## **What the Diamond Chart Reveals**

The Diamond is one of the oldest number-based methods of divination and perhaps the most powerful tool numerology has to offer. It reveals the chain of cause and effect that connects your physical and non-physical planes. It tells us how your experiences, choices, and priorities in the physical world affect your internal/spiritual growth, and how, in return, this insight affects the quality of your life on the physical plane.

Each Diamond pattern consists of four numbers. The first is called the Challenge. Your Challenge is a lesson or test that, once learned, will benefit you for the rest of your life.

The second number is the Root or Cause and explains the underlying reason that particular lesson has emerged. The third number, the Recommended Action (also called Action Key), gives advice on the best approach for a successful outcome. The final number - aptly named the Outcome - reveals what the likely result of your efforts will be, and how it might affect your future.

With the exception of ages 0 through 7 and 75 through 81 we experience two Diamonds per year from birthday to birthday. These two Diamonds are equally important and tend to fit together as if working on one helps us understand the other.

Although most Diamonds are in place only for one year, it's not uncommon for one or both Diamonds to repeat the following year. Often one number - usually the Challenge number - lasts for more than one year, while the other three numbers change. Finally, a number that is the Cause one year becomes the Action Key for the next. The Diamond's structure is complex but also logical and beautiful.

A word of advice: getting the most out of your Diamond requires some measure of self-reflection, not unlike the I Ching. I recommend that you read it more than once, then let it simmer. You may be surprised at the amount of insight you gain.

deserves your respect, your love, and perhaps at some point, your personal sacrifice. The potential growth and fundamental improvement inherent in this challenge has the potential to affect not only you, but also the global community.

You will likely experience more than your share of confrontation and turmoil. Events and circumstances require you to choose between opposing energies, such as love or hate, empathy or cruelty, sacrifice or apathy. You witness incidents of injustice and are challenged to choose between getting involved or walking away.

In essence, the zero challenge is about taking a stand and responding with courage, more than it is about good and evil. The choices you make during this period define you in countless ways.

The 0 challenge in a Diamond reflects the most primal struggle any man or woman can face. It makes this both difficult and easy; difficult because the easy way out can be tempting; easy because there is nothing subtle about the choices facing you.

### **Your First Diamond Cause**

The second number in your Diamond reflects the underlying cause of the challenge you face this year. It is the catalyst that sets things in motion, the root of the issues confronting you during this period.

### **What Your 8 Root Cause Reveals**

The second number in your Diamond pattern is 8, which suggests you may have been feeling a little off balance, perhaps for as long as three or four years. You feel you missed opportunities - real or imagined - and doubt may have been gnawing away at you.

This combination can leave you feeling a little insecure about where you belong and what you should be doing, not unlike a rock climber suddenly experiencing fear of height halfway up the mountain. Nothing has changed; you are climbing with the same equipment, traversing a mountain similar to many you have climbed before, but your discomfort is real nonetheless.

Insecurity and doubt have a positive side as well. They help you move forward more carefully and deliberately, thereby proving to be the very ingredients that can prevent you from taking a hard fall.

## **The Recommended Action For Your First Diamond**

The third number in the Diamond pattern suggests a possible course of action to resolve successfully the issues facing you during this period.

## **The Meaning Of Your Diamond's Recommended Action of 2**

This year, your most valuable asset may be your intuition; it is a period when what you don't know can hurt you. Heighten your awareness of what's happening around you. Be sensitive to subtle signals and read between the lines. Listen to others, they are often excellent mirrors to help you learn more about yourself. Recognizing how others perceive you and what they expect from you can help tremendously.

It is also important to be aware of what goes on inside of you, so sharpen your intuition there too. If you have had a particularly vivid dream, take time to contemplate the message that may be hidden there. Take time to focus on your feelings and the undercurrents you don't always take time to address.

This Diamond can help you take a huge step forward if you keep your senses tuned to the signals around and within you. Take time for daily contemplation of your circumstances, how you feel, what you want, and what you sense from people around you.

The main qualities required to successfully navigate this period are intuition, an open mind, contemplation, and self-examination.

## **The Potential Outcome Of Your First Diamond**

## **What It Means To Have An Expected Outcome of 11**

John, an 11 in this position suggests your social skills have improved and you relate to others more easily. Additionally, your sensitivity, perception, and intuition are likely more finely tuned. The 2 inspires cooperation, so you may find

you work more smoothly with others— and consequently, others more willingly support your efforts.

With greater sensitivity, you may find it easier to read the body language and facial expressions of others, improving your ability to assess their needs. The 2 also brings flexibility mentally and physically (so even your reflexes may have improved).

## **The Meaning Of Your Diamond's Recommended Action of 7**

John, sometimes doing less on a practical physical level is just what you need. A 7 in this position suggests that you focus at least some of your time on the intangible. Worldly issues are often resolved by focusing on the larger questions and mysteries of life, and the beauty of creation.

During this period, solutions to current issues will come, in large part, through introspection rather than critical thinking. Take time for meditation, contemplation, daydreaming, and reading scriptures or books on philosophy. Focus on your inner world. Try taking a little time each day to be alone, and use the time to ask the essential questions: Who am I? Why am I here? What do I want?.

The qualities needed to successfully navigate this Diamond, and to take advantage of its opportunities are contemplation, research, and solitude.
