## **THE POWER AND LIMITATIONS OF NUMEROLOGY**

*Numerology is an art thousands of years in the making. Like any Metaphysical science, it hinges on the understanding that all things are interconnected. Your numerology profile analyzes the connection between the letters and numbers linked to you, revealing your talents, strengths, weaknesses, emotions, preferences, and a range of other qualities.*

*To use an analogy, think of numerology's nine single-digit numbers as nine tubes of paint, each a distinctly different color. Imagine you are a work of art painted by a master artist who used every color available to create your image. The depiction is unique and complex: a fusion of bright and subdued colors, shapes and shadows, light and reflection, subtle and bold textures. The deeper you look, the more you perceive and appreciate the many layers that makeup who you are.*

*A comprehensive numerology profile, along with your honest reflection, can be a powerful self-help tool in identifying underlying traits and new possibilities. The better you know yourself, the more control you have over life's changes and the greater your potential for a successful, fulfilled life. Numerology is not infallible, nor does it promise to answer every question, but I feel confident you will find many things to contemplate in the following pages.*

*You are unique, and so is your Profile. We hope you enjoy your reading.*

## **THE POWER AND LIMITATIONS OF NUMEROLOGY**

*Numerology is an art thousands of years in the making. Like any Metaphysical science, it hinges on the understanding that all things are interconnected. Your numerology profile analyzes the connection between the letters and numbers linked to you, revealing your talents, strengths, weaknesses, emotions, preferences, and a range of other qualities.*

*To use an analogy, think of numerology's nine single-digit numbers as nine tubes of paint, each a distinctly different color. Imagine you are a work of art painted by a master artist who used every color available to create your image. The depiction is unique and complex: a fusion of bright and subdued colors, shapes and shadows, light and reflection, subtle and bold textures. The deeper you look, the more you perceive and appreciate the many layers that makeup who you are.*

*A comprehensive numerology profile, along with your honest reflection, can be a powerful self-help tool in identifying underlying traits and new possibilities. The better you know yourself, the more control you have over life's changes and the greater your potential for a successful, fulfilled life. Numerology is not infallible, nor does it promise to answer every question, but I feel confident you will find many things to contemplate in the following pages.*

*You are unique, and so is your Profile. We hope you enjoy your reading.*

## **YOUR PERSONALITY PROFILE**

*Conventional numerology readings focus on two aspects of your chart: You and Your Future. Numerologist Hans Decoz' Profiles take a different approach by adding a third angle, Your Path. Just as your DNA determines your physical body, a blueprint of your personality is an inborn part of you from the very beginning.*

*Your Profile begins with insight gleaned from your name because that is where we learn WHO you are. It describes the talents, strengths, and other distinct characteristics you were born with. Just as your physical body grows and changes with time, so does your personality. Your personal evolution begins at the moment of your birth. From that point on, the choices you make, the goals you set, your environment, opportunities, challenges, the influence of others, and a thousand other factors alter who you become.*

*Your Personality Profile begins with an overview of the combined influence of the core numbers derived from your name: your Expression, Heart's Desire, and Personality. This has never been done before and is perhaps the most dramatic improvement in Decoz' latest work.*

*I hope you will take time to read and reflect on the information below. Many aspects become clearer with time and during subsequent readings. I wish you the best on your journey.*

## **PART I: ABOUT YOU**

*Your Personality Profile is based on your full name at birth, your current name, and your date of birth. Your full name tells us who you are; think of it as your numerology-DNA. Your date of birth reveals your path and the patterns of your personal growth.*

*We start this report by looking at the most important numbers derived from your full name to throw light on who you are as a person.*

## **HOW YOUR NAME NUMBERS STACK UP**

*Anthony, we begin by taking a quick snapshot, a look at the influence and meaning of the three core numbers derived from your name. Your Expression number is the sum of the value of all the letters in your full name at birth. Your Heart's Desire is the sum of the vowels. Your Personality number is the sum of the consonants. These three numbers are closely linked and influence one another.*

*All the numbers derived from your name reflect YOU. They are a blueprint of your talents, shortcomings, character traits, and other qualities. You should realize that this is a limited perspective. Later chapters focus on the challenges and opportunities you will encounter on your path, and attributes you may acquire as time passes.*

*This first chapter is like a glance from a distance, followed by three chapters that explain the meaning of each number in more detail. We will gradually build a more complete picture of the complex and unique individual you are.*

### **Your Core Name Numbers are 7, 7, 9**

Anthony, your Expression and Heart's Desire number is 7, and your Personality number is 9 – all odd numbers. People with odd numbers tend to be dreamers and idealists. However, this does not lessen their potential to make great things happen or keep them from becoming successful and happy.

You may experience awkwardness during your childhood; the 7 can seem a little different from other kids. You were probably shy and thoughtful. Even today, your intelligence likely takes a different path from most people. Both the 7 and the 9 rely on abstract, intuitive methods. You are more liable to take detours and explore esoteric philosophies and fantasies. You are a mental surrealist. You are hungry for knowledge, but do not always learn through conventional methods.

The two numbers differ in other areas as well. Although your 9 Personality can make you seem aloof and distant, it is perfectly capable of working with large groups of people. It can even be a good motivator or

educator. Politicians, lawyers, and public speakers often carry the 9 in this position. The shy, introverted 7 prefers a smaller environment, and one that is less public.

Both your 7 Expression and 7 Heart's Desire are inward focused and may be somewhat awkward socially. The 7 is highly intelligent and a good abstract and intuitive thinker. The main difference between them is the 7 usually prefers to work (and often live) alone. It enjoys a solitary environment. This does not suit the 9; although it may appear a little distant, the 9 is not a loner at all.

In spite of their differences, there are areas where the 7 and 9 dovetail nicely. Although social skills are probably not your strongest asset, both numbers manage to draw people into your circle. You likely prefer the fringe element to those who keep to the middle. Associating with eccentrics and people taking the road less traveled works for both the 7 and the 9. Additionally, the 9 has tolerance and empathy for all cultures and walks of life.

Bringing the attributes of the 7 and 9 into harmony may be a challenge, but it offers very interesting career possibilities. Many people who have a 9 among their name numbers focus on helping others. They are often involved with non-profit community or global concerns, such as humanitarian or environmental programs. This satisfies the intellectual 7 as well. Neither influence is likely to choose a job that requires interacting with people for business purposes, such as retail or real estate. The arts would please the 9. This could include architecture, fashion or interior design, and creative professions that rely heavily on spatial perspective or combining materials and color.

Regardless of the career path you choose, it will probably be a little offbeat. You might be drawn to religion, metaphysics, medicine, art, or psychology (particularly if it is clinical or research oriented).

Romance may be an awkward pursuit for you; you probably prefer to connect more on an intellectual level. Chances are you rarely notice when someone is interested in you, even if that person has been close to you for some time. You are loyal and able to commit, but the basis needs to be intellectual. Ideally, there should also be a shared connection regarding spiritual, metaphysical, or ethical concerns.

Now let's look at each of your core numbers individually.

## **THE EXPRESSION**

*Your Expression number, calculated from your full name at birth, reveals the orientation or goal of your life. Some numerologists refer to this as your Destiny number because it represents a lifelong target at which you are aiming. Thus, the Expression number, to some extent, reveals the person you aim to be.*

*Your Expression is the most influential of the three characteristics that make up who you are. It is also the number with the most influence on your choice of career, although other aspects are important as well.*

**Your Expression is 16/7**

You are gifted with an analytical mind and an enormous appetite for the answers to life's hidden questions. You have a strong interest in exploring scientific matters, philosophy, and even mysticism. You possess clarity and persistence in your search for truth. You can be a great researcher, educator, and philosopher. You are driven by a desire for knowledge and truth. You must learn to discriminate between illusion and reality, but you are well equipped for this task. Your fine mind offers insight into the veiled mysteries of life. You also possess a considerable amount of perspective. Somewhere inside you, you are aware of a peaceful place that you call upon during difficult times.

You need time to be by yourself. Too much social interaction causes you stress. You need your privacy and a place that can be shut off from the hustle and bustle of life. You tend to keep your thoughts to yourself and are secretive. Unless your 7 expression is balanced by extrovert characteristics (usually revealed by the numbers 1, 3, 5, and 8), your introversion may pull you deeply within yourself, even cutting you off from others.

You have a strong dislike of the superficial and mundane. You are often surprised by the lack of understanding or depth of knowledge of others, many of whom do not take the search for knowledge as seriously as you do. This can cause you to be critical of others, and even cynical about life in general. The more cut off from others you become, the more hidden are your motives. Once you develop understanding of people and life, your advice and counsel will be sought by those around you who need your wisdom.

You love to specialize your knowledge and develop great depth within your field. You are a perfectionist. You should complete your studies early in life and not be driven too hard by a desire to be successful. Let things come at their own pace, be open to opportunity, but remember your rewards, satisfaction, and contentment come from a higher source.

Sevens can be distant and aloof. When dominated by their darker characteristics, they can be unfaithful, dishonest, and cruel. Contemplation, meditation, and the softer, finer vibrations of life can restore your sense of harmony and keep you on the path to peace and balance.

You have a logical mind. Your analytical skills cause you to approach a problem in a detached, surgical kind of way. Researchers, analysts, investigators, inventors, technicians, scholars, lawyers, bankers, watchmakers, priests, philosophers, theologians, and administrators in some scientific or technical field are among the vocations 7s are drawn to.

### **THE HEART'S DESIRE**

*The Expression number described above points to a more productive side of your life. Your Heart's Desire reflects a deeper, inner you; it suggests an underlying urge, your true motivation, and the general intention behind many of your actions. It reveals the environment and lifestyle you prefer, as well as your likes, dislikes, and the type of people you are drawn to. Consequently, it dramatically influences the choices you make in life.*

*It makes sense that the vowels of your name are the foundation for your Heart's Desire. Vowels are the peaks and valleys of a language. Notice how vowels leave your mouth in a free-flowing breath. Try it: Aaaa.... Eeee.... Oooo.. Consonants though, are cut off either at the beginning or in the end.*

*You might say that it is in the flow of your breath that you express your deeper self.*

## **Your Heart's Desire number is 7**

You love knowledge, study, and insight. You value the gifts of your mind, which you use to great advantage to penetrate the mysteries of life. You study things in-depth. You search beneath the surface of things. You abhor shallow judgments or opinions.

You have a natural gift for analysis and research. Once you have grasped the facts of a subject, your creativity and abstract approach lifts your thinking beyond the rudimentary to the philosophical. You have a theoretical mind, but rather than indulge in fantasies or idle thought, you prefer to base your theories upon scientific facts. You enjoy mental and physical puzzles -- figuring them out, taking them apart, and putting them back together.

Some people may perceive you as cool or aloof. You are somewhat introverted; you may feel slightly removed and even a little different. The fantasy of the hermit or monk engaged in a life of study and meditation appeals to you.

In relationships, you tend to keep things business-like and impersonal. You prefer to talk about the facts of a given situation, rather than the cloudier issues of emotions and personal feelings. You distrust feelings -- both your own and those of others. The whole emotional realm strikes you as unreliable, and a bit unnecessary. Your inability to fully understand the emotional aspect of life is your Achilles heel. You are so rational that the unpredictability of the heart frightens and surprises you.

Your challenge is to trust. You need to share your heart with someone. This is a courageous step for you but will result in enormous growth and satisfaction.

The advice here is to make a true connection with another human being. Without it, you may marry out of convenience or to fulfill social expectations, but it will not lead you out of loneliness. The more removed you are from people, the more you risk isolation, bitterness, and a cynical attitude toward life. This choice represents a true crossroads in your development. By sharing yourself with others (without compromising your independence and need for privacy) you can cultivate your enormous charm and share your understanding of life. You are a natural teacher and advisor. And the wealth of knowledge you will accumulate in life is meant to be shared with others.

This is not to say that you must compromise on your need for privacy or time spent alone to contemplate

life. These are natural aspects of your personality, which are essential to your growth. These characteristics should not be threatening to your spouse but must be understood as fundamental to your being.

You are blessed with a great reserve of intuition, which can be cultivated by regular meditation and contemplation. Your "inner voice" is your greatest guide and friend. You are idealistic and have high expectations for yourself. Learn to balance your serious nature with regular doses of fun. Your intelligence and cultivation make you charming and distinguished in appearance. As you get older and more comfortable with your identity, people are naturally attracted to you. They see your wisdom, your deep understanding of life, and the refinement you radiate.

## **THE PERSONALITY**

*The consonants of your full name at birth are the foundation of your Personality number, which is a little like a narrow entrance hall to the great room that is your true nature. It's the outer layer of your personality, the part you feel comfortable sharing. With time and trust, you invite others into the deeper aspects of your nature.*

*Your Personality number serves as a censoring device in terms of what you send out, as well as whom and what you allow to approach. For this reason, your Personality is usually narrower and more protective in its definition than the real you. It also gives an indication of how others perceive you.*

### **Your Personality number is 18/9**

You have an impressive and aristocratic bearing. No matter how tall you are, you appear noble and upright. You are very much in control of the image you send out to others. Many actors, dancers, and other performers have a 9 Personality Number.

You are elegant, graceful, and charismatic. Many admire you. You have the kind of stature that pulls people to you or repels them intensely. Some are jealous of you and may seek to belittle you. You may encourage this to some extent by the amount of arrogance you radiate. This is a caution for all 9 Personalities -- they are sometimes aloof and hold themselves above the world. Your challenge is to come down to earth with your fellow man.

Conversely, you have a great compassion for humanity and want to dedicate yourself to improving the lot of others. You are better when dealing with the trials of the many than the trouble of a single person. You are more capable of working on the grand scale, addressing the needs of society, than on a one-to-one basis.

You are kind and sympathetic, helpful and compassionate. Behind the controlled and calm facade, you are sensitive, vulnerable and emotional.

You have excellent taste. There is a good deal of artistic talent in you that shows in your home environment and your clothing. You tend to see yourself as a guardian of society, a benevolent leader, guiding and directing your community toward a better world.

### **THE HEART'S DESIRE - PERSONALITY BRIDGE**

*A Bridge number is based on the numerical difference between two closely related aspects in your chart. It is the gap you need to "bridge" in order to create a more harmonious bond between the two areas.*

*The following Bridge number connects your Heart's Desire and Personality numbers. It suggests things you can do to help your deeper self to align more closely with your personality; the "outer" you that is apparent to others.*

*With a little exaggeration, you could say that your Personality number is somewhat like your mask; it's a more superficial aspect you reveal to the world. You can imagine how much more comfortable and less inhibited the experience of life becomes when you can align your authentic self with the personality you show to the world.*

### **Your Heart's Desire - Personality Bridge number is 2**

Be more sensitive to the needs and expectations of others. Do not rock the boat too often but keep the peace and try to make things run smoothly. You have to use your ability to influence others with gentle diplomacy, instead of confrontations. Be more cooperative.

## **PART II: THE PATH YOU ARE ON**

*If there was ever a moment of transformation, it was the moment of your birth. In that instant, you stepped into a new reality - the reality of human life and human consciousness. Even at that moment you were a person with your own unique character, as unique as your DNA. The previous chapters focused on YOU, the person you are, as revealed in the letters of your name. It is now time to look at your Path, the road you walk through life, using the numbers found in your date of birth.*

*Your first breath marked the beginning of your journey on the road we call your Life Path. It makes sense, then, that the most important number in your numerology chart comes from the date of your birth. Your Life Path number gives a broad outline of the opportunities, challenges, and lessons you encounter throughout your life. It also reveals the strengths, specific talents, and characteristics you were given to help you overcome challenges and evolve into the best you can be.*

### **THE LIFE PATH**

*Your Life Path number is considered the single most significant information available in your Personality Chart. It is derived from the total of all numbers found in your date of birth. However, it is important to keep in mind that the aspects described in the next few chapters will either complement, supplement, or sometimes weaken the attributes revealed in numbers derived from your name.*

#### **Your Life Path number is 28/10/1**

Anthony, you are a born leader. You insist on your right to make up your own mind; you demand freedom of thought and action. You are driven and determined. You don't let anything, or anyone stand in your way once you are committed to your goal. You assume the responsibility to be the protector and provider for those you love. You demand respect and attention and become irritated and even domineering when important things do not go your way. You need to feel in command of important undertakings and resist supportive roles. You seek the forefront and the limelight. You are concerned with your status and foster the appearance of success and self-satisfaction. The need to appear well off propels you to strive for growth, success and the finer things of life.

You are exceptionally creative and original and possess a touch of the unusual. Your approach to problems is unique and you have the courage to wander from the beaten path. You can be impatient with your shortcomings and those of others.

You should watch out for selfishness, conceit and the over-concern with appearance. You must guard against overzealous behavior, anger and aggressiveness. If these qualities are not brought under control you could become excessively domineering, vindictive and even violent. You perform best when you are left to your

own devices. Ideally you should own your own business and be your own boss. Hold fast to your life's dream and work with the determination you possess to realize it.

You can become overly stressed by your driven nature. Be careful about the food you eat and maintain an exercise program you enjoy. Competition sports are often a healthy outlet for a person with your drive, particularly sports involving running and swimming. Don't let pride and overconfidence be your masters. Remember, your talents and abilities are a gift from a higher source, which should promote gratitude and humility, rather than pride and conceit.

More often than not a person with a 1 Life Path will achieve much in life as long as the drive, creativity, originality and pioneering spirit are fully employed!

## **THE BIRTH DAY NUMBER**

*The day you were born bears great significance in understanding who you are and where your talents lie. Your day of birth indicates special talents you possess. It gives us an indication of the approach you will take toward the goals, opportunities and obstacles you encounter on your Life's Path.*

### **Your Birth Day number is 18/9**

You are broad-minded, idealistic, and compassionate. You should obtain a wide education, especially in the arts. You are highly creative. Many great artists are found under this number.

You must come to truly understand life to be of greater service to society. You have a greater social role to play that will require a blend of the practical and the humanitarian. You must have a keen sense of what will work, but at the same time directing those efforts toward some greater good. Your challenge is to find a place for yourself that has some direct benefit to others. The more you can be of service to humanity, the greater will be your personal reward on all levels -- from the material to the spiritual.

Children born on the 9th day usually take their time before choosing a profession.

You are socially oriented and have a gift of charm. You are well-liked and even admired by others. You can relate to people in all walks of life. You have a broad vision of the world and can see the grand scheme of things, including international politics and great social movements. You express your feelings well, but sometimes can be a bit dramatic. You have a strong interest in philosophy and metaphysics. Nines tend to attract money from other sources, such as inheritance or a stroke of "luck".

There is an element of sacrifice in the number 9 that demands that you learn forgiveness and unconditional love. You must avoid negative attachments. Do not hold on to people or situations because you feel that

justice has not yet been done, or that someone still owes you something. Your task in life is to truly let the universe judge such situations and rely on your own forward-moving life path to bring you the necessities and rewards you deserve.

## **THE LIFE PATH - BIRTH DAY BRIDGE**

*Your Life Path and Birthday numbers are closely connected and influence each other. This Bridge explains how you can make the connection between them more harmonious.*

### **Your Life Path - Birthday Bridge number is 8**

With an 8 Bridge, your Life Path and Birth Day numbers are as far apart as two numbers can be. This is not a bad thing, per se, but it does suggest a need to be especially grounded and objective when making decisions, seizing opportunities, or overcoming challenges.

Your 8 Bridge number is one of balance and authority. Self-confidence is perhaps your most powerful asset, and the most significant influence for progress along the path you have chosen. You can help yourself considerably by improving the way you carry yourself. You might, for example, take a public speaking course or do exercises that improve your posture.

## **CHALLENGES; YOUR FIRST CHALLENGE**

*You face four specific Challenges in your lifetime. For many of us, the same challenge is repeated, while others have four distinctly different lessons to learn.*

*These Challenges place you in situations that require you to face the particular lesson at hand. This provides an opportunity for you to learn or better integrate personal traits that will benefit you during the lesson, and throughout your life.*

*The four Challenges in your chart will influence you during the periods of your life listed below.*

*The duration of your First Challenge usually lasts from birth until age 30 to 35.*

### **Your First Challenge is 7**

You are highly skeptical of anything that cannot be proven to you. You are particularly doubtful of anything having to do with spiritual matters. It is, therefore, difficult for you to find a personal philosophy that would give you peace of mind and insight into the purpose of your life.

You repress many of your natural inclinations because they do not fit into your intellectual or rational thinking. You need the part of your being that you are now repressing: the child within.

All the characteristics that have to do with the irrational and holistic side of life -- spirit, humor, playfulness, and intuition -- are being shut out. Your challenge is to find some philosophy and, ideally, a community that will give you additional perspectives, and force you to bring out the many other characteristics that are a fundamental part of you. Otherwise, you risk loneliness and isolation. You have to learn faith.

When you consider that most of life is made up of the invisible world -- thoughts, emotions, insight, and love -- you can begin to appreciate that only a small part of life is within the domain of your senses.

You may have too much pride. You may experience a deep and humbling transformation that will set free the inner being you are keeping trapped within you.

## **THE SECOND CHALLENGE**

*Your Second Challenge is in place from approximately age 30 through 55.*

### **Your Second Challenge is 1**

You must learn to be independent. You will be forced to stand up for yourself and your rights. You will be faced with situations in which you will have to choose between standing up for what you think is right versus giving in to another person's demands. You will have to struggle to strengthen and know your own will power. You will have to learn to be firm and trust your judgment. Don't run with the crowd, be an individual.

This whole lesson represents the frontiers of your consciousness. Therefore, you will have to experience much trial and error, sometimes exploding with bursts of aggression, other times being intimidated and letting frustration and anger build within you until you are ready to act on your deepest instincts. You will learn your own set of values; you will develop into an individual with original and innovative ideas.

## **THE THIRD AND MAIN CHALLENGE**

*This Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge.*

*As you master this challenge and incorporate its positive aspects into your character, your life gradually feels more in control. There is a chance for great reward implicit in this challenge. In short, it may offer the secret to your success.*

### **Your Third and Main Challenge is 6**

Your challenge deals with distorted idealism. Your ideals are unrealistically high, making life difficult for you and others. You have a hard time being satisfied with anything you do, or with what others do for you. You lack gratitude. This prevents you from seeing the beauty in your life. You may also suffer from rigid thinking, which keeps you from having a clear perspective that would otherwise awaken you to the many good things you have received.

At bottom, this challenge is about having blinders on. You are unable to see a broader view, which makes you think you have all the answers. This keeps away information and perspectives that would be helpful to you. Your desire to be of service to others is sincere. However, it may be blocking you from seeing the necessity of working on your own inner development.

You can be domineering and righteous, often telling others what is right and what is wrong. You often feel a lack of appreciation from others.

There is an opportunity to be of service, to teach and heal, but you will have to achieve a balanced perspective between your idealism and your resistance to personal transformation.

### **THE FOURTH CHALLENGE**

*Your Fourth Challenge is most strongly felt during the latter part of your life, beginning at approximately age of 60.*

### **Your Fourth Challenge is 6**

### **Anthony, you are repeating your Third Challenge**

## **PART III: YOUR PATH AND YOU**

*We have focused on the letters of your name and the numbers from your date of birth. We will now look at numbers in your chart derived from the combination of both your name and the date of your birth. Acquiring the attributes described in the next few chapters will help smooth your progress. As you learn more about yourself, you may begin to recognize traits you were previously unaware of.*

### **THE LIFE PATH - EXPRESSION BRIDGE NUMBER**

*This Bridge has the potential to "close the gap" between the Life Path and the Expression numbers. The chapter explains how you can make your talents, strengths, and specific abilities (your Expression number) more readily available and fitting to your goals and personal growth.*

#### **Your Life Path - Expression Bridge number is 6**

This bridge number asks you to consider changing a few priorities. Your 6 Bridge connects your Life Path and Expression. This suggests that while making decisions that affect your professional life, you tend to favor other people's goals over furthering your own career. In other words, a little less sacrifice and a little more focus on your own goals might produce a better balance.

### **MATURITY NUMBER**

*Your Maturity number indicates an underlying wish or desire that gradually surfaces at around age 30 to 35. A direction begins to emerge as you gain a better understanding of yourself. With this self-knowledge comes a greater awareness of who you are, and the direction you want to set for your life.*

#### **Your Maturity number is 8/8**

As you mature, you will grow in success and financial reward. You will find yourself deepening your commitment to your work. You will find it easier to overcome difficulties that manifest in your path. Your capacity to use power will grow; you will be recognized as a pillar of influence and dependability within your community. You will have to be strong and self-disciplined to avoid sudden painful material losses. Beware of ego-inflation, the surest symptom of an imminent fall.

The 8 Maturity Number requires a certain degree of detachment from material success; otherwise it will rule your personality and make money an obsession. Detachment allows you to remain focused on the higher

values of mankind. One of your important motivations should be a desire to build, create, or market in order to enjoy the game of business.

Your wisdom and sheer common sense are recognized by many and will attract important positions. It is possible that you will be given responsibility for the care and management of another person's property. You may also be asked to guide large institutions.

If you already have several 8s in your chart, especially in the core numbers, you will have to guard against selfishness, accumulation for the sake of status, and greed. If you have few 8s in your chart, or none at all, your opportunity to achieve the success and financial independence is greatly increased.

### **PERIOD CYCLES; YOUR FIRST PERIOD CYCLE**

*Like most stories, there are three distinct stages of your life. Your First, Second, and Third Period Cycles come from your month, day, and year of birth respectively. Together they form the foundation of your Life's Path.*

*The First Cycle begins in childhood and lasts through your late 20's. It's a quest for knowledge and identity while you cope with the powerful forces that are present in your environment. These forces include your parents and the socio-economic conditions of your family, for example.*

*The Second Cycle covers the middle period of your life, bringing about the slow emergence of your individual and creative talents. This cycle begins in the early and mid-30's while struggling to find your place in the world. The late 30's, 40's, and 50's, bring a greater degree of self-mastery and influence over your environment.*

*The Third Cycle starts approximately age 55, and represents a flowering of your inner self as your true nature comes to fruition. It is during this period that you have the greatest degree of power and self-expression.*

*Your First Period Cycle runs from birth until your mid 30's.*

### **Your First Period Cycle is 11 and lasts until age 35**

The first part of your life is a period of slow and patient development. You are acutely sensitive to your surroundings and highly intuitive. You possess a gift for peacemaking, and early on discover the power of gentle persuasion. This is a time to cultivate your talents for tact, diplomacy, and cooperation with others.

Musical and other artistic talents are developed. Partnerships become important, requiring understanding and

compromise. Patience and flexibility are essential for success. Your gentle, cooperative attitude attracts others who are happy to support you. Seeking beauty, harmonious environments, nature, and close companionship brings contentment. This is a period of slow but steady progress.

## **SECOND PERIOD CYCLE**

*Your Second Period Cycle runs from your mid 30's until your late 50's.*

### **Your Second Period Cycle is 9**

This is a period where you develop a broad view of humanity and sincere concern for the well-being of others. Tolerance, acceptance, and universal love are the goals of a 9 Cycle, and people under its influence move toward those ideals.

Humanitarian principles and social service are the keys to personal happiness in a 9 Period. Hard work directed toward higher ideals is rewarded. Creative talent is enhanced, especially when joined by a larger social purpose or message. There is an element of sacrifice or letting go, as you are asked to forgive past grievances and part with negative attachments. You are inspired to live according to a higher ethical standard, with personal enrichment as reward.

## **THIRD PERIOD CYCLE**

*Your Third Period Cycle covers the later part of your life, starting in your early 60's.*

### **Your Third Period Cycle is 8**

As you approach the time of life when most people prefer to slow down, you continue to see opportunities and are excited about their potential. Retiring is not likely under this Period Cycle. There is promise in the air, financially as well as in personal relationships.

You gain respect and admiration, and others look to you for guidance and support. Your personal power and authority increase but you use them with consideration for others. You possess enhanced abilities as a manager, organizer, or financial planner. Your ability to see the broad picture and execute bold plans grows with age.

However, this period can be somewhat of a roller-coaster ride with a possibly of unexpected losses - the lesson of detachment is also the domain of the 8. Your key to success lies in understanding the limits of material wealth.

## PINNACLE CYCLES; YOUR FIRST PINNACLE CYCLE

*Although Pinnacle Cycles and Period Cycles are both derived from your date of birth, they differ in the way you experience them. Period Cycles, described above, reflect internal stages of growth. Pinnacle Cycles represent the external influences you encounter in life.*

*Pinnacles reveal general conditions and events you experience during each period, such as your environment, social conditions, relationships, and changing circumstances. Pinnacles reveal how you might respond to these influences and how they will affect your ever-evolving personality.*

*The transition from one Pinnacle to the next is usually strongly felt. You begin to feel the transition from one Pinnacle to the next approximately two years in advance. The latter part of that two-year period can be particularly strong. You will likely make life-altering decisions, such as marriage, a job or career change, or major changes in your personal makeup.*

*Knowing and understanding your approaching Pinnacle number prepares you for the changes ahead. Perhaps the most strongly felt change is the transition from First to Second Pinnacle, which usually takes place in your late 20's or early 30's (the exact date depends on your Life Path number). This is usually a difficult transition but once crossed, provides a clear sense of direction and a firmer sense of identity.*

### **Your First Pinnacle cycle is 2 and runs from birth until approximately age 35**

Anthony, this Pinnacle causes you to be extremely sensitive, intuitive, and full of insight. It is a period that requires patience and the development of inner awareness. You are being asked to use gentle power and persuasion to obtain your desired goals. Direct approaches, forceful displays, and confrontations will likely work against you. You will find the most satisfactory roles to be supportive. You are now a gifted advisor, a diplomat and a peacemaker. Your insight into other people's feelings and motivations is so acute that you seem to be able to see right to the core of things. But rather than use these gifts to create differences between people, you must use them to create peace, to mend rifts, to harmonize.

Your challenge during this period is to bring balance to duality in every form, and at every level. You will recognize the value of both sides of an argument and be able to see the middle ground where peace can be made. You can create the atmosphere in which both sides can compromise and work harmoniously. You are the glue that keeps people and important projects together.

The weaknesses you must face and overcome are too much sensitivity. You may be tempted to indulge your feelings, to be too easily hurt. You may lack self-confidence, especially at the beginning of the Pinnacle when your heightened sensitivity and awareness make you conscious of your own shortcomings. You may succumb to fear and hesitation. All of this can lead to emotional turmoil. You need courage and the

willingness to reach out for support.

Your sensitivity will make you acutely appreciative of beauty and harmonious environments. At the same time, you need beauty and harmony around you. You have an increased appetite for music and the arts in general. You may find that your musical talents coming to the surface. If you do not already play an instrument, give in to any inclination to take one up.

A person in a 2 Pinnacle who uses his or her sensitivity, understanding, and insight is very appreciated by others. You may not fully realize just how much others appreciate and respect you. This may cause you to feel undervalued, or that you are not getting the recognition you deserve. You appear shy and humble, particularly if this is your first Pinnacle, but inside there is much pride that must be kept in check.

You may want to hide from the tumult of life, or from difficult situations. This may tempt you to color the facts in order to protect harmony. Be careful of this tendency, because it often backfires.

You have an eye for precision and detail. Your taste in all aspects of life is enhanced and you possess a certain class that others admire. If you make the most of these qualities, your appearance is considerably improved, making you both attractive and graceful.

## **THE SECOND PINNACLE CYCLE**

*Your Second Pinnacle Cycle lasts nine years and tends to have a considerable influence on your productive/professional life.*

**Your Second Pinnacle cycle is 8 and runs from age 35 until age 44**

Anthony, under the influences of this Pinnacle, you will have greatly enhanced talent for dealing successfully with business and finances. This is a time of material growth, a time of expansion and reward. It is the cycle of harvest. The 8 Pinnacle also increases your personal power. You have sound judgment and vision. In fact, this is the basis of your financial success. People sense your power and effectiveness. They defer to you much more easily and look to you for answers. This makes it easier for you to use power without having to be a bully or force your way through situations. They perceive your able-ness and want to join you in your vision. Others have faith in you.

You will be able to organize large enterprises. Problems do not threaten you so much as provide a challenge. You yourself sense your enhanced personal powers and feel a growing sense of stability and centeredness. You will be capable of influencing matter in an almost magical way. As a result, you are extremely goal oriented, moving toward the realization of your dreams with confidence and clarity. Your challenge during this period is to maintain a hold on your human and spiritual values. You must remain balanced between

heaven and earth. There will be enormous temptations to make money and status your only priorities, excluding the more human or immaterial matters entirely. This will undoubtedly lead to losses. You are being tested and instructed in the real value of money -- it's natural place in life. If money is placed on a high altar, overshadowing all other facets of life, you will become its slave. If you are balanced in your approach to money, and have proper perspective, this can be a truly rewarding period, both materially and spiritually. That is the true promise of the 8.

The number 8 symbolizes the balance between the finite and infinite, matter and spirit. It offers a great opportunity to grow.

### **THE THIRD PINNACLE CYCLE**

*Your Third Pinnacle Cycle also lasts nine years. Like your Second Pinnacle, its effect is felt primarily in your career or business environment.*

#### **Your Third Pinnacle cycle is 1 and runs from age 44 until age 53**

This is a period requiring much independence, courage, resiliency, and initiative. You must bounce back after many difficult experiences. The challenge of this Pinnacle is to gain will power. There is not a lot of support from others or from family. You must draw from your own strength. You will have to guard against self-pity or surrender. Keep focused on your dreams. This Pinnacle will require an iron will to keep hold of your goals, and also the flexibility to maneuver around difficulties, and bend with the winds of adversity.

This is a period of rapid self-improvement and growth. You will be forced to use every talent and capability you possess. You will need to be resourceful. You must continually put out effort, but with it comes great reward. Without it, there is no accomplishment nor satisfaction, only a negative attitude toward life. Be careful not to become too self-centered, headstrong or self-important. Be strong but flexible. Be open to the counsel of others but make up your own mind.

The benefit of this Pinnacle number is a strong sense of your individuality and strength. You will know what you are made of. There are many hidden gifts in this period, perhaps the greatest of which is faith. Your Pinnacle provides you with the characteristics of leadership, boldness, and daring. You will have many unconventional ideas and the skill and courage to make them a reality. Your abilities to manage and organize people and institutions are greatly enhanced. You have vision and confidence in the worth of your dreams.

These characteristics provide great opportunity for success and major accomplishments.

### **THE FOURTH PINNACLE CYCLE**

*Your Fourth Pinnacle Cycle lasts for the rest of your life.*

**Your Fourth Pinnacle cycle is 1 and runs from age 53 until age death.**

**Anthony, you are repeating your Third Pinnacle Cycle**

## **PART IV: SPECIFICS ABOUT YOU**

*Although the following chapters deal with less dominant aspects of your chart, they are more narrowly defined and specific in the ways they affect you.*

### **THE RATIONAL THOUGHT NUMBER**

*Your Rational Thought number comes from combining the sum of your birthday number with the sum of your first name. It reveals the style or process you use when making choices or considering a problem. Are you a structured, logical thinker or do you ponder a question in a creative, abstract manner? Do you daydream or stick to deductive reasoning?*

*Your Rational Thought number suggests the general approach you take in your thought process.*

**Your Rational Thought number is 7**

You are never satisfied with a simple answer. You tend to delve into all the aspects of a question until you feel you understand the problem completely. Then you proceed to solve it with clarity and without hesitation. Few people are able to compete with you when it comes to finding answers. You recognize the underlying factors in a problem situation before anyone else, and you are often able to analyze them in a unique and insightful way.

You are a perfectionist and quickly frustrated when you work with people who like to take short-cuts. You appreciate quality more than quantity in any situation.

### **THE BALANCE NUMBER**

*Your Balance number provides guidance on how to best deal with difficult situations.*

*People experience a variety of internal responses to life's challenges. Some step back from difficult situations to ponder a course of action while others withdraw to avoid uncomfortable emotions. Some explode with anger but allow the outburst to pass quickly while others let their feelings linger.*

*Very often, these are conditioned responses that emerge without thought or analysis. With maturity and self-development, we incorporate new and more effective methods of handling situations we encounter.*

**Your Balance number is 3**

Anthony, be more lighthearted and optimistic in your approach to problems. Try to work with others toward a mutually satisfying solution. Use your considerable charm to influence the situation.

You can be extremely emotional when faced with a problem. Try to control this tendency; you need a degree of objectivity. You may become too personally attached to the solution you seek, thus failing to see that the outcome can be beneficial to all concerned.

### **THE HIDDEN PASSION**

*Your Hidden Passion reveals specific strengths or talents that are available to you, such as a specific field of expertise or (as the name implies) a passion. Metaphorically, this talent or passion may be seen as having a power all its own to help shape your life.*

*Having a talent demands that you nurture and express it. Your Hidden Passion gives you the desire to develop and express your particular ability. In this way, it shapes your personality and guides your life.*

*In the graphic below, each square represents the number value of the letters 1 through 9. The top left square tells you how many ones are found in your full name at birth. The one next to it shows how many twos are in your name, and so forth. The number that is found most often in your name is your Hidden Passion. There can be more than one.*

### **Your Hidden Passion number is 5**

You love travel, change, and new challenges. You are highly adaptable and versatile. You have a talent for languages and are generally good with words. Writing, promotion, and public relations work suit you perfectly. You are resourceful and original. You have a good sense of humor and a quick tongue.

You are sensual and a bit impulsive. You love to satisfy your senses, which can get you into trouble. Overindulgence in food, drink, sex, and drugs are common among people with too many 5s -- six or more.

Your desire for freedom is extremely strong and it will take effort and discipline to stick with whatever it is you started. There is a tendency to give up a project or situation prematurely. Anthony, you may be interested in too many things, which can make it hard for you to apply yourself to one area successfully.

Commitment in relationships and your work is fundamental to your happiness. You may tend to wander from person to person, job to job, making depth of relationship or deep expertise difficult.

### **KARMIC LESSONS**

*Karmic lessons are recognized by the absence of certain letters in your name and describe areas we are weak in that require recognition and effort to overcome.*

*The letters in your name point to talents and abilities that you possess; tools that are available to you. Missing letters imply tools that are unavailable, they must be learned and mastered during your lifetime.*

*You can have more than one Karmic Lesson or, if every number is represented your name, you don't have any.*

*Although you may feel you have learned to overcome one or more of your Karmic Lessons, you will continue to be challenged by them throughout your life.*

### **Your Karmic Lesson is 0**

You don't have any missing numbers in your name, therefore, you don't have a Karmic Lesson.

When you don't have a Karmic Lesson, your life's challenges and obstacles described under the chapter for Challenges, as well as chapters discussing Bridge numbers, tend to be a bit more intensified.

### **THE CORNERSTONE**

*The first letter of your first name gives an additional indication of your character, particularly in the way you approach opportunities and obstacles. This first letter is called your Cornerstone.*

### **Your Cornerstone is A**

You are ambitious, independent and have great drive, you are not easily influenced. You are mental and direct. You want to take charge. You have willpower and are resolute and purposeful. You have courage and boldness but may also be stubborn and willful.

*Your Subconscious Self is based on how many numbers are represented in your name, and indicates your ability to make the most of your talents and opportunities, especially when you face new, challenging, or even dangerous circumstances.*

### **Your Subconscious Self number is 9**

You are somewhat impersonal and may be difficult to get to know. You are not demonstrative of your affections, though you often have deep feelings and great compassion. You are competent and controlled in any situation.

You have no specific Karmic Lessons and are therefore not as vulnerable to Life's ups and downs as others.

### **PLANES OF EXPRESSION; THE PHYSICAL PLANE**

*You experience life on four different levels: physical, mental, emotional, and intuitive. Your Planes of Expression indicate how you function on each of these planes.*

*Your physical plane links you to the material world.*

*Your mental plane, like the emotional and intuitive, perceives the invisible world; the realm of thought and reason.*

*Your emotional plane is preoccupied exclusively with feelings.*

*Your intuitive plane gives you access to the insight and knowledge that comes effortlessly as if placed at the doorstep of your mind.*

*In each category, the number of letters, and their numerical value, gives an indication of which Planes of Expression are stronger in you and which are weaker. Each of us is dominated by one or two of the first three planes. The physical and mental are the most widely used, although a name dominated by emotional letters is not uncommon. The intuitive plane is usually the least utilized. A name dominated by intuitive letters is extremely rare but having no intuitive letters in a name does occur. This does not mean a lack of intuition but points toward a tendency to ignore or distrust intuitive insights.*

*The Physical Plane represents the physical letters in your name.*

### **Your Physical Plane of Expression is 24/6**

Teaching and healing come natural to you. Your appreciation of beauty and art is visible in your surroundings. You combine practicality and artistry. Many successful artists are found with this number on the Physical Plane. You are idealistic and imaginative.

You are an excellent marriage partner. Parenthood is very satisfying for you as is the simple act of service to anyone you come in contact with. You are a loving and emotional person. Also, you are very curious about the lives of others. This can get you into trouble, however, especially if you confuse

service with interference.

## **THE MENTAL PLANE**

*The Mental Plane is based on the mental letters in your name.*

### **Your Mental Plane of Expression is 26/8**

Anthony, you have a great talent as a business person. You can manage large corporations and institutions. You understand how to organize people and direct them toward some larger common goal. You are highly ambitious and competitive. Money and power are essential to your sense of identity and self-respect. You must guard against arrogance and superiority. You can be imperious.

## **THE EMOTIONAL PLANE**

*It is not uncommon for a person to have a name dominated by emotional letters.*

### **Your Emotional Plane of Expression is 46/10/1**

You are highly emotional, even mercurial. You experience much nervous tension and can be high strung. You are roused to love and anger quickly. You can be stubborn and proud. You can become personally and emotionally identified with a particular project or person to the point that you become deeply attached and even possessive.

You are demanding in close associations, especially in love and marriage. If not careful, you can easily be domineering. You need a strong willed yet flexible person as a spouse.

## **THE INTUITIVE PLANE**

*A name dominated by Intuitive letters is extremely rare. It is, however, not at all uncommon not to have any intuitive letters.*

### **Your Intuitive Plane of Expression is 10/1**

You are highly intuitive with flashes of insight. You probably attribute most of your thoughts to your mental capabilities, but in fact your insights come from another, higher resource.

## **PART V: HOW YOUR CURRENT NAME AFFECTS YOU**

*The influence of the short name (the name you use to introduce yourself, including your last name) is minor in comparison to your full name. Interestingly, the short name often compensates in some way for numbers, and their related characteristics, that are missing or out of balance in the full name.*

### **THE MINOR EXPRESSION**

*Your current name forms the basis of your Minor Expression number. It is usually the first and last name you commonly use to introduce yourself (not necessarily the name you received at birth).*

*The influence of your short name is minor in comparison to your full name. Interestingly, the short name often compensates in some way for letters or numbers missing in the full name.*

Your artistic abilities are enhanced. You are more concerned with beautifying your home or engaging in healing and teaching.

## YOUR MENTAL TRANSIT

*The Mental Transit is based on your middle name*

### **Your Mental Transit for age 33 and 34 is P**

Many unexpected events could take place during this transit, making you feel less in control. Try not to take unnecessary risks - your reflexes may not be as quick as usual. You may experience confusion and disappointment in relationships, and have difficulty expressing yourself during this period. This is a time to focus on spiritual development.

The P transit often brings recognition of your skills and talents, which could result in a promotion or increased business success. However, this time is more for spiritual rather than financial growth.

## **YOUR SPIRITUAL TRANSIT**

*Your Spiritual Transit is based on your last name.*

### **Your Spiritual Transit for age 33 and 34 is E**

The E Transit helps us feel inspired and helpful. It brings increased possibilities for travel and changes in your career or residence. You are more attracted to new and adventurous experiences, including love affairs or marriage.

Although the E is a good letter for finances, you may be less focused or carry a frivolous attitude, which could adversely affect your chances for material progress.

You may find yourself attracted to a new religion or philosophical idea.

## YOUR ESSENCE CYCLE

*Your Essence number indicates the lessons you will be dealing with during that year. It says a great deal about how you will perceive your environment. It also gives clear advice on how you can be most successful during the year; which types of behavior will be supported by your milieu and which ones will be less effective.*

*If one or more of your Transits change after your birthday this year, you will find two Essence cycles. If you only have one Essence, it means none of your Transits changed.*

### Your Essence for age 33 is 19

You are in a struggle for independence and possessed by personal ambition. You will feel the need to work hard to establish yourself and your foundation. You are forward looking and even visionary.

This is a period of struggle. It is a time when you may feel torn between your personal desires and your concerns for others. It can be a time marked by stubbornness and rigidity, characteristics you will have to keep in check. This duality between the lower desires and the higher realms of love can cause you much internal conflict. Secretly, you may feel torn between a desire to serve some greater good, and your ambition for personal accomplishment. You are aware of the needs of others. At the same time you are skeptical of ideals and idealists. You may tell yourself now that you must be realistic in your dealings with the world. But you must avoid shutting out the voice of your higher nature. Do not let your higher ideals go, lest you be guided exclusively by materialism and greed.

All too often, those in the 19 Essence finally resolve this conflict by conceding to personal ambition and selfishness. This can lead you to much trouble. People may perceive you as greedy and self-centered. Because you are driven by ambition, you may be attracted to people who have no other priority but personal gain. For some, this will lead to shady business practices and even brushes with the law. This can be a time when you feel a need to pull back from others and become less social than during previous years. But this can lead to isolation. You may also feel frustrated because your ambitions want instant gratification, which the time does not allow.

The challenge during this time is to strike a balance between your worldly needs and your inner spiritual nature. The time requires much soul searching and a willingness to accept the perspective of others. Don't shut yourself off, or become jaundiced to your more idealistic brethren.

At the conclusion of the 19 Essence, the person is often better off materially, and far more independent, but there may also be a sense of disconnectedness from friends and loved ones. Therefore, it is important to work at maintaining close ties. Be open to others, and recognize that man does not live by bread alone.

## Your Essence for age 34 is 4

This a period of much work, attention to detail, and advancement in your career. Your rewards will be directly proportional to your effort. Much will be demanded of you, but you now have the opportunity to lay a sound foundation for your life. You must be orderly and disciplined. Attention to detail in all areas -- especially in personal finances and business -- is a necessity. Your workload will likely increase. Only through the correct management of time and resources will you be able to apportion your energies correctly to meet the increased demands made of you.

You are now being trained in the ways of the world, and only sound practical management will bring you the results you desire. Any flimsy or unsound business practices will likely bring trouble and increased work for you. Only by dealing with reality -- that is, by facing situations exactly as they are, and not how you might like them to be -- will you be able to find the correct path to success.

Avoid feelings of restriction or limitation. Be economical in all your expenditures. Be sure to care for your health. Maintain a healthy diet and follow a sound exercise routine. Pay attention to preventive health methods and get the rest you need. But know when to allow yourself some breathing room. Be moderate in all things, including moderation. Balance is the key to this period.

In-laws and family members can be demanding during this period. People see you as a rock of stability and are naturally attracted to you for support. Be helpful without allowing yourself to be used. You are being called upon to work hard and establish a firm foundation upon which your life will rest for many years to come.

## YOUR PERSONAL YEAR

*Your Personal Year number is a strong indication of the trends and circumstances you experience during the year ahead. Your Personal Year cycles are based on the Universal Year cycles and, therefore, run concurrently with the calendar year. (Transits and Essence cycles are based on the letters of your name and run from birth date to birth-date.) There are nine personal year numbers in a complete Epicycle.*

*Each Epicycle reveals the progression of a specific part of your personal evolution. Your progress along this Epicycle can be seen quite logically, from the beginning of a growth period to the conclusion or culmination of that process. The 1 personal year describes your first steps in a new direction. The years that follow indicate your progress along this path, concluding with your 9 Personal Year, which completes the cycle.*

*Below is a description of your current Personal Year. It indicates where you are on the 9-year Epicycle.*

### **Your Personal Year cycle for 2021 is 7**

You will experience a strong tendency to spend more time alone, to delve inside and find some answers and to reach a better understanding of yourself. This is not a year for social activities nor is it a year to try and reach goals on a material level. You will find that the necessities of daily life seem to be taken care of by themselves. There is no need to be overly concerned regarding your material needs. Without slacking on your daily duties and responsibilities, you can afford to give more attention to yourself. This is a year for inner growth. It is your spiritual and mental presence that requires attention. Improve the quality of your life, read, contemplate and gain insight in yourself. You are important now. Rest and attend to your health.

It is during this year that you strengthen the foundation of your life, after all your success in all matters rests upon the strength of your inner self. There will be many strange and unusual events inspiring you to take a closer look at life and an opportunity is there to experience the joy and beauty of life without any artificial or exterior involvement but purely the growing awareness of yourself. Too much concern and desire for material rewards, Anthony, will turn this period of your life into a very bad experience indeed, while a "let go and let god " attitude will make this such a fruitful and pleasant year that you may find yourself wondering what you did to deserve this.

### **Your Personal Year cycle for 2022 is 8**

After last year's constant involvement with yourself and very possible occasional doubts about the state of your business or career you will find this year to be a relief. Things finally work out. Long postponed checks and promotions come through. You see the light at the end of your financial tunnel and an inner strength and confidence is breaking through. This is your year of harvest and, depending on the effort you put out in the past seven years, your reward will be equally large.

There is a beauty in these cycles we can recognize and understand and in doing so we find ourselves "in the flow" and there is no more need to try and struggle upstream. So this year you will have an opportunity to involve yourself fully in work and material growth and bring home the rewards, at the same time a certain detachment is also necessary, for you and for the experience you have because it is not the reward that brings you happiness but your experience of life, which is why before the rewarding eight year you have had such opportunity for growth during the soul-searching of a seven year. Give in to your ambitions, you will find yourself clearer and more focused and able to pursue and reach your goals. Your power is visible and strong, mental creativity is high, vision and intuition will guide you, and at the same time you are more efficient and focused.

There can be loss, serious loss, bankruptcy and failure, because always the rewards are directly proportionate to your effort and motivation, however you know the effort you put out and you know your motivations, so there must be no room for fear and doubt, only for success and winning and this year will undoubtedly turn out to be a very satisfying year.

## YOUR DUALITIES

*How the yearly cycles affect each other.*

*Your Essence and Personal Year cycles are distinctly separate energies that influence you in different ways. Your Essence reflects your mental, emotional, and spiritual state of mind at a particular time in your life and feels like an internal influence; it's a stage in your personal evolution. Your Personal Year cycle, however, feels more external.*

*Your Essence and Personal Year cycles overlap creating a duality which produces its own influence. Most importantly, it tells us how you can get the most out of your mix of Personal Year and Essence cycles by looking at their combined influence.*

*Personal Year cycles run concurrent with the calendar year and change every year, while Essence cycles run from birthday to birthday and can be anywhere from one to eighteen years, sometimes even longer. Therefore, you can have either two or three Dualities during any 12-month period. Three, if your Essence changes (one before your birthday, one after your birthday, and another when the new year starts). If your Essence doesn't change, you have two Dualities, one for each calendar year.*

*For the purpose of Dualities, Essence cycles with Master Numbers (11, 22, or 33), or Karmic Debt numbers (13, 14, 16, or 19) are reduced to single digits, as their effect in the context of Dualities is indiscernible.*

### **Your Duality for 2021 is 1 and 7**

Anthony, it may look as if your ambitious, driven 1 Essence fits poorly with the more laid-back, introverted influence of your 7 year, but it is actually one of the more balanced and harmonious cycle combinations.

The dynamic 1 Essence inspires an energetic, decisive and highly motivated state of mind. At the same time, your main Yearly influence will provide opportunities for a slow internal awakening, and spiritual or philosophical growth. This can sound conflicting. However, a 7 year also sharpens you mentally. It helps you recognize and understand things that were hidden, obscured by misinformation, or simply too subtle to perceive. This enhanced intelligence and insight will serve you well during a time when you are focused on progress.

The 1 lends a courageous and confident state of mind. Additionally, although you may still be affected by last year's emotional ups and downs, the strengthened bonds and added support that were part that cycle will be a positive influence this year as well.

In short, a 7 year/1 Essence brings clarity, and often smart strategic solutions that may have escaped you previously. It can bring balance between a driven, if not aggressive, state of mind and quiet, observant intelligence.

Under the right circumstances, these differing influences can supplement one another in a harmonious manner. However, when circumstances are discordant - if your surroundings are unstable, or you are worried about your career or business or distracted by relationship issues - the drive and restless energy typical to a 1 Essence can easily turn into frustration and anger. In these circumstances, the 7 can have a negative side as well. Instead of clarity, the inwardly focused 7 could raise doubts about your direction.

The advice for this period is to be clear about your goals and your plans to achieve them. It is a year to focus on you. Although you should not neglect them, romance and relationship issues might take a backseat this year. Achieving success in your material goals will require courage, independence, and ambition.

### **Your Duality before your birth day in 2022 is 1 and 8**

If you noticed that your 1 Essence and 8 Personal Year traits work well together, Anthony, you are correct. In fact, this is one of the most powerful cycle combinations for career, business, and finance. Both influences are bold, driven, energetic numbers although they express these qualities in distinctly different ways.

Your ambitious state of mind, influenced largely by your 1 Essence, will also enhance your leadership abilities. The 1 inspires single-minded, goal-oriented focus, courage, determination, and a willingness to take risks and try new approaches. Accessing these traits can give you an edge in your professional life.

Combine those attributes with a Yearly cycle that tends to positively influence finance, personal power, and career opportunities, and you can imagine your potential for success this year.

However, when opportunity knocks and "the stars are aligned" in your favor, a challenge is delivered along with it: Will you live up to it? Say you are playing a game of soccer, and your teammates set things in motion for you to score a goal; despite this support, you must still put forth all the courage, energy, stamina, and athleticism you have to actually score. This is a fitting analogy for the year - conditions are aligned in your favor, but it is up to you to capitalize on them.

This period comes with a word of caution. There is a potential downside to both cycles being driven by these ambitious (sometimes even ruthless) influences. When the majority of your attention is focused on gaining traction and making progress, you might fail to notice the people who matter the most. If someone close to you complains that you seem distant or unavailable, pay attention. Also, it is a good idea to leave your hard-driving side at the office. Personal relationships require a gentle, caring approach.

### **Your Duality after your birth day in 2022 is 4 and 8**

While reading the chapters on your Essence and Personal Year cycles, Anthony, you may have surmised few number combinations are as well matched as the 4 and 8.

Your 4 Essence will lend a practical, efficient mindset that gives you a solid grip on practical matters, details, and time management. It will help you stay sharp, focused, and stable.

Your 8 Personal Year will deliver the events needed to bring out the visionary in you, with the ability to see far and aim high. This is a time of golden opportunities, but there is a caveat: even with so much going for you, to realize success you will need courage, decisiveness, and determination.

To manifest your goals, you will need to apply yourself 100 percent - not unlike a soccer player when an opening suddenly appears. If you are not prepared to jump in and give it all you've got, you will miss the opportunity at hand. This year, you have the supportive traits necessary to fulfill even a long-time goal.

As harmonious as the 4/8 combination can be for work and business, relationships may not fare as well. You may be so focused on progress and building your (material) future that you neglect the needs of those close to you. Make added effort to be available and carefully consider changes that will affect your loved ones.

Your greatest asset for work and other practical concerns will be your ability to make the pieces fit together. You should be well equipped to recognize opportunities as they come and know just how to take advantage of them.

## YOUR PERSONAL MONTH

*The influence of a Personal Month gradually changes from one month to the next over approximately five days at the end and the beginning of each month.*

### **Your Personal Month for April-2021 is 2**

Now the pendulum swings back from the insensitivity of last month to heightened awareness, especially of others. You are aware of the emotional subtleties that lie beneath the surfaces. You take nothing for granted. Your wisdom and diplomacy will surprise people and prevent several situations from becoming explosive. Relationships with both subordinates and higher-ups will improve. You receive support and are well-spoken of.

Your intuition is keen; rely on it and respect any premonitions you may have. Someone you meet sparks your interest, but you may find that the person is unstable and fragile. You play the role of teacher and counselor in this relationship.

Your understanding and intuition also offer you the means to heal formerly difficult relationships this month.

### **Your Personal Month for May-2021 is 3**

The month of May is an excellent time for leisure and play. Take time off and, if possible, go on vacation. Get in touch with the inner you, daydream, and share those feelings and thoughts with someone you trust. Your need for others heightens.

You sense changes on the horizon, but feel you are in limbo, waiting for events to provide a new direction. Seek the advice, perspective, and insight of others.

You continue to make a good impression on those you work with, but not because of enhanced sensitivity and awareness, as was the case in April, but because of your ability to express yourself well and motivate others to see things your way. Be careful not to become manipulative.

This is a "lucky" month. You're in the right place at the right time and coincidences will occur in your favor. You are more attractive to others than usual and may receive some interesting proposals.

### **Your Personal Month for June-2021 is 4**

June may prove to be the busiest month of the year. Work is demanding. Responsibilities and duties could become frustrating. You've got to stick to the routine and, consequently, you may become bored with your environment. Your energy level is high, and you want things to change. Reorganize your personal life. Manage your time more efficiently. Work

on the house or garden so that you can enjoy improvements in your environment as well as your work life.

You are more serious this month than you were last month. Don't take chances in financial affairs. It is better to save than to spend. Open your heart to your loved ones. They may sense your preoccupation with work and details and need you to reach out to them.

### **Your Personal Month for July-2021 is 5**

July is a time of unexpected events. Be flexible, especially in thought. Let old concepts and dogma go. This is a time of incredible growth, mentally as well as spiritually, but you have to allow such growth to occur. New information comes to you. You have the opportunity to change old ideas about life or people. Your circumstances could even change. Travel is also possible and favorable. A sudden phone call could put you on the plane the next day.

Letters or phone calls could come from people you have not heard from in a long time.

Meanwhile, you feel scattered and restless and want to avoid the nitty gritty details of life. Go with the flow; answer demands as they come up and do not try to control the circumstances too much.

Anthony, you are mentally sharp and quick to see the meaning of new information. You are also creative and imaginative. This month releases your wilder side, especially when it comes to your social life and love relationship. Within the context of this year's serious and spiritual overtones, July is by far the most dynamic month. Be careful of too much self-indulgence and irresponsibility. Moderation, again, is the key.

### **Your Personal Month for August-2021 is 6**

With August comes stability and quiet. There is recognition and respect at work, but also the possibility that someone else takes credit for your effort. Apply yourself diligently. Responsibility and duty rule this month. There is financial gain, probably from a source other than work.

Your family and friends need your love and attention; give of it freely. Especially give your time and advice to a younger person. There is a lot of love that surrounds you this month, but you may not be aware of it. Your attention is focused inward and you may want more time alone than you actually have. Maintain balance. The people close to you need attention and you should be there for them. Your spouse or romantic partner requires much of you this month, too, and your relationship with deepen as a result.

### **Your Personal Month for September-2021 is 7**

Now, more than ever, spiritual growth and self-discovery are highlighted. If you have not been fully aware of this inner search during part of this year, there is no escaping it this month. Dreams will be intense and you won't be able to shake them when you wake up. You will find yourself staring into space more often than usual. You are withdrawing and may experience some loneliness as a result.

You are questioning a lot of things that you had been taking for granted. You think about your life and the direction it is taking. The mysteries of life and death (without being morbid) occupy your mind.

You are mentally sharp and flexible, and you easily keep up with any demands that come your way. Your career, finances, and other mundane aspects of your life occupy a relatively smaller place in your life, this month. Without avoiding your duties, you can let these areas take care of themselves until early next month.

Romantic ties can be surprisingly strong, however. You have a real desire to share your innermost feelings with the person you are attracted to, revealing a side of yourself that has not been available in such intimacy before.

#### Your Personal Month for October-2021 is 8

October brings reward and recognition. Often, this is a very good month for all matters related to career, business, and finances. You reap the rewards of what you sowed in the past seven years. (Next year offers even greater rewards than this month. ) October gives you the opportunity to peak into the near future because it represents a small-scale sample of what next year will bring.

The eight cycle is a rewarding time, but there are two important sides to the way it is delivered. On one hand, it is directly proportionate to the effort you have put out in the past. On the other, you receive exactly what you need to continue on your path. For that reason, you would do well keeping a close eye on your finances, especially to protect yourself from any shortfalls next year. Financial gain is much more common this month (and in the 8 Personal Year). In any case, this is a time to be aggressive in all matters relating to career and finances.

#### Your Personal Month for November-2021 is 9

Your heightened inner awareness and the long inner growth-process you've been working on this year now reach a kind of completion this month in the form of realizations and insights that in turn improve your self-confidence and faith in the future.

At the same time, this is a period marked by emotional ups and downs as you are releasing

old concepts, responsibilities, and relationships that you've outgrown. You are doing some inner-house cleaning which reflects in work as well as personal life.

Your career may seem somewhat stagnant. You are looking for new opportunities and challenges, but not much will be forthcoming until late this month or early next month. You should take it slow; perhaps even take some time off for rest.

There will be an opportunity for you to become involved with a good cause, which will prove both personally and professionally rewarding. In the long run, it may even help you financially.

As for money matters, this is not a good time to take chances or spend money on major purchases.

Some of your relationships with friends and relatives are being put to the test. You have grown and changed over the past year and may be a little out of touch with some of the people with whom you were close. In addition, you have become more discriminating about whom you wish to spend time with.

Sometimes, the 9 Personal Month brings a personal loss. You may have to let go of an old relationship or even someone you regard as a teacher. Romance is also in a make or break period. If the relationship has real substance, there will be some emotional turmoil, but the bond will only become stronger. If the relationship isn't strong, this will become very clear and cause a permanent break.

### **Your Personal Month for December-2021 is 1**

December brings renewed energy and enthusiasm. Your career makes a big step forward. There is financial reward, promotion, and possibly a transfer that brings a welcome change. You will be introduced to someone or several people who are important for your career and can positively influence your future.

While this month brings you and your relatives and friends closer together, the feelings are also intensified and your relationship with some of these people is in a very fragile state. There may be some outbursts of long suppressed feelings that have to be dealt with. Relationships of all kinds - family, friends, and co-workers - tend to be somewhat unstable during this time.

If you are single, romance may become an important ingredient of this month's experience. You may meet someone new and this person will be an intellectual and spiritual challenge.

The attraction will be based less on physical appearance than on curiosity: there are profound differences between you in point of view and lifestyle, which is fascinating on some level. You learn from this person and, like looking into a mirror, you discover a lot about yourself and the changes that have taken place on a very deep level during the course of this year.

## Your Personal Month for January-2022 is 9

January marks a period of completion. You have gone through a spiritual growth cycle that resulted in a better understanding of yourself. You have gained much insight. Now you are entering a time when spiritual understanding must merge with the practical and material side of life. You are moving from a 7 Personal Year, which was dominated by spiritual growth, into an 8 Personal Year, which is focused on the material aspects of your life. This may throw you a little off balance. The year begins with some confusion and self-doubt.

Often, there is financial stress. You need to apply yourself to your career and other worldly matters. This is the year of harvesting your rewards, but before that happens, you need to prepare yourself, to regain your footing. Now you must become more aggressive and ambitious. January requires effort. It also requires a letting go of outdated and outgrown concepts, habits, and relationships. For that reason, January tends to be emotional and somewhat insecure. However, you will soon pick up momentum, and your personal power increases.

Romantic and love-relationships experience some stresses. You are somewhat distant and aloof, which may make your partner feel left out. Spend some time reassuring your mate.

## Your Personal Month for February-2022 is 1

This February things begin to speed up. Unlike last month, you now feel full of energy and enthusiasm. In fact, you're impatient to start new projects, and must guard against impulsive decisions. Your career and financial affairs are the areas of your life that require the most attention. There are great opportunities as well as potential dangers. This is the year marked by opposites: times when everything seems to go your way, and other times when it seems the rug has been pulled out from under you. February gives the first indication of what this year will bring but, more important, it challenges you to put your best foot forward, to show what you are made of.

The month may begin with a challenge. You may have to confront one of your biggest fears, which is followed by an opportunity to put that fear to rest once and for all. Courage, determination, and inner strength are the needed ingredients that will make this a successful month and a profitable year. The year can be characterized by the old carrot-and-stick metaphor: February reveals the carrot -- the prize you can obtain -- but it also shows the pitfalls and dangers; in short, the stick.

Relationships are favorable in all areas of your life. Co-workers show support, friends tell you how much they admire you, relatives make it clear they have confidence in you, and your lover makes you feel you deserve the best.

## Your Personal Month for March-2022 is 2

March demonstrates how you can sometimes make more progress and be more successful by staying in the background than by forcing the issue. March gives you ample opportunity to influence others, to make them listen to your ideas, even to inspire them to do things your way. You are tactful and sensitive, yet also driven and motivated. You find better ways to handle challenging situations.

Later this month, you gain respect and recognition and will find yourself taking on a leadership role. Your authority is impressive because you balance force and strength with diplomacy and tact. Romance is favorable and, if you are single, you may meet someone through work or a business meeting who will touch your heart.

### Your Personal Month for April-2022 is 3

The events of this month inspire creativity and optimism, as well as a need for flexibility and adaptability. Sometimes, the early part of an 8 Personal Year brings financial challenges and problems. If this is the case, April is the most challenging time of the year. It is a testing time that forces you to confront your lifestyle and your priorities. With the right adjustments, you can put yourself on sounder financial ground. The month also encourages a certain detachment from trying to control financial matters too much. Once you stop controlling matters too much, your spiritual understanding of life really pays off in a practical and applicable way.

Last year's opportunities to contemplate and search for insight -- which may have seemed unproductive at times -- now prove to be your best defense on the battle ground of material progress. You are being forced to achieve a balance between the spiritual and the material, especially this month. In any case, April will reveal to you how capable you are of doing that. Be generous but don't waste money. Focus on getting things done, but don't let financial reward be your only motivation. Introduce creativity and a playful attitude to the job at hand. And most important; don't let temporary setbacks ruin your ambition. This is a time to reach out, not to suppress.

Romance and relationships continue to be favorable. Social events bring new people. Your self-expression and sense of humor improve, and it is easy to make new friends during this time.

## DIAMOND SPIRIT GUIDE

Anthony Mercier

Numerologist Hans Decoz

[worldnumerology.com](http://worldnumerology.com)

## **WHAT THE DIAMOND CHART REVEALS**

The Diamond Spirit Guide is one of the oldest number-based methods of divination and perhaps the most powerful tool numerology has to offer. It reveals the chain of cause and effect that connects your physical and non-physical planes. It tells us how your experiences, choices, and priorities in the physical world affect your internal/spiritual growth, and how, in return, this affects the quality of your life on the physical plane.

An incomplete, rudimentary version of the Diamond was brought back from obscurity by the late Kevin Quinn Avery and later completed and re-birthed by Hans Decoz.

Each Diamond pattern consists of four numbers. The first is called the Challenge. Your Challenge is a lesson or test that, once learned, will benefit you for the rest of your life.

The second number is the Root or Cause and explains the underlying reason that lesson has emerged. The third number, the Recommended Action (also called Action Key), gives advice on the best approach for a successful outcome. The final number - aptly named the Outcome - reveals what the likely result of your efforts will be, and how it might affect your future.

Except for ages 0 through 7 and 75 through 81 we experience two Diamonds per year from birthday to birthday. These two Diamonds overlap and are equally important; they fit together as if working on one helps us understand the other.

Although most Diamonds are in place only for one year, it's not uncommon for one or both Diamonds to repeat the following year. Often one number - usually the Challenge number - lasts for more than one year, while the other three numbers change. Finally, a number that is the Cause one year becomes the Action Key for the next. The Diamond's structure is complex but also logical and beautiful.

A word of advice: getting the most out of your Diamond requires some measure of self-reflection, not unlike the I Ching. I recommend that you read it more than once, then let it simmer. You may be surprised at the amount of insight you gain.

Your report covers two years/ages from birthday to birthday. To avoid distraction, you may want to postpone reading the Diamonds for the second year until a couple of months before your next birthday, or if you do read them, go back to the two for your current age and focus on those.

### THE FIRST DIAMOND

*The first number in your Diamond is of a decidedly spiritual/inner nature. It's offered to you in the form of a challenge; something that needs to be learned or acquired to help you grow and mature. It reveals the true purpose of your struggle on the physical plane from a broad vantage point.*

#### **Your First Diamond Challenge for age 32 is 2**

The lesson of this challenge concerns a perception you have of yourself. You either lack self-confidence and often feel inhibited or the opposite is true and you have an exaggerated sense of self-worth. Regardless of the expression, a 2 in this position points to an imbalance. If this feels true for you, your ability to relate to other people should shift once you have overcome this challenge.

As a thinking person, you are well acquainted with the rumblings of your mind. However, you may not always be aware that you are not your mind, but the entity "listening" to your mind. While this is probably not a new realization, recognizing it consistently provides clarity. It allows you to be skeptical of your ideas and thoughts, and receptive to possibilities that may be of more value.

This subtle yet powerful realization can make a difference in the way you view people who may not share your views. It helps you separate the individual from their (evolving) ideas or convictions, making you less

likely to judge them from a superficial perspective.

## **YOUR FIRST DIAMOND CAUSE**

*The second number in your Diamond reflects the underlying cause of the challenge you face this year. It is the catalyst that sets things in motion, the root of the issues confronting you during this period.*

### **The Cause for your First Diamond is 3**

This root cause indicates difficulty with communication. This could contribute to an emotional, intellectual, and/or spiritual bottleneck.

It may feel as if your ability to express yourself has diminished in the past few years, causing miscommunication, frustration, or lost opportunities. You probably do fine on a superficial level but when the talk turns to deeper, more personal issues, you may find yourself stumbling. It's not a matter of your strength or confidence but a fear of intimacy, something you have an opportunity to confront as this Diamond puts pressure on you.

Self-expression and communication are at the root of this Diamond.

## **THE RECOMMENDED ACTION FOR YOUR FIRST DIAMOND**

*The third number in the Diamond pattern suggests a possible course of action to resolve successfully the issues facing you during this period.*

### **The Recommended Action for this Diamond is 13/4**

Anthony, this is a period when effort, restraint, responsibility, and discipline are needed: put your nose to the grindstone, fulfill your obligations, don't procrastinate, and keep your eye on your goal. It's a time to be grounded and practical in all your endeavors. While this sounds like all work and no play, the upside is there should be no shortage of satisfaction and appreciation. With effort, you create more opportunities to reach your goal, and increase the likelihood of looking back on this period of your life with gratitude.

Not only does this effort result in tangible reward, you will grow as a stronger and more self-confident individual. Think of it as boot camp difficult at times, but worth the effort.

The qualities required to successfully navigate this Diamond and upcoming opportunities are efficiency, focus, time management, and an eye for detail.

## **THE EXPECTED OUTCOME OF YOUR FIRST DIAMOND**

*The fourth number reveals potential changes in your personality and your environment as a result of your experience with the Diamond in place this year. Naturally, our effort and sincere desire to meet these challenges increases the possibility of a positive outcome*

### **What it means to have an expected Outcome of 9**

Anthony, today you most likely find yourself in very different circumstances than you experienced one or two years ago. It's possible you are more involved in activities with a wide range of influence, perhaps involving politics, legal affairs, environmental issues, metaphysical studies, or an alternative health and lifestyle program.

A 9 in this position suggests the idealist in you has become more prominent, and you have developed a more practical approach to your endeavors. A broader worldview, humanitarian efforts, and sacrifice without a desire for personal reward are some of the traits the 9 inspires. Whatever cause or causes you take on, you intend to make a difference. The 9 is also creative, artistic, diplomatic, and philosophic, which gives you a wide variety of interests to choose from. The one unifying aspect is almost always the desire to help others.

In addition, it's not uncommon for a person exiting this Diamond to receive a windfall in the form of unexpected money or other stroke of luck.

**THE SECOND DIAMOND**

*The first number in your second Diamond is again of a decidedly spiritual/inner nature, offered to you in the form of a challenge; something that needs to be learned or acquired to help you grow and mature.*

**Your Second Diamond Challenge for age 32 is 0**

A Challenge is one of the few calculations in a numerology chart that can produce a zero. Of the nine possible challenges, the zero challenge is perhaps the most important because it directly affects the well-being of humanity on a global scale. As if to emphasize this, it is also the most commonly found lesson and very likely to occur more than once during your lifetime (an average of three to six times).

Compassion, empathy, brotherhood/sisterhood, and unity lie at the foundation of your 0 Challenge. However, this challenge has less to do with emotionality than with an intellectual and basic recognition that every human being deserves your respect, your love, and perhaps at some point, your personal sacrifice. The potential growth and fundamental improvement inherent in this challenge has the potential to affect not only you, but also the global community.

You will likely experience more than your share of confrontation and turmoil. Events and circumstances require you to choose between opposing energies, such as love or hate, empathy or cruelty, sacrifice or

apathy. You witness incidents of injustice and are challenged to choose between getting involved or walking away.

The zero challenge is about taking a stand and responding with courage, more than it is about good and evil. The choices you make during this period define you in countless ways.

The 0 challenge in a Diamond reflects the most primal struggle any man or woman can face. It makes this both difficult and easy; difficult because the easy way out can be tempting; easy because there is nothing subtle about the choices facing you.

## **YOUR SECOND DIAMOND CAUSE**

*The second number in your Second Diamond reflects the underlying cause of a distinct challenge you will face this year. It is the catalyst that sets things in motion, the cause of the issues confronting you during this period.*

### **The Cause for your Second Diamond is 8**

Your root cause suggests you may have been feeling a little off balance, perhaps for as long as three or four years. You feel you missed opportunities - real or imagined - and doubt may have been gnawing away at you.

This combination can leave you feeling a little insecure about where you belong and what you should be doing, not unlike a rock climber suddenly experiencing fear of height halfway up the mountain. Nothing has changed; you are climbing with the same equipment, traversing a mountain like many you have climbed before, but your discomfort is real, nonetheless.

Insecurity and doubt have a positive side as well. They help you move forward more carefully and deliberately, thereby proving to be the very ingredients that can prevent you from taking a hard fall.

## **THE RECOMMENDED ACTION FOR YOUR SECOND DIAMOND**

*The third number in the Second Diamond pattern suggests a possible course of action to resolve the issues facing you during this period.*

### **The Recommended Action for this Diamond is 16/7**

Anthony, sometimes doing less on a practical physical level is just what you need. A 16/7 in this position suggests you should focus at least some of your time on the intangible. Worldly issues are often resolved by focusing on the larger questions and mysteries of life, and the beauty of creation.

During this period, solutions to current issues will come, in large part, through introspection rather than critical thinking. Take time for meditation, contemplation, daydreaming, and reading scriptures or books on philosophy. Focus on your inner world. Try taking a little time each day for solitude, and use the time to ask the essential questions: Who am I? Why am I here? What do I want?

This period will likely bring a sense that your identity is expanding, bringing an urge to make changes on the practical, material plane as well. You may feel a desire to change your life from the ground up, not so much due to dissatisfaction (although there may be some of that) but more to the desire to aim higher, to grow, to discover more about, or to become more comfortable with, yourself.

Some of the changes you consider may not make sense to people around you. What may be viewed as questionable in the eyes of others may be a sign of rebirth, like the Phoenix preparing to rise from the ashes. However, because the choices you make during this time could have a vital impact, you should take time to consider them carefully; don't be impulsive or heedless of the consequences. Contemplation, meditation, and forethought are crucial for a positive outcome. This is a time for inner transformation.

The qualities needed to successfully navigate this Diamond, and to take advantage of its opportunities are self-examination, faith and confidence.

## **THE EXPECTED OUTCOME OF YOUR SECOND DIAMOND**

*The fourth number reveals potential changes in your personality and your environment as a result of your experience with the Second Diamond in place this year. Naturally, our effort and sincere desire to meet these challenges increases the possibility of a positive outcome.*

### **What it means to have an expected Outcome of 6**

Anthony, a 6 in this position indicates strengthened ties with your family, friends, and community. As you exit this Diamond, you likely feel closer to people you care about, and you may find your sense of responsibility and loyalty has improved. The 6 inspires commitment and a stronger sense of belonging. You may feel a renewed sense of purpose, more at ease with your emotions, and less inhibited about expressing your feelings.

**THE FIRST DIAMOND**

*The first number in your Diamond is of a decidedly spiritual/inner nature. It's offered to you in the form of a challenge; something that needs to be learned or acquired to help you grow and mature. It reveals the true purpose of your struggle on the physical plane from a broad vantage point.*

**Your First Diamond Challenge for age 33 is 2**

The lesson of this challenge concerns a perception you have of yourself. You either lack self-confidence and often feel inhibited or the opposite is true and you have an exaggerated sense of self-worth. Regardless of the expression, a 2 in this position points to an imbalance. If this feels true for you, your ability to relate to other people should shift once you have overcome this challenge.

As a thinking person, you are well acquainted with the rumblings of your mind. However, you may not always be aware that you are not your mind, but the entity "listening" to your mind. While this is probably not a new realization, recognizing it consistently provides clarity. It allows you to be skeptical of your ideas and thoughts, and receptive to possibilities that may be of more value.

This subtle yet powerful realization can make a difference in the way you view people who may not share your views. It helps you separate the individual from their (evolving) ideas or convictions, making you less

likely to judge them from a superficial perspective.

## **YOUR FIRST DIAMOND CAUSE**

*The second number in your Diamond reflects the underlying cause of the challenge you face this year. It is the catalyst that sets things in motion, the root of the issues confronting you during this period.*

### **The Cause for your First Diamond is 8**

Your root cause suggests you may have been feeling a little off balance, perhaps for as long as three or four years. You feel you missed opportunities - real or imagined - and doubt may have been gnawing away at you.

This combination can leave you feeling a little insecure about where you belong and what you should be doing, not unlike a rock climber suddenly experiencing fear of height halfway up the mountain. Nothing has changed; you are climbing with the same equipment, traversing a mountain like many you have climbed before, but your discomfort is real, nonetheless.

Insecurity and doubt have a positive side as well. They help you move forward more carefully and deliberately, thereby proving to be the very ingredients that can prevent you from taking a hard fall.

## **THE RECOMMENDED ACTION FOR YOUR FIRST DIAMOND**

*The third number in the Diamond pattern suggests a possible course of action to resolve successfully the issues facing you during this period.*

### **The Recommended Action for this Diamond is 5**

Think of this period as flying a kite, Anthony. You need to keep your feet on the ground while your focus and ambition are roaming, swirling and diving without restraint. Your mind should be as free as that kite but held firmly by a string controlled by (only) you.

We often allow people or situations, as well as ourselves, to limit our potential. Sometimes we work hard because we feel pressured by money concerns or living up to other people's expectations. Other times, we are drawn by a dream or personal goal. Although no less effort is required, there is a big difference in the way each impetus feels.

This diamond suggests it's time to let go of old concepts and ideas, in order to be elevated by your own dreams. Nurture your untapped potential by allowing new ideas to emerge, let go of past habits and worrying about what others may think.

Although it may not sound very practical, it may help to just watch the clouds go by, get out more, let go of old habits. There is no better way to get in touch with yourself and your dreams. Allowing your mind to wander and making room for the new are important aspects for recognizing and following your dreams.

Qualities that will help you navigate this Diamond and take advantage of approaching opportunities are flexibility, adaptability, having faith in yourself, and letting go of pointless restrictions.

## **THE EXPECTED OUTCOME OF YOUR FIRST DIAMOND**

*The fourth number reveals potential changes in your personality and your environment as a result of your experience with the Diamond in place this year. Naturally, our effort and sincere desire to meet these challenges increases the possibility of a positive outcome*

### **What it means to have an expected Outcome of 16/7**

Anthony, you likely emerge from this Diamond with a stronger sense of insight and faith, although this is not always obvious to others. In fact, it's not uncommon for people who have previously been devoutly religious or attended a place of worship regularly, to seem less dedicated. On the contrary, it sometimes means that a deeply personal, internal search has brought deeper understanding and clarity, while adherence to ritual and dogma has diminished.

In any case, as you exit this Diamond you may feel an inner metamorphosis, more aware of your intellectual potential, more analytical and focused, as well as more reflective and contemplative. As a result, your sense of individuality is likely stronger, and you may feel less willing to conform. These traits can bring an increased desire to learn through books, education, documentaries, lectures, and a greater focus on your inner world through meditation and acquiring wisdom and insight.

## THE SECOND DIAMOND

*The first number in your second Diamond is again of a decidedly spiritual/inner nature, offered to you in the form of a challenge; something that needs to be learned or acquired to help you grow and mature.*

### **Your Second Diamond Challenge for age 33 is 2**

The lesson of this challenge concerns a perception you have of yourself. You either lack self-confidence and often feel inhibited or the opposite is true and you have an exaggerated sense of self-worth. Regardless of the expression, a 2 in this position points to an imbalance. If this feels true for you, your ability to relate to other people should shift once you have overcome this challenge.

As a thinking person, you are well acquainted with the rumblings of your mind. However, you may not always be aware that you are not your mind, but the entity "listening" to your mind. While this is probably not a new realization, recognizing it consistently provides clarity. It allows you to be skeptical of your ideas and thoughts, and receptive to possibilities that may be of more value.

This subtle yet powerful realization can make a difference in the way you view people who may not share your views. It helps you separate the individual from their (evolving) ideas or convictions, making you less likely to judge them from a superficial perspective.

## **YOUR SECOND DIAMOND CAUSE**

*The second number in your Second Diamond reflects the underlying cause of a distinct challenge you will face this year. It is the catalyst that sets things in motion, the cause of the issues confronting you during this period.*

### **The Cause for your Second Diamond is 8**

Your root cause suggests you may have been feeling a little off balance, perhaps for as long as three or four years. You feel you missed opportunities - real or imagined - and doubt may have been gnawing away at you.

This combination can leave you feeling a little insecure about where you belong and what you should be doing, not unlike a rock climber suddenly experiencing fear of height halfway up the mountain. Nothing has changed; you are climbing with the same equipment, traversing a mountain like many you have climbed before, but your discomfort is real, nonetheless.

Insecurity and doubt have a positive side as well. They help you move forward more carefully and deliberately, thereby proving to be the very ingredients that can prevent you from taking a hard fall.

## **THE RECOMMENDED ACTION FOR YOUR SECOND DIAMOND**

*The third number in the Second Diamond pattern suggests a possible course of action to resolve the issues facing you during this period.*

### **The Recommended Action for this Diamond is 6**

The best approach to finding solutions to your own issues may be in directing a large part of your attention elsewhere, preferably toward your family, friends, or community. This doesn't mean you should stop actively working on the challenge previously described. It suggests that, by focusing on other issues, your subconscious has an opportunity to identify and work through some of those blockages. Sometimes, when we take the attention of ourselves and focus on the problems of others, we find clarity for our own issues.

It's no coincidence that you will likely find yourself in high demand during this period. Don't ignore your own issues but give more attention than usual to those around you – it could benefit both of you.

The main qualities required to successfully move through this Diamond, and to take advantage of coming opportunities are love, sacrifice, empathy, and generosity.

## **THE EXPECTED OUTCOME OF YOUR SECOND DIAMOND**

*The fourth number reveals potential changes in your personality and your environment as a result of your experience with the Second Diamond in place this year. Naturally, our effort and sincere desire to meet these challenges increases the possibility of a positive outcome.*

### **What it means to have an expected Outcome of 14/5**

Anthony, a 14/5 in this position suggests you feel a renewed sense of freedom and creative potential as you exit this Diamond. The dynamic 5 brings the feeling we can do anything we set our mind to. You likely feel more open and adventurous, and less restricted or frustrated than you did prior to this Diamond. Nurture the positive traits you are incorporating, such as adaptability, courage, versatility, and being open to new opportunities.

## TALENT PROFILE

Anthony Mercier

[worldnumerology.com](http://worldnumerology.com)

Please verify that the name and date of birth showing below are accurate.

**Full name at birth: Anthony Peter Mercier**

**Current name: Anthony Mercier**

**Birthdate: November-18-1988**

**Report Start Date: April-2021**

## **HOW THIS ONE-OF-A-KIND TALENT PROFILE CAME TO BE**

Welcome to your Numerology Talent Profile. This report matches your personality traits and talents to the vocations they are most suited to. It is designed to help you identify areas in which you are likely to succeed and find contentment. Knowing which attributes come naturally can inspire you to develop and build on those strengths.

## **HOW THE TALENT PROFILE WORKS**

Each of the nine single-digit numbers has a specific range of personality traits. Most traits are found in more than one number, although in varying degrees of influence - some stronger, others weaker. Each number carries both positive and negative aspects and displays those traits in a unique manner.

For example, courage is found in the numbers 1, 2, 5, and 8. However, the way these numbers display courage differs considerably. The number 5 is the most courageous, but its bravery is impulsive and rebellious, the kind that stands up to a bully or the status quo regardless of the consequences. The courage of the number 1 is more focused; it is the daring leader, the first to cross a dangerous sea, climb a mountain, or fly to the moon. The number 2 displays a gentle and kind valor, as in the act of sacrificing oneself to save another. The courageous 8 is motivated by duty and authority; it confronts danger to protect the law or the land.

Traits such as courage, that on the surface would seem to be constant no matter the circumstances, can actually be subtly different. Take the example of courage vs. thrill seeking; both require bravery, but the latter will look for opportunities to take unnecessary chances. Thrill seeking reflects an addiction to adrenaline, whereas pure courage is the act of overcoming one's fear.

For your Talent Profile we looked at seventy-four traits, divided into eleven groups. The first group has to do with individuality, independence, and initiative. The second looks at traits that share creative and social aspects, and so forth. The profile also rates your aptitude in thirty-nine careers, grouped into seven fields.

Keep in mind that numerology is an inexact science and looks at the relationship between character traits and vocations differently than psychological or vocational assessments. It is one tool among many that can shed light on finding the right career options for you.

## YOUR PROPORTIONAL NUMEROLOGY CHART

Most numerology charts have the same purpose: to display your numbers and their positions. The chart we developed for the Talent Profile is different and unique. It was designed specifically for the purpose of determining which qualities are dominant in an individual. To do this, numbers were assigned values based on their relevant locations in your chart.

Your Proportional Chart lists each of the nine single-digit numbers and illustrates how strongly they are represented in your chart. This chart is based on an algorithm that selects your numbers, considers their location, and assigns a value that reveals which numbers have the most influence.

For example, your Life Path number carries considerably more weight than your Hidden Passion. The influence of your Expression is greater than your Heart's Desire number, which in turn overshadows the influence of your Personality.

You may have heard that the most important aspect of your chart is your Life Path number. This is often true; however, whereas an astrology chart is largely built around your sun sign, a numerology chart centers around five core numbers, with the remaining numbers adding additional insight. Because each core number holds weight (although less than your Life Path number) it is not uncommon for a number other than your Life Path to be the most influential. If, for instance, you have a 6 Life Path, but three other core numbers are represented by 9, the 9 will be considered dominant in your Proportional Numerology Chart.

Below is a brief explanation of the qualities of each number:

- 1) Independent, original, driven, ambitious, leader, visionary, individualistic, determined, ruthless, aggressive.
- 2) Intuitive, diplomatic, sensitive, supportive, gentle, tactful, considerate, musical, insightful, jealous, cruel.
- 3) Creative, communicative, energetic, inventive, bouncy, optimistic, broad-minded, imaginative, scattered, unreliable.
- 4) Dependable, detail-oriented, orderly, disciplined, punctual, practical, problem solving, trustworthy, rigid, boring.
- 5) Dynamic, quick-witted, restless, sensual, innovative, daring, persuasive, charming, impatient, impulsive, irresponsible.
- 6) Responsible, harmonious, caring, self-sacrificing, protective, helpful, compassionate, artistic, slavish, gullible.
- 7) Perfectionist, virtuous, analytical, tolerant, thorough, introverted, spiritual, studious, diligent, obsessive, cynical.
- 8) Authoritative, entrepreneurial, realistic, results-oriented, generous, forceful, farsighted, greedy, dishonest.
- 9) Idealistic, tolerant, confident, sophisticated, open-minded, humanitarian, global, arrogant, aloof.

## TALENTS AND TRAITS

This chapter looks at traits and talents, and how well they are represented in your chart. Keep in mind, we often mistake something we enjoy for something we do well; enthusiasm for something does not always translate into possessing a talent for it.

Conversely, we may be quite skilled at something we don't necessarily enjoy, perhaps as a result of a childhood experience or other influence. Also, the ability to recognize and act on a previously undiscovered talent may come later in life or after establishing a dissimilar career. Think of artists who found their gift only in their later years, the stockbroker who uses her wealth to establish a humanitarian foundation, or the accountant who became a nature guide.

**High Rating:** Your overall rating for Individualism and Initiative is high. It indicates a strong aptitude for becoming a dynamic, independent individual. You can make the most of these natural tendencies by pursuing a career or business that places you in a leadership role, has a wide variety of day-to-day activities, and inspires you to motivate others. You probably function best in a varied, changing environment, perhaps even outdoors and involving at least some physical activity. You are most likely not well suited for the role of subordinate, at least not for long.

**Mid-range Rating:** An adequate number of these attributes exist in your personality to make you a capable survivor and someone able to lead when necessary. You can be decisive and do not shrink from your duties or back away from confrontation. However, you may not be as comfortable in these roles as you would like, and you probably function better and are happier when there are others to support you and share in the

responsibilities.

Low Rating: Your overall rating for traits in this category indicate you function best in a team environment. You likely prefer being the supporting power behind the throne rather than commanding a leadership position. Allowing others to function as the figurehead allows you to focus on your real skills and talents.

**High Rating:** Your self-expression skills are strong, which are great assets in both your personal and professional life. Writers, performance artists, and people working in the media often have a high rating in this area. On the negative side, the ability to express one's self well sometimes leads to abuse of this talent, which explains why con men and tricksters are also found in this category.

**Mid-range Rating:** A well-balanced rating in this category shows that while you have no trouble expressing yourself, and are not afraid to communicate deep, emotional issues, you are also capable of holding your tongue when called for. You do not betray confidences, but you are not exactly secretive, either.

**Low Rating:** A low rating in these areas can manifest in very different ways. This rating suggests you are either quite social, friendly, and talkative (although you prefer to keep things on a superficial level, expressing your deeper feelings to a select group of people you trust) or you are naturally introverted. Most often, those with limited skills in this area have difficulty verbalizing their ideas and feelings in a clear and concise manner. If you often feel tongue-tied, misunderstood, or that you can't quite convey what you mean, consider working on enhancing your verbal skills. A communication or creative-writing course, or participating in a public-speaking group might be beneficial.

**High Rating:** A high rating in this category indicates you do not take things at face value. You have the nature of a seeker, and although you may or may not consider yourself “religious,” you likely feel there is more to life than meets the eye. Often studious or ardent readers, those with a high rating in this area tend to work best in a quiet environment, preferably alone or with a few colleagues. The perception that intellectual, spiritual, inward-oriented people experience less joy and happiness than their more extroverted peers is not only incorrect, the opposite may be true.

**Mid-range Rating:** You probably tend to be a little self-conscious at social events, hanging back and observing when deep down you would rather interact with others. This rating suggests you are not particularly introverted, but neither do you let your guard down easily. You are a bit of a dreamer, but this does not prevent you from recognizing the difference between practical and unrealistic.

**Low Rating:** A low rating in this area indicates a tendency to be either strongly connected to an organized, mainstream religion, or a dedicated atheist or agnostic. You very likely made up your mind long ago and probably see no reason to question your conviction. It's possible, however, that even if you consider yourself an atheist, you have a deep appreciation for the mysteries of life and the workings of nature.

**High Rating:** Your humanitarian side is strong, giving you the desire to change humankind for the better. You may volunteer a fair amount of your time, although not necessarily through an organization or other formal arrangement. You set high standards for yourself and apply them in all areas of your life.

**Mid-range Rating:** A healthy balance between the impractical visionary and the practical doer helps you accept the world as it is, while enabling you to see the need to be involved. You may be attracted to politics or the law as a way to make the world a better place.

**Low Rating:** This rating suggests you take a practical approach to the woes of the world and consider them to be an inescapable part of life. You would like to be the first to reach out and help, but you likely have a skeptical side that holds you back. If your rating is especially low, you may need to guard against cynicism, as this often leads to pessimism and the inability to find joy in simple pleasures.

**High Rating:** You are naturally happy and energetic, and your ability to enjoy life is higher than many. Although disappointment or a distressing event affects you as it does others, you have an innate ability to spring back and enjoy life. You have a sense of humor and are easily touched emotionally. People are attracted to you regardless of possible differences in age, culture, race, financial status, or gender.

**Mid-range Rating:** You are not particularly demanding and as long as you have no overwhelming problems, you wake up happy and, more often than not, ready to enjoy your day. You make friends easily, enjoy social activities, and helping others comes naturally.

**Low Rating:** A low rating in this category suggests you often take things too seriously, and may have difficulty getting past trivial matters. Guard against the tendency to distance yourself from and distrust others too readily. If your friends and family have suggested you need to loosen up, take their advice and make an effort to include playful, even silly, social activities. Remember, the child you were at age five is still within you and wants to have some fun.

**High Rating:** A high rating in this area tells us you are loving, popular, and in demand. So much so that you may have to safeguard against ignoring your own needs and desires. You function well in environments that require personal interaction.

**Mid-range Rating:** This rating indicates you work well with others and tend to be a peacemaker and a stabilizing influence. Due to a tendency to avoid unnecessary confrontation, you may be prone to agree with others when, in fact, you don't have the same opinion.

**Low Rating:** A low rating in this category suggests you may find it difficult to work with others. When you respect and relate to someone you get along reasonably well; but if respect is lacking you likely show little patience and have a low threshold for irritation. Guard against being unnecessarily obstinate or contradictory.

**High Rating:** Your love and appreciation for others significantly influences the choices and decisions you make. You feel emotionally connected to others, even people you have never met. Empathy and a sense of responsibility for those less fortunate often motivates you to make impulsive decisions – usually of a giving nature. In rare cases, people with a particularly high sensitivity rating act in direct opposition to their true nature, closing their heart to others. This is almost always due to painful and traumatic early life experiences.

**Mid-range Rating:** You are conscious of the feelings and wellbeing of others and easily persuaded to help those who are less fortunate. You are naturally drawn to people from all walks of life. You are tolerant, conscientious, and generous. You find satisfaction knowing that your involvement makes a difference in the lives of others.

**Low Rating:** A low rating in this category suggests you are sometimes perplexed by the emotionality of others. You tend to view circumstances in a clinical, intellectual way and expect others to do the same. It is obvious to you that while emotions are admirable, they do not provide solutions. On the contrary, emotions often tend to obstruct the process of solving problems. You prefer a rational approach and generally keep your feelings to yourself.

**High Rating:** A high rating in this category indicates you are an asset to your community and a pillar of strength for your friends and family. Others feel comfortable sharing their problems with you, and you are quite willing to offer them a shoulder to cry on. You may need to guard against being too trusting, as others may take advantage of your emotional and material generosity.

**Mid-range Rating:** You easily relate to the problems and needs of others and attain satisfaction from helping. You likely have numerous friends and acquaintances that will be there for you in return.

**Low Rating:** This rating suggests your view of life tends to be a bit harsh. You likely believe we are "on our own" and fully responsible for our actions. As critical as that perspective may be, you live up to this point of view, almost exclusively relying on your own strength and abilities, rarely seeking help from others.

**High Rating:** You give your love fully and without restraint. As a result, it is likely you have experienced many disappointing encounters. This rating indicates you tend to be overly optimistic and not as discriminating as you should be. Once you find a partner, you are capable of long-term loyalty and commitment. However, some people with a high rating in this area are tempted to look elsewhere after some years, because they miss the initial excitement and exhilaration of new relationships.

**Mid-range Rating:** You are able to bring comfort and happiness to your partner due to your instinctive ability to say the right thing at the right time. You are loving and generous and inspire loyalty. However, you also have a need for privacy and time alone and would do well with a life partner who doesn't rely solely on your companionship for happiness.

**Low Rating:** Although you show a low rating in this area you may not think of yourself as unromantic. In fact, if a friend or partner should make such a claim you would, in all likelihood, be genuinely surprised. This is because the outward expression of romance has nothing to do with the ability to love. Some people have all the right romantic moves, but their love is superficial and short-lived. Others have difficulty expressing their feelings and have nary an ounce of the romantic in their make-up, but they love with true depth, loyalty, and commitment. That said, this rating suggests you would benefit from giving more attention to the little things that make your partner happy. If romance doesn't come naturally, make the effort to practice at it, even if it feels awkward at first.

**High Rating:** Keeping in mind that success means different things to different people, you have all the supportive traits you need to attain your definition of success. You also have a better chance than most to find your niche. However, you may need to guard against losing sight of the things that matter in your personal life, outside of your career and other external goals.

**Mid-range Rating:** The potential to meet your goals is substantial. You are capable of putting forth considerable effort. Your biggest challenge may be staying flexible. Be on guard about remaining in a career or situation strictly out of habit or an unfounded sense of responsibility.

**Low Rating:** A low rating in this area does not mean you have less of a chance to reach your full potential. However, there may be times you need to dig deep to find the strength and conviction needed to persevere and reach your goal. If your path seems blocked or not worth the effort, take time to consider your options and make sure you are not simply forming an excuse to quit. If a few years of extra effort promises the type of work, lifestyle, or salary you desire, it will be more than worth the sacrifice.

**High Rating:** You make the most of the resources at hand. You use your time efficiently and do not allow deadlines to provide you with an excuse for not performing your duties to the best of your ability. You probably work best alone, or in an environment with minimal intrusion and oversight. You set high standards for yourself. Whatever your vocation, you will not rest until you excel.

**Mid-range Rating:** You may be less confident in your chances for success than you can and should be. You have the ability to reach almost any goal you set for yourself, particularly if discipline is highly rated in your chart (see above). Ambition without discipline equals frustration, so if it is not rated highly enough for your liking remember, although it comes more easily to some, discipline is a skill that can be learned.

**Low Rating:** You may have difficulty finding the kind of career that suits you and brings the contentment and monetary reward you desire. Many people with a low rating in this area tend to try a variety of different jobs, sometimes not finding their niche until well into their thirties. This does not mean success is out of reach. It will, however, likely require more attention and exertion than feels comfortable.
