity and abstract approach lifts your thinking beyond the rudimentary to the philosophical. You have a theoretical mind, but rather than indulge in fantasies or idle thought, you prefer to base your theories upon scientific facts. You enjoy mental and physical puzzles -- figuring them out, taking them apart, and putting them back together.

Some people may perceive you as cool or aloof. You are somewhat introverted; you may feel slightly

removed and even a little different. The fantasy of the hermit or monk engaged in a life of study and meditation appeals to you.

In relationships, you tend to keep things business-like and impersonal. You prefer to talk about the facts of a given situation, rather than the cloudier issues of emotions and personal feelings. You distrust feelings -- both your own and those of others. The whole emotional realm strikes you as unreliable, and a bit unnecessary. Your inability to fully understand the emotional aspect of life is your Achilles heel. You are so rational that the unpredictability of the heart frightens and surprises you.

Your challenge is to trust. You need to share your heart with someone. This is a courageous step for you but will result in enormous growth and satisfaction.

The advice here is to make a true connection with another human being. Without it, you may marry out of convenience or to fulfill social expectations, but it will not lead you out of loneliness. The more removed you are from people, the more you risk isolation, bitterness, and a cynical attitude toward life. This choice represents a true crossroads in your development. By sharing yourself with others (without compromising your independence and need for privacy) you can cultivate your enormous charm and share your understanding of life. You are a natural teacher and advisor. And the wealth of knowledge you will accumulate in life is meant to be shared with others.

This is not to say that you must compromise on your need for privacy or time spent alone to contemplate life. These are natural aspects of your personality, which are essential to your growth. These characteristics should not be threatening to your spouse but must be understood as fundamental to your being.

You are blessed with a great reserve of intuition, which can be cultivated by regular meditation and contemplation. Your "inner voice" is your greatest guide and friend. You are idealistic and have high expectations for yourself. Learn to balance your serious nature with regular doses of fun. Your intelligence and cultivation make you charming and distinguished in appearance. As you get older and more comfortable with your identity, people are naturally attracted to you. They see your wisdom, your deep understanding of life, and the refinement you radiate.

Carl, your Heart's Desire number is 9

You want to be of service to the world. Your deepest satisfaction comes from knowing that you have advanced the cause of humanity. Your ideals are of the highest order. You are a perfectionist. You strive to make the world a utopia; to make each person's lot in life better; to become perfect yourself. One of your challenges in life is to strive toward your lofty goals and at the same time recognize the good you are doing.

You like and are fascinated by people from all walks of life. Human nature is a lifelong study for you. You

are highly intuitive, but not an especially good judge of character. You are a bit naive, as well, thinking perhaps that all people have the same values as you. You dream of having the resources to immediately relieve the suffering of others, whether it is economic, physical, or psychological. You are gifted with a good mind and a great deal of wisdom, which makes you a natural teacher, counselor, or healer.

As much as you desire to be of service to others, you also crave fame and the approval of the masses. Much of the energy you expend in life is directed toward putting yourself before an audience, most often as a salesperson whose product provides some social good; as a philanthropist; or an artist. You are attracted to the arts as a vocation, especially as an actor, photographer, or writer. But whatever your profession, any involvement in the arts, even as a hobby, will provide you with a deep and lasting satisfaction.

Secretly, you dream of having a big impact on the world. Others may see this as egotism, especially when you are still young. But your concern for others is genuine. You must apply yourself in this direction to become psychologically whole and personally satisfied.

Your vision is on the crowds of people, which can cause you to overlook the needs of those closest to you. You need personal love as well but tend to put your needs in the background. Still, you are a loving person, and only need to be reminded to direct and demonstrate that love to those nearby. If, however, you are focused exclusively on the masses, people will perceive you as distant and a bit aloof.

You are emotional, and sensitive. You can also be moody and critical. You have high expectations for yourself and others. This can cause you much anger when your expectations are unfulfilled. One of your most important life lessons is to forgive.

Because you are striving hard to attain high ideals, you may think of yourself as superior to others. Arrogance is a trap many 9s fall into. The danger is that arrogance cuts you off from the thing you love the most: people. Your happiness and contentment are therefore highly dependent on the ease with which you can serve and influence mankind.

It is the paradox of your Heart's Desire that you receive by giving. Both your material success and spiritual satisfaction are made possible through service and sacrifice to others.

HOW YOUR HEART'S DESIRE NUMBERS COMPARE

Compatibility of the Heart's Desire number is very important in a relationship. Few relationships last beyond the initial stage if these numbers are not harmonious.

Marianne and Carl, your Heart's Desire Compatibility is 7 and 9

Marianne and Carl, the 7 and the 9 usually get along well, as long as there isn't too much interaction. Although they are compatible in some areas, they are generally not that interested in each other's issues. If you imagine the 7 and 9 as two archetypes forced to spend time together at a social event, you will witness them politely, although superficially, chatting for a few minutes, then running out of things to talk about and lapsing into silence. They do not dislike each other; they just don't share common interests.

Although the numbers in this part of your chart do not add excitement and energy to your relationship, on the plus side they rarely cause discord. Keep in mind this is only one area of your chart; other numbers and influences will reveal additional aspects that may mitigate this deficiency.

Religion is one area where the 7 and the 9 tend to be incompatible. Carl (the 9), thrives on faith and has the intuitive understanding that things are already in balance, without the need to manipulate them. Marianne, on the other hand, uses logic and reason and does not accept things at face value. Marianne questions everything and (at least as reflected by this part of the chart) "belief" is alien to her intellectual quest for understanding.

Your differing tastes may generate other areas of conflict. Marianne might prefer to live in a large city, while a cozy chalet in the countryside would be paradise for Carl. (Helpful hint: When it comes to choosing colors and furnishings for the home, the 9 is unquestionably better suited to the task.) Every number combination has challenges. Yours will likely revolve around differing interests and your contrasting views on issues that arise.

THE PERSONALITY

The consonants of your full name at birth are the foundation of your Personality number, which is a little like a narrow entrance hall to the great room that is your true nature. It's the outer layer of your personality, the part you feel comfortable sharing. With time and trust, you invite others into the deeper aspects of your nature.

Your Personality number serves as a censoring device in terms of what you send out, as well as whom and what you allow to approach. For this reason, your Personality is usually narrower and more protective in its definition than the real you. It also gives an indication of how others perceive you.

Marianne, your Personality number is 4

You radiate reliability and consistency. People trust you and feel secure with your judgment. You are seen as a cornerstone of a business and are relied upon to do your work efficiently and expertly. You have strength and respectability. You tend to dress in a utilitarian manner, concerned mostly with convention, practicality, durability, and price.

You present yourself as someone who values correctness, control, and precision.

All of this stems from the fact that your most prized characteristic is your work. You want to be judged on the basis of your performance, rather than your appearance. You are frugal and have learned to respect a dollar. You are concerned about the security of your future and those you love. However, this may appear to others as a bit too austere.

You tend to wear earth colors and conventional attire. You could benefit by putting a little flair in your dress. Wear more uplifting colors. Loosen your dress with less severe lines. If you wear a brown suit, include a bright tie or some jewelry.

You are a family person. You love the intimacy, consistency, and the security a family provides. You are a good provider and protector. But family members may take your efforts for granted.

You are a true patriot. You love your country and are an integral part of your community. Your consistency and adherence to your well-laid plans usually pays off in a comfortable and secure future.

Carl, your Personality number is 9

You have an impressive and aristocratic bearing. No matter how tall you are, you appear noble and upright. You are very much in control of the image you send out to others. Many actors, dancers, and other performers have a 9 Personality Number.

You are elegant, graceful, and charismatic. Many admire you. You have the kind of stature that pulls people to you or repels them intensely. Some are jealous of you and may seek to belittle you. You may encourage this to some extent by the amount of arrogance you radiate. This is a caution for all 9 Personalities -- they are sometimes aloof and hold themselves above the world. Your challenge is to come down to earth with your fellow man.

Conversely, you have a great compassion for humanity and want to dedicate yourself to improving the lot of others. You are better when dealing with the trials of the many than the trouble of a single person. You are more capable of working on the grand scale, addressing the needs of society, than on a one-to-one basis.

You are kind and sympathetic, helpful and compassionate. Behind the controlled and calm facade, you are sensitive, vulnerable and emotional.

You have excellent taste. There is a good deal of artistic talent in you that shows in your home environment and your clothing. You tend to see yourself as a guardian of society, a benevolent leader, guiding and directing your community toward a better world.

HOW YOUR PERSONALITY NUMBERS COMPARE

Your Personality is the first aspect people notice when you first meet. Very few relationships have a chance to progress if their Personality numbers are not compatible.

Marianne and Carl, your Personality Compatibility is 4 and 9

Marianne and Carl, this part of the chart reveals important differences you will need to address to create a satisfying, long-lasting relationship. Your challenges stem from the difficulty the 4 and 9 have seeing eye-to-eye. The problem is not so much that they are incompatible, they simply don't understand each other.

As you continue reading this section keep in mind this is only one aspect of the chart; you are complex individuals with many additional influences. It is possible that other numbers will mitigate the potential lack of connection often experienced in your combination, and this will not become an issue. However, even with that consideration, you likely have many challenges ahead.

Have you ever met someone you had an immediate dislike for, or perhaps just experienced an inability to relate to on almost any level? No two numbers generate that kind of inexplicable, uncomfortable vibration as clearly as the 4 and the 9. Fortunately, if you are currently in a successful relationship (and not in the early stages of seeing how you feel about someone) you most likely carry other numbers in your chart that are compatible to such an extent that they override this concern.

Marianne and Carl, the success of your relationship lies in large part on your willingness to give each other a great deal of freedom. Think of this relationship as two strangers who love each other. Some relationships require deep, intimate sharing of ideas, even secrets and inner experiences. This would most likely not only be uncomfortable for you, but it may not be possible. You carry very different attitudes and approaches to life. Oddly, in your relationship the motto should probably be the less I know the better. The less you try to "understand" your partner, the more you will be able to allow love to meld your hearts. Openness, acceptance and respect are key.

Marianne, you will need to accept Carl's need to devote time and attention to people and projects you do not relate to or are not passionate about. Carl (the 9) will need to compromise as well. As idealistic as Carl is, he can sometimes be self-righteous and annoyingly opinionated – and likely irritated by Marianne's practical nature. You will never change your partner. Even with the best intentions, asking them to see things from your perspective will be counterproductive and often create more distance, confusion, and alienation.

There is hope, however, and the potential for a successful, loving relationship if you can accept the fact that you will frequently take different paths. Understand there will most likely always be some distance between you. But if there is, remember that a little separation is the only thing that makes it possible for you to live in harmony. Eliminate the distance and the harmony will no longer exist.

MATURITY NUMBER

Your Maturity number indicates an underlying wish or desire that gradually surfaces at around age 30 to 35. A direction begins to emerge as you gain a better understanding of yourself. With this self-knowledge comes a greater awareness of who you are, and the direction you want to set for your life.

Marianne, your Maturity number is 8

As you mature, you will grow in success and financial reward. You will find yourself deepening your commitment to your work. You will find it easier to overcome difficulties that manifest in your path. Your capacity to use power will grow; you will be recognized as a pillar of influence and dependability within your community. You will have to be strong and self-disciplined to avoid sudden painful material losses. Beware of ego-inflation, the surest symptom of an imminent fall.

The 8 Maturity Number requires a certain degree of detachment from material success; otherwise it will rule your personality and make money an obsession. Detachment allows you to remain focused on the higher values of mankind. One of your important motivations should be a desire to build, create, or market in order to enjoy the game of business.

Your wisdom and sheer common sense are recognized by many and will attract important positions. It is possible that you will be given responsibility for the care and management of another person's property. You may also be asked to guide large institutions.

If you already have several 8s in your chart, especially in the core numbers, you will have to guard against selfishness, accumulation for the sake of status, and greed. If you have few 8s in your chart, or none at all, your opportunity to achieve the success and financial independence is greatly increased.

Carl, your Maturity number is 5

There is no slowing you down as you enter maturity. Your influence grows as you become more dynamic and versatile. You now begin to realize your lifelong goal of freedom. There will be travel and adventure, exciting and unexpected events. Your originality, creativity, and verbal abilities grow stronger. You will become interested in areas you never before considered. You may tend to become restless and impatient. You may quickly lose interest or become bored with projects that progress slowly. Perseverance is tested, especially because you may find it easy to abandon things that no longer hold your interest. You will have to work to maintain your concentration, discipline, and focus. Do not scatter your energy over to many interests. This is especially the

case with people who have several 5s in their chart, especially among the core numbers.

For those with few fives, the increasing ability to adapt to change and the willingness to take risks provides much spice to life.

HOW YOUR MATURITY NUMBERS COMPARE

Your Maturity number becomes more dominant with age. The texts below become increasingly important after about age 40.

Marianne and Carl, your Maturity Compatibility is 8 and 5

Marianne and Carl, this aspect of your chart suggests compatibility can only exist if your roles in the relationship are very different and somewhat separate. You both have unique qualities, but they rarely overlap. Perhaps the best way to describe the differences between your numbers is to look at them from a business rather than a romantic perspective.

As business partners, you could do very well - as long as you play different roles. The 5 (Carl) is excellent at promotion and sales. he is dynamic, articulate, thinks fast, and finds solutions easily. Because Carl can see through facades better than most people, it is easy for him to influence others and resolve personality issues.

Marianne, is a visionary, has a strong commanding presence, and has the persistence to overcome obstacles. The eye of the 8 is always intently focused on a future goal - a goal that will be met no matter what. Marianne is the executive, Carl the marketing expert. These are very different qualities that can work well together if they recognize neither should try to tell the other how to do their job.

In a romantic relationship between the 5 and the 8, a similar picture emerges. If you do not tell your partner how to behave or what to consider a priority, things should be fine.

Other issues that appear in this combination have to do with Marianne's assertive personality and Carl's social nature. Carl does not do well being told what to do, and quickly rejects authority. Marianne, may become jealous or envious of Carl's social life and many friends.

Your key to a successful relationship lies in giving one another space and freedom. Your relationship can be pleasant and long lasting, but you will probably need to be realistic about your expectations and maintain some distance in your lifestyles and day-to-day routines.
