The Power and Limitations of Numerology

Numerology is an art thousands of years in the making. Like any Metaphysical science, it hinges on the understanding that all things are interconnected. Your numerology profile analyzes the connection between the letters and numbers linked to you, revealing your talents, strengths, weaknesses, emotions, preferences, and a range of other qualities.

To use an analogy, think of numerology's nine single-digit numbers as nine tubes of paint, each a distinctly different color. Imagine you are a work of art painted by a master artist who used every color available to create your image. The depiction is unique and complex: a fusion of bright and subdued colors, shapes and shadows, light and reflection, subtle and bold textures. The deeper you look, the more you perceive and appreciate the many layers that makeup who you are.

A comprehensive numerology profile, along with your honest reflection, can be a powerful self-help tool in identifying underlying traits and new possibilities. The better you know yourself, the more control you have over life's changes and the greater your potential for a successful, fulfilled life. Numerology is not infallible, nor does it promise to answer every question, but I feel confident you will find many things to contemplate in the following pages. You are unique, and so is your Profile. We hope you enjoy your reading.

Hans Decoz and World Numerology

Your Personality Profile

Conventional numerology readings focus on two aspects of your chart: You and Your Future. Our Profile takes a different approach by adding a third angle, Your Path. Just as your DNA determines your physical body, a blueprint of your personality is an inborn part of you from the very beginning. Your Profile begins with insight gleaned from your name because that is where we learn WHO you are. It describes the talents, strengths, and other distinct characteristics you were born with. Just as your physical body grows and changes with time, so does your personality. Your personal evolution begins at the moment of your birth. From that point on, the choices you make, the goals you set, your environment, opportunities, challenges, the influence of others, and a thousand other factors alter who you become.

Your Personality Profile begins with an overview of the combined influence of the core numbers derived from your name: your Expression, Heart's Desire, and Personality. This has never been done before and is perhaps the most dramatic improvement in Decoz' latest work.

We hope you will take time to read and reflect on the information below. Many aspects become clearer with time and during subsequent readings. We wish you the best on your journey.

How Your Name Numbers Stack Up

Tony, we begin by taking a quick snapshot, a look at the influence and meaning of the three core numbers derived from your name. Your Expression number is the sum of the value of all the letters in your full name at birth. Your Heart's Desire is the sum of the vowels. Your Personality number is the sum of the consonants. These three numbers are closely linked and influence one another.

All the numbers derived from your name reflect YOU. They are a blueprint of your talents, shortcomings, character traits, and other qualities. You should realize that this is a limited perspective. Later chapters focus on the challenges and opportunities you will encounter on your path, and attributes you may acquire as time passes.

This first chapter is like a glance from a distance, followed by three chapters that explain the meaning of each number in more detail. We will gradually build a more complete picture of the complex and unique individual you are.

Your Core Numbers

The idealistic, intellectual, contemplative and often shy 7 stands apart from all other single-digit numbers in one very important way. The 7 is a potential gateway to the fulfillment and wisdom that Kabir, Gurdjieff, and other masters talked and sang about. It is the seeker. It does not take anything at face value, and never gives up on the big questions, "Who am I? Why am I here?" Your Expression number is 7. This may come as a surprise to you, because this most spiritual/philosophical of numbers is flanked by two very different influences, the 8 Heart's Desire and 8 Personality. This is similar to a hermit having Kim Kardashian and Gordon Gecko as neighbors - except all three exist within you.

The 7 and 8 have nothing in common, but they will compete for your attention throughout your life. Your 8 Heart's Desire gives you drive, ambition, and a good sense of business. You are authoritative and do not step aside for anyone. Unlike the 1, you are not necessarily stubborn, but you are dogged and determined when it comes to reaching your goals. This outgoing, forceful number also appears as your "outer" Personality number (the part of you others notice when you first meet). This largely obscures the serious, inquisitive idealism of your 7, a number that is not at all ambitious.

Tony, your challenge is to reconcile the obvious contradictions in this combination. Understanding the position each number holds in your chart can help.

The 7 Expression is like a blueprint. It lays out the ground rules, sets limitations, and

determines the function and form of your life ahead. It describes your talents, abilities, and shortcomings, particularly in the way they affect your career and productive life. The 7 is contemplative, analytical, and somewhat solitary. A 7 in this position suggests you need to learn from life as well as from books. Your ultimate goal is to attain insight and understanding, and to become a beacon of light for others, without becoming dogmatic or burdened by religious concepts.

Your 8 Heart's Desire is a good balance to the internal nature of the 7. More than any other number, the 8 has a pragmatic, results-oriented attitude. It pursues big goals and needs to be in charge. Be mindful, however, not to allow your dynamic 8 energy to overshadow your inquisitive 7. You may be tempted to surrender to the capitalistic, dog-eat-dog mentality of an Ayn Rand disciple.

Ignoring the needs of your 7 Expression can be detrimental. If you are unable to balance these opposing influences, you may find success financially or in other ways, but you are unlikely to find true happiness and fulfillment. The emptiness resulting from an unfulfilled 7 drains gratitude and joy like a vacuum. It is crucial that you find a balance. Devote a fair amount of your time and energy to the mystery of life, in study and contemplation.

In your personal life, romance and long-term commitment are possible, especially if you find a partner with upbeat, dynamic numbers. Someone who does not take things too seriously would be a good fit. A partner with a 3 (upbeat and creative, with a sense of humor) and a 5 (dynamic, adventurous, versatile) could soften the sharp angles of your 8 and uplift the serious 7.

You should probably marry or commit to a relationship later in life, preferable after age 30. This would give the 7 and 8 time to find a comfortable balance.

Your Expression Number

Your Expression number, calculated from your full name at birth, reveals the orientation or goal of your life. Some numerologists refer to this as your Destiny number because it represents a lifelong target at which you are aiming. Thus, the Expression number, to some extent, reveals the person you aim to be.

Your Expression is the most influential of the three characteristics that make up who you are. It is also the number with the most influence on your choice of career, although other aspects are important as well.

Your Expression is 16/7

You are gifted with an analytical mind and an enormous appetite for the answers to life's hidden questions. You have a strong interest in exploring scientific matters, philosophy, and even mysticism. You possess clarity and persistence in your search for truth. You can be a great researcher, educator, and philosopher. You are driven by a desire for knowledge and truth. You must learn to discriminate between illusion and reality, but you are well equipped for this task. Your fine mind offers you insight into the veiled mysteries of life. You also possess a considerable amount of perspective. Somewhere inside you, you are aware of a peaceful place that you call upon during difficult times.

Tony, you need time to be by yourself. Too much social interaction causes you stress. You need your privacy and a place that can be shut off from the hustle and bustle of life. You tend to keep your thoughts to yourself and are secretive. Unless your 7 expression is balanced by extrovert characteristics (usually revealed by the numbers 1, 3, 5, and 8), your introversion may pull you deeply within yourself, even cutting you off from others.

You have a strong dislike of the superficial and mundane. You are often surprised by the lack of understanding or depth of knowledge of others, many of whom do not take the

search for knowledge as seriously as you do. This can cause you to be critical of others, and even cynical about life in general. The more cut off from others you become, the more hidden are your motives. Once you develop understanding of people and life, your advice and counsel will be sought by those around you who need your wisdom.

You love to specialize your knowledge and develop great depth within your field. You are a perfectionist. You should complete your studies early in life and not be driven too hard by a desire to be successful. Let things come at their own pace, be open to opportunity, but remember your rewards, satisfaction, and contentment come from a higher source.

Sevens can be distant and aloof. When dominated by their darker characteristics, they can be unfaithful, dishonest, and cruel. Contemplation, meditation, and the softer, finer vibrations of life can restore your sense of harmony and keep you on the path to peace and balance.

You have a logical mind. Your analytical skills cause you to approach a problem in a detached, surgical kind of way. Researchers, analysts, investigators, inventors, technicians, scholars, lawyers, bankers, watchmakers, priests, philosophers, theologians, and administrators in some scientific or technical field are among the vocations 7s are drawn to.

Your Heart's Desire Number

The Expression number described above points to a more productive side of your life. Your Heart's Desire reflects a deeper, inner you; it suggests an underlying urge, your true motivation, and the general intention behind many of your actions. It reveals the environment and lifestyle you prefer, as well as your likes, dislikes, and the type of people you are drawn to. Consequently, it dramatically influences the choices you

make in life.

It makes sense that the vowels of your name are the foundation for your Heart's Desire. Vowels are the peaks and valleys of a language. Notice how vowels leave your mouth in a free-flowing breath. Try it: Aaaa.... Eeee.... Oooo.. Consonants though, are cut off either at the beginning or in the end. You might say that it is in the flow of your breath that you express your deeper self.

Your Heart's Desire is 17/8

You want success in its fullest meaning -- wealth, power, and material comforts. You have an enormous ambition. You dream of big projects, great undertakings, and rewards. You are a visionary. You see the horizon and the promise. In general, you also see the methods necessary to fulfill that promise. But you are not especially good with details; you need others to help you deal with the smaller parts of the picture. Your challenge is to make full use of the full spectrum of your abilities, as indicated by your other core numbers. In the same way, you must bring forth the best from others and orchestrate their talents toward the realization of your vision. In short, you must lead by example, demonstrating the standard for commitment, determination, and excellence.

All of this requires effort on your part. You will meet with obstacles and difficulties. Your determination and commitment will be tested. But you have the power to overcome every obstacle you face and accomplish the goal you've set for yourself.

Your task in life is to learn to use power in refined and elevated ways. The expression and use of power is directly related to one's personal evolution. The more primitive uses of power rest with violence and the threat of deprivation. The higher expressions depend upon your capacity to care for and nourish the people and projects in your charge, giving each exactly what is needed at the appropriate time and in appropriate amounts.

You have a creative mind and an unusual approach to business and problem-solving. You need to cultivate your ability to evaluate others. It is essential for you to be involved in a project that challenges you and offers the potential for rewards. When you are uninvolved or unoccupied with a worthwhile task, you can become deeply

despondent, depressed, and frustrated. You are the perfect example of the old cliché, "Idle hands are the devil's workshop." Without a challenge, you can lose balance in life and become selfish, cruel, and even self-destructive. Disappointments become shattering, causing terrible consequences in self-image and self-love. Perspective is everything for you. You have a natural talent for balancing the spiritual and material planes.

You need to cultivate courage and stamina. Courage is a choice. You need to decide to be brave in the face of fear. A balanced 8 is among the most powerful and satisfying of numbers. It is the spirit of the true survivor, able to bounce back and achieve a greater victory.

Your Personality Number

The consonants of your full name at birth are the foundation of your Personality number, which is a little like a narrow entrance hall to the great room that is your true nature. It's the outer layer of your personality, the part you feel more or less comfortable sharing. With time and trust, you invite others into the deeper aspects of your nature.

Your Personality number serves as a censoring device in terms of what you send out, as well as whom and what you allow to approach. For this reason, your Personality is usually much narrower and more protective in its definition than the real you. It also gives an indication of how others perceive you.

Your Personality number is 17/8

You appear strong and powerful. You have an impressive personality and can influence and even intimidate through sheer force. You have natural authority. Your competence and enthusiasm attract people with resources. You radiate confidence. People defer to you because they sense your sureness and effectiveness. You also exude a kind of

controlled benevolence. People sense that you are generous, once you are convinced of the worthiness of the cause.

It is important for you to dress well. You radiate a kind of raw power and able-ness which needs to be refined and enhanced by your clothing. You may even dress a bit flashy, but that will not harm you. Quality is among your highest priorities and should reflect in your clothing. Although most eights have a strong constitution, they can be prone to indigestion, ulcers, and heart disease due to their reckless eating and drinking habits and their propensity to be workaholics.

Your Achilles heel is your capacity for an egocentric attitude. The negative side of your personality can cause you to be ruthless, greedy, and intensely lonely. Conversely, you can be spontaneous and excited. You are essentially warm and jovial. In your heart of hearts, you want everyone to be as excited and as happy as you. Those who are around you often sense this. Your coworkers and employees usually like you.

Your Heart's Desire and Personality Bridge Number

A Bridge number is based on the numerical difference between two closely related aspects in your chart. It is the gap you need to "bridge" in order to create a more harmonious bond between the two areas.

The following Bridge number connects your Heart's Desire and Personality numbers. It suggests things you can do to help your deeper self be more closely aligned with your personality, the "outer" you that is apparent to others.

With a little exaggeration, you could say that your Personality number is somewhat like your mask; it's a more superficial aspect you reveal to the world. You can imagine how much more comfortable and less inhibited the experience of life becomes when you can align your authentic self with the personality you show to the world.

Your Heart's Desire/Personality Bridge is 0

The single digit values of your Heart's Desire number and your Personality number are the same, which is considered fortunate.

You are a WYSIWYG: "What You See Is What You Get." You easily make people feel comfortable around you. However, if your Life Path number or your Expression number are also identical to your Heart's Desire number and your Personality number, your chart may be somewhat off balance. This may cause you to push the aspects of the repeated number to excess. Read your Heart's Desire number again and ask yourself if you have not focused too much on the aspects described, at the cost of a more balanced approach.

The Path You Are On

If there was ever a moment of transformation, it was the moment of your birth. In that instant, you stepped into a new reality - the reality of human life and human consciousness. Even at that moment you were a person with your own unique character, as unique as your DNA.

The previous chapters focused on YOU, the person you are, as revealed in the letters of your name. It is now time to look at your Path, the road you walk through life, using the numbers found in your date of birth.

Your first breath marked the beginning of your journey on the road we call your Life Path. It makes sense, then, that the most important number in your numerology chart comes from the date of your birth.

Your Life Path number gives a broad outline of the opportunities, challenges, and lessons you encounter throughout your life. It also reveals the strengths, specific talents, and characteristics you were given to help you overcome challenges and evolve into the best you can be.

Your Life Path Number

Your Life Path number is considered the single most significant information available in your Personality Chart. It is derived from the total of all numbers found in your date of birth. However, it is important to keep in mind that the aspects described in the next few chapters will either complement, supplement, or sometimes weaken the attributes revealed in numbers derived from your name.

Your Life Path is 10/1

Tony, you are a born leader. You insist on your right to make up your own mind; you demand freedom of thought and action. You have drive and determination. You don't let anything, or anyone stand in your way once you are committed to your goal. You assume the responsibility to be the protector and provider for those you love. You demand respect and attention and become irritated and even domineering when important things do not go your way. You need to feel in command of important undertakings and resist supportive roles. You seek the forefront and the limelight. You are concerned with your status and foster the appearance of success and self-satisfaction. The need to appear well off propels you to strive for growth, success and the finer things of life.

You are exceptionally creative and original and possess a touch of the unusual. Your approach to problems is unique and you have the courage to wander from the beaten path. You can be impatient with your shortcomings and those of others.

You should watch out for selfishness, conceit and the over-concern with appearance. You must guard against overzealous behavior, anger and aggressiveness. If these qualities are not brought under control you could become excessively domineering, vindictive and even violent. You perform best when you are left to your own devices.

Ideally you should own your own business and be your own boss. Hold fast to your life's dream and work with the determination you possess to realize it. You can become overly stressed by your driven nature. Be careful about the food you eat and maintain an exercise program you enjoy. Competition sports are often a healthy outlet for a person with your drive, particularly sports involving running and swimming. Don't let pride and overconfidence be your masters. Remember, your talents and abilities are a gift from a higher source, which should promote gratitude and humility, rather than pride and conceit.

More often than not a person with a 1 Life Path will achieve much in life as long as the drive, creativity, originality and pioneering spirit are fully employed!

Your Birth Day Number

The day you were born is found inside the diamond-shape in your personal chart and bears great significance in understanding who you are and where your talents lie. Your day of birth indicates special talents you possess. It gives us an indication of the approach you will take toward the goals, opportunities and obstacles you encounter on your Life's Path.

Your Birth Day number is 12/3

You possess a high degree of artistic talent that emerges in virtually everything you take seriously, your home, your cooking, the way you express yourself, and any artistic endeavor you commit to. You are highly imaginative and quick-witted. You can be the life of a party, entertaining people with stories, jokes, or witty remarks. You have plenty of vitality, your body heals quicker than most people's. You are especially talented in the verbal and writing skills. These areas, as well as acting and other performing arts, should be cultivated.

You have a great deal of enthusiasm and make an excellent salesperson. You can make the best out of a given situation and are easily satisfied. You are emotional, friendly, sociable, and affectionate. You can also be moody and given to self-indulgence, especially when it comes to feelings of depression or self-pity.

Be careful not to waste time and energy on trivial matters and keep your priorities in perspective. The keys to your success are commitment and discipline. You must learn to focus your considerable creativity in a given area or field. This will keep from scattering your energies in an endless number of areas.

Your Life Path and Birth Day Bridge Number

Your Life Path and Birthday numbers are closely connected and influence each other. This Bridge explains how you can make the connection between them more harmonious.

Your Life Path/ Birthday Bridge is 2

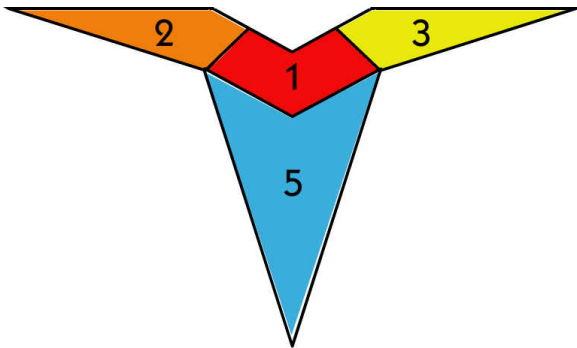

Your Life Path and Birth Day number give you a 2 Bridge, indicating that your personal growth depends in large part on your ability to sense the emotional and mental disposition of others. Your ability to connect with people is a powerful tool that can greatly advance your progress.

Your Challenges

You face four specific Challenges in your lifetime. For many of us, the same challenge is repeated, while others have four distinctly different lessons to learn.

These Challenges place you in situations that require you to face the particular lesson at hand. This provides an opportunity for you to learn or better integrate personal traits that will benefit you during the lesson, and throughout your life.

The four Challenges in your chart will influence you during the periods of your life listed below. They are found within the lower half of the star-shape in your numerology chart. The First Challenge is shown on the left, the Second Challenge on the right, the Main or Third Challenge is placed in the middle, and the Fourth Challenge is located below that.

Your First Challenge

The duration of your First Challenge usually lasts from birth until age 30 to 35.

Your First Challenge number is 2

You are overly sensitive and too aware of other peoples' expectations. You suppress yourself to avoid feeling conspicuous. You can be overwhelmed by self-consciousness. You fear gossip about you. As a result, you become inhibited. All of this results in a suppression of your own individuality and uniqueness. You yearn to blend into the crowd.

You let your own feelings and emotions play too big a role. Your hypersensitivity causes fear, timidity and lack of self-confidence. And you experience unnecessary fear and emotional turmoil. Little things seem disproportionately difficult to overcome and sometimes have a paralyzing effect. Jealousy can cause much pain and misunderstanding. These negative aspects of the challenge actually spring in part from positive characteristics you possess, especially your acute awareness and intuition. You are an antenna for other people's feelings; you know before a word is spoken how they

feel.

You lack the inner strength to maintain your own center, and try to conform to the prevailing emotional atmosphere.

This challenge makes you understanding and compassionate; you have an enormous empathy for the inner turmoil of others and can do much good for people with emotional problems.

Your Second Challenge

Your Second Challenge is in place from approximately age 30 through 55.

Your Second Challenge number is 3

You are your own worst critic. You suppress your individuality and creativity. Each time you want to make an impression, you doubt yourself beforehand, and criticize yourself ruthlessly afterward. Your criticism of yourself is far more severe than anyone else's. As a result, you tend to play it safe by staying on the surface, indulging in superficialities. You rarely express what goes on deep inside of you; instead, you cover up your feelings with humor or perfunctory remarks.

You often feel alone and lonely. Your fear of social interaction causes you to strain conversation by making too many jokes and forced joviality. It may help you to find a creative outlet for your imagination, possibly through writing, painting, singing or dance.

At the bottom of the challenge is an effort to bring out your true self. You will learn to truly value your own creative talents above anyone else's judgments. This must be viewed as a process of individuation, in which you become a whole human being, independent and free of the need to conform to others.

Your Third or Main Challenge

This Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge.

As you master this challenge and incorporate its positive aspects into your character, your life gradually feels more in control.

There is a chance for great reward implicit in this challenge. In short, it may offer the secret to your success.

Your Third Challenge number is 1

You must learn to be independent. You will be forced to stand up for yourself and your rights. You will be faced with situations in which you will have to choose between standing up for what you think is right versus giving in to another person's demands. You will have to struggle to strengthen and know your own will power. You will have to learn to be firm and trust your judgment. Don't run with the crowd, be an individual.

This whole lesson represents the frontiers of your consciousness. Therefore, you will have to experience much trial and error, sometimes exploding with bursts of aggression, other times being intimidated and letting frustration and anger build within you until you are ready to act on your deepest instincts. You will learn your own set of values; you will develop into an individual with original and innovative ideas.

Your Fourth Challenge

Your Fourth Challenge is most strongly felt during the latter part of your life, beginning at approximately age of 60.

Your Fourth Challenge number is 5

You are in danger of becoming a rolling stone. Your desire to experience and enjoy life can overwhelm every other priority you have. Your need for freedom dominates you. You want to try everything and go everywhere.

You must guard against overindulgence -- and even dependence upon -- alcohol,

food, drugs, and sex.

You must work at establishing and maintaining long- lasting relationships. Be tolerant and understanding. This will enable you to have people in your life who are more than mere company.

You need to discipline your urge to change every situation that does not immediately suit you. Stick with projects, maintain your friendships, don't abandon people or situations the minute they become the slightest bit difficult.

If few fives are in the chart you have a fear of change and cannot let go of people and situations. This holds you in the past, restricting your growth. Learn to take prudent risks and be more adventurous.

Your Path and You

We have focused on the letters of your name and the numbers from your date of birth. We will now look at numbers in your chart derived from the combination of both your name and the date of your birth.

Acquiring the attributes described in the next few chapters will help smooth your progress. As you learn more about yourself, you may begin to recognize traits you were previously unaware of.

Your Life Path and Expression Bridge Number

This Bridge has the potential to "close the gap" between the Life Path and the Expression numbers. The chapter explains how you can make your talents, strengths, and specific abilities (your Expression number) more readily available and fitting to your main lesson needs, as well as the expected direction of your growth (your Life Path).

The scope and influence of the Expression Bridge is narrower and more defined than the other Bridge numbers. Its effect will be felt primarily in your professional life, including your position as household/family manager, if that is your primary work.

Your Life Path/ Expression Bridge is 6

This bridge number asks you to consider changing a few priorities. Your 6 Bridge connects your Life Path and Expression. This suggests that while making decisions that affect your professional life, you have a tendency to favor other people's goals over furthering your own career. In other words, a little less sacrifice and a little more focus on your own goals might produce a better balance.

Your Rational Thought Number

Your Rational Thought number comes from combining the sum of your birthday number with the sum of your first name. It reveals the style or process you use when making choices or considering a problem. Are you a structured, logical thinker or do you ponder a question in a creative, abstract manner? Do you daydream or stick to deductive reasoning?

Your Rational Thought number suggests the general approach you take in your thought process.

Your Rational Thought number is 1

You are an independent thinker, original, and not easily influenced by others. You tend to pursue a line of thought stubbornly, and you can be dominating in intellectual discussions. You tend to solve problems and plan projects with a straight-forward approach. You rarely allow yourself to be distracted. Quite often, you realize at some later stage, that you did not pay enough attention to the available alternatives, and a project may find itself stuck with no chance of further advancement. When you find

yourself facing such a situation your frustration tends to be considerable but of short duration. You simply start all over. You do not give up easily.

Your Maturity Number

Your Maturity number indicates an underlying wish or desire that gradually surfaces at around age 30 to 35. A direction begins to emerge as you gain a better understanding of yourself. With this self-knowledge comes a greater awareness of who you are, and the direction you want to set for your life. Your Maturity numbers are described in detail in your Personality Profiles.

Your Maturity number is 8

As you mature, you will grow in success and financial reward. You will find yourself deepening your commitment to your work. You will find it easier to overcome difficulties that manifest in your path. Your capacity to use power will grow; you will be recognized as a pillar of influence and dependability within your community. You will have to be strong and self-disciplined to avoid sudden painful material losses. Beware of ego-inflation, the surest symptom of an imminent fall.

The 8 Maturity Number requires a certain degree of detachment from material success; otherwise it will rule your personality and make money an obsession. Detachment allows you to remain focused on the higher values of mankind. One of your important motivations should be a desire to build, create, or market in order to enjoy the game of business.

Your wisdom and sheer common sense are recognized by many and will attract important positions. It is possible that you will be given responsibility for the care and management of other people's property. You may also be asked to guide large

institutions.

If you already have several 8s in your chart, especially in the core numbers, you will have to guard against selfishness, accumulation for the sake of status, and greed. If you have few 8s in your chart, or none at all, your opportunity to achieve the success and financial independence is greatly increased.

Your Period Cycles

Like most stories, there are three distinct stages of your life. Your First, Second, and Third Period Cycles come from your month, day, and year of birth respectively. Together they form the foundation of your Life's Path.

The First Cycle, located on the left of the graphic, begins in childhood and lasts through your late 20's. It's a quest for knowledge and identity while you cope with the powerful forces that are present in your environment. These forces include your parents and the socio-economic conditions of your family, for example.

The Second Cycle is found inside the diamond-shape and covers the middle period of your life, bringing about the slow emergence of your individual and creative talents. This cycle begins in the early and mid 30's while struggling to find your place in the world. The late 30's, 40's, and 50's, bring a greater degree of self-mastery and influence over your environment.

The Third Cycle, on the right of the graphic, starts approximately age 55, and represents a flowering of your inner self as your true nature comes to fruition. It is during this period that you have the greatest degree of power and self-expression.

Your First Period Cycle

Your First Period Cycle runs from birth until your mid 30's.

Your First Period Cycle number is 1

The first part of your life, through your late 20's or early 30's, is a period of much intensity. When the 1 dominates, it requires fortitude, courage, and flexibility. You are forced to use every one of your talents to achieve individuality and independence. This is a period of integration and focusing on your life's dreams.

Your ability to stay the course is repeatedly challenged, but adequate resources become available to assist you. Resilience, independence, and fortitude are required. As you strengthen these characteristics, they become an integral part of your personality and help you to emerge stronger for it. This cycle marks a time of progress in your development.

Your Second Period Cycle

Your Second Period Cycle runs from your mid 30's until your late 50's.

Your Second Period Cycle number is 3

The middle part of your life is a time of heightened self-expression and much social support. Any ability you possess in the arts, especially in writing, acting, or dance, will be brought to new heights and meet with much reward. You are socially active as never before. You will appear to others as charming, attractive, and even charismatic, but you may be tempted to waste your energies on superficial projects or relationships. Although this is a time of maturing, you actually feel as if you are become mentally younger and more creative.

Your Third Period Cycle

Your Third Period Cycle covers the later part of your life, starting in your early 60's.

Your Third Period Cycle number is 6

The latter part of your life finds you primarily focused on family matters. It is likely you will continue to care for others well into your sixties (or longer), which will provide great satisfaction.

You may be more involved in the arts through volunteering or teaching and engaged in community affairs or local politics. Artistic talents you possess are enhanced, and you find opportunities to express them. This is a cycle of stability in relationships (although not necessarily romantic relationships). Partnerships or family-run businesses have a significant chance for success.

Your Pinnacle Cycles

Although Pinnacle Cycles and Period Cycles are both derived from your date of birth, they differ in the way you experience them. Period Cycles, described above, reflect internal stages of growth. Pinnacle Cycles represent the external influences you encounter in life.

Pinnacles reveal general conditions and events you experience during each period, such as your environment, social conditions, relationships, and changing circumstances. Pinnacles reveal how you might respond to these influences and how they will affect your ever-evolving personality.

The First Pinnacle, located in the left of the star-shape in your chart, usually lasts from birth through age 30 to 35. The middle two Pinnacles, to the right and the center respectively, each last nine years. The Fourth Pinnacle, placed in the top section, will stay with you for the remainder of your life.

NOTE: To find the exact age at which you change cycles, go to worldnumerology.com and look for the Pinnacle widget about half way down the home page. A future update to the app will include the ages right here.

The transition from one Pinnacle to the next is usually strongly felt. You begin to feel the transition from one Pinnacle to the next approximately two years in advance. The latter part of that two-year period can be particularly strong. You will likely make life-altering decisions, such as marriage, a job or career change, or major changes in your personal makeup.

Knowing and understanding your approaching Pinnacle number prepares you for the changes ahead. Perhaps the most strongly felt change is the transition from First to Second Pinnacle, which usually takes place in your late 20's or early 30's (the exact date depends on your Life Path number). This is usually a difficult transition but once crossed, provides a clear sense of direction and a firmer sense of identity.

Your First Pinnacle Cycle

This is usually the most strongly felt Pinnacle Cycle and runs from birth until age 36 minus your Life Path number (single digit). For example, if your Life Path is 12/3, deduct 3 from 36.

Your First Pinnacle cycle number is 4

This is a Pinnacle of hard work and many rewards. You have the opportunity to build a foundation that will last. Your abilities as an organizer, manager, or simply the rock of any institution is greatly increased. You are dependable and reliable. Your ability to fulfill responsibilities is likewise enhanced. As a result of your industry and perseverance, success is well within your reach. It is a step-by-step process in which you build something by small bricks laid one after another.

You will find yourself caring for others in a very material way. Family and in-laws can be burdensome, since you are seen as the cornerstone of the foundation.

Your life is preoccupied with details and responsibilities that must be taken care of. You have set in motion projects that are your children, demanding your constant attention. While there are many rewards, there are also many frustrations. Your sense of your own limits and the consuming nature of details may at times seem overwhelming. You must remember that things that last require slow growth. You may mistakenly believe that your progress should be faster or happen with greater ease. The need for efficiency, orderliness, and methodical systems limit your creativity. Your challenge is to be flexible and adaptable. Learn to play more and allow yourself to be more spontaneous.

Children born under this Pinnacle will tend to be serious and affected by the financial limitations of their parents. The child may feel the need to leave home early and start a family of his own. He or she must be encouraged to be more farsighted and flexible. The child should avoid jumping into the harsh realities of life too soon.

Your Second Pinnacle Cycle

Your Second Pinnacle Cycle lasts nine years and tends to have a considerable influence on your productive/professional life.

Your Second Pinnacle cycle number is 9

This is a period in which you must identify with some larger project or goal that is bigger than you, Tony. Your greatest satisfaction will be in providing for others, as well as for yourself. Those in business will draw much personal gratification in knowing that they are helping their employees support their families. Those involved in social activism -- a particularly appealing choice of careers during the 9 Pinnacle -- will feel themselves strengthened by the knowledge that they are advancing the safety and wellbeing of society.

The 9 Pinnacle is a time in which you apply your energies to the good of the larger community. As a result, there is an element of self-sacrifice present. To some degree, you must subordinate your personal priorities to those of a larger cause. We are not suggesting martyrdom but making a conscious effort on your part to strike a balance between the good of your milieu and your own personal desires.

This is a good time for financial growth and progress in business affairs. It is a period in which you face a large challenge and must give yourself entirely to it.

The 9 Pinnacle also promises much reward in drama, writing and art. You have a heightened esthetic sense, and any latent artistic talent you already possess will be enhanced and brought to the surface. If you have been in business, you may suddenly be drawn to the arts as a benefactor or patron, supplying support for theater productions or artists.

You will feel an increased sense of social responsibility and compassion for the many. You will want to help those less fortunate than yourself and will likely apply yourself to some social cause or philanthropy. This is a period in which you feel a greater love for the good of your community, country, and the world. Interestingly, you are not restricted by prejudice or boundaries of class or country. You see humanity as a whole. Your love is not personal, however, but for the many.

Many under the 9 Pinnacle are drawn to religion or philosophy and have the capacity to spread some doctrine or teaching. In short, you are highly idealistic. You will likely travel extensively during this period and meet people from many walks of life.

No matter what your area of expertise, you have a chance not only for success but for fame.

Your Third Pinnacle Cycle

Your Third Pinnacle Cycle also lasts nine years. Like your Second Pinnacle, its effect is felt primarily in your career or business environment.

Your Third Pinnacle cycle number is 4

This Pinnacle is the same as the first Pinnacle Cycle.

Your Fourth Pinnacle Cycle

Your Fourth Pinnacle Cycle lasts for the rest of your life.

Your Fourth Pinnacle cycle number is 7

This is a period of inner development and soul searching. Tony, you will deal with the deeply important questions of personal existence and the meaning of life. You will need time to be alone to contemplate your inner world. This is a time of spiritual growth. You will experience a heightened sense of faith. The power of the universe will be the force that carries you along. During this 7 Pinnacle, spiritual growth, increased knowledge, and wisdom are the big rewards. The 7 Pinnacle provides the basis for contentment in older age, because you now begin to understand life more deeply.

You have an enhanced appreciation of poetry and nature. Walks in nature provide great therapeutic value and spiritual nourishment.

This is a time of specialization. You will pursue some course of development with fervor and focus. Your ability to concentrate will be greatly increased. Your desire to study in all forms -- reading, self-reflection, and contemplation -- will reach an all-time high. Your intuition is much more sensitive, making your path a little easier and more direct, since you know intuitively the appropriate next step.

Under this Pinnacle, you will become an expert in one particular field. Your capacity to penetrate the depths of a subject area is enormous. You will look below the surface in virtually everything you encounter. It is very possible that you will find yourself in a teaching role.

You must consciously work on your closer relationships, especially with your spouse and children. You must explain that your desire to turn inward is not an escape or an avoidance of those you love, but a deep need for knowledge. Your challenge is to avoid becoming critical or cynical of others. You can become so withdrawn from society that you look down on others. You may forget that you, too, are part of the imperfect human race. Sarcasm is the lowest form of communication, and a trap you could fall victim to.

Your desire to attain some high degree of perfection is sincere. But that pursuit can make you miserable if you lose perspective and fail to realize the relativity of human existence. Perfection is a Utopian goal, but an unrealistic ambition. It can cause you to be dissatisfied with yourself and others.

The 7 provides the possibility of true refinement, insight, and a high degree of wisdom. This deep understanding is the basis for self-love and true happiness.

Specifics About You

Although the following chapters deal with less dominant aspects of your chart, they are more narrowly defined and specific in the ways they affect you.

Your Balance Number

Your Balance number provides guidance on how to best deal with difficult situations.

People experience a variety of internal responses to life's challenges. Some step back

from difficult situations to ponder a course of action while others withdraw to avoid uncomfortable emotions. Some explode with anger but allow the outburst to pass quickly while others let their feelings linger.

Very often, these are conditioned responses that emerge without thought or analysis. With maturity and self-development, we incorporate new and more effective methods of handling situations we encounter.

Your Balance number is 6

Tony, your strength lies with understanding people and the underlying conditions of a conflict. But you can rely too heavily on friends and family to provide you solace instead of handling the situation directly and responsibly. You may be too likely to retreat to the good feelings provided by people not involved in your situation. Responsibility is the issue here, you helped create the situation in the first place, and are an essential part of the solution. Accept your role.

Your Hidden Passion Number

Your Hidden Passion reveals specific strengths or talents that are available to you, such as a specific field of expertise or (as the name implies) a passion. Metaphorically, this talent or passion may be seen as having a power all its own to help shape your life.

Having a talent demands that you nurture and express it. Your Hidden Passion gives you the desire to develop and express your particular ability. In this way, it shapes your personality and guides your life.

In the graphic below, each square represents the number value of the letters 1 through 9. The top left square tells you how many ones are found in your full name at birth. The one next to it shows how many twos are in your name, and so forth. The number that is found most often in your name is your Hidden Passion. There can be more than one.

3 1	1 2	1 3
1 4	5 5	2 6
2 7	2 8	3 9

Your Hidden Passion is 5

You love to travel, change, and take on new challenges. You are highly adaptable and versatile. You have a talent for languages and are generally good with words. Writing, promotion, and public relations work suit you perfectly. You are resourceful and original. You have a good sense of humor and a quick tongue. You are sensual and a bit impulsive. You love to satisfy your senses, which can get you into trouble.

Overindulgence in food, drink, sex, and drugs are common among people with too many 5s -- six or more. Your desire for freedom is extremely strong and it will take effort and discipline to stick with whatever it is you started. There is a tendency to give up a project or situation prematurely. You may be interested in too many things, which can make it hard for you to apply yourself to one area successfully. Commitment in relationships and your work is fundamental to your happiness. You may tend to wander from person to person, job to job, making depth of relationship or deep expertise difficult.

Your Karmic Lessons

Karmic lessons are recognized by the absence of certain letters in your name and describe areas we are weak in that require recognition and effort to overcome.

The letters in your name point to talents and abilities that you possess — tools that are

available to you. Missing letters imply tools that are unavailable, they must be learned and mastered during your lifetime.

You can have more than one Karmic Lesson or, if every number is represented your name, you don't have any.

Although you may feel you have learned to overcome one or more of your Karmic Lessons, you will continue to be challenged by them throughout your life.

3 1	1 2	1 3
1 4	5 5	2 6
2 7	2 8	3 9

You have no Karmic Lesson Numbers

Having no Karmic Lessons is relatively unusual. Y

Your Cornerstone

The first letter of your first name gives an additional indication of your character, particularly in the way you approach opportunities and obstacles. This first letter is called your Cornerstone.

Your Cornerstone is A

You are ambitious, independent and have great drive, you are not easily influenced. You are mental and direct. You want to take charge. You have willpower and are

resolute and purposeful. You have courage and boldness but may also be stubborn and willful. Be more flexible and willing to listen to others.

Your Subconscious Self

Your Subconscious Self is based on how many numbers are represented in your name and indicates your ability to make the most of your talents and opportunities, especially when you face new, challenging, or even dangerous circumstances.

Your Subconscious Self number is 9

You are somewhat impersonal and may be difficult to get to know. You are not demonstrative of your affections, though you often have deep feelings and great compassion. You are competent and controlled in any situation. You have no specific Karmic Lessons and are therefore not as vulnerable to Life's ups and downs as others.

Your Planes of Expression

You experience life on four different levels: physical, mental, emotional, and intuitive. Your Planes of Expression indicate how you function on each of these planes.

Your physical plane links you to the material world.

Your mental plane, like the emotional and intuitive, perceives the invisible world; the realm of thought and reason.

Your emotional plane is preoccupied exclusively with feelings.

Your intuitive plane gives you access to the insight and knowledge that comes effortlessly as if placed at the doorstep of your mind.

In each category, the number of letters, and their numerical value, gives an indication

of which Planes of Expression are stronger in you and which are weaker. Each of us is dominated by one or two of the first three planes. The physical and mental are the most widely used, although a name dominated by emotional letters is not uncommon. The intuitive plane is usually the least utilized. A name dominated by intuitive letters is extremely rare but having no intuitive letters in a name does occur. This does not mean a lack of intuition but points toward a tendency to ignore or distrust intuitive insights.

Your Plane of Expression Physical

The Physical Plane represents the physical letters in your name.

Your Physical Plane of Expression is 10/1

You are active and inspiring; you are daring in business and other areas of life. You have strong likes and dislikes and live according to your opinions. You are charming and witty but get bored easily. You work hard and determined and are very goal-oriented. You thrive on the combination of enthusiasm and challenges, the lack of which makes you dull and disinterested. You are like a flare, burning brightly for a specific duration, but must move on to other projects in order to sustain your excitement.

Your Plane of Expression Mental

The Mental Plane is based on the mental letters in your name.

Your Mental Plane of Expression is 35/8

Tony, you have a great talent as a business person. You can manage large corporations and institutions. You understand how to organize people and direct them toward some larger common goal. You are highly ambitious and competitive. Money and power are essential to your sense of identity and self-respect. You must guard against arrogance and superiority. You can be imperious.

You are demanding of yourself and others. You seek excellence in all things and refuse to settle for less.

Your Plane of Expression Emotional

It is not uncommon for a person to have a name dominated by emotional letters.

Your Emotional Plane of Expression is 42/6

You are highly emotional, yet you possess a rare degree of balance to which you can turn. You love family and close friends as few people are able. You worry too much and feel responsible for other people's actions. You take justice and honesty with extreme seriousness; however, you may be too disciplined.

You have artistic talent. You like to help others more than most and are willing to sacrifice your own needs. You have an ability for teaching and healing. You need much love and can give the same in return. You are highly idealistic, and very committed once you decide upon your soul mate.

Your Plane of Expression Intuitive

Your Intuitive Plane of Expression is 10/1

You are highly intuitive with flashes of insight. You probably attribute most of your thoughts to your mental capabilities, but in fact your insights come from another, higher resource.

Your Minor Expression Number

Your current name forms the basis of your Minor Expression number. It is usually the first and last name you commonly use to introduce yourself (not necessarily the name you received at birth).

The influence of your short name is minor in comparison to your full name. Interestingly, the short name often compensates in some way for letters or numbers missing in the full name.

The name you currently use, also affects how you feel about yourself.

If a name change takes place later in life for marital or for professional reasons, it adds or subtracts certain qualities. It can also focus and intensify existing characteristics or latent talents.

Your Minor Expression is 10/1

This number makes you better equipped for the daily struggle of life. This is a powerful number with good leadership abilities. It is independent, individualistic, original and innovative. It adds courage and a willingness to take risks. This number makes you more determined and goal oriented.

Your Minor Heart's Desire Number

The vowels of the name you currently use to introduce yourself are the basis of your Minor Heart's Desire number. It reveals your dominant desires as well as the limits you place upon yourself.

Your Minor Heart's Desire is 5

Your shortened name encourages you to seek more freedom and adventure in your life. You want to become less conventional and more individualistic. Your native intelligence and imagination are enhanced. You are more dynamic, enthusiastic, and flexible. You attract more excitement into your life.
