## RELATIONSHIP COMPATIBILITY PROFILE

Charles Hoover  
Tonnette Hoover

[www.your-website.com](http://www.your-website.com)

## **ABOUT YOUR RELATIONSHIP PROFILE**

*This report analyzes the personalities of both subjects to assess their compatibility. It also offers suggestions for ways to mitigate the stress or damage that can come from differing personalities and perspectives.*

*When you are involved in a relationship, you come to know each other more deeply over time. At first friction is rare. As time goes by and you discover additional sides to your partner, you become aware of personality traits you appreciate as well as some that rub you the wrong way. Even if you consider your relationship nearly perfect, you will experience occasional bouts of conflict.*

*Negative traits are almost always a cause of friction, but it is interesting to note that some qualities that are considered positive can also be incompatible. You may find this report to be more critical, or even harsh, compared to other readings of this type. My approach is designed to throw light on differences in your chart that might benefit from a frank, unbiased examination. Ignoring potential issues can cause more damage in the long run than a few honest remarks in a reading.*

*You will probably encounter some texts that state: "The compatibility aspect in this area of the chart is already included in other parts of this report." Those texts are not repeated here because they are either redundant or offset by other conditions. This is done to offer a perspective that is as well balanced and clear as possible; repeating certain traits would place too much emphasis on them.*

*If you have received previous reports that mentioned double-digit numbers in your chart, such as Master numbers or Karmic Debt numbers, you will notice in the Relationship Compatibility Reports all numbers are reduced to single digits. This is because single digit numbers are the essential influences that affect relationship compatibility; including double-digit numbers would only diminish the clarity we aim for.*

*I hope you will appreciate the perspective of your Compatibility Report and will find it beneficial to your relationship.*

Please verify that the name and date of birth showing below are accurate.

## THE LIFE PATH

*Your Life Path number is considered the single most significant information available in your Personality Chart. It is derived from the total of all numbers found in your date of birth. However, it is important to keep in mind that the aspects described in the next few chapters will either complement, supplement, or sometimes weaken the attributes revealed in numbers derived from your name.*

### **Charles, your Life Path number is 5**

The key to your personality is freedom. You love travel, adventure, variety and meeting new people. You possess the curiosity of a cat and long to experience all of life. You love to be involved in several things at the same time as long as you are not tied down to any one area. You like change, new things and new horizons. You make friends easily; your personality is upbeat and often inspiring attracting people from all walks of life.

You have a way of words and an uncanny ability to motivate others. You can be in sales, advertising, publicity, promotion, politics or any profession that requires your communication skills and understanding of people. You likely lack discipline and order. You can also be impulsive, doing or expressing things you regret later.

Freedom and a need for adventure sometimes is not properly controlled by those born with this Life Path, causing problems with drug abuse, overindulgence in food or sex, or generally abusing the gift of life. You are sensual and love to taste all of life. Sex, food and other sensory experiences are essential to the enjoyment of your life. You find it difficult to commit to one relationship, but once committed you can be as faithful as an old dog.

You are multi-talented and possess a variety of diverse abilities. However, discipline and focus are the true keys to your success. Without these many of the tasks you begin will remain unfinished and you will fail to realize the true fruits of your abilities. With hard work and perseverance, the sky is the limit. You may have been perceived as a wild child by adults and a source of concern by your family. However, do not be obliged to hurry your choice of career. You are often a late-bloomer and need to experience life before you can truly know and commit to your heart's desire.

Your challenge is to learn the true meaning of freedom. Change is constant in your world requiring adaptability and courage. Try to maintain an exercise program, keep your body in shape and limber. The flexibility and durability of your body will promote security and confidence within you.

You yearn for freedom and self-employment attracts you powerfully. You should eventually work towards settling on one area to cultivate your ability sufficiently to earn a living and attain success. Once you find your niche the motivation and inspiration you supply others will bring you much in return, you will find

your friends and colleagues supporting and promoting you on the road to success.

### **Tonnette, your Life Path number is 6**

You possess great compassion and seek to be of service to others. You have concern for the weak and the downtrodden. You are a healer and a helper to others. You are capable of giving comfort to those in need and will frequently offer a shoulder for others to cry on.

Your task in life is to develop the tools necessary to be truly helpful to others, rather than to simply be a sympathetic ear.

You must find the balance between help and interference. In the same way, you must learn the delicate art of the counselor who knows when to leave the struggle to others and when to avoid taking away the necessary experiences and lessons of life. You are naturally balanced. Therefore, you are well equipped to support and ground others in times of trial.

It is in your nature to take on responsibility -- you often fill the void left by others -- and do not turn away from personal sacrifice. At times, you may feel overburdened by the travails of others. However, the love others bestow upon you is your well-deserved reward. You try to maintain harmony within the family or group, balancing and fusing divergent forces. You seek marriage and are often a wonderful parent, offering warmth, protection, and understanding to children.

You are generous, kind, and attractive. You are often admired even adored which baffles you. You are humble and yet you carry a deep pride. You move well and gracefully but will have to work to stay in shape. Seek out physical exercise and limit the sweets and dairy you crave to keep yourself from becoming plump and round.

When young, you must be careful not to choose partners for the wrong reasons. Do not let sentimentality influence your decision, especially those involving the choice of a spouse. You need to be needed but must learn to discriminate between those you can help and others who are made weaker by your care. After all, it is in your nature to be attracted to the weaker brothers and sisters among us.

The temptation, and the danger for you, is to think of yourself as the savior of the world, carrying the burdens of others on your shoulders.

You are blessed with musical talent, as well as in the visual and performing arts. However, your creativity may well be suppressed due to your willingness to sacrifice, or your inability to fully appreciate your talents.

This is not to say that you cannot excel in these areas; on the contrary, you have the talent, and with effort you can make a success in a number of artistic fields. You also have enormous talent in business. You are blessed with a great deal of charm and charisma, which you use effectively to attract the people and support you need.

## HOW YOUR LIFE PATH NUMBERS COMPARE

*Your Life Path number is the most important influence in your chart. As such, their compatibility is very important to the well being of your relationship.*

### **Charles and Tonnette, your Life Path Compatibility is 5 and 6**

Charles, you are attracted to Tonnette's strength and stability. Tonnette is the grounding force in your relationship, offering almost unconditional love and protection. You feel safe and secure in her love. Tonnette, you thrive on giving love, comfort and protection. You are attracted to Charles's free spirit and the way his courage and curiosity bring excitement and growth to the relationship. The 5 (Charles) and the 6 (Tonnette) complement each other very well.

It is interesting to note that this type of partnership is somewhat rare. This is due to the initial distrust the 6 and the 5 must overcome when they first meet. They have very little in common and usually don't make the effort to bridge the gap. Therefore, although not impossible, love at first sight is rarely found in this combination.

When a 5 and 6 are drawn to each other, it is usually very physical and sensual. Once you connect, the attraction grows quickly and powerfully, overshadowing just about everything else in your lives. This physical attraction is a strong foundation and while many couples lose interest in their physical relationship after a period of time, your attraction should last and remain quite powerful. A physical attraction is particularly important to Charles, who is a sensual person by nature.

Once you have overcome any initial wariness, Tonnette will recognize there is much more substance to Charles than He initially revealed; and Charles will prove that, despite an early reluctance to commit, He is extremely loyal and trustworthy. The belief that people who embrace change and adapt to new circumstances easily do not have the ability to commit is proven wrong when applied to the 5. In fact, Charles is less likely to cheat than most people.

In contrast, Tonnette could become a source of frustration or jealousy for Charles because, although Tonnette easily commits and is loyal, it is in her nature to give love freely and generously to all. she is quick with hugs and concern for other people simply because she has a lot of love to give. Teaching, healing, and counseling (even if they are not part of a career) are major ingredients of the 6, and Tonnette needs avenues to express them.

The most difficult challenge Tonnette may have to overcome is Charles's extremely social personality. For Charles to be happy, He must live a dynamic life full change, impulsive decisions, social activities and travel. With some exaggeration, you might say Tonnette prefers to stay home while Charles loves going to

the pub. To maintain a successful relationship, you will both need to accept your differences while making a united effort to support and nourish your relationship.

## THE EXPRESSION

*Your Expression number, calculated from your full name at birth, reveals the orientation or goal of your life. Some numerologists refer to this as your Destiny number because it represents a lifelong target at which you are aiming. Thus, the Expression number, to some extent, reveals the person you aim to be.*

*Your Expression is the most influential of the three characteristics that make up who you are. It is also the number with the most influence on your choice of career, although other aspects are important as well.*

### Charles, your Expression is 6

You are a loving and caring individual with a tendency to put the needs of others before those of yourself. You are responsible and trustworthy with a high regard for justice and honesty. Duty will follow you all your life and sometimes feel a little too much of a burden.

You are artistic. Harmony and beauty are high on your list of priorities. You have musical talent but the creative talents of a 6 are sometimes left undeveloped or suppressed as a result of your tendency to sacrifice your time and pleasure to the service of others. You are highly creative in all areas of life, particularly the visual. You are also a talented business person and can work methodically toward the realization of your goals.

You have a natural gift with flowers, gardens, and animals. Your love of children has caused numerologists to dub you the "Cosmic Mother" or "Cosmic Father". The very shape of the 6 resembles and symbolizes "Pregnant with Love". You are a natural counselor and healer. But you must be careful not to interfere with the freedom of others. You are recognized as an idealist, mainly regarding marriage, friendships and humanity.

The 6 is the most harmonious of all numbers, but also contains within itself the greatest paradoxes. It is as if opposite tendencies were tenuously poised. Because of its gift for harmonizing these opposites, you are uniquely qualified to handle and integrate contradictions within yourself. It is for this reason that 6s so frequently find themselves in the role of healers or counselors, creating a peace between opposing points of view, or internal conflicts within the self.

While you can be very idealistic, there may also be a temptation to acquire beautiful objects by improper means. You must also guard against other meddlesome behavior and domestic tyranny, or always having to have your own way in a family dispute. Conversely, you have it within yourself to understand another person's dilemma and come up with a creative solution. Your natural ability to give comfort and warmth can

smooth over hurt feelings like a healing balm. You attract love and appreciation. And rightly so, because you give the same in return.

You make an outstanding teacher (especially young children or special education), healer, counselor social worker, psychologist, artist, designer, gardener, florist, and farmer. You can be successful in business, especially those that involve dealing with people.

### **Tonnette, your Expression is 4**

You are the bedrock of society, the foundation of any enterprise. You are an organizer and manager. Your approach to life and to problems is methodical and systematic. You are a builder and a doer. You turn dreams into reality. You possess a highly developed sense of structure. You enjoy management systems and can carry out your well laid plans. You are not the type to embark on any trip without a map.

You take your obligations and those of your family quite seriously. As a result, you are reliable and responsible. You enjoy seeing a project through from start to finish but can become too narrowly focused. You put your nose to the grindstone and tend to become a workaholic.

You are driven by contempt for all that is unstable, insecure, and unpredictable. You distrust the unconventional, preferring instead the tried-and-the-true. But this can make your endeavors move slowly and cause you much frustration, especially with the apparent limitations of your resources.

At the same time, concern for the limitations of your resources causes you to be careful and cautious, shutting you out from possible shortcuts and creative solutions provided by more daring people around you. It is important that you recognize restrictions for what they are: guiding forces that are testing and directing you toward your goals. Your challenge is to be more imaginative and to attract more creative people into your life who can advise and inspire you.

In relationships, you tend to be somewhat moralistic. You are extremely honest and sincere. You have integrity and are trustworthy but can also be rigid and stubborn. Don't let your strong likes and dislikes overrule your common sense and compassion. Be more understanding of others' shortcomings.

Because you tend to focus on details, you can fall into a rut and become a little dull and overly serious. Often, people born with the 4 Expression need to lighten up and have more fun. You have a keen eye for detail. You have great stamina and can work conscientiously and persistently toward your goals. This eventually brings you success and standing in your community.

In your conservative and careful way, you are good with money. You are very conscious of the balance between income and expenditures. You can limit your expenditures; saving money is important to you.

You are a surprisingly good parent, and love to be involved with children. Somehow, you relate a little more

than others to the innocence of children, perhaps seeing a good deal of yourself in them. You, too, are idealistic and respect the simplicity of children.

Many accountants, bookkeepers, government officials, managers, and lawyers are born under the 4 Expression. You can be attracted to the arts and music but will likely bring your love of structure and order to any artistic field. Classical music and opera are particularly appealing and inspiring for you.

## **HOW YOUR EXPRESSION NUMBERS COMPARE**

*More than any other number in your chart, your Expression number reflects who you are as a whole person on a deep level (rather than the "face" you show to the world, described by your Personality number).*

*It cannot be over-emphasized how important it is to recognize that the same number in a different area of your chart will affect you differently. There may be times you read something that seems to directly contradict an earlier statement. Yet, if you take time to carefully think about the opposing information you might recognize that, being the complex individual you are, you carry the same contradictions. This is natural and true for all of us. You may excel at organization in one area of your life, while chaos rules in another. You may be tactful and sensitive in one setting, but direct and confrontational in another.*

*Be aware that it is more difficult to overcome negative traits you recognize in yourself when they are found in this part of the chart, than when they are found under the Life Path description.*

### **Charles and Tonnette, your Expression Compatibility is 6 and 4**

Charles and Tonnette, it is uncommon for these two numbers to "fall in love." Although they carry common traits (they are both practical and highly responsible) they are rarely interested in one another. The 4 and the 6 are both family-oriented numbers, with a strong sense of community and loyalty, but they tend to compete where you might expect them to be supportive. This is only one area of your chart, so there are other influences to consider that could mitigate this competitive aspect, but it will quite possibly be the hardest to overcome at the onset of your relationship.

However, if support prevails over competition and you do become involved in a romantic relationship, it will usually be a strong, comfortable alliance - the kind of relationship others view as indestructible. If you can accept your differences, you have the potential to be the perfect couple.

You share important priorities: your home, children, friends, stability and security. You are both loyal and protective of each other and those you care about. It is in your approach to life and the way you express yourselves that you are quite different. While Tonnette (the 4) relies on structure, discipline, and control to protect and care for others, Charles relies on warmth, sacrifice and forgiveness. Tonnette is much less flexible and may, at times, feel that Charles is too soft and lenient. Yours is an example of a relationship

typically characterized by the disciplinary father and the soft mother, or vice versa.

People around you may have the impression that Tonnette is rigid and less loving, while Charles is pure love and gentleness, however this is not an accurate perception. Tonnette's love is no less powerful than Charles's - it is just less openly expressed. Tonnette will fight for and sacrifice just about anything to protect Charles, the children, and anyone else who is part of her life.

Some danger exists if your differing attributes become too magnified. Tonnette's need for discipline and structure could become too much for Charles, suffocating and limiting his ability to express love naturally and without anxiety. Charles's willingness to be generous to a fault (and possibly be taken advantage of as a result) might lead Tonnette to lose respect for him.

Your loving natures can help you weather such conflicts and differences. Stay focused on your love, commitment, and shared values. If you can talk openly about your concerns, and respect each other's individuality, you have the potential to maintain a strong lifelong relationship.

## THE HEART'S DESIRE

*The Expression number described above points to a more productive side of your life. Your Heart's Desire reflects a deeper, inner you; it suggests an underlying urge, your true motivation, and the general intention behind many of your actions. It reveals the environment and lifestyle you prefer, as well as your likes, dislikes, and the type of people you are drawn to. Consequently, it dramatically influences the choices you make in life.*

*It makes sense that the vowels of your name are the foundation for your Heart's Desire. Vowels are the peaks and valleys of a language. Notice how vowels leave your mouth in a free-flowing breath. Try it: Aaaa.... Eeee.... Oooo.. Consonants though, are cut off either at the beginning or in the end.*

*You might say that it is in the flow of your breath that you express your deeper self.*

### **Charles, your Heart's Desire number is 7**

You love knowledge, study, and insight. You value the gifts of your mind, which you use to great advantage to penetrate the mysteries of life. You study things in-depth. You search beneath the surface of things. You abhor shallow judgments or opinions.

You have a natural gift for analysis and research. Once you have grasped the facts of a subject, your creativity and abstract approach lifts your thinking beyond the rudimentary to the philosophical. You have a theoretical mind, but rather than indulge in fantasies or idle thought, you prefer to base your theories upon scientific facts. You enjoy mental and physical puzzles -- figuring them out, taking them apart, and putting

them back together.

Some people may perceive you as cool or aloof. You are somewhat introverted; you may feel slightly removed and even a little different. The fantasy of the hermit or monk engaged in a life of study and meditation appeals to you.

In relationships, you tend to keep things business-like and impersonal. You prefer to talk about the facts of a given situation, rather than the cloudier issues of emotions and personal feelings. You distrust feelings -- both your own and those of others. The whole emotional realm strikes you as unreliable, and a bit unnecessary. Your inability to fully understand the emotional aspect of life is your Achilles heel. You are so rational that the unpredictability of the heart frightens and surprises you.

Your challenge is to trust. You need to share your heart with someone. This is a courageous step for you but will result in enormous growth and satisfaction.

The advice here is to make a true connection with another human being. Without it, you may marry out of convenience or to fulfill social expectations, but it will not lead you out of loneliness. The more removed you are from people, the more you risk isolation, bitterness, and a cynical attitude toward life. This choice represents a true crossroads in your development. By sharing yourself with others (without compromising your independence and need for privacy) you can cultivate your enormous charm and share your understanding of life. You are a natural teacher and advisor. And the wealth of knowledge you will accumulate in life is meant to be shared with others.

This is not to say that you must compromise on your need for privacy or time spent alone to contemplate life. These are natural aspects of your personality, which are essential to your growth. These characteristics should not be threatening to your spouse but must be understood as fundamental to your being.

You are blessed with a great reserve of intuition, which can be cultivated by regular meditation and contemplation. Your "inner voice" is your greatest guide and friend. You are idealistic and have high expectations for yourself. Learn to balance your serious nature with regular doses of fun. Your intelligence and cultivation make you charming and distinguished in appearance. As you get older and more comfortable with your identity, people are naturally attracted to you. They see your wisdom, your deep understanding of life, and the refinement you radiate.

### **Tonnette, your Heart's Desire number is 8**

You want success in its fullest meaning: wealth, power, and material comforts. You have an enormous ambition. You dream of big projects, great undertakings, and rewards. You are a visionary. You see the horizon and the promise.

In general, you also see the methods necessary to fulfill that promise. But you are not especially good with details; you need others to help you deal with the smaller parts of the picture.

Your challenge is to make full use of the full spectrum of your abilities, as indicated by your other core numbers. In the same way, you must bring forth the best from others and orchestrate their talents toward the realization of your vision. In short, you must lead by example, demonstrating the standard for commitment, determination, and excellence.

All of this requires effort on your part. You will meet with obstacles and difficulties. Your determination and commitment will be tested. But you have the power to overcome every obstacle you face and accomplish the goal you've set for yourself.

Your task in life is to learn to use power in refined and elevated ways. The expression and use of power are directly related to one's personal evolution. The more primitive uses of power rest with violence and the threat of deprivation. The higher expressions depend upon your capacity to care for and nourish the people and projects in your charge, giving each exactly what is needed at the appropriate time and in appropriate amounts.

You have a creative mind and an unusual approach to business and problem-solving. You need to cultivate your ability to evaluate others. It is essential for you to be involved in a project that challenges you and offers the potential for rewards. When you are uninvolved or unoccupied with a worthwhile task, you can become deeply despondent, depressed, and frustrated. You are the perfect example of the old platitude, "Idle hands are the devil's workshop."

Without a challenge, you can lose balance in life and become selfish, cruel, and even self-destructive. Disappointments become shattering, causing terrible consequences in self-image and self-love. Perspective is everything for you. You have a natural talent for balancing the spiritual and material planes.

You need to cultivate courage and stamina. Courage is a choice. You need to decide to be brave in the face of fear. A balanced 8 is among the most powerful and satisfying of numbers. It is the spirit of the true survivor, able to bounce back and achieve a greater victory.

## **HOW YOUR HEART'S DESIRE NUMBERS COMPARE**

*Compatibility of the Heart's Desire number is very important in a relationship. Few relationships last beyond the initial stage if these numbers are not harmonious.*

### **Charles and Tonnette, your Heart's Desire Compatibility is 7 and 8**

Charles and Tonnette, this combination indicates your relationship is most likely supported by other numbers and influences in your chart, rather than the 7 and 8 found in this area. The 7 and 8 are usually not attracted to each other or particularly compatible in romantic relationships. The notion that opposites attract does not often hold true here.

This does not mean you cannot have a fulfilling, well-suited relationship, but simply that other numbers in your chart are likely the source of your mutual attraction. Carrying the 7 and the 8 in this location of your chart, however, suggests you have major differences that could cause problems.

Your priorities differ. This aspect of the chart tells us Tonnette (the 8) has a strong drive for financial success and security. For Charles, spiritual and intellectual growth is a higher priority. Tonnette intuitively understands the balance between the material and intangible, which is the reason she excels in business, marketing, or sales. (One must be somewhat detached from material gain to have the vision and clarity it takes to successfully pursue a goal.) Charles moves in the inner realms, and is not intrinsically drawn to business, even deeming it unworthy of attention. He would rather discuss political, philosophical, or spiritual matters, with a preference for the abstract - issues that could seem boring to Tonnette who prefers a practical, down-to-earth approach that focuses on results.

Similarly, you could find yourselves at opposite ends of the spectrum when it comes to likes and dislikes, from movies to books, travel to housing, decorating, art, and so forth. Charles might enjoy living in a rather isolated, cozy, country home, while Tonnette would be happy in a futuristic loft in a large metropolis. The friends you attract will also be quite different. The 7 in Charles's chart points to quiet conversations rather than loud parties. Tonnette occasionally enjoys an energetic environment and interaction with others.

The potential lack of compatibility between these numbers has nothing to do with the heart. It generally involves practical preferences, such as where to live, how to decorate the house, and who you become friends with. This can be overcome by allowing each other considerable space and freedom in the way you live your lives. You will both need to recognize and accept your differences. Keep in mind there are influences in other areas of your chart that may mitigate some of these contrasts. If so, focus on the things you both enjoy, then allow one another the freedom to express your individuality.

## **THE PERSONALITY**

*The consonants of your full name at birth are the foundation of your Personality number, which is a little like a narrow entrance hall to the great room that is your true nature. It's the outer layer of your personality, the part you feel comfortable sharing. With time and trust, you invite others into the deeper aspects of your nature.*

*Your Personality number serves as a censoring device in terms of what you send out, as well as whom and what you allow to approach. For this reason, your Personality is usually narrower and more protective in its definition than the real you. It also gives an indication of how others perceive you.*

**Charles, your Personality number is 8**

You appear strong and powerful. You have an impressive personality and can influence and even intimidate through sheer force. You have natural authority. Your competence and enthusiasm attract people with resources. You radiate confidence. People defer to you because they sense your sureness and effectiveness. You also exude a kind of controlled benevolence. People sense that you are generous, once you are convinced of the worthiness of the cause.

It is important for you to dress well. You radiate a kind of raw power and able-ness which needs to be refined and enhanced by your clothing. You may even dress a bit flashy, but that will not harm you. Quality is among your highest priorities and should reflect in your clothing. Although most eights have a strong constitution, they can be prone to indigestion, ulcers, and heart disease due to their reckless eating and drinking habits and their propensity to be workaholics.

Your Achilles heel is your capacity for an egocentric attitude. The negative side of your personality can cause you to be ruthless, greedy, and intensely lonely. Conversely, you can be spontaneous and excited. You are essentially warm and jovial. In your heart of hearts, you want everyone to be as excited and as happy as you. Those who are around you often sense this. Your coworkers and employees usually like you.

#### **Tonnette, your Personality number is 5**

You are a stimulating person. You brighten social gatherings with your fresh and original ideas. Your conversation tends to be sprinkled with novelty and wit. You have a quick tongue and charisma. You are probably an excellent salesman. There is a lot of nervous energy within you looking for an outlet. You love your freedom and you see this life as an ongoing adventure. You are upbeat and optimistic. This is infectious for those you meet. As a result, you inspire others. You have a strong and attractive body, with good muscle tone. Your movements are supple, graceful, and athletic.

Your bane is that you love to indulge your senses with food and drink and can easily gain weight. You have an appetite for anything that stimulates the senses -- sex, food, alcohol, and drugs. Discipline is a necessity for you. The negative side of a 5 Personality Number can give rise to an addictive personality.

You like to dress fashionably and can get away with more colorful clothes. However, you should be aware of the value of quality and the power of modesty.

You are a little irresponsible and quick in satisfying your sensual urges. You are attractive and that, coupled with your innate ability to promote yourself, makes it easy for you to satisfy your desire for new and exciting relationships. You have a kind of swashbuckling personality. People see you as the adventurer that you are. They expect the unexpected from you, and when they don't you often surprise them.

You have a quick and eclectic mind. You attract information from all directions, but you can be a bit

superficial, skimming over the surface of a wide diversity of subjects. This may cause you to be a bit of a dilettante. You can get away with it much of the time, but for your own success and happiness, you should try to ground knowledge and deepen your understanding.

Your versatility and adaptability make you capable of getting the most out of virtually every opportunity in life. You decide quickly on a course of action and your timing is usually good. You radiate with the potential for success, which attracts others who can further you along your path.

## **HOW YOUR PERSONALITY NUMBERS COMPARE**

*Your Personality is the first aspect people notice when you first meet. Very few relationships have a chance to progress if their Personality numbers are not compatible.*

### **Charles and Tonnette, your Personality Compatibility is 8 and 5**

Charles and Tonnette, this aspect of your chart suggests compatibility can only exist if your roles in the relationship are very different and somewhat separate. You both have unique qualities, but they rarely overlap. Perhaps the best way to describe the differences between your numbers is to look at them from a business rather than a romantic perspective.

As business partners, you could do very well - as long as you play different roles. The 5 (Tonnette) is excellent at promotion and sales. she is dynamic, articulate, thinks fast, and finds solutions easily. Because Tonnette can see through facades better than most people, it is easy for her to influence others and resolve personality issues.

Charles, is a visionary, has a strong commanding presence, and has the persistence to overcome obstacles. The eye of the 8 is always intently focused on a future goal - a goal that will be met no matter what. Charles is the executive, Tonnette the marketing expert. These are very different qualities that can work well together if they recognize neither should try to tell the other how to do their job.

In a romantic relationship between the 5 and the 8, a similar picture emerges. If you do not tell your partner how to behave or what to consider a priority, things should be fine.

Other issues that appear in this combination have to do with Charles's assertive personality and Tonnette's social nature. Tonnette does not do well being told what to do, and quickly rejects authority. Charles, may become jealous or envious of Tonnette's social life and many friends.

Your key to a successful relationship lies in giving one another space and freedom. Your relationship can be pleasant and long lasting, but you will probably need to be realistic about your expectations and maintain some distance in your lifestyles and day-to-day routines.

## MATURITY NUMBER

*Your Maturity number indicates an underlying wish or desire that gradually surfaces at around age 30 to 35. A direction begins to emerge as you gain a better understanding of yourself. With this self-knowledge comes a greater awareness of who you are, and the direction you want to set for your life.*

### **Charles, your Maturity number is 2**

As you mature, you will discover that you possess a growing talent for understanding and working with other people. Your ability to influence others through tact and diplomacy will grow. These talents will further you along in your career or business. You will become increasingly shrewd and will learn the art of discrimination. Your sensitivity to the needs and desires of others improves dramatically. You will be able to evaluate their motivations with a growing clarity and uncanny accuracy.

You find you can get more done by persuasion and gentle guidance than by force. You may well have to learn to assume the role as the power behind the throne. Your influence is less public, and you may not always receive the public recognition you deserve. However, your satisfaction comes from seeing the fruition of your own ideas come about, the result of teamwork and cooperative efforts.

If you already have many 2s in your chart, especially in the core numbers, you may become overly sensitive, a characteristic you will have to keep in check. If you have few 2s in your chart, the influence of your Maturity Number will greatly increase your ability to work harmoniously with other people.

### **Tonnette, your Maturity number is 3**

As you mature, you will find yourself becoming increasingly extroverted and optimistic about your future. Your self-expression and creativity improve markedly. You may become inspired to take up some type of artistic endeavor, such as writing, acting, or music, if you are not already involved in one of these areas.

Your ability to communicate will substantially improve. You are naturally more fluent and may find yourself dressing with a certain flair. Be careful not to fall victim to superficial appearances or chasing after glamour and extravagance.

With a 3 Maturity Number you can look forward to a pleasant and social latter part of life. Your attitude will be increasingly positive, and your popularity will rise.

If you already have several 3s in your chart, especially in your core numbers, you may tend to scatter your energies and take your responsibilities less seriously. If you have few 3s, or are missing 3s entirely, you will

experience a great relief from the tension and seriousness of life. You will be more relaxed and capable of enjoying life.

The 3 Maturity Number is a blessing in the latter part of life. It promises enjoyment, close friendships, and much happiness.

## **HOW YOUR MATURITY NUMBERS COMPARE**

*Your Maturity number becomes more dominant with age. The texts below become increasingly important after about age 40.*

### **Charles and Tonnette, your Maturity Compatibility is 2 and 3**

Charles, with the sensitive 2 as your number, you may find it difficult to handle criticism and confrontation (which has the potential to make you hold a grudge). Just the opposite, Tonnette's 3 gives her the innate ability to allow negative comments to roll off without doing much damage. This does not mean Tonnette can't be hurt, but simply that she does not allow such things to spoil the day. These differing approaches regarding emotional issues could create conflict between you.

Sometimes a little tactless, Tonnette might speak before thinking, not realizing the effect her comments will have on Charles. However, when "little things" grow into big emotional issues in which even Tonnette is strongly affected, Tonnette will respond passionately. Although Tonnette tends to be less affected by criticism or an emotional exchange, she has less control of her emotions. This might lead to expressing anger and sharp words that could hurt Charles, damaging the relationship.

Charles might respond with a few angry words but will more likely just withdraw. If this happens, a hard kernel of resentment wrapped in confusion can develop and sometimes remain hidden for a long time. Since Charles may not always think clearly when emotions are in play, and may walk away from confrontation, He could eventually become so discontent that it would take everything Tonnette has to bring him back.

On a positive note, the combination of 2 and 3 is very passionate and strong. As long as Tonnette keeps verbal impulses under control, and Charles has enough self-confidence to handle occasional criticism, the relationship has every chance of bringing lots of love and joy to your life.

Often, the combination of 2 and 3 in this area of the chart enhances both parties' creativity. The sense of harmony and rhythm associated with the 2 merges beautifully with the creative powers of expression so native to the 3. Your relationship can be strengthened enormously by sharing creative interests.

Keep in mind that beauty and love are the foundation of your relationship. The key to weathering your differences is to discuss issues openly and frankly, with tact and sensitivity, as soon as they arise.
